College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 020-007)

This major is designed to provide students with a liberal arts experience in art or design, creating a well-rounded education that combines artistic interests with other academic disciplines. It provides an excellent technical, conceptual, creative, and aesthetic foundation for broader career options.

Code	Title	Credits
Sixty semester credits, including:		
Department Requirements		
Foundations Courses (should be completed in the first year of study):		
ART 107	Foundations: Drawing and Composition	3
ART 108 or ART 110	Foundations: Two-Dimensional Design Foundations: Three-Dimensional Art	3
ART 116	Foundations: Digital Frameworks	3
ARTH 109	Art of the 20th Century	3
Area Requirements		
ART 275	Typography	3
ART 374	Graphic Design: Concepts and Experimentation	3
ART 375	User Experience and Web Design	3
ART 376	Identity Development and Design	3
Advanced Course Requirements		
ART 477	Portfolio and Professional Development	3
ART 476 or ART 474 or ART 373	Design for Community and People Digital Design: Expanded Media Motion Graphics	3
Art History Requirement		9

ARTH 112	Global Art History Since 1400
ARTH 225	History of Graphic Design
ARTH Elective (3 credits; ARTH 333 recommended)	
Electives in Studio Art (ART) Courses (Six credits must be at 300- or 400-level)	12
Interdisciplinary Electives	9
Choose three courses from:	
CJ 184	Multimedia Communication
CJ 202	Fundamentals of Speech
CJ 260	Introduction to Integrated Strategic Communication
CS 318	Fundamentals of Web Page Design
CS 319	Introduction to Web Programming
CS 320	Web Database Design and Implementation
CS 322	Animation Programming
Total Credits	60

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Implement the Principles of Design.
- Create design concepts that demonstrate critical and analytical thinking.
- Develop creative solutions to artistic and intellectual problems.
- Demonstrate an understanding of design history.
- Conduct research about the contexts of design.
- Demonstrate awareness of diverse audiences.

-------------	-----------------------

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	

Total degree credit	maximum ¼ of total

Two-Year College Credits	
Total degree credit	maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS **a minimum of 36 credits**

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

¹ Numerous 300- and 400-level courses have 200-level prerequisites.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Implement the Principles of Art or Design.
- Create art or design concepts that demonstrate critical and analytical thinking.
- Develop creative solutions to artistic and intellectual problems.
- Demonstrate an understanding of art or design history.
- Demonstrate awareness of diverse audiences.

Biology

Phillips 330

715-836-4166

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/biology/>)

The Study of Life

Biologists study the diversity, function, and interconnection of living organisms on earth from the molecular and cellular level to that of the whole organism. It is a broad science with many subdisciplines that range from the theoretical to the applied and from the microbe to the biome. Biological knowledge and understanding is essential for the intelligent evaluation of a range of issues facing civilization whether they be emerging diseases; invasive species and loss of biodiversity; or advances in medical, biotechnological, and ecological research.

The mission and vision of the department is to foster an interdisciplinary community that promotes an enthusiasm for lifetime learning in the biological sciences through education, research and service. Our students will be curious, confident, connected, and competent. We provide students with basic concepts and skills as well as an enlightening and participatory learning environment via coursework and high impact practices so students may solve problems and confront issues of the future whether they be scientific, social, political, or ethical in context. We also provide an inclusive atmosphere and opportunities, to assist students in identifying career possibilities consistent with their interests and abilities in the life sciences.

Student Organizations

Biology Club is a student organization for those interested in Biology. We also have organizations that span from the Saltwater Reef team to pre-professional groups. Beta Beta Beta, Biology Honor society, is dedicated to improving the understanding and appreciation of biological study and extending the boundaries of human knowledge through scientific research. Meetings provide opportunities to meet other biology majors/minors and professors, hear speakers on various biology related topics, learn about possible internships and research opportunities, and participate in fun activities such as trips to science museums, aquariums, and zoos.

Biology Department Honors Requirements

Eligibility:

- (1) Upper class biology majors (60 credits or more) with resident, total, and Biology GPAs of 3.50 or higher.
- (2) Transfer students with junior status who declare a biology major and enter with GPAs of 3.50 or higher.

Requirements:

- An invitation by a biology faculty/staff member to pursue Biology Departmental Honors. Students may apply without an invitation but must have a letter of support from a biology faculty/staff member.
- At least 3 credits earned over at least 2 semesters, in either BIOL 384, BIOL 395, BIOL 396, BIOL 399, or BIOL 499.
- Presentation of collaborative research at one of the following:
 - an on-campus event (CERCA, the Provost's Honors Symposium)
 - an off-campus conference (a regional, national or international professional conference)
 - publication of collaborative research results in a peer-reviewed journal.
- Submission and approval of an Honors thesis of their research, including the following steps:
 - During the thesis semester, students will register for 1 credit of BIOL 489 (Biology Honors Thesis - in development) or HNRS 490 (Honors Senior Thesis or Project).
 - Students are expected to make substantial intellectual contributions to the development, implementation, or scholarly interpretation of the project.
 - The thesis will be evaluated for acceptability by the research mentor and at least one additional faculty or staff member.

NOTE: Students must maintain a resident, total, and biology GPA of at least 3.50 for continued eligibility for Biology Department Honors.

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
- ² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit

Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 080-001)

This emphasis provides extensive exposure to topics in ecology, field biology, and biological conservation. It is intended for students who are interested in field research, environmental monitoring and management, or natural resource conservation, or who desire strong preparation for graduate programs in ecology, environmental biology, or related fields. Research or internship is strongly recommended.

The emphasis requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203).

Code	Title	Credits
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
Total Credits		9

Core Requirements for Biology, Liberal Arts

All students who pursue a Liberal Arts Comprehensive Major in Biology are also required to complete MATH 114, and CHEM 105, CHEM 106, and CHEM 109, or CHEM 115, in addition to the 60 credits required for the major.

Biology, Ecology and Environmental Biology Emphasis, Comprehensive Major

Code	Title	Credits
Required Courses		
BIOL 180	Environmental Biology and Conservation	3
or GEOG 178	Planet Earth: Conservation of the Environment	
BIOL 308	Evolution	3
BIOL 318	Plant Form and Function	4-5
or BIOL 319	Animal Form and Function	
BIOL 321	Ecology	3
BIOL 323	Genetics	3
BIOL 383	Biostatistics	4
Elective Courses		
Biological Sciences ¹		
Select at least three of the following courses		

BIOL 311	General Entomology
BIOL 318	Plant Form and Function ²
or BIOL 319	Animal Form and Function
BIOL 325	Plant Systematics
BIOL 328	Conservation Biology
BIOL 332	Field Botany
BIOL 338	Vegetation Ecology
BIOL 340	Ornithology
BIOL 345	Invertebrate Zoology
BIOL 356	Vertebrate Biology
BIOL 360	Vertebrate Design and Evolution
BIOL 362	Field Zoology
BIOL 365	Animal Behavior
BIOL 376	Aquatic Ecology
BIOL 379	Biology of Fishes

Additional biology courses not specifically excluded from the biology major may be used to complete the 48-credit total in biology.

Physical Sciences

Select any 12 credits from the following course list. Up to 12 credits maximum will be applied toward the comprehensive major. ³

GEOG 304	Introduction to Geomorphology	12
GEOG 335	Geographic Information Systems I	
GEOG 336	Geospatial Field Methods	
GEOG 337	Geographic Information Systems II	
GEOG 338	Remote Sensing of the Environment	
GEOG 340	Climatology	
GEOG 345	Quaternary Environments	
GEOG 350	Soils and the Environment	
GEOG 355	Biogeography	
GEOG 361	Environmental Hazards	
GEOG 363	Watershed Analysis	
GEOG 364	Fluvial Processes and Landforms	
GEOG 435	Geographic Information Systems III	
GEOG 438	Remote Sensing Data Analytics	
GEOG 455	Web Geographic Information Systems	
GEOL 110	Physical Geology	
or GEOL 115	Environmental Geology	
GEOL 301	Earth Resources and Sustainability	
GEOL 304	Global Environmental Change	
GEOL 308	Water Resources	
GEOL 315	Hydrogeology I	
PHYS 211	General Physics	
PHYS 231	University Physics I	
CHEM 213	Quantitative Analysis	
CHEM 304	Environmental Chemistry	
CHEM 325	Organic Chemistry I with Laboratory	

¹ May include Marine Science II - Marine Biology from the Gulf Coast Research Laboratory.

² Select the course not chosen to fulfill requirements from the required course list.

³ May include Marine Science I - Oceanography from the Gulf Coast Research Laboratory.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand and apply basic research methods in biology including research design, data analysis, and communication.
- Work collaboratively to explore and solve problems.
- Apply theories, concepts, findings, and methods of biology to problems/issues in society.
- Understand how biological theories, concepts, findings, and methods relate to other disciplines.
- Demonstrate competence in mathematics, statistics, and computer technology as tools for revealing and characterizing complex patterns in biological systems
- Understand and apply scientific reasoning and methods in learning science and/or in conducting biological research.
- Communicate scientific ideas and results in a variety of formats.
- Understand how to organize and evaluate data/information related to measuring diversity using field-specific recommended structures and criteria.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 080-002)

This emphasis differs from the Biochemistry/Molecular Biology comprehensive major in that it provides more in-depth exposure to topics in microbiology including virology, immunology, and bacteriology. It is excellent preparation for careers in health science, industry, and for graduate training in microbiology and related fields.

The emphasis requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203).

Code	Title	Credits
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
Total Credits		9

Core Requirements for Biology, Liberal Arts

All students who pursue a Liberal Arts Comprehensive Major in Biology are also required to complete MATH 114, and CHEM 105, CHEM 106, and CHEM 109, or CHEM 115, in addition to the 60 credits required for the major.

Biology, Microbiology Emphasis, Comprehensive Major

Code	Title	Credits
Required Courses		
BIOL 305	Molecular and Cell Biology	4
BIOL 323	Genetics	3
BIOL 324	Genetics Inquiry	2

BIOL 361	Biology of Microorganisms	5
BIOL 402	Current Topics in Virology and Immunology	4
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
CHEM 352	Fundamentals of Biochemistry	4
Elective Courses		14

At least two courses from the following:

BIOL 306	Infectious Disease Biology
BIOL 371	Medical Mycology
BIOL 400	Medical Microbiology
BIOL 405	Advanced Cell and Molecular Lab
BIOL 409	Molecular Genetics
PH 450	Epidemiology

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand and apply basic research methods in biology including research design, data analysis, and communication.
- Work collaboratively to explore and solve problems.
- Apply theories, concepts, findings, and methods of biology to problems/issues in society.
- Understand how biological theories, concepts, findings, and methods relate to other disciplines.
- Demonstrate competence in mathematics, statistics, and computer technology as tools for revealing and characterizing complex patterns in biological systems.
- Understand and apply scientific reasoning and methods in learning science and/or in conducting biological research.
- Communicate scientific ideas and results in a variety of formats.
- Understand how to organize and evaluate data/information related to microbes using field-specific recommended structures and criteria.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 080-203)

Code	Title	Credits
Thirty-six semester credits, including:		
Core Courses:		
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
BIOL 321	Ecology	3
BIOL 323	Genetics	3
A minimum of two upper-division lab courses selected from the following list:		
BIOL 311	General Entomology	4
BIOL 314	Human Anatomy and Physiology II	4
BIOL 317	Animal Physiology	4
BIOL 318	Plant Form and Function	4
BIOL 319	Animal Form and Function	5
BIOL 324	Genetics Inquiry	2
BIOL 325	Plant Systematics	4
BIOL 328	Conservation Biology	4
BIOL 332	Field Botany	3
BIOL 338	Vegetation Ecology	4
BIOL 340	Ornithology	4

BIOL 345	Invertebrate Zoology	4
BIOL 351	Systems Neuroscience Lab	3
BIOL 356	Vertebrate Biology	4
BIOL 361	Biology of Microorganisms	5
BIOL 362	Field Zoology	3
BIOL 365	Animal Behavior	4
BIOL 376	Aquatic Ecology	3-4
BIOL 379	Biology of Fishes	4
BIOL 380	Endocrinology	4
BIOL 386	Biology Research Methods	3
BIOL 405	Advanced Cell and Molecular Lab	4
BIOL 423	Collaborative Research in Biology	3

Additional biology courses not specifically excluded from the biology major to complete the 36 credit total in biology.

In addition to the 36 credits in biology, students who pursue the Liberal Arts Major in Biology must complete:

Code	Title	Credits
MATH 114	Calculus I	4
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	9
OR		
CHEM 115	Chemical Principles	6

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of information flow, exchange, and storage, pathways and transformations of energy and matter, structure and function, and systems and evolution.
- Apply the process of science.
- Communicate and collaborate and to recognize the interdisciplinary nature of science.
- Use quantitative reasoning, models and/or simulation.
- Understand the relationship between science and society.

Biology, General, Minor

Liberal Arts (Code 080-401)

Code	Title	Credits
Twenty-four semester credits in Biology, including:		
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.

- Understand the process of biological research and the basics of scientific writing.
- Present the results of research in both written and oral forms.

Chemistry and Biochemistry

Phillips 430

715-836-3417

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/chemistry-biochemistry/>)

The degree programs in the Department of Chemistry and Biochemistry offer the rare opportunity to build a useful and marketable set of technical skills, while obtaining a well-rounded liberal arts education that will provide communication and “people” skills. The department offers a variety of majors and interdisciplinary programs, with varying degrees of specialization designed to meet the needs and interests of a broad range of students. The A.C.S. certified majors are ideal for students seeking a rigorous and focused course of study, and are well-suited to those seeking immediate employment in the chemical industry or planning graduate study in chemistry or biochemistry. The liberal arts major offers broader professional options, is more flexible in terms of elective coursework, and is paired with a minor or second major. The liberal arts major is also an excellent choice for pre-pharmacy, pre-medicine, pre-dentistry, and other pre-professional students. Students interested in biological chemistry may also consider the interdisciplinary comprehensive major in biochemistry/molecular biology offered jointly with the Biology Department.

The Chemistry with Business Emphasis major offers a unique course of study that is ideal for those seeking a business career in a technical industry. This program offers a powerful combination of technical training in the field of chemistry, a core of business classes, and a targeted course sequence focused on industrial chemistry. This renders students incredibly well-prepared to enter sales, marketing, or customer support roles immediately upon graduation.

Faculty/student collaborative research is the hallmark of the Chemistry Department. These hands-on learning opportunities are key to acquainting students with the day-to-day activities of practicing chemists and often lead to summer employment and internship opportunities. Many students also have the opportunity to present their work at professional meetings prior to graduation.

The Chemistry Department is accredited by the American Chemical Society (A.C.S.) to certify its comprehensive degrees as meeting the breadth and depth requirements of the A.C.S. There are two A.C.S. certified options, including one focused on biological chemistry.

Honor Societies and Student Organizations:

The UW-Eau Claire student affiliate chapter of the American Chemical Society (ACS-SA) is a national award-winning organization that involves students in social, professional, and service activities at the university and in the community. This group has continued since the A.C.S. incorporated ACS-SA members into its general membership as Student Members. The UW-Eau Claire ACS-SA helps inform fellow students of curricular options and career opportunities and coordinates a tutoring program serving students in lower-level chemistry courses. All chemistry and biochemistry/molecular biology students are encouraged to become members of ACS-SA.

Departmental Honors in Chemistry and Biochemistry

Open to students in all programs in the Department of Chemistry and Biochemistry who meet the following *requirements*:

1. GPA of 3.50 or higher, both cumulative and in chemistry courses. Participation in a collaborative research project with a chemistry faculty member that results in:
 2. a presentation at an off-campus research conference, and
 3. completion of CHEM 497 with a favorable review of the manuscript by the research advisor and at least two additional faculty members.

Procedure: Students seeking Departmental Honors must:

1. Complete all requirements listed above.
2. Complete the Departmental Honors Application: This is submitted as an eform that is approved by faculty reviewers and the Chair; a transcript, and copies of the CHEM 497 manuscript and presentation abstract are attached to the form.
3. Submit a completed application by the date specified on the form.

Note: Names of Departmental Honors graduates must be forwarded to the University Honors Program Director and Registrar at least three weeks prior to commencement.

Information for All Students about General Chemistry Placement

NOTE 1: CHEM 105 is the first course in a two-semester general chemistry sequence that includes CHEM 105, CHEM 106 and CHEM 109, while CHEM 115 combines material from this two-semester sequence into a single one-semester course. Students, especially chemistry, biochemistry/molecular biology (B/MB), and materials science majors (see Note 5), who meet the enrollment criteria described in NOTES 2 and 3 are strongly encouraged to take CHEM 115 to complete their general chemistry requirement in a single semester.

NOTE 2: High school math performance is the best predictor of success in all 100-level chemistry courses. Students who place into MATH 114 or higher should almost always take CHEM 115. Students who place into MATH 109 or lower should take CHEM 105 and CHEM 106 as their first semester, followed by CHEM 109. Students who place into MATH 112 or MATH 113 should consider their chemistry background and anticipated degree program when choosing between CHEM 105/CHEM 106 and CHEM 115. Students with a strong high school chemistry background (see NOTE 3), and who are planning to major (or minor) in chemistry, B/MB, or materials science should usually take CHEM 115. Students with less chemistry preparation, or who are not planning on majoring (or minoring) in chemistry, B/MB, or materials science should probably start by taking CHEM 105 and CHEM 106.

NOTE 3: A “strong background” in high school chemistry can take several forms. Successful completion of an AP chemistry course or similarly enriched chemistry course constitutes a strong background. Successful completion of two years of high school chemistry; or one year of high school chemistry and one year of high school physics generally provides a strong background as well.

NOTE 4: Students who take CHEM 115, and after consultation with their CHEM 115 instructor in the first 2 of weeks of the course determine that CHEM 105/CHEM 106 is the more appropriate starting point for them in chemistry, will be allowed to transfer to CHEM 105/CHEM 106. Therefore,

for close decisions between original enrollment in CHEM 105/CHEM 106 or CHEM 115, students are encouraged to enroll in CHEM 115.

NOTE 5: Chemistry, B/MB, and materials science majors and minors receive 6 credits toward the major for CHEM 115 or a combination of CHEM 105, CHEM 106, and CHEM 109. Therefore, these students should take CHEM 115 if they meet the enrollment criteria so that they can move on sooner to other courses in their major.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average

Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 100-012)

The A.C.S. Certified Major is designed to prepare students to function effectively and professionally as practicing chemists, in graduate programs and/or in careers in government or industry labs. It offers effective preparation for immediate employment or matriculation to graduate school.

Core Requirements for A.C.S. and Liberal Arts Chemistry Majors

A minimum of 63-semester credits, including:

Code	Title	Credits
Chemistry Core		
Select one of the following: ¹		6
CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	
Required:		
CHEM 213	Quantitative Analysis	4
CHEM 218	Introduction to Inorganic Chemistry	3
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
Additional Required Courses		

PHYS 231 & PHYS 232	University Physics I and University Physics II	10
MATH 114 & MATH 215	Calculus I and Calculus II	8
Total Credits		39

¹ Only six credits of the CHEM 105/CHEM 106/CHEM 109 sequence are credited to the major.

Capstone Experience for Chemistry Majors

The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Comprehensive Major: Chemistry, A.C.S. Certified Requirements

In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

Code	Title	Credits
CHEM 344	Modern Applied Separations and Spectrometry	2
CHEM 352	Fundamentals of Biochemistry	4
CHEM 433	Physical Chemistry I	4
CHEM 434	Physical Chemistry II	4
Two of the following:		4-5
CHEM 420	Advanced Synthesis Laboratory	
CHEM 438	Physical Analysis Laboratory	
CHEM 453	Biochemistry Laboratory	
Electives		
Take 2 courses from the following. At least one of the courses must be CHEM 318, CHEM 401, CHEM 426, or CHEM 491		6
CHEM 304	Environmental Chemistry	
CHEM 318	Bioinorganic Chemistry	
CHEM 361	Molecules and Medicine	
CHEM 401	Inorganic Chemistry	
CHEM 411	Survey of Industrial Chemistry	
CHEM 426	Modern Organic Chemistry	
CHEM 460	Polymer Chemistry	
CHEM 491	Special Topics	
CHEM 497	Independent Study - Research Manuscript	

Total Credits **24-25**

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Knowledge and Understanding:** Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
- **Structure and Bonding:** Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
- **Reactivity and Stability:** Students can classify and rationalize chemical transformations, and predict and quantify products.

- Instrumentation Theory: Students can describe the underlying physical principles of various instruments and measurement techniques.
- Skills: Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
 - Laboratory Skills: Students will develop proficient laboratory technique.
 - Chemical Reasoning: Students will develop critical and creative thinking skills, use them within the context of the field.
 - Communication Skills: Students will develop effective oral and written communication skills.
 - Literature Skills: Students will become proficient with the chemical literature.
- Responsibility: Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of chemistry, and identifying contributions made by individuals with a variety of social identities.
 - Chemical Safety: Students will function safely in a chemical laboratory, and will manage waste effectively.
 - Ethical and Professional Conduct: Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- Distinction: Students in the Chemistry, ACS, General Emphasis major will develop a deeper comprehension of how physical principles manifest chemical behavior.

Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
---	------------------------------

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours
--	----------

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 100-011)

The A.C.S. Certified, Biochemistry Emphasis Major is designed to prepare students to function effectively and professionally as practicing chemists working at the interface of chemistry and the biological sciences, in graduate programs and/or in careers in government or industry labs. This program offers solid preparation for students planning graduate study in biochemistry, biophysics, or medicinal chemistry, and also provides an exceptionally rigorous pre-medical or pre-pharmacy program with suitable biology electives.

Core Requirements for A.C.S. and Liberal Arts Chemistry Majors

Code	Title	Credits
A minimum of 65-semester credits, including:		
Chemistry Core		
Select one of the following: ¹		6
CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	
Required:		
CHEM 213	Quantitative Analysis	4
CHEM 218	Introduction to Inorganic Chemistry	3
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
Additional Required Courses		
PHYS 231 & PHYS 232	University Physics I and University Physics II	10
MATH 114 & MATH 215	Calculus I and Calculus II	8
Total Credits		39

¹ Only six credits of the CHEM 105/CHEM 106/CHEM 109 sequence are credited to the major.

Capstone Experience for Chemistry Majors

The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453, or CHEM 497 for other chemistry majors.

Comprehensive Major: Chemistry, A.C.S. Certified, Biochemistry Emphasis

Requirements

In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

Code	Title	Credits
BIOL 221	Foundations of Biology I	4
BIOL 223	Foundations of Biological Inquiry	2
CHEM 433	Physical Chemistry I ²	4
CHEM 452 & CHEM 453 & CHEM 454	Biochemistry I and Biochemistry Laboratory and Biochemistry II	8
CHEM 420 & CHEM 438	Advanced Synthesis Laboratory and Physical Analysis Laboratory	5
CHEM 318 or CHEM 361	Bioinorganic Chemistry Molecules and Medicine	3
Total Credits		26

² Students interested in graduate studies in biological or medicinal chemistry are strongly encouraged to take both CHEM 433 and CHEM 434.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Knowledge and Understanding:** Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
 - **Structure and Bonding:** Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
 - **Reactivity and Stability:** Students can classify and rationalize chemical transformations, and predict and quantify products.
 - **Instrumentation Theory:** Students can describe the underlying physical principles of various instruments and measurement techniques.
- **Skills:** Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
 - **Laboratory Skills:** Students will develop proficient laboratory technique.
 - **Chemical Reasoning:** Students will develop critical and creative thinking skills, use them within the context of the field.
 - **Communication Skills:** Students will develop effective oral and written communication skills.
 - **Literature Skills:** Students will become proficient with the chemical literature.
- **Responsibility:** Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of

chemistry, and identifying contributions made by individuals with a variety of social identities.

- **Chemical Safety:** Students will function safely in a chemical laboratory, and will manage waste effectively.
- **Ethical and Professional Conduct:** Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- **Distinction:** Students in the Chemistry, ACS, Biochemistry Emphasis will develop a deeper comprehension of how chemical principles underlie biological functions.

Chemistry, Major - Liberal Arts

Liberal Arts (Code 100-201)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the

MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 100-201)

The Liberal Arts Chemistry Major is designed to provide students with a solid foundation in the field, while offering the opportunity to pursue a parallel specialization, thus effectively preparing students for graduate or professional school, and/or a variety of career paths in chemistry, the health sciences, and related fields. This major is ideal for pre-medicine or pre-pharmacy students who are interested in a chemistry major, and any others who are seeking a minor in another field.

Core Requirements for A.C.S. and Liberal Arts Chemistry Majors

A minimum of 55-semester credits, including:

Code	Title	Credits
Chemistry Core		
Select one of the following: ¹		6
CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	
Required:		
CHEM 213	Quantitative Analysis	4
CHEM 218	Introduction to Inorganic Chemistry	3
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
Additional Required Courses		
PHYS 231 & PHYS 232	University Physics I and University Physics II	10
MATH 114 & MATH 215	Calculus I and Calculus II	8
Total Credits		39

¹ Only six credits of the CHEM 105/CHEM 106/CHEM 109 sequence are credited to the major.

Capstone Experience for Chemistry Majors

The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Chemistry, Major - Liberal Arts Requirements

In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

Code	Title	Credits
CHEM 433 & CHEM 434	Physical Chemistry I and Physical Chemistry II	8
One of the following:		2-3
CHEM 420	Advanced Synthesis Laboratory	
CHEM 438	Physical Analysis Laboratory	
CHEM 453	Biochemistry Laboratory	

Electives

Select 6 credits of the following:		6
CHEM 304	Environmental Chemistry	
CHEM 318	Bioinorganic Chemistry	
CHEM 344	Modern Applied Separations and Spectrometry	
CHEM 352	Fundamentals of Biochemistry	
CHEM 361	Molecules and Medicine	
CHEM 399	Independent Study - Juniors	
CHEM 401	Inorganic Chemistry	
CHEM 411	Survey of Industrial Chemistry	
CHEM 426	Modern Organic Chemistry	
CHEM 460	Polymer Chemistry	
CHEM 491	Special Topics	
CHEM 495	Directed Studies	
CHEM 497	Independent Study - Research Manuscript	
CHEM 499	Independent Study - Seniors	

Total Credits **16-17**

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Knowledge and Understanding:** Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
 - **Structure and Bonding:** Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
 - **Reactivity and Stability:** Students can classify and rationalize chemical transformations, and predict and quantify products.
 - **Instrumentation Theory:** Students can describe the underlying physical principles of various instruments and measurement techniques.
- **Skills:** Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
 - **Laboratory Skills:** Students will develop proficient laboratory technique.
 - **Chemical Reasoning:** Students will develop critical and creative thinking skills, use them within the context of the field.
 - **Communication Skills:** Students will develop effective oral and written.
 - **Literature Skills:** Students will become proficient with the chemical literature.
- **Responsibility:** Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of chemistry, and identifying contributions made by individuals with a variety of social identities.
 - **Chemical Safety:** Students will function safely in a chemical laboratory, and will manage waste effectively.
 - **Ethical and Professional Conduct:** Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- **Distinction—Chemistry, Liberal Arts:** Students in the Chemistry, Liberal Arts major will develop some degree of specialization in an adjacent and/or complimentary field of study.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 111-001)

The Chemistry with Business Emphasis Major is designed to provide students with a solid foundation in the field, together with a rudimentary understanding of the principles of commerce; effectively preparing them for business careers in the chemical industry and other technology-driven enterprises. It provides excellent preparation for sales, marketing, technical service, and customer support positions in the chemical industry, and is also appropriate for pre-professional students, including pre-pharmacy, pre-medicine, and pre-dentistry.

Code	Title	Credits
A minimum of 66 semester credits, including:		
Chemistry Course Requirements		28
Select one of the following:		6
CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab ¹	
Required:		
CHEM 213	Quantitative Analysis	4
CHEM 218	Introduction to Inorganic Chemistry	3
CHEM 325 & CHEM 326	Organic Chemistry I with Laboratory and Organic Chemistry II with Laboratory	8
CHEM 374	Chemical Industry Seminar	1
CHEM 411	Survey of Industrial Chemistry ²	3
Complete 3 credits selected from the following courses:		3
CHEM 304	Environmental Chemistry	
CHEM 344	Modern Applied Separations and Spectrometry	
CHEM 352	Fundamentals of Biochemistry	
CHEM 375	Frontiers in Chemical Research Seminar	
CHEM 460	Polymer Chemistry	
Business Course Requirements		21
ACCT 201	Introduction to Accounting	3
ECON 103 & ECON 104	Principles of Microeconomics and Principles of Macroeconomics	6
IS 240	Information Systems in Business	3
Three courses selected from the following: ⁵		9
FIN 320	Principles of Finance	
MGMT 340	Organizational Behavior	
MGMT 345	Managing Global Organizations	
MGMT 446	Advanced Organizational Behavior	
MKTG 330	Principles of Marketing	
MKTG 336	Business Logistics Management	
MKTG 337	Professional Selling	
MKTG 433	Sales Management	
MKTG 437	Business-to-Business Marketing	
OSCM 341	Operations Management	
Communications Course Requirements		
One course selected from the following:		2-3
BCOM 206	Business Writing ³	

BCOM 207	Business Presentations ⁴	
ENGL 312	Science Writing	
ENGL 313	Technical Writing	
Other Requirements (minimum)		15
MATH 246	Elementary Statistics	4
Select one of the following:		2-4
MATH 111	A Short Course in Calculus	
MATH 112	Precalculus Mathematics	
MATH 113	Trigonometry	
MATH 114	Calculus I	
Select one of the following:		9-10
PHYS 211 & PHYS 212	General Physics and General Physics	
PHYS 231 & PHYS 232	University Physics I and University Physics II	

¹ Only six of the course credits from CHEM 105, CHEM 106, and CHEM 109 count toward the major.

² The capstone experience is met by CHEM 411.

³ Students who earn less than a C in BCOM 206 must repeat the course to meet the College of Business communication requirement.

⁴ Students who earn less than C in BCOM 207 must repeat the course to meet the College of Business communication requirement.

⁵ Students must complete the Student Professional Development Program (<https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>) (SPDP) prior to registering for any MGMT, MKTG, or OSCM course.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Knowledge and Understanding:** Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
 - **Structure and Bonding:** Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
 - **Reactivity and Stability:** Students can classify and rationalize chemical transformations, and predict and quantify products.
 - **Instrumentation Theory:** Students can describe the underlying physical principles of various instruments and measurement techniques.
- **Skills:** Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
 - **Laboratory Skills:** Students will develop proficient laboratory technique.
 - **Chemical Reasoning:** Students will develop critical and creative thinking skills, use them within the context of the field.
 - **Communication Skills:** Students will develop effective oral and written communication skills.
 - **Literature Skills:** Students will become proficient with the chemical literature.
- **Responsibility:** Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of

chemistry, and identifying contributions made by individuals with a variety of social identities.

- **Chemical Safety:** Students will function safely in a chemical laboratory, and will manage waste effectively.
- **Ethical and Professional Conduct:** Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- **Distinction:** *Students in the Chemistry with Business Emphasis will develop a deeper comprehension of how the principles of commerce (e.g., Marketing, Accounting, Finance) function within the chemical industry.*

Chemistry, Minor - Liberal Arts

Liberal Arts (Code 100-405)

Code	Title	Credits
A minimum of 24 semester credits, including:		
Chemistry Core		
Select one of the following: ¹		
CHEM 115	Chemical Principles	6
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	
Additional Required:		
CHEM 218	Introduction to Inorganic Chemistry	3
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
CHEM 213 or CHEM 352	Quantitative Analysis Fundamentals of Biochemistry	4
Total Core Credits		21
Elective(s)		
Remaining credits selected from:		
CHEM 213	Quantitative Analysis	
CHEM 304	Environmental Chemistry	
CHEM 318	Bioinorganic Chemistry	
CHEM 352	Fundamentals of Biochemistry	
CHEM 361	Molecules and Medicine	
CHEM 406	Biophysical Chemistry	
CHEM 411	Survey of Industrial Chemistry	
CHEM 426	Modern Organic Chemistry	
CHEM 433	Physical Chemistry I	
CHEM 434	Physical Chemistry II	
CHEM 460	Polymer Chemistry	

Other advanced courses may be approved by petition.

¹ Only six credits of the CHEM 105/CHEM 106/CHEM 109 sequence are credited to the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Structure and Bonding:** Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.

- **Reactivity and Stability:** Students can classify and rationalize chemical transformations, and predict and quantify products.
- **Laboratory Skills:** Students will become proficient in rudimentary laboratory techniques.
- **Chemical Safety:** Students will function safely in a chemical laboratory, and will manage waste effectively.

Communication and Journalism

Hibbard Humanities Hall 152

715-836-2528

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/communication-journalism/>)

The Department of Communication and Journalism faculty are committed to the development, integration, and practical application of theories, knowledge, and skills related to communication and journalism. Communication and journalism are crucial to a democratic society. Both require citizens to share and challenge information.

Departmental Goals

To prepare students for responsible roles in communication and journalism, the department offers diversified curricula, in which all students can expect to develop in these areas:

- awareness and knowledge of communication processes in diverse cultural, social, legal, and ethical contexts;
- critical and analytical thinking;
- research and information-gathering skills; and
- oral, written, and visual communication skills.

Areas of Emphasis

The department offers majors and minors in Communication, Journalism, and Integrated Strategic Communication with the following options for areas of emphasis:

- **Communication majors/minors:**
Communication Studies
Organizational Communication
- **Integrated Strategic Communication majors:**
Advertising
Public Relations
- **Integrated Strategic Communication minor**
- **Journalism major/minor**

Information for Majors

No student may have both a major and a minor or a major and a certificate from the Department of Communication and Journalism. No major or minor credit may be earned under the Satisfactory/Unsatisfactory option. Students majoring in Communication, Journalism, and Integrated Strategic Communication may not include CJ courses in a topical minor without prior, written approval of the department chair.

Many upper division courses (numbered 300 and above) required in major and minor programs are available only to students who have completed prerequisite courses with grades of C or above.

Students who choose a major in Integrated Strategic Communication or Journalism must meet curriculum accreditation standards set by the

Accrediting Council on Education in Journalism and Mass Communications (ACEJMC).

Advising Information

Students who declare a major in the Department of Communication and Journalism as juniors or seniors may not be able to complete the courses required for that major in fewer than four semesters. When completing the paperwork to declare this major, especially Integrated Strategic Communication and Journalism majors, it is important for students to work out the course sequencing necessary to finish in a timely manner.

Communication and Journalism departmental policy specifies that any student who is absent from the first day of class without prior approval of the course instructor may be dropped from the class in order to make room for other students.

Extra-Curricular Opportunities

Communication, Journalism, and Integrated Strategic Communication majors and minors are urged to obtain practical experience from work with campus media and/or professional organizations.

Students may apply for opportunities to work for the award-winning student newspaper, *The Spectator*, or become a member of the nationally-ranked forensics squad. The Communication and Journalism Organization, Public Relations Student Society of America, Society of Professional Journalists and Blugold Radio Sunday/WUEC-FM student organizations also offer professional development, experience, and leadership opportunities for students.

Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the

MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 583-201)

This emphasis teaches students to analyze and enhance human communication through courses in theory, research, and practice. After completing a common core of courses, majors in this emphasis select a variety of electives including courses focused on how communication builds and maintains relationships and how messages in political and popular culture influence society.

Code	Title	Credits
Thirty-six semester credits, including:		
Communication Studies Core (18 credits)		
CJ 201	Introduction to Interpersonal Communication	3
CJ 202	Fundamentals of Speech	3
CJ 206	Human Communication Theory	3
CJ 207	Introduction to Rhetoric and Society	3
CJ 300	Research Methods	3
CJ 459	Communication Research Seminar	3
Communication Studies Electives (12 credits, at least 9 must be at the 300-level or higher):		12
CJ 205	Listening	
CJ 250	Introduction to Organizational Communication	
CJ 301	Intercultural Communication	
CJ 306	Topics in Advanced Interpersonal Communication	
CJ 307	Small Group Communication	
CJ 312	Communication and Gender	
CJ 314	Mass Media and Popular Culture	
CJ/WGSS 317	Diversity & Communication: Organizational & Media Contexts	
CJ 318	Topics in Communication and Social Advocacy	
CJ 357	Professional Communication	
CJ 406	Persuasion	
CJ 407	Leadership Communication	
CJ 498	Internship	

General Communication and Journalism Electives: (6 credits from any course with a CJ prefix with the exception of CJ 203 which may not be used as credit toward a communication studies major. Students may choose courses from the list of communication studies electives above but no course may be used twice in the major.)

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain what it means to communicate ethically.
- Describe the role of communication in a variety of contexts.

- Make and support claims about communication artifacts.
- Apply discipline-specific theories in order to explain human communication/behavior and make suggestions for corrective actions where needed.
- Conduct a communication research project using recognized quantitative, qualitative, or critical methodologies.
- Explain the relationship between research and theory in the study of communication.
- Prepare and deliver oral presentations.
- Utilize communication to embrace difference.

Communication, Communication Studies, Minor

Liberal Arts (Code 583-401)

Code	Title	Credits
Twenty-four semester credits, including:		
Communication Studies Core: 6 credits		
CJ 105	Communication in Contemporary Society	3
CJ 202 or CJ 203	Fundamentals of Speech Fundamentals of Human Communication	3
Communication Studies Electives (12 credits, at least 9 of which must be at the 300-level or higher):		12
CJ 201	Introduction to Interpersonal Communication	
CJ 205	Listening	
CJ 206	Human Communication Theory	
CJ 207	Introduction to Rhetoric and Society	
CJ 250	Introduction to Organizational Communication

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are

normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the

student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 583-250)

This emphasis assists students in the development of professional, group, and interpersonal communication skills that enable them to enhance the communities, organizations, and societies in which they live and work. Students learn to analyze, develop, and deliver messages to a variety of stakeholders.

Code	Title	Credits
Thirty-six semester credits, including:		
Core: 21 credits		
CJ 202 or CJ 203	Fundamentals of Speech Fundamentals of Human Communication	3
CJ 250	Introduction to Organizational Communication	3
CJ 300	Research Methods	3
CJ 307	Small Group Communication	3
CJ 355	Advanced Organizational Communication: Strategic Message Design	3
CJ 357	Professional Communication	3
CJ 459	Communication Research Seminar	3
Organizational Communication Electives - 9 credits from the following:		9
CJ 201	Introduction to Interpersonal Communication	
CJ 301	Intercultural Communication	
CJ/WGSS 317	Diversity & Communication: Organizational & Media Contexts	
CJ 350	Human Resource Development	
CJ 351	Strategic Event Planning	
CJ 407	Leadership Communication	
CJ 452	Health Communication	
CJ 470	Crisis Communication	
CJ 498	Internship	
CJ Electives: six credits (neither CJ 202 nor CJ 203 may be used as elective credits)		6
Total Credits		36

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain how organizations are created and maintained through communication.
- Use communication theories and constructs to identify and analyze communication problems and develop ethical solutions.
- Access and analyze communication research to identify knowledge gaps and develop questions.

- Draw conclusions from data and articulate implications.
- Utilize communication to embrace difference.
- Orally present ideas using appropriate visual, verbal, and nonverbal communication behaviors.

Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and

total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 585-201)

Understanding the objectives, message concepts, and strategies which underlie advertising is the goal of this sequence. Students are prepared to conduct research, establish goals, create messages, and implement plans.

Code	Title	Credits
Advertising majors must complete 36 credits that include:		
CJ 184	Multimedia Communication	3
CJ 202	Fundamentals of Speech	3
or CJ 203	Fundamentals of Human Communication	

CJ 260	Introduction to Integrated Strategic Communication	3
CJ 300	Research Methods	3
CJ 362	Strategic Media Planning	3
CJ 373	Writing for Integrated Strategic Communication	3
CJ 413	Media Law and Ethics	3
CJ 464	Advertising in Contemporary Society	3
CJ 479	Integrated Strategic Communication Management	3
Select one of the following courses:		3
CJ 365	Advertising Message Strategy	
CJ 374	Integrated Strategic Communication (ISC) Campaign Design and Evaluation	
CJ 380	Visual Communication Design	
CJ 460	Advertising Account Management	
CJ electives : six credits (neither CJ 202 nor CJ 203 may be used as elective credits)		6
Total Credits		36

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of gender, race ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communications.
- Demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.
- Understand concepts and apply theories in the use and presentation of images and information.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Think critically, creatively and independently.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- Apply basic numerical and statistical concepts.

(Outcomes from Accrediting Council on Education in Journalism and Mass Communication)

Integrated Strategic Communication, Certificate

(Code 585-601)

The **Certificate in Integrated Strategic Communication** is designed to teach students in a wide variety of non-communication fields to effectively communicate in a message-intensive world. Specifically, students will learn how to promote their skills to the public at large and to help the public build a better understanding of both their chosen field and the issues important to that field. The certificate will provide students with the skills and knowledge needed to identify and analyze target audiences and create messages designed for those audiences.

Code	Title	Credits
Fifteen semester credits, including:		
Required Courses		
CJ 184	Multimedia Communication	3
CJ 260	Introduction to Integrated Strategic Communication	3
CJ 300	Research Methods	3
or one of the following courses:		
MKTG 334	Marketing Research	
POLS 290	Introduction to Political Analysis	
PSYC 271	Methods of Research in Psychology	
SOC 332	Sociological Research Methods	
Select two of the following courses:		6
CJ 373	Writing for Integrated Strategic Communication	
CJ 374	Integrated Strategic Communication (ISC) Campaign Design and Evaluation	
CJ 362	Strategic Media Planning	

Note 1: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Note 2: There must be at least 48 unique credits between a student's major and this certificate if course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Understand concepts and apply theories in the use and presentation of images and information.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Apply tools and technologies appropriate for the communications professions in which they work.

Integrated Strategic Communication, Minor

Liberal Arts (Code 585-403)

Code	Title	Credits

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements

for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 585-202)

The goal of this emphasis is to understand objectives and strategies that shape the information delivered to publics. Students are prepared to analyze, design, and manage public relations messages.

Code	Title	Credits
Public Relations majors must complete 36 credit hours that include:		
CJ 184	Multimedia Communication	3
CJ 202	Fundamentals of Speech	3
or CJ 203	Fundamentals of Human Communication	
CJ 260	Introduction to Integrated Strategic Communication	3
CJ 300	Research Methods	3
CJ 373	Writing for Integrated Strategic Communication	3
CJ 374	Integrated Strategic Communication (ISC) Campaign Design and Evaluation	3

CJ 413	Media Law and Ethics	3
CJ 479	Integrated Strategic Communication Management	3
Select one of the following courses:		3
CJ 272	Social Media and Communication	
CJ 362	Strategic Media Planning	
CJ 380	Visual Communication Design	
CJ 470	Crisis Communication	
Select one of the following courses:		3
CJ 301	Intercultural Communication	
CJ/WGSS 317	Diversity & Communication: Organizational & Media Contexts	
CJ 464	Advertising in Contemporary Society	
CJ electives: six credits (neither CJ 202 nor CJ 203 may be used as elective credits)		6
Total Credits		36

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of gender, race ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communications.
- Demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.
- Understand concepts and apply theories in the use and presentation of images and information.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Think critically, creatively and independently.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- Apply basic numerical and statistical concepts.

(Outcomes from Accrediting Council on Education in Journalism and Mass Communication)

Journalism, Certificate

(Code 560-601)

The **Certificate in Journalism** is designed for students who wish to develop an understanding of the role journalism plays in a democracy and the underlying principles and practices of journalism. A combination of courses in

journalism help students acquire the knowledge and introductory skills that will allow them to use the tools of journalism to develop and design reported information across media platforms. The journalism certificate aligns with the university mission as journalism fosters creativity, critical thinking, empathy for others, and intellectual courage to monitor power and question authority on behalf of the public.

Code	Title	Credits
Minimum of 12 credits required:		
Required courses (9 credits):		
CJ 184	Multimedia Communication	3
CJ 222	Beginning Journalism	3
CJ 413	Media Law and Ethics	3
Elective courses (3 credits). These courses allow students to select the journalism skills that most apply to their particular interests or career aspirations.		3
CJ 241	Audio and Video Production Process	
CJ 284	Introduction to Photography	
CJ 321	Intermediate Journalism	
CJ 322	Immersion Journalism	
Total Credits		12

Note 1: Courses used for the certificate may not be applied to the major.

Note 2: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain journalistic communication processes in diverse social, legal and ethical contexts.
- Demonstrate critical and analytical thinking skills.
- Demonstrate reporting and information gathering skills.
- Demonstrate strong oral, written, and visual communication skills.

Journalism, Major

Liberal Arts (Code 560-206)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course

Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	Learning Outcomes
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	Learning Outcomes
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences

One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 560-206)

Understanding the role of journalism in a democratic society is the goal of this major. This major prepares students to inform citizens and enhance democracy by gathering, writing, editing and delivering news across multiple platforms.

Code	Title	Credits
Journalism majors must complete 36 credits hours that include:		
CJ 184	Multimedia Communication	3
CJ 202	Fundamentals of Speech	3
or CJ 203	Fundamentals of Human Communication	
CJ 222	Beginning Journalism	3
CJ 300	Research Methods	3
CJ 321	Intermediate Journalism	3
CJ 413	Media Law and Ethics	3
CJ 427	Advanced Reporting and Editing	3
CJ 429	Digital Newsroom (capstone)	3
Select one of the following courses:		
CJ 241	Audio and Video Production Process	
CJ 284	Introduction to Photography	
CJ 380	Visual Communication Design	
Select one of the following courses:		
CJ 301	Intercultural Communication	3
CJ/WGSS 317	Diversity & Communication: Organizational & Media Contexts	
CJ 464	Advertising in Contemporary Society	

CJ electives: six credits (neither CJ 202 nor CJ 203 may be used as elective credits)	6
Total Credits	36

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of gender, race ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communications.
- Demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.
- Understand concepts and apply theories in the use and presentation of images and information.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Think critically, creatively and independently.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- Apply basic numerical and statistical concepts.
- Apply tools and technologies appropriate for the communications professions in which they work.

(Outcomes from Accrediting Council on Education in Journalism and Mass Communication)

Journalism, Minor

Liberal Arts (Code 560-406)

Code	Title	Credits
Twenty-four semester credits, including:		
CJ 184	Multimedia Communication	3
CJ 202	Fundamentals of Speech	3
or CJ 203	Fundamentals of Human Communication	
CJ 222	Beginning Journalism	3
CJ 300	Research Methods	3
CJ 413	Media Law and Ethics	3
Select nine credits of electives in CJ courses (neither CJ 202 nor CJ 203 may be used as elective credits)		9
Total Credits		24

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.

Organizational Communication, Certificate

(Code 583-601)

The **Certificate in Organizational Communication** complements majors in every area of study by developing professional, group, and interpersonal communication skills that enable students to contribute to, and better serve, the communities, organizations and societies in which they live and work. Students in any field must be able to analyze, develop and deliver messages to a variety of stakeholders. The Certificate in Organizational Communication helps students hone these abilities by highlighting the role of communication in organizational effectiveness, and by engaging students in both theory and practice. The elective course options for the certificate allow students to focus on the specific communication skills that apply most directly to their particular interests or career aspirations.

Students pursuing an Organizational Communication Certificate are required to complete 12 credits toward the certificate.

Code	Title	Credits
Twelve semester credits, including:		
Required Courses		
CJ 250	Introduction to Organizational Communication	3
CJ 355	Advanced Organizational Communication: Strategic Message Design	3
Select six credits from the following:		6
CJ 184	Multimedia Communication	
CJ 201	Introduction to Interpersonal Communication	
CJ 206	Human Communication Theory	
CJ 301	Intercultural Communication	
CJ 307	Small Group Communication	
CJ/WGSS 317	Diversity & Communication: Organizational & Media Contexts	
CJ 350	Human Resource Development	
CJ 351	Strategic Event Planning	
CJ 357	Professional Communication	

CJ 406	Persuasion
CJ 407	Leadership Communication
CJ 470	Crisis Communication
Total Credits	12

Note 1: Courses used for the certificate may not count for the student's major program.

Note 2: Students cannot pursue a Communication, Integrated Strategic Communication, or Journalism Major and the Organizational Communication Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain how organizations are created and maintained through communication.
- Use communication theories and constructs to identify and analyze communication problems and develop ethical solutions.

Social Advocacy and Change, Certificate

(Code 583-603)

The **Certificate in Social Advocacy and Change** is designed for students who wish to engage as active citizens by using communication skills and knowledge to promote change in a variety of social and political contexts (e.g., human rights and environmental concerns). Active citizenship exists where individuals use communication practices and theories to advocate for change on their own behalf or on the behalf of others, and where groups seek to find common cause or concern. A combination of courses in communication studies and organizational communication help students learn the knowledge and skills that will allow them to create responsible change in their communities.

Code	Title	Credits
Twelve semester credits, including:		
Required Courses		
CJ 202	Fundamentals of Speech	3
CJ 207	Introduction to Rhetoric and Society	3
CJ 318	Topics in Communication and Social Advocacy	3
CJ 355	Advanced Organizational Communication: Strategic Message Design	3
or CJ 406	Persuasion	

Note 1: Courses used for the certificate may not count for the student's major program.

Note 2: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will demonstrate competency in oral and written communication skills appropriate to social advocacy and change.
- Students will demonstrate knowledge of theories and concepts of communication appropriate to social advocacy and change.
- Students will demonstrate critical and creative thinking in the formation and the evaluation of communication practices used to address civic, social, or environmental challenges.

Computer Science

Phillips 130

715-836-2526

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/computer-science/>)

About Us

Computer Science and Software Engineering are disciplines that combine concepts from mathematics, science, and engineering into a coherent and disciplined study of the software and hardware required for computation. The programs offered by the UW-Eau Claire Department of Computer Science provide the fundamental education necessary to prepare students for positions in industry or to pursue graduate study. The curriculum is organized so that graduates will be able to meet immediate demands for solving computational problems or designing state-of-the-art computer systems, yet also have an understanding of the basic principles and concepts in computer science needed to avoid technological obsolescence in a rapidly changing environment. This program is intended to produce computer science professionals, not merely technicians with some training in computer software and hardware. Success requires a strong aptitude in mathematics.

The Program for Majors and Minors

Department faculty constantly examine the curriculum to ensure that students gain both the breadth and depth of knowledge needed to be successful in careers in business and industry, or in graduate school. The major/minor curriculum includes:

1. Introductory courses which cover the basic principles of Computer Science.
2. The use of object-oriented and other programming paradigms.
3. An integrated blend of courses which cover the tools, knowledge, problem-solving, and programming techniques that form the basis for a successful career.
4. A capstone experience.

Departmental Honors in Computer Science

Eligibility: Students with resident and total GPAs of 3.50 or higher and a 3.50 or higher in at least 12 credits of computer science.

Procedure: A written application for Departmental Honors in Computer Science shall be approved by the research advisor and the departmental honors committee. The application and approval process must be completed no later than the end of the junior year.

Requirements:

1. The satisfactory completion of
 - a. six credits of registration in Computer Science Research, including the writing of a research paper;
 - b. an oral presentation to be given to at least three members of the faculty.

- Resident and total GPAs of 3.50 or higher in both the computer science major and for all credits attempted to meet graduation requirements.
- Participation in at least one Student ACM Programming Contest.

Information for All Students

It is strongly recommended that the student have a grade of C or above in any Computer Science course, which is to be used as a prerequisite to another course. Where a grade of C- or below is earned in a Computer Science course, the student should repeat the course before continuing.

Majors

- Major: Computer Science, Software Engineering, Liberal Arts - B.A./B.S.
- Comprehensive Major: Computer Science, Liberal Arts - B.A./B.S.

Minors

- Minor: Computer Science, Liberal Arts Emphasis

Certificates

- Certificate: Computer Programmer

Computer Programmer, Certificate

(Code 170-605)

The Department of Computer Science offers a certificate to students and working computer professionals who desire the knowledge and hands-on experience necessary to become computer programmers.

Code	Title	Credits
Fifteen semester credits, including:		
CS 145 or CS 148	Programming for New Programmers Programming for Experienced Programmers	4
CS 163 or DS 150	Introduction to Programming in C++ Computing in Python: Fundamentals and Procedural Programming	3
CS 245	Advanced Programming and Data Structures	4
CS 252	Computer Systems	4
Total Credits		15

Note: Students cannot pursue the Computer Science Major and the Computer Programmer Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome:

- Use and evaluate a wide variety of modern tools and languages used in the practical construction of computing systems.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 170-030)

This major is recommended for students who desire a strong foundation in software design and development, computer systems and networking, and mathematics.

Code	Title	Credits
A minimum of sixty semester credits, including:		
Computer Science core (39 crs)		
CS 145	Programming for New Programmers	4
or CS 148	Programming for Experienced Programmers	
CS 146	The Big Picture in Computer Science	1
CS 245	Advanced Programming and Data Structures	4
CS 252	Computer Systems	4
CS 260	Database Systems	4
CS 268	Web Systems	3
CS 330	Programming Languages	3
CS 335	Algorithms	3
CS 352	Computer Architecture	3
CS 355	Software Engineering I	3
CS 396	Junior Seminar	1
CS 452	Operating Systems	3
CS 462	Computer Networks (capstone course)	3
Mathematics Core (15 crs)		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 314	Discrete Mathematics	3
MATH 246	Elementary Statistics	4
or MATH 345	Introduction to Probability and Mathematical Statistics	
A Computer Science elective, selected from one of the following options:		
Option 1		
Select a minimum of six credits of electives chosen from the following and not already included in the Computer Science core:		6
CS 370	Computer Security	
CS 376	Cryptography and Network Security	
CS 388	UNIX Systems Programming	
CS 399	Independent Study - Juniors	
CS 420	Artificial Intelligence	
CS 425	Machine Learning	
CS 426	Deep Learning	
CS 436	Mobile Software Development	
CS 450	Theory of Computation	
CS 455	Computer Graphics	
CS 485	Software Engineering II	
CS 491	Special Topics	
CS 498	Computer Science Internship	
Or other courses designated by the department (six-seven credits; recommended for students considering industry employment)		
Option 2		

Select six credits from the following: ¹

CS 482	Research in Computer Science I
CS 492	Research in Computer Science II

¹ Additional capstone and research experience; recommended for students considering graduate school

For a degree in Computer Science, a student must complete:

Code	Title	Credits
Required courses not counted toward credits in major:		
Complete one of the following:		3
CJ 202	Fundamentals of Speech	
ENGL 312	Science Writing	
ENGL 313	Technical Writing	
Complete one lab science sequence chosen from:		9-10
PHYS 211 & PHYS 212	General Physics and General Physics	
OR		
PHYS 231 & PHYS 232	University Physics I and University Physics II	

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the foundational elements of mathematics, logic, critical thinking and problem-solving skills to develop the algorithms and data structures necessary to solve a wide variety of computing problems.
- Analyze a problem, identify and define the computing requirements appropriate to its solution and demonstrate comprehension of the tradeoffs involved in design choices.
- Design, implement and evaluate a computing system or component to meet desired needs.
- Apply and use concepts from computer architecture and operating systems in computing system design, implementation and performance analysis.
- Use and evaluate a wide variety of modern tools and languages used in the practical construction of computing systems.
- Collaborate effectively in a team environment.
- Recognize social, ethical, and legal issues that surround the production and use of technology.
- Communicate effectively, both orally and in writing, to technical and non-technical audiences.

Computer Science, Liberal Arts Emphasis, Minor

Liberal Arts (Code 170-401)

Code	Title	Credits
Twenty-four semester credits, including:		
CS 145 or CS 148	Programming for New Programmers Programming for Experienced Programmers	4
CS 245	Advanced Programming and Data Structures	4
CS 252	Computer Systems	4

CS 260	Database Systems	4
Nine credits selected from:		9
CS 268	Web Systems	
CS 335	Algorithms	
CS 370	Computer Security	
CS 376	Cryptography and Network Security	
CS 388	UNIX Systems Programming	
CS 399	Independent Study - Juniors	
CS 420	Artificial Intelligence	
CS 425	Machine Learning	
CS 426	Deep Learning	
CS 436	Mobile Software Development	
CS 450	Theory of Computation	
CS 455	Computer Graphics	
CS 462	Computer Networks	
CS 491	Special Topics	
CS 498	Computer Science Internship	
or other courses designated by the department and not already included in the minor.		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze a problem, identify and define the computing requirements appropriate to its solution and demonstrate comprehension of the tradeoffs involved in design choices.
- Apply and use concepts from computer architecture and operating systems in computing system design, implementation and performance analysis.
- Use and evaluate a wide variety of modern tools and languages used in the practical construction of computing systems.

Computer Science, Software Engineering, Major

Liberal Arts (Code 170-205)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30

Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses

Minor	maximum 1 course
-------	------------------

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS **a minimum of 36 credits**

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
--	------------------------------

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
---	-----------------------------

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
---	------------------------------

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 170-205)

This major is recommended for students who desire a strong foundation in software design and development.

Code	Title	Credits
A minimum of 42 semester credits, including:		
Software Engineering Core (39 crs)		
CS 145	Programming for New Programmers	4
or CS 148	Programming for Experienced Programmers	
CS 146	The Big Picture in Computer Science	1
CS 245	Advanced Programming and Data Structures	4
CS 252	Computer Systems	4
CS 260	Database Systems	4
CS 268	Web Systems	3
CS 330	Programming Languages	3
CS 335	Algorithms	3
CS 352	Computer Architecture	3
CS 355	Software Engineering I	3
CS 396	Junior Seminar	1
CS 452	Operating Systems	3
CS 485	Software Engineering II (capstone course)	3

A Computer Science elective, selected from one of the following options:

Option 1

Select a minimum of three credits of electives chosen from the following Computer Science courses not already included in the Software Engineering core:

CS 370	Computer Security
CS 376	Cryptography and Network Security
CS 388	UNIX Systems Programming
CS 399	Independent Study - Juniors
CS 420	Artificial Intelligence
CS 425	Machine Learning
CS 426	Deep Learning
CS 436	Mobile Software Development
CS 450	Theory of Computation
CS 455	Computer Graphics
CS 462	Computer Networks
CS 491	Special Topics
CS 498	Computer Science Internship

Or other courses designated by the department (three-four credits; recommended for students considering industry employment)

Option 2

Six credits from:¹

CS 482	Research in Computer Science I
CS 492	Research in Computer Science II

¹ Additional capstone and research experience; recommended for students considering graduate school

NOTE 1: MATH 114 or equivalent is required.

NOTE 2: MATH 314 or equivalent is required.

NOTE 3: CJ 202, ENGL 312, or ENGL 313 must be completed for a degree in Computer Science, Software Engineering.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the foundational elements of mathematics, logic, critical thinking and problem-solving skills to develop the algorithms and data structures necessary to solve a wide variety of computing problems.
- Analyze a problem, identify and define the computing requirements appropriate to its solution and demonstrate comprehension of the tradeoffs involved in design choices.
- Design, implement and evaluate a computing system or component to meet desired needs.
- Apply and use concepts from computer architecture and operating systems in computing system design, implementation and performance analysis.
- Use and evaluate a wide variety of modern tools and languages used in the practical construction of computing systems.
- Collaborate effectively in a team environment.
- Recognize social, ethical, and legal issues that surround the production and use of technology.
- Communicate effectively, both orally and in writing, to technical and non-technical audiences.

Economics

Schneider Social Science 476
715-836-5743

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/economics/>)

What is Economics?

Economics is a study of people in the ordinary business of life; it examines that part of individual and social action which is most closely connected with the attainment and with the use of the material requirements for wellbeing. Thus it is on one side a study of material wealth; and on the other, and more important side, a part of the study of people. The Department of Economics believes that understanding economics requires both learning economic theory and applying that theory. To this end, the department encourages internships, student/faculty collaborative research activities, small-group learning, and applied projects.

To aid our graduates in the transition to employment or further education, the department sponsors trips to area graduate schools and visits by individuals employed in economics-related occupations and it maintains a file of alumni mentors.

Honor Societies and Student Organizations

Omicron Delta Epsilon (Economics Honors Society) and Student Economics Association.

For more information on either organization, see the Department Chair. Departmental Honors Program in Economics

Entrance Requirements:

1. Majors who have completed at least the two introductory economics courses with a GPA in economics courses of 3.50 or higher, and resident and total GPAs of 3.35 or higher,
2. and submit a written application before the beginning of the senior year for approval by the Economics Department faculty.
3. Requirements for Continued Participation: If at any time a student's resident and total GPAs fall below 3.35, or a student's GPA in economics courses falls below 3.20, that student will no longer be eligible to participate in the program.

Graduation Requirements:

1. Complete the requirements for an economics major, including ECON 316.
2. Complete at least six credits in the department's Honors Seminars taught by graduate faculty. If unable to schedule six credits of seminar, the student can petition the department to replace three credits of Honors Seminar with three credits of Honors Independent Study.
3. Satisfactory completion of an Honors paper under the direction of a department member of the graduate faculty.
4. Satisfactory completion of an oral examination, conducted by at least three faculty members, on economic theory (ECON 303 and ECON 304) and on the student's Honors Paper.
5. Resident and total GPAs of 3.50 or higher at graduation for all courses and in Economics Department courses. For more information, see the Department Chair.

Faculty

Thomas Kemp, Chair

Collin Hawkins

Divya Sadana

Majors

- Major: Economics, Liberal Arts - B.A./B.S.
- Comprehensive Major: Economics, Business - B.B.A.

Minors

- Minor: Economics, Liberal Arts

Certificates

- Certificate: Economics of Global Issues

Economics of Global Issues, Certificate

(Code 360-601)

This Certificate provides students an opportunity to develop their global competency. One of the goals of UWEC is to provide students with "globally infused curricular and co-curricular experiences". This Certificate will also complement other programs on campus, such as the Global Studies minor, the Latin American and Latinx Studies major/minor, the Women's, Gender, and Sexuality Studies major/minor, and other programs in Political Science.

Code	Title	Credits
Twelve semester credits, including:		
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
Two of the following courses:		
ECON 250	Sports Economics	6
ECON 351	International Economics	
ECON 353	Economics of Pacific Asia	
ECON 355	Economic Development	
ECON/LAS 356	Economic Development of Latin America	
ECON/WGSS 357	Women and Economic Development	
ECON 390	Global Economics Immersion Experience	
Total Credits		12

Note: Students cannot pursue the Economics Major and the Economics of Global Issues Certificate to meet graduation requirements for completing a first and second degree program. Courses taken for the certificate cannot be applied to the student's major program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze and interpret how cultures, environments, practices, and values differ from or are similar to one another.
- Analyze and interpret the nature of global systems, institutions or relationships of power in a historical or geographical context.

- Analyze and interpret the global implications of individual or collective decisions.

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 360-002)

Proficiency Requirement:

MATH 111 or MATH 114 or equivalent. Does not count toward credits in the major.

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3

BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

A Bachelor of Business Administration degree with a comprehensive major in economics consists of the 32-credit BUSCORE and completion of 31 additional credits as follows:

Code	Title	Credits
Economics, Business, Comprehensive Major		
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
ECON 303	Intermediate Microeconomic Theory	3
ECON 304	Intermediate Macroeconomic Theory	3
ECON 316	Econometrics	3
MATH 246	Elementary Statistics ¹	4
Electives from the following courses, bringing total credits in the major to 63:		
ECON 308	Essentials of Managerial Economics	
ECON 311	History of Economic Thought	
ECON 318	Business Fluctuations and Forecasting	
ECON 321	Money and Banking	
ECON 325	Public Economics	
ECON 331	Government and Business	
ECON 335	Labor Economics	
ECON 351	International Economics	
ECON 353	Economics of Pacific Asia	
ECON 355	Economic Development	
ECON 366	Behavioral Economics	
ECON 375	Urban Economics	
ECON 399	Independent Study - Juniors	
ECON 491	Special Topics	
ECON 492	Honors Seminar	
ECON 494	Academic Internship	
ECON 495	Directed Studies	
ECON 496	Honors Independent Study	
ECON 498	Professional Internship	
ECON 499	Independent Study - Seniors	

FIN 322	Investments
FIN 327	Long Term Financial Management
No more than two courses from the following:	
ECON 222	Introduction to Game Theory
ECON 250	Sports Economics
ECON 268	Environmental Economics
ECON 280	Health Economics
ECON 330	Experiences of Minoritized Groups in U.S. Economy
ECON/WGSS 337	Women and the Labor Market
ECON/LAS 356	Economic Development of Latin America
ECON 390	Global Economics Immersion Experience

¹ A student may substitute MATH 347 for MATH 246 in the major.

NOTE: A maximum of six credits earned in ECON 399, ECON 494, ECON 495, ECON 496, ECON 498, and/or ECON 499 may count toward the major.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- **Written and Oral Communication:** Students will be effective communicators.
- **Problem Solving:** Students will be effective problem solvers.
- **BBA Common Body of Knowledge:** Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Use economic models (including supply and demand, models of the behavior of competitive and monopolistic firms, consumer optimization models, and macroeconomic models such as the Solow growth model, AS/AD model, and IS/LM model) to analyze economic behavior, social issues, and policy problems.
- Assemble and analyze economic data to test economic hypotheses.
- Effectively present their economic reasoning in concise written statements, extended research papers, or oral presentations.

Economics, Major - Liberal Arts

Liberal Arts (Code 360-200)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average

Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours
--	----------

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 360-200)

Code	Title	Credits
Thirty-six semester credits in economics and supporting courses, including:		
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
ECON 303	Intermediate Microeconomic Theory	3
ECON 304	Intermediate Macroeconomic Theory	3
ECON 316	Econometrics	3
MATH 246	Elementary Statistics	4
Students may count a maximum of three courses from the following:		
ACCT 201	Introduction to Accounting	
ECON 222	Introduction to Game Theory	
ECON 250	Sports Economics	
ECON 268	Environmental Economics	
ECON 280	Health Economics	
ECON 329	Lifetime Investing Principles and Strategies	
ECON 330	Experiences of Minoritized Groups in U.S. Economy	
ECON/WGSS 337	Women and the Labor Market	

ECON/LAS 356	Economic Development of Latin America
ECON/WGSS 357	Women and Economic Development
ECON 390	Global Economics Immersion Experience

A student may substitute MATH 347 for MATH 246 in the major.

NOTE 1: MATH 111 or MATH 114 or their equivalent must be completed as part of the Liberal Education requirements.

NOTE 2: A maximum of six credits earned in ECON 399, ECON 494, ECON 495, ECON 496, ECON 498, and/or ECON 499 may count toward the major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Use economic models (including supply and demand, models of the behavior of competitive and monopolistic firms, consumer optimization models, and macroeconomic models such as the Solow growth model, AS/AD model, and IS/LM model) to analyze economic behavior, social issues, and policy problems.
- Assemble and analyze economic data to test economic hypotheses.
- Effectively present their economic reasoning in concise written statements, extended research papers, or oral presentations.
- Describe and explain the wide differences in economic outcomes by race, gender, and across countries.

Economics, Minor - Liberal Arts

Liberal Arts (Code 360-400)

Code	Title	Credits
Twenty-four semester credits, including:		
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
ECON 303	Intermediate Microeconomic Theory	3
ECON 304	Intermediate Macroeconomic Theory	3
Remaining credits in Economic electives		
Maximum of three courses from the following:		
ECON 222	Introduction to Game Theory	
ECON 250	Sports Economics	
ECON 268	Environmental Economics	
ECON 280	Health Economics	
ECON 329	Lifetime Investing Principles and Strategies	
ECON 330	Experiences of Minoritized Groups in U.S. Economy	
ECON/WGSS 337	Women and the Labor Market	
ECON/LAS 356	Economic Development of Latin America	
ECON/WGSS 357	Women and Economic Development	
ECON 390	Global Economics Immersion Experience	

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Use economic models (including supply and demand, models of the behavior of competitive and monopolistic firms, consumer optimization models, and macroeconomic models such as the Solow growth model, AS/AD model, and IS/LM model) to analyze economic behavior, social issues, and policy problems.
- Assemble and analyze economic data to test economic hypotheses.
- Effectively present their economic reasoning in concise written statements, extended research papers, or oral presentations.

English

Centennial Hall 4102

715-836-2639

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/>)

English as an academic discipline encompasses the study of literature, literary theory, critical/cultural theory, film, creative writing, professional writing, rhetoric, teaching, and linguistics. In English courses, students develop strong critical thinking and analytical skills; they learn to read with interpretive power and write with fluency, power, and precision; and they apply a variety of research strategies and methods.

Advising Information

The English Department maintains updated advising guides and four-year degree plans for all of its majors, minors, and certificates; these materials are available in the English Department office and on the English Department website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/>).

Students contemplating a major, minor, or certificate in English are encouraged to make an appointment in the English Department office with the Director of Undergraduate Studies in English.

Programs

Students at UW-Eau Claire may choose a major in one of our five emphasis areas: Creative Writing; Critical Studies in Literatures, Cultures, and Film; English Language Arts Teaching; Linguistics; Rhetorics of Science, Technology, and Culture. The English Language Arts Teaching program is a comprehensive major which does not need a second program, while the other majors each require an additional minor, certificate, or second major program. The English Department also offers minors and certificates in Creative Writing, Critical Studies in Literatures, Cultures, and Film, and Rhetorics of Science, Technology, and Culture. The English Department administers the College of Arts and Sciences' Interdisciplinary Linguistics minor and certificate. Each program in English offers students a framework of core English courses and a focused concentration of courses in the emphasis.

All English majors take three core courses, designed to provide a strong foundation in English studies:

ENGL 210	Introduction to Critical Studies	5
ENGL 221	Introductory English Linguistics	3
ENGL 284	Introduction to Theory and Criticism	3

ENGL 210 provides students with an understanding of textuality and how texts function within historicized cultural contexts. All English minors take

ENGL 210 as their one core English course. ENGL 221 introduces students to the scientific study of language, including linguistic structure, the history of the English language, and language acquisition. ENGL 284 provides a broadly conceived understanding of theory and criticism, and introduces students to the practice of self-reflectively theorizing and critiquing within the field of English. These core courses provide students with a strong basis for their work in the discipline.

Our English programs are designed to give students focused study in a particular area or emphasis. Students deepen their study of English through intermediate and advanced coursework in their specific emphasis and have many opportunities to integrate their previous learning by producing major research or creative projects. Students in English develop strong analytical skills, critical thinking abilities, oral and written communication skills, and a depth of knowledge about language, literature, and culture, all of which will serve them well in their careers or graduate work. Finally, the English Department prides itself on its accomplished faculty, rigorous curriculum, and welcoming community.

Departmental Honors Program, Student Organizations, and Other Opportunities

We believe that getting involved beyond the classroom in the major/minor enhances students' college experience and gives them valuable career-building and life-enriching skills. Please visit the English department website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/>) for information about these opportunities.

- **Departmental Honors Program in English**—engage in high impact research, creative, and integrative opportunities. The Departmental Honors Program fosters integrative learning through independent and collaborative experiences, promotes advanced engagement with scholarly resources, and recognizes outstanding achievement in academic and scholarly activity.
- **English Festival**—organize events and activities of interest to English majors, minors, and faculty.
- **English Ambassadors**—promote the department at recruitment events, mentor English majors/minors, and advise the department on student concerns.
- **NOTA (None of the Above)**—contribute to the creation of the campus' creative literary and arts publication and host events promoting the literary and creative arts.
- **Sigma Tau Delta/Theta Zeta Chapter**—English honor society committed to fostering relationships between students and faculty and inspiring students to promote their love of English to the campus and local community through service projects and activities.
- **Center for Writing Excellence Writing Assistants & Writing Fellows**—tutor in the Center for Writing Excellence or assist professors in writing-intensive courses.
- **Student Mentors/Student Academic Apprentices**—mentor or apprentice in an English or Writing course.
- **Writing Internships**—build your writing and professional skills by working for community agencies or businesses in the Chippewa Valley.

General Restrictions

Auditors will be admitted to writing courses only with the written permission of the instructor and the department chair.

English for Non-Native Speakers. The beginning composition course for non-native speakers of English is ordinarily ESL 305 (contact Department

of Languages) followed by a first-year writing course offered by the English Department.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 540-204)

Code	Title	Credits
Thirty-eight semester credits, including:		
Core (11 credits)		
ENGL 210	Introduction to Critical Studies	5
ENGL 221	Introductory English Linguistics	3
ENGL 284	Introduction to Theory and Criticism	3
Emphasis Requirements (15 credits)		
ENGL 220	Introduction to Creative Writing (with a grade of B or above)	3
ENGL 310	Intermediate Poetry Writing	3
ENGL 311	Intermediate Fiction/Nonfiction Writing	3
Six credits from two of the following courses:		6
ENGL 410	Creative Writing Workshop - Poetry	
ENGL 411	Creative Writing Workshop - Fiction	
ENGL 412	Creative Writing Workshop - Nonfiction	
ENGL 413	Prose Writing Workshop-Topics	
THEA 414	Playwriting	
Literature/Culture Requirements (12 credits)		
Six credits from:		6
ENGL 245	American Literature Since 1945	
ENGL/CJ 273	Creative and Narrative Nonfiction	
ENGL 274	The Short Story	
ENGL 275	The Novel	
ENGL 276	Poetry	
Required:		
Three credits of literature/culture at the 300- or 400-level		3
Three credits of literature/culture at the 400-level		3
Note: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.		
Information for English Majors and Minors		
British Literature/Culture before 1790		
ENGL 252	Perspectives on Pre-1790 British Literature	3
ENGL 257	Representative Shakespeare	3

ENGL 310	Intermediate Poetry Writing	3
ENGL 311	Intermediate Fiction/Nonfiction Writing	3
ENGL 410	Creative Writing Workshop - Poetry	3
ENGL 411	Creative Writing Workshop - Fiction	3
ENGL 412	Creative Writing Workshop - Nonfiction	3
ENGL 413	Prose Writing Workshop-Topics	3

Linguistics

ENGL 121	Busting Language Myths	3
ENGL 221	Introductory English Linguistics	3
ENGL 321	Topics in the Structure of English	3
ENGL 325	Topics in Language in Society	3
ENGL 421	Seminar in Linguistic Research	3

Rhetorics of Science, Technology, and Culture

ENGL 212	Histories and Theories of Rhetoric	3
ENGL 307	Editing and Publications Management	3
ENGL 312	Science Writing	3
ENGL 313	Technical Writing	3
ENGL 314	Cultural Rhetorics	3
ENGL 315	Visual Rhetorics of Science, Technology, and Culture	3
ENGL 316	Rhetorics of Social Justice	3
ENGL 409	Grant Proposal Writing	3
ENGL 455	Seminar in Rhetorics of Science, Technology, and Culture	3

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Creative Writing Emphasis

- Create original, effective poetry.
- Create original, effective fiction or creative non-fiction.

English, Creative Writing, Certificate

(Code 540-603)

Code	Title	Credits
Fifteen credits including:		
ENGL 220	Introduction to Creative Writing	3
Three credits from:		3
ENGL 245	American Literature Since 1945	
ENGL 273	Creative and Narrative Nonfiction	
ENGL 274	The Short Story	
ENGL 275	The Novel	
ENGL 276	Poetry	
Three credits from 300-level literature courses		3
Three credits from:		3
ENGL 310	Intermediate Poetry Writing	
ENGL 311	Intermediate Fiction/Nonfiction Writing	
Three credits from:		3
ENGL 410	Creative Writing Workshop - Poetry	
ENGL 411	Creative Writing Workshop - Fiction	
ENGL 412	Creative Writing Workshop - Nonfiction	
ENGL 413	Prose Writing Workshop-Topics	

Note: There must be at least 48 unique credits between a student's major and this certificate if course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Creative Writing Emphasis

- Create original, effective poetry.
- Create original, effective fiction or creative non-fiction.

English, Creative Writing, Minor

(Liberal Arts (Code 540-412))

Code	Title	Credits
Twenty-six semester credits, including:

Liberal Arts (Code 540-212)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average

Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12

Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of **36 credits**

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 540-212)

Code	Title	Credits
------	-------	---------

Thirty-eight semester credits, including:

Core (11 credits)

ENGL 210	Introduction to Critical Studies	5
ENGL 221	Introductory English Linguistics	3
ENGL 284	Introduction to Theory and Criticism	3

Emphasis Requirements

At least one course from five of the following areas (15 credits):

British literature/culture course before 1790

British literature/culture course after 1790

American literature/culture course before 1865

American literature/culture course after 1865

World/Post-Colonial literature/culture

American Ethnic literature/culture

Women's literature/culture

Theory, Film, and Popular Culture Studies

Additional Elective Credits in English (12 credits)

A minimum of six of these credits must come from any of the above areas; the remaining six credits may come from any ENGL course or THEA 318.

NOTE 1: Up to six credits may come from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, and ENGL 181.

NOTE 2: At least nine credits must be taken at the 400-level.

NOTE 3: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS **a minimum of 36 credits**

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 540-205)

Code	Title	Credits
Thirty-six semester credits, including:		
Core (11 credits)		
ENGL 210	Introduction to Critical Studies	5
ENGL 221	Introductory English Linguistics	3
ENGL 284	Introduction to Theory and Criticism	3
Emphasis Requirements		
Six linguistics courses		
Required (at least one iteration of each of these three courses):		
ENGL 321	Topics in the Structure of English ¹	3
ENGL 325	Topics in Language in Society ¹	3
ENGL 421	Seminar in Linguistic Research ¹	3
Elective options:		
ANTH 315	Language in Culture and Society	
CSD 257	Normal Communication Development	
CSD 262	Phonetics: Theory and Application	
ENGL 121	Busting Language Myths	
FLG 365	Special Topics in Teaching English to Speakers of Other Languages	
FLG 378	Second Language Acquisition Theory	
PHIL 250	Symbolic Logic	

PHIL 322	Philosophy of Language	
Literature/Culture Requirements		
Three literature/culture courses, including at least:		9
One literature/culture course at the 300- or 400-level		
No more than one literature/culture course at the 100-level		

¹ Additional iterations of ENGL 321, ENGL 325, and ENGL 421 with a different topic may be counted in Elective options.

NOTE 1: No more than six credits from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, or ENGL 181.

NOTE 2: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

NOTE 3: Students pursuing the English, Linguistics major and the Bilingual-Bicultural Education certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Majors

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Linguistics Emphasis

- Analyze linguistic data to form and test hypotheses in one or more of the following areas of linguistic structure: Sounds (phonology), Words (morphology), Sentences (syntax), Meanings (semantics)
- Apply knowledge of linguistics (broadly defined) to issues relating to the use of language.

English, Rhetorics of Science, Technology, and Culture Emphasis, Major

Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 540-211)

Code	Title	Credits
Thirty-six semester credits, including:		
Core (11 credits)		
ENGL 210	Introduction to Critical Studies	5
ENGL 221	Introductory English Linguistics	3
ENGL 284	Introduction to Theory and Criticism	3
Emphasis Requirements		
ENGL 212	Histories and Theories of Rhetoric	3
ENGL 455	Seminar in Rhetorics of Science, Technology, and Culture	3
Twelve credits from:		12
ENGL 307	Editing and Publications Management	
ENGL 312	Science Writing	
ENGL 313	Technical Writing	
ENGL 314	Cultural Rhetorics	
ENGL 315	Visual Rhetorics of Science, Technology, and Culture	
ENGL 316	Rhetorics of Social Justice	
ENGL 409	Grant Proposal Writing	
ENGL 498	Internship in Writing	
or three credits outside the department with advisor approval		

Literature/Culture Requirements

Nine credits of literature/culture ¹ 9

¹ No more than six credits from the 100- or 200-level, with no more than three credits from ENGL 130, ENGL 142, ENGL 150, or ENGL 181; no fewer than three credits from the 300- or 400-level.

Note: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

Information for English Majors and Minors British Literature/Culture before 1790

ENGL 252	Perspectives on Pre-1790 British Literature	3
ENGL 257	Representative Shakespeare	3

ENGL 411	Creative Writing Workshop - Fiction	3
ENGL 412	Creative Writing Workshop - Nonfiction	3
ENGL 413	Prose Writing Workshop-Topics	3

Linguistics

ENGL 121	Busting Language Myths	3
ENGL 221	Introductory English Linguistics	3
ENGL 321	Topics in the Structure of English	3
ENGL 325	Topics in Language in Society	3
ENGL 421	Seminar in Linguistic Research	3

Rhetorics of Science, Technology, and Culture

ENGL 212	Histories and Theories of Rhetoric	3
ENGL 307	Editing and Publications Management	3
ENGL 312	Science Writing	3
ENGL 313	Technical Writing	3

ENGL 314	Cultural Rhetorics	3
ENGL 315	Visual Rhetorics of Science, Technology, and Culture	3
ENGL 316	Rhetorics of Social Justice	3
ENGL 409	Grant Proposal Writing	3
ENGL 455	Seminar in Rhetorics of Science, Technology, and Culture	3

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Rhetorics of Science, Technology, and Culture Emphasis

- Rhetorically analyze complex scientific, technological, and cultural texts and contexts.
- Produce texts that effectively address scientific, technological, and cultural issues.

English, Rhetorics of Science, Technology, and Culture, Certificate

(Code 540-602)

Rhetorical understanding and the ability to produce rhetorically effective texts are excellent complements to any academic discipline, because every specialty depends on the discovery and dissemination of ideas, as well as the structuring of arguments in the process of building knowledge in a field. The Rhetorics of Science, Technology, and Culture (RSTC) certificate offers a focused study in the kinds of choices we make when we analyze and communicate scientific, technical, and diverse cultural phenomena, whether through traditional written text, visuals, video, internet venues, or some multimodal combination of those.

Students will have opportunities not only to research in a wide variety of fields, including understanding different modes of communication and cultural practices, but to create and edit documents that best address the needs of their intended audiences, ranging from specialists to the general public. An RSTC certificate could enhance the career options of any student majoring or minoring in a science, technology, or social science field, and in its attention to various kinds of practical know-how—e.g., science writing, technical writing, grant writing, nature writing, editing—could also increase the career options for students in the humanities and the arts.

Code	Title	Credits
Fifteen semester credits, selected from:		15
ENGL 212 or CJ 207	Histories and Theories of Rhetoric Introduction to Rhetoric and Society	
ENGL 307	Editing and Publications Management	
ENGL 312	Science Writing	
ENGL 313	Technical Writing	
ENGL 314	Cultural Rhetorics	

ENGL 315	Visual Rhetorics of Science, Technology, and Culture
ENGL 316	Rhetorics of Social Justice
ENGL 409	Grant Proposal Writing
ENGL 455	Seminar in Rhetorics of Science, Technology, and Culture ¹
ENGL 498	Internship in Writing

¹ Strongly recommended, but should not be taken until student has successfully completed at least three other courses in the array.

Note: Students will need to earn at least 48 unique credits between any approved English program combinations and for other program combinations where course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcome

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Rhetorics of Science, Technology, and Culture Emphasis

- Rhetorically analyze complex scientific, technological, and cultural texts and contexts.
- Produce texts that effectively address scientific, technological, and cultural issues.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Rhetorics of Science, Technology, and Culture Emphasis

- Rhetorically analyze complex scientific, technological, and cultural texts and contexts.
- Produce texts that effectively address scientific, technological, and cultural issues.

Geography and Anthropology

Phillips 257

715-836-3244

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/geography-anthropology/>)

Geographers describe, analyze, and explain the patterns and processes of natural environmental and the human cultural systems of the earth. They emphasize the importance of the location and patterns of people, places, and events; the physical and human characteristics of regions; and the relations between people, places, culture, and environment.

With training in both the natural and social sciences, and the tools and perspectives for understanding them, geographers have a wide range of career opportunities in public and private sectors. Geographers find work in such fields as municipal and regional planning, marketing, real estate, tourism, transportation, teaching, environmental analysis, and natural resource management. Geographers are increasingly in demand for jobs that require expertise in geospatial techniques, such as geographic information systems (GIS), global positioning systems (GPS), remote sensing, and computer cartography.

The discipline of anthropology adopts an integrative, comprehensive approach to the study of humankind. Anthropologists seek to understand human conditions by examining the biological evolution of human beings, the human capacity to create culture, and the diverse ways of life developed by societies around the world.

Honor Societies, Student Organizations, and Internships

Internship Opportunities

For information, contact your advisor

Departmental Honors in Geography and Anthropology

The Department of Geography and Anthropology encourages and creates opportunities for all of its students to participate in research and creative learning activities with department faculty. Especially motivated and high-achieving students are invited to pursue Departmental Honors in Geography or Anthropology. The Departmental Honors Program enhances students' undergraduate experience, recognizes outstanding work and achievement, and can open up exceptional educational and professional opportunities.

Eligibility:

Must be a declared major or minor, have completed the core introductory courses (GEOG 104, GEOG 111, GEOG 178, and GEOG 200 or ANTH 161, ANTH 165, ANTH 169, and an area course), and have resident and major/minor GPAs of at least 3.50.

Application Procedures:

Student applicants should submit an electronic application for Departmental Honors in Geography or Anthropology to the Department Chair – through the applicant's advisor – for approval as soon as interested and eligible, but no later than prior to the start of the student's final semester before graduation. Department faculty and staff may also identify qualified students and encourage them to apply. The e-form application should elaborate on professional activities, research interests, and aspirations; an unofficial copy of transcripts should be attached. Final approval and recommendation for Departmental Honors will be made following satisfactory completion of all requirements (see below). Please see the Department Chair for more information and application details.

Requirements:

- Conduct research and disseminate results: Satisfactorily complete one substantial faculty-student research collaboration in Geography or Anthropology that results in
 - a presentation at a regional, national, or international professional conference; and
 - an oral presentation to be given to at least three members of the faculty in such forums as departmental capstone presentations, regional conferences, UW-Eau Claire's annual Provost's Honors Symposium or professionally comparable venues.
- Satisfactorily complete GEOG 401 or ANTH 499, to include a thesis or substantial paper written under the supervision of a Geography or Anthropology faculty member, or publish collaborative research results (see Requirement #1) in a peer-reviewed journal.
- Maintain a 3.5 cumulative resident GPA and a 3.5 GPA in Geography or Anthropology courses.

Majors

- Comprehensive Major: Geography, Environmental Geography Emphasis - B.A./B.S.
- Comprehensive Major: Geography, Transnational Geographies Emphasis - B.A./B.S.
- Major: Geography - B.A./B.S.
- Comprehensive Major: Geospatial Analysis and Technology - B.A./B.S.

Minors

- Minor: Geography, Liberal Arts

Certificates

- Certificate: Anthropology
- Certificate: Cartography and Geovisualization
- Certificate: Geospatial
- Certificate: Geospatial, Geographic Information Systems
- Certificate: Geospatial, Mapping
- Certificate: Geospatial, Remote Sensing
- Certificate: Urban and Regional Planning

Anthropology, Certificate

(Code 470-601)

The **Anthropology Certificate** is a 12-credit certificate that is well defined and offers a coherent disciplinary approach to subjects that are often shared with other disciplines and fields of study such as history, culture, social processes, language, and human evolution broadly construed. In providing specifically anthropological perspectives, the certificate serves to enrich and deepen student learning in other disciplines. It complements interdisciplinary majors like American Indian Studies; Latin American and Latinx Studies; Women's, Gender, and Sexuality Studies; as well as other disciplinary majors in the humanities and the social and natural sciences, including geography, history, and biology.

Code	Title	Credits
12 credits, including:		
Required Courses:		
ANTH/AIS 161	Introduction to Cultural Anthropology	3
AIS 444	Indigenous Theory and Methodologies	3
Elective Courses:		
6		
ANTH 165	Introduction to Physical Anthropology	
ANTH 169	Introduction to Archaeology	
ANTH 234	Museum Curation	
ANTH 291	Special Topics	
ANTH/GEOG 312	Space, Society, Subject	
ANTH/GEOG 313	Culture and Transnational Dynamics	
ANTH 315	Language in Culture and Society	

ANTH 325	North American Indians
ANTH 395	Directed Studies
ANTH 399	Independent Study - Juniors
ANTH 463	Religion and Culture
ANTH 491	Special Topics
ANTH 499	Independent Study - Seniors
One area course: A regional geography course in consultation with certificate advisor	

Total Credits **12**

Note: Courses included in the certificate program may not be applied to the major program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand key anthropological concepts for explaining the human experience.
- Analyze socio-cultural dynamics in local, global, and comparative contexts.
- Appreciate for political and ethical issues of equity, diversity and inclusivity in contemporary and past societies, as well as in the history and practice of anthropology.

Cartography and Geovisualization, Certificate

The visualization of spatial data through maps, infographics, and other forms of visual storytelling is a critical and effective avenue for communicating information in our interconnected world. Producing evocative maps and other cartographic products, however, requires familiarity with geospatial science and experience with creative design. Students enrolled in the **Cartography and Geovisualization Certificate** will acquire skills in the art and science of map production through the use and application of geographic information systems (GIS), industry standard illustration software, and online mapping platforms. This certificate is ideal for students who are interested map production and who wish to integrate a distinct and complementary set of valuable technical abilities with their primary area(s) of study.

The Cartography and Geovisualization Certificate is designed for students who:

- are interested in learning about the production of maps and their value in communicating visual and written stories.
- may seek employment in careers that are informed by or benefit from experience in map production and storytelling.
- desire to pursue a graduate degree in a discipline that is informed by or benefits from experience in map production and visual storytelling.

(Code 140-605)

Code	Title	Credits
12 Credits Required		
GEOG 280	Introduction to Cartography and Visualization	3
GEOG 335	Geographic Information Systems I	3
GEOG 337	Geographic Information Systems II	3
GEOG 339	Applied Cartography and Geovisualization	3

Note 1: Completion of GEOG 280 and GEOG 335 is recommended prior to enrollment in GEOG 339

Note 2: Students cannot pursue the Geography Major and the Cartography and Geovisualization Certificate to meet graduation requirements for completing a first and second degree program. Courses taken for the certificate cannot be applied to the major program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate competency in the knowledge and application of the fundamentals of cartographic design.
- Demonstrate proficiency in the ethics of collection, use, and analysis of spatial data used in the production of cartographic visualizations.
- Demonstrate the ability to synthesize and map spatial data and create effective cartographic visualizations.

Geography, Environmental Geography, Comprehensive Major

Liberal Arts (Code 140-007)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit

Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 140-007)

Environmental Geography

Requires completion of the core courses, the required credits, and departmental and non-departmental electives to total at least 60 credits.

A minimum of 60 semester credits, including completion of the following:

Code	Title	Credits
Geography Major Core Requirements		
GEOG 104	Planet Earth: The Physical Environment	4
GEOG 111	Planet Earth: Human Geography	3
GEOG 178	Planet Earth: Conservation of the Environment	3
GEOG 200	Foundations of Geography	3
GEOG 335	Geographic Information Systems I	3
GEOG 370	Quantitative Methods in Geography	3
GEOG 401	Capstone Seminar	3
Five additional courses to be selected from three of five Advanced Geography Approaches ¹		

¹ One of the additional courses must be GEOG 368 - note that the Advanced Geography Approach to which it applies may vary by semester.

Code	Title	Credits
In addition to the core requirements for the geography major, students in the Environmental Geography Emphasis must take:		
12 credits from environmental courses from other disciplines (selected with consent of advisor)		12
Geography electives to complete 60 credits; at least one elective must be an upper level Physical Geography course and one elective must be an upper level Human-Environmental Geography course		
Note: A maximum of six credits earned in GEOG 395, GEOG 399, and/or GEOG 499 may count toward the major.		

Advanced Geography Approaches

Five courses from at least three advanced approaches are required for major programs. Four courses from at least three advanced approaches are required for minor programs.

Physical Geography

GEOG 304	Introduction to Geomorphology	4
GEOG 340	Climatology	3
GEOG 345	Quaternary Environments	3
GEOG 350	Soils and the Environment	4
GEOG 355	Biogeography	3
GEOG 363	Watershed Analysis	4
GEOG 364	Fluvial Processes and Landforms	4

Human-Environmental Geography

GEOG 270	Introduction to Urban and Regional Planning	3
GEOG 341	Weather and Society	3
GEOG 361	Environmental Hazards	3
GEOG 365	Tourism Geographies	3
GEOG 375	Environmental Quality	3
GEOG 377	U.S. Environmental and Sustainability Policy	3
GEOG 378	International Environmental Problems and Policy	3
GEOG 445	Historical Geography	3

Human Geography

GEOG 155	Economic Geography	3
GEOG 288	Cultural Landscapes of North America	3
GEOG 312	Space, Society, Subject	3
GEOG 313	Culture and Transnational Dynamics	3
GEOG 322	Native Geographies	3
GEOG 352	Business Geographics	3
GEOG 354	Sustainable Placemaking and Community	3
GEOG 366	Geography International Immersion Experience	1-3
GEOG 367	Landscape Analysis: Cultural	3
GEOG 369	Geography of Food	3
GEOG 444	Legal Geographies of Race in the U.S.	3
GEOG 446	Political Geography	3
GEOG 470	Urban Geography	3

Geography Techniques

GEOG 280	Introduction to Cartography and Visualization	3
GEOG 335	Geographic Information Systems I ¹	3
GEOG 336	Geospatial Field Methods	3
GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 339	Applied Cartography and Geovisualization	3
GEOG 358	LiDAR Analysis & Applications	3
GEOG 370	Quantitative Methods in Geography ¹	3
GEOG 390	Geospatial Applications of UAS	3
GEOG 435	Geographic Information Systems III	3
GEOG 438	Remote Sensing Data Analytics	3
GEOG 455	Web Geographic Information Systems	3

Regional Geography

GEOG 301	Geography of Western Europe	3
GEOG 308	Geography of Russia and Eastern Europe	3
GEOG 319	Geography of the Middle East and North Africa	3
GEOG 321	Geography of Latin America	3
GEOG 325	Geography of the United States and Canada	3
GEOG 379	Geography of Wisconsin	3

Other Geography Courses

The following courses can be applied to any of the five approaches with consent of the advisor:

GEOG 368	Geography Field Seminar ¹	3
GEOG 395	Directed Studies	1-3
GEOG 399	Independent Study - Juniors	1-3
GEOG 491	Advanced Special Topics	1-3
GEOG 498	Geography Internship	1-3
GEOG 499	Independent Study - Seniors	1-3

¹ Required courses for majors only.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Content: Geographic Foundation:** Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).
- **Skills:**
 - **Geographic Techniques:** Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).
 - **Communication:** Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.
- **Responsibility:**
 - **Equity, Diversity, and Inclusion (EDI):** Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.
 - **Ethics:** Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.
- **Dispositions:**
 - **Interdisciplinary perspective:** Synthesize the information, concepts, and methods of natural and social sciences for geographic research and applications.
 - **Relational perspective:** Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).

- Comprehensive:
 - Environmental: Recognizes the geography of environmental issues, events, or problems and uses geographic knowledge and skills to properly understand and respond to them.

Geography, Major

Liberal Arts (Code 140-214)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged

to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate

will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k1/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 140-214)

Code	Title	Credits
A minimum of 36 semester credits consisting of the Geography Major Core Requirements:		
GEOG 104	Planet Earth: The Physical Environment	4
GEOG 111	Planet Earth: Human Geography	3
GEOG 178	Planet Earth: Conservation of the Environment	3
GEOG 200	Foundations of Geography	3
GEOG 335	Geographic Information Systems I	3
GEOG 370	Quantitative Methods in Geography	3
GEOG 401	Capstone Seminar	3

Five additional courses to be selected from three of five Advanced Geography Approaches¹

Note: A maximum of six credits earned in GEOG 395, GEOG 399, and/or GEOG 499 may count toward the major.

¹ One of the additional courses must be GEOG 368 - note that the Advanced Geography Approach to which it applies may vary by semester

Advanced Geography Approaches

Five courses from at least three advanced approaches are required for major programs. Four courses from at least three advanced approaches are required for minor programs.

Physical Geography

GEOG 304	Introduction to Geomorphology	4
GEOG 340	Climatology	3
GEOG 345	Quaternary Environments	3
GEOG 350	Soils and the Environment	4
GEOG 355	Biogeography	3
GEOG 363	Watershed Analysis	4
GEOG 364	Fluvial Processes and Landforms	4

Human-Environmental Geography

Regional Geography

GEOG 301	Geography of Western Europe	3
GEOG 308	Geography of Russia and Eastern Europe	3
GEOG 319	Geography of the Middle East and North Africa	3
GEOG 321	Geography of Latin America	3

GEOG 325	Geography of the United States and Canada	3
GEOG 379	Geography of Wisconsin	3

Other Geography Courses

The following courses can be applied to any of the five approaches with consent of the advisor:

GEOG 368	Geography Field Seminar ¹	3
GEOG 395	Directed Studies	1-3
GEOG 399	Independent Study - Juniors	1-3
GEOG 491	Advanced Special Topics	1-3
GEOG 498	Geography Internship	1-3
GEOG 499	Independent Study - Seniors	1-3

¹ Required courses for majors only.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique.
- Effectively use and apply the tools of geographic inquiry.
- Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.

Geography, Transnational Geographies, Comprehensive Major

Liberal Arts (Code 140-009)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
- ² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)	Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)	One (1) learning experience
---	-----------------------------

Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)	Two (2) learning experiences

Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 140-009)

Transnational Geographies

The Transnational Geographies Comprehensive Major provides an opportunity for students to pursue their interests in human geographic processes - including economic, political, historical, migratory, and cultural flows and interconnections - that take place across national boundaries. This major is ideal for students who are interested in cross-cultural interactions, social justice, ethnographic field research, work or study abroad, or for those who desire strong preparation for careers in civic governance, policies, and planning; intercultural work in the public or private sectors, and non-profit/NGO community and regional development.

A minimum of 60 semester credits, including completion of the following:

Code	Title	Credits
Geography Major Core Requirements		
GEOG 104	Planet Earth: The Physical Environment	4
GEOG 111	Planet Earth: Human Geography	3
GEOG 178	Planet Earth: Conservation of the Environment	3
GEOG 200	Foundations of Geography	3
GEOG 335	Geographic Information Systems I	3
GEOG 370	Quantitative Methods in Geography	3
GEOG 401	Capstone Seminar	3

Five additional courses selected from three of five Advanced Geography Approaches ¹

¹ One of the additional courses must be GEOG 368 - note that the Advanced Geography Approach to which it applies may vary by semester.

Code	Title	Credits
In addition to the core requirements for the geography major, students in the Transnational Geographies Emphasis must take:		
One of the following GEOG/ANTH courses that will count toward the geography elective:		6
GEOG/ANTH 312	Space, Society, Subject	
OR		
GEOG/ANTH 313	Culture and Transnational Dynamics	
AND		
WGSS 335	Transnational Feminism	
Minimum of one course from each the following two categories and a total of 9 credits:		
Category I - Internationally focused transnational courses		3-6
AIS/RELS 330	Indigenous Religions of the Americas	
ECON 353	Economics of Pacific Asia	
ECON/LAS 356	Economic Development of Latin America	
ECON/WGSS 357	Women and Economic Development	
ENGL 130	Introduction to World/Postcolonial Literature	
ENGL 230	Survey of World/Postcolonial Literature	
ENGL 330	Topics in World/Postcolonial Literature	
ENGL 430	Seminar in World/Postcolonial Literature	
FLTR 330	Chinese Culture through Films	
FLTR/LAS 350	Latin American Literature in Translation	
HIST 152	Modern East and Southeast Asia	
HIST 292	Origins of Current World Conflicts	
HIST 316	Studies in Asian/Pacific World History	
HIST 318	Studies in the History of European and Mediterranean Worlds	
HIST 319	Studies in Global and Comparative History	
HIST 325	History and Memory in Europe	
HIST 326	Twentieth Century Europe, 1900 to Present	
HIST 360	Modern France	
HIST 362	Modern Germany	
HIST 375	Twentieth Century Russia	
HIST 381	Comparative Genocide	
HIST 382	Imperialism Since 1800	
HIST 383	Modern Africa	
HIST 384	The Vietnam War	
HIST 388	History of China	
HIST 389	History of Japan	
HUMS 301	Responses to Colonialism	
LAS/HIST 172	Latin American History: Colonial to the Present	
LAS/POLS 319	Politics of Latin America	
LAS/SPAN 352	Latin American Civilization	

LAS/SPAN 354	Latin American Civilization: Regional Focus
MUSI 225	Global Traditions in Music
POLS 260	Introduction to Comparative Politics
POLS 321	Politics of the Middle East
POLS 322	Politics of Russia
POLS 323	Politics of Eastern Europe
POLS 324	Politics of Asia
POLS 327	Politics of Continental Europe
POLS 329	Political Violence
POLS 332	International Conflict
POLS 334	International Political Economy
POLS 336	Arab-Israeli Conflict
RELS 309	Islam
RELS 312	Buddhism: Past and Present
RELS 314	Hinduism
RELS 323	Chinese and Japanese Religions
RELS 378	The Holocaust, 1933-1945
SOC 366	Society in Contemporary China
WGSS/RELS 203	Women and World Religions
WGSS/HIST 313	Gender, Sex, and Science in European History
WGSS/ENGL 332	Women in African Literature
WGSS/POLS 352	Gender and Politics in Global Perspective
Category II - Domestically focused transnational courses	3-6
AIS/ENGL 142	Introduction to American Indian Literatures
AIS/HIST 240	American Indian History
AIS/ENGL 242	The American Indian in Literature and Film
AIS 243	Introduction to Contemporary American Indian Communities
AIS/HIST 369	Wisconsin Indian History
AIS 444	Indigenous Theory and Methodologies
AIS/ENGL 345	American Indian Autobiography
AIS/ENGL 346	Major Works in American Indian Literature
ECON 330	Experiences of Minoritized Groups in U.S. Economy
ENGL 268	Survey of American Ethnic Literature
ENGL 468	Seminar in American Ethnic Literature
ES 385	Social Foundations: Human Relations
HIST 212	Hmong and America
HIST 317	Studies in the History of Race in the U.S.
HIST 390	Local History, Global History
LAS 222	Introduction to U.S. Latino History and Culture
SOC 312	Race and Ethnicity in the U.S.
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies
WGSS 215	African-American Feminism in the Humanities

WGSS 306	Transgender Activism and Cultural Production
WGSS 315	Women of Color Feminisms
WGSS/HMNG 365	Intersectionality: Critical Approaches to Identity and Injustice

Geography electives to complete 60 credits

Note: A maximum of six credits earned in GEOG 395, GEOG 399, and/or GEOG 499 may count toward the major.

Advanced Geography Approaches

Five courses from at least three advanced approaches are required for major programs. Four courses from at least three advanced approaches are required for minor programs.

Physical Geography

GEOG 304	Introduction to Geomorphology	4
GEOG 340	Climatology	3
GEOG 345	Quaternary Environments	3
GEOG 350	Soils and the Environment	4
GEOG 355	Biogeography	3
GEOG 363	Watershed Analysis	4
GEOG 364	Fluvial Processes and Landforms	4

Human-Environmental Geography

GEOG 270	Introduction to Urban and Regional Planning	3
GEOG 341	Weather and Society	3
GEOG 361	Environmental Hazards	3
GEOG 365	Tourism Geographies	3
GEOG 375	Environmental Quality	3
GEOG 377	U.S. Environmental and Sustainability Policy	3
GEOG 378	International Environmental Problems and Policy	3
GEOG 445	Historical Geography	3

Human Geography

GEOG 155	Economic Geography	3
GEOG 288	Cultural Landscapes of North America	3
GEOG 312	Space, Society, Subject	3
GEOG 313	Culture and Transnational Dynamics	3
GEOG 322	Native Geographies	3
GEOG 352	Business Geographics	3
GEOG 354	Sustainable Placemaking and Community	3
GEOG 366	Geography International Immersion Experience	1-3
GEOG 367	Landscape Analysis: Cultural	3
GEOG 369	Geography of Food	3
GEOG 444	Legal Geographies of Race in the U.S.	3
GEOG 446	Political Geography	3
GEOG 470	Urban Geography	3

Geography Techniques

GEOG 280	Introduction to Cartography and Visualization	3
----------	---	---

GEOG 335	Geographic Information Systems I ¹	3
GEOG 336	Geospatial Field Methods	3
GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 339	Applied Cartography and Geovisualization	3
GEOG 358	LiDAR Analysis & Applications	3
GEOG 370	Quantitative Methods in Geography ¹	3
GEOG 390	Geospatial Applications of UAS	3
GEOG 435	Geographic Information Systems III	3
GEOG 438	Remote Sensing Data Analytics	3
GEOG 455	Web Geographic Information Systems	3

Regional Geography

GEOG 301	Geography of Western Europe	3
GEOG 308	Geography of Russia and Eastern Europe	3
GEOG 319	Geography of the Middle East and North Africa	3
GEOG 321	Geography of Latin America	3
GEOG 325	Geography of the United States and Canada	3
GEOG 379	Geography of Wisconsin	3

Other Geography Courses

The following courses can be applied to any of the five approaches with consent of the advisor:

GEOG 368	Geography Field Seminar ¹	3
GEOG 395	Directed Studies	1-3
GEOG 399	Independent Study - Juniors	1-3
GEOG 491	Advanced Special Topics	1-3
GEOG 498	Geography Internship	1-3
GEOG 499	Independent Study - Seniors	1-3

¹ Required courses for majors only.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Content:
 - Geographic Foundation: Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).
- Skills:
 - Geographic Techniques: Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).
 - Communication: Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.
- Responsibility:

- Equity, Diversity, and Inclusion (EDI): Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.
- Ethics: Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.
- Dispositions:
 - Interdisciplinary perspective: Synthesize the information, concepts, and methods of natural and social sciences for geographic research and applications.
 - Relational perspective: Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).
- Comprehensive:
 - Transnational: Recognizes the geography of cross-boundary connections and interactions of people and institutions and uses geographic knowledge and skills to critically understand and respond to them.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)

or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 141-001)

The Geospatial Analysis and Technology major will ground students in current geographic and geospatial traditions in a multidisciplinary learning approach.

This comprehensive major integrates tools and skills with an engaging curriculum and high impact practices, such as internships and undergraduate research opportunities. It engages critical thinking both inside and outside the classroom. Specific areas of interest include Geographic Information Systems, Remote Sensing, LiDAR, Field Data Collection, Business Geographics, and Unmanned Aerial Systems.

Minimum of 60 semester credits including:

Code	Title	Credits
Core Requirements		
GEOG 104	Planet Earth: The Physical Environment	4
GEOG 111	Planet Earth: Human Geography	3
GEOG 135	Planet Earth: Our Digital Globe	3
GEOG 200	Foundations of Geography	3
DS 150	Computing in Python: Fundamentals and Procedural Programming	4
IS 240	Information Systems in Business	3
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3
GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 370	Quantitative Methods in Geography	3
GEOG 401	Capstone Seminar	3
or GEOG 498	Geography Internship	
GEOG 435	Geographic Information Systems III	3
or GEOG 438	Remote Sensing Data Analytics	
Any 300 or 400 level geography course not noted in major requirements		3
Subtotal		44
Remaining credits to be chosen from the following with at least 6 credits from outside Geography:		16
Geography Geospatial Electives		
GEOG 280	Introduction to Cartography and Visualization	
GEOG 339	Applied Cartography and Geovisualization	

GEOG 352	Business Geographics
GEOG 358	LiDAR Analysis & Applications
GEOG 363	Watershed Analysis
GEOG 390	Geospatial Applications of UAS
GEOG 395	Directed Studies ²
GEOG 399	Independent Study - Juniors ²
GEOG 401	Capstone Seminar ¹
GEOG 435	Geographic Information Systems III ¹
GEOG 438	Remote Sensing Data Analytics ¹
GEOG 455	Web Geographic Information Systems
GEOG 491	Advanced Special Topics ²
GEOG 498	Geography Internship ¹
GEOG 499	Independent Study - Seniors ²
Other Elective Options (Minimum of 6 credits)	
IS 304	Fundamentals of Business Programming
IS 307	Introduction to Business Analytics
IS 310	Business Process Modeling
IS 314	Advanced Business Programming
IS 324	System Development Methodologies
IS 344	Database Management Systems
IS 345	Networking with Client Operating Systems
CS 145	Programming for New Programmers
CS 163	Introduction to Programming in C++
CS 170	Computing for the Sciences and Mathematics
CS 245	Advanced Programming and Data Structures
CS 318	Fundamentals of Web Page Design
CS 319	Introduction to Web Programming
ART 108	Foundations: Two-Dimensional Design
ART 312	Design Across the Disciplines
DS 140	Basics of Data Analysis with R
ENGL 312	Science Writing
ENGL 313	Technical Writing
ENT 371	Introduction to Entrepreneurship
ENT 373	New Venture Feasibility
MATH 442	Advanced Statistical Modeling
MATH 445	Survey Sampling
MATH 447	Nonparametric Statistics

Note: A maximum of six credits earned in GEOG 395, GEOG 399, and/or GEOG 499 may count toward the major.

¹ If not taken for Core Requirements.

² If applicable and with consent of faculty advisor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Content:
 - Geographic Foundation: Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and

critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).

- Skills:
 - Geographic Techniques: Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).
 - Communication: Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.
- Responsibility:
 - Equity, Diversity, and Inclusion (EDI): Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.
 - Ethics: Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.
- Dispositions:
 - Interdisciplinary perspective: Synthesize the information, concepts, and methods of the humanities and the natural and social sciences for geographic research and applications.
 - Relational perspective: Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).
- Comprehensive:
 - Geospatial: Expertly use geospatial information/data and technologies to address geographical issues.

Geospatial, Certificate

(Code 140-601)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

All students will take these four core courses.

Code	Title	Credits
Twelve semester credits, including:		
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3
GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
Total Credits		12

Students who wish to specialize can choose one of the following options:

- Geospatial Certificate in Geographic Information Systems
- Geospatial Certificate in Remote Sensing
- Geospatial Certificate in Mapping

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.

Geospatial, Geographic Information Systems, Certificate

(Code 140-602)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

Code	Title	Credits
Eighteen semester credits, including:		
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3

GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 435	Geographic Information Systems III	3
Electives, select one of the following:		
GEOG 370	Quantitative Methods in Geography	
GEOG 455	Web Geographic Information Systems	

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Design, compile, and develop a spatial database and set of analytical tools within a Geographic Information System framework appropriate to a given problem.

Geospatial, Mapping, Certificate

(Code 140-604)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

Code	Title	Credits
Eighteen semester credits, including:		
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3
GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 339	Applied Cartography and Geovisualization	3

Electives, select one of the following:

GEOG 370	Quantitative Methods in Geography
GEOG 455	Web Geographic Information Systems

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Apply the skills of operating GPS equipment to the collection of geospatial data in a variety of field mapping environments for the purpose of integrating GPS data with existing Geographic Information System resources.

Geospatial, Remote Sensing, Certificate

(Code 140-603)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

Code	Title	Credits
Eighteen semester credits, including:		
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3
GEOG 337	Geographic Information Systems II	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 438	Remote Sensing Data Analytics	3
Electives, select one of the following:		
GEOG 358	LiDAR Analysis & Applications	
GEOG 435	Geographic Information Systems III	

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the

Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Apply the skills of preprocessing optical remotely sensed data, customizing or developing a suitable algorithm to extract biophysical and/or sociocultural information from the data, and utilizing the information in a given geospatial problem.

Urban and Regional Planning, Certificate

The 15-credit **Urban and Regional Planning Certificate** provides students with fundamental theories, perspectives, and skills of land use planning. Though planning occurs across scale (e.g., neighborhood, community, urban, regional) and sector (e.g., economic, transportation, environmental), its fundamental emphasis is on the spatial implications and relationships of land use activities and how place is linked to quality of life. Planning is highly interdisciplinary, so the elective options of the certificate are flexible and allow students to draw from the sub-fields of planning in which they are most interested (geographic, sociological, environmental, political, and economic). This certificate is ideal for students who are interested in understanding and improving the places in which we live, work, and play. It provides a foundation for employment with public sector planning agencies, NGOs, and private sector planning firms, and it supports students interested in planning-related graduate programs.

(Code 140-606)

Code	Title	Credits
15 credits required		
Required courses		
GEOG 270	Introduction to Urban and Regional Planning	3
GEOG 335	Geographic Information Systems I	3
Elective courses		
Choose three courses with at least one from outside geography:		
ECON 325	Public Economics	
ECON 331	Government and Business	
ECON 375	Urban Economics	
ENV 310	Sustainable Cities	
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	
GEOG 354	Sustainable Placemaking and Community	
GEOG 444	Legal Geographies of Race in the U.S.	
GEOG 470	Urban Geography	
POLS 301	State and Local Politics	
POLS 346	Public Policy in the United States	
PSYC 245	Social Psychology	
SOC 314	Social Class and Inequality	

SOC 321 The Individual in Society

Internship course for credit with an urban, environmental, or regional planner focus may be applied to the certificate with advisor approval.

Note 1: Students cannot pursue the Geography Major and the Urban and Regional Planning Certificate to meet graduation requirements for completing a first and second degree program.

Note 2: A minimum of 48 unique credits must be earned between the student's major and this certificate for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- The student will effectively explain the goals of land use planning, why planning is necessary, and how planning is informed by complementing perspectives in various disciplines.
- The student will apply planning knowledge to a Urban Development Term Project, balancing the competing interests within a fictitious community.

Geology and Environmental Science

Phillips 157

715-836-3732

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/geology/>)

Geology and Environmental Science is the study of the earth and earth processes. Geologists work to solve environmental problems and supervise the exploration and development of earth resources. They are employed in the environmental industry, the mining industry, regulatory agencies such as the DNR and EPA, and as educators. Although many professions in geology require graduate school training, a bachelor's degree in geology allows career options in geology, environmental geology, and other professional fields such as resource law and engineering. The Geology Department provides a rigorous but flexible program, and stresses the importance of a broad science curriculum. A curriculum balancing field and laboratory experience is tailored to meet the needs of each individual. The geology major is flexible enough to allow individual students to customize their program. Examples of customized programs (to be designed working with an advisor) include Marine Geology, Geochemistry, and Geophysics.

Honor Societies and Student Organizations

The Geology and Environmental Science Department offers one student organization. The Geology Club is open to all majors and minors. Geology and Environmental Science students participate in group activities through the club, organize the annual spring banquet, and participate in service activities. Please visit the department office for more information.

Departmental Honors Program in Geology and Environmental Science

Requirements:

1. Satisfactorily complete either: 1) one substantial faculty-student research collaboration in Geology and Environmental Science that results in a first-

authored presentation at a regional, national, or international professional conference; or 2) a written paper containing original research that is supervised/sponsored by a faculty member in the Department of Geology and Environmental Science.

2. Maintain a 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Satisfactory/Unsatisfactory Policy.

No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

Faculty

Scott K. Clark, Chair

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory

Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-014)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

Code	Title	Credits
23-25 credits		
Select one of the following:		4
GEOL 106	Earth Science	
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
Required:		
GEOL 312	Mineralogy and Petrology I	5
GEOL 320	Sedimentology and Stratigraphy	4

GEOL 468	Geological Field Methods	1
GEOL 470	Field Geology I	3
CHEM 115	Chemical Principles (or equivalent)	6
Capstone Experience (required for all majors)		0-2

All Geology majors are required to complete a capstone experience. Approved capstone experiences include 1) successful completion of GEOL 470 and GEOL 471 with a grade of C or above in both courses, 2) student-faculty collaborative research that includes the student giving a public presentation of the research and being listed as the first author of the research presentation, 3) a department-approved internship, 4) other department-approved experiences. Working with their advisor, students submit a proposal to the department faculty outlining their capstone experience choice and explicitly stating how the capstone fits into their personal career goals. The capstone experience proposal must be submitted to the Chair of the Department no later than the second week of the fall semester of the senior year.

Dual Degree Geological Engineering Emphasis

This emphasis combines the benefits of a traditional geology degree with those of a formal engineering education. In this program students receive a UW-Eau Claire geology degree in conjunction with a bachelor's degree in engineering from the University of Minnesota. Students will typically complete most of the UW-Eau Claire University requirements and Dual Degree geology requirements while at UW-Eau Claire before transferring to the engineering school. Students should visit the department office for a sample course schedule that would allow them to complete three full years at UW-Eau Claire and be prepared to transfer to the University of Minnesota for an additional one to two years.

Students must complete a minimum of 84 semester credits before transferring to the engineering school, 56 of which must be taken in residence at UW-Eau Claire.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required credits as listed below. Successful completion of GEOL 470 with a grade of C or above will constitute completion of the capstone experience. Students must fulfill the liberal education requirements of both UW-Eau Claire and the University of Minnesota. This can be accomplished in a reasonable manner with careful course selection. Please see Geology advisor.

Code	Title	Credits
Minimum 60 semester credits, including:		
Required Courses		
GEOL 315	Hydrogeology I	4
GEOL 330	Structural Geology	4
GEOL 345	Geomorphology and Aerial Photography Interpretation	3
or GEOL 420	Glacial Geology	
GEOL 461	Applied Geophysics	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 255	Statics	3

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: For students planning to practice as professional engineers, GEOG 335; GEOL 416 at UW-Eau Claire or equivalent courses at University of Minnesota are strongly recommended.

NOTE 3: Students should plan on taking MATH 311 (UW-Eau Claire; Differential Equations) or Math 2243 (University of Minnesota; Differential Equations and Linear Algebra) prior to the first semester at University of Minnesota. Differential Equations is a prerequisite for the fluid mechanics course which is to be taken during the first semester at UM.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Develop geologic models and effectively communicate an applied geology interpretation based on observations.

Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------------

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours
--	----------

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)

or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-011)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

Code	Title	Credits
23-25 credits		
Select one of the following:		4
GEOL 106	Earth Science	
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
Required:		
GEOL 312	Mineralogy and Petrology I	5
GEOL 320	Sedimentology and Stratigraphy	4
GEOL 468	Geological Field Methods	1
GEOL 470	Field Geology I	3
CHEM 115	Chemical Principles (or equivalent)	6
Capstone Experience (required for all majors)		0-2

All Geology majors are required to complete a capstone experience. Approved capstone experiences include 1) successful completion of GEOL 470 and GEOL 471 with a grade of C or above in both courses, 2) student-faculty collaborative research that includes the student giving a public presentation of the research and being listed as the first author of the research presentation, 3) a department-approved internship, 4) other department-approved experiences. Working with their advisor, students submit a proposal to the department faculty outlining their capstone experience choice and explicitly stating how the capstone fits into their personal career goals. The capstone experience proposal must be submitted to the Chair of the Department no later than the second week of the fall semester of the senior year.

Environmental Science Emphasis

Recommended for students who are interested in careers working in environmental fields, such as environmental geology, land conservation, and environmental policy, or who desire to attend graduate school in environmental science, environmental law, or resource planning.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

Code	Title	Credits
Minimum 60 semester credits, including:		
Required Courses		
GEOL 301 or GEOL 304	Earth Resources and Sustainability Global Environmental Change	3
GEOL 308	Water Resources	3
GEOL 315	Hydrogeology I	4
GEOL 345 or GEOL 420	Geomorphology and Aerial Photography Interpretation Glacial Geology	3
GEOL 452	Responsible Mining Seminar	1
GEOG 335	Geographic Information Systems I	3
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	3
MATH 246	Elementary Statistics	4

Electives

Select three of the following elective courses. It is strongly recommended that students select one course from each of the Biology, Geography, and Chemistry course options. Students should work with a Geology faculty advisor to select the most suitable course combination.

Biology:

BIOL 321	Ecology
BIOL 328	Conservation Biology
BIOL 338	Vegetation Ecology
BIOL 376	Aquatic Ecology

Geography:

GEOG 337	Geographic Information Systems II
GEOG 338	Remote Sensing of the Environment
GEOG 350	Soils and the Environment
GEOG 363	Watershed Analysis

Chemistry:

CHEM 213	Quantitative Analysis
CHEM 218	Introduction to Inorganic Chemistry
CHEM 304	Environmental Chemistry
CHEM 325	Organic Chemistry I with Laboratory
GEOL 336	Introduction to Geochemistry

Plus electives to total at least 60 credits selected from the following geology courses:

GEOL 313	Mineralogy and Petrology II
GEOL 330	Structural Geology
GEOL 416	Hydrogeology II
GEOL 418	Earth History

NOTE 1: All students are also required to complete MATH 114 in addition to the 60 credits required for the major.

NOTE 2: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Use analytical and quantitative methods to evaluate an environmental problem.

Geology, General Geology Emphasis, Comprehensive Major

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and

minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-010)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

Code	Title	Credits
23-25 credits		
Select one of the following:		4
GEOL 106	Earth Science	
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
Required:		
GEOL 312	Mineralogy and Petrology I	5
GEOL 320	Sedimentology and Stratigraphy	4
GEOL 468	Geological Field Methods	1
GEOL 470	Field Geology I	3
CHEM 115	Chemical Principles (or equivalent)	6
Capstone Experience (required for all majors)		0-2

All Geology majors are required to complete a capstone experience. Approved capstone experiences include 1) successful completion of GEOL 470 and GEOL 471 with a grade of C or above in both courses, 2) student-faculty collaborative research that includes the student giving a public presentation of the research and being listed as the first author of the research presentation, 3) a department-approved internship, 4) other department-approved experiences. Working with their advisor, students submit a proposal to the department faculty outlining their capstone experience choice and explicitly stating how the capstone fits into their personal career goals. The capstone experience proposal must be submitted to the Chair of the Department no later than the second week of the fall semester of the senior year.

General Geology Emphasis

Recommended for students planning careers in geology, especially those planning to attend graduate school in geology or engineering.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

Code	Title	Credits
Minimum 60 semester credits, including:		
Required Courses		
GEOL 313	Mineralogy and Petrology II	4
GEOL 315	Hydrogeology I	4
GEOL 330	Structural Geology	4
GEOL 418	Earth History	4
GEOL 471	Field Geology II	3
MATH 215	Calculus II	4
PHYS 211	General Physics	5
or PHYS 231	University Physics I	
CS 170	Computing for the Sciences and Mathematics	3
or GEOG 335	Geographic Information Systems I	
Electives		
At least two courses selected from:		
GEOL 336	Introduction to Geochemistry	
GEOL 345	Geomorphology and Aerial Photography Interpretation	
or GEOL 420	Glacial Geology	
GEOL 365	Economic Mineral Deposits	
GEOL 416	Hydrogeology II	
GEOL 445	Engineering Geology and Geophysics	
Select additional electives to total at least 60 credits from the following:		
BIOL 308	Evolution	
BIOL 338	Vegetation Ecology	
BIOL 345	Invertebrate Zoology	
BIOL 356	Vertebrate Biology	
CHEM 213	Quantitative Analysis	
CHEM 218	Introduction to Inorganic Chemistry	
CHEM 433	Physical Chemistry I	
CHEM 434	Physical Chemistry II	
GEOG 338	Remote Sensing of the Environment	
GEOG 345	Quaternary Environments	
GEOG 350	Soils and the Environment	
GEOG 363	Watershed Analysis	
GEOG 364	Fluvial Processes and Landforms	
GEOG 435	Geographic Information Systems III	
MSE 315	Materials Characterization	
Any Geology course numbered 300 or above		
MATH 216	Calculus III	
MATH 246	Elementary Statistics	
MATH 311	Differential Equations	
MATH 324	Linear Algebra	
PHYS 212	General Physics	
or PHYS 232	University Physics II	
PHYS 226	Astronomy-Solar System	
PHYS 229	Astronomy-Stars and Galaxies	
PHYS 350	Electric and Electronic Circuits	
PHYS 375	Electromagnetic Fields	

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Students should be advised that a second semester of physics is usually required for entrance to graduate school.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Describe and identify common rocks, minerals, and fossils.

One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-013)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or geological engineering, or for careers as professional hydrogeologists or geologists. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

Code	Title	Credits
23-25 credits		
Select one of the following:		4
GEOL 106	Earth Science	
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
Required:		
GEOL 312	Mineralogy and Petrology I	5
GEOL 320	Sedimentology and Stratigraphy	4
GEOL 468	Geological Field Methods	1
GEOL 470	Field Geology I	3
CHEM 115	Chemical Principles (or equivalent)	6
Capstone Experience (required for all majors)		0-2

All Geology majors are required to complete a capstone experience. Approved capstone experiences include 1) successful completion of GEOL 470 and GEOL 471 with a grade of C or above in both courses, 2) student-faculty collaborative research that includes the student giving a public presentation of the research and being listed as the first author of the research presentation, 3) a department-approved internship, 4) other department-approved experiences. Working with their advisor, students submit a proposal to the department faculty outlining their capstone experience choice and explicitly stating how the capstone fits into their personal career goals. The capstone experience proposal must be submitted to the Chair of the Department no later than the second week of the fall semester of the senior year.

Hydrogeology and Water Chemistry Emphasis

Recommended for students planning careers in geology such as hydrogeology, geochemistry, and environmental geology. This program is designed to fulfill requirements for admission to graduate programs in hydrogeology,

geochemistry, and environmental geology. This program also meets 1998 Wisconsin Department of Natural Resources' academic requirements for classification as a hydrogeologist.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

Code	Title	Credits
Minimum 60 semester credits, including:		
Required Courses		
GEOL 308	Water Resources	3
GEOL 315	Hydrogeology I	4
GEOL 330	Structural Geology	4
or GEOL 418	Earth History	
GEOL 336	Introduction to Geochemistry	3
GEOL 345	Geomorphology and Aerial Photography Interpretation	3
GEOL 416	Hydrogeology II	4
GEOL 350	Engineering Geology	3
or GEOL 461	Applied Geophysics	
MATH 215	Calculus II	4
PHYS 211	General Physics	5
or PHYS 231	University Physics I	
CS 170	Computing for the Sciences and Mathematics	3
or GEOG 335	Geographic Information Systems I	
Plus electives to total at least 60 credits selected from the following:		
CHEM 213	Quantitative Analysis	
CHEM 218	Introduction to Inorganic Chemistry	
CHEM 325	Organic Chemistry I with Laboratory	
CHEM 401	Inorganic Chemistry	
CHEM 426	Modern Organic Chemistry	
CHEM 433	Physical Chemistry I	
GEOG 350	Soils and the Environment	
GEOG 363	Watershed Analysis	
GEOG 364	Fluvial Processes and Landforms	
GEOG 435	Geographic Information Systems III	
MSE 315	Materials Characterization	
or any geology course numbered 300 or higher		

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Students should be advised that a second semester of physics is usually required for entrance to graduate school.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.

- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Develop geologic models and effectively communicate a hydrogeologic interpretation based on observations.

Geology, Major

Liberal Arts (Code 160-204)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the

quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate

will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k1/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-204)

The Liberal Arts major in geology emphasizes broad training in general science; the relationship between earth science and other sciences; and the flexibility and creativity in program design for meeting an individual student's interest and employment needs. This major requires completion of the Core liberal arts program plus elective credits. This non-comprehensive major also requires completion of a minor or a second major in another department.

Core Requirements for the Geology Major

Code	Title	Credits
Minimum 36 semester credits, including:		
Required Courses (27-29 credits)		
Select one of the following:		
		4
GEOL 106	Earth Science	
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
Required:		
GEOL 312	Mineralogy and Petrology I	5
GEOL 320	Sedimentology and Stratigraphy	4
GEOL 418	Earth History	4
GEOL 468	Geological Field Methods	1
GEOL 470	Field Geology I	3
CHEM 115	Chemical Principles (or equivalent)	6
Capstone experience ¹		0-2
Plus electives to total at least 36 credits selected from any geology course numbered 300 or higher.		

¹ All Geology majors are required to complete a capstone experience. Approved capstone experiences include 1) successful completion of GEOL 470 and GEOL 471 with a grade of C or above in both courses, 2) student-faculty collaborative research that includes the student giving a public presentation of the research and being listed as the first author of the research presentation, 3) a department-approved internship, 4) other department-approved experiences. Working with their advisor, students submit a proposal to the department faculty outlining their capstone experience choice and explicitly stating how the capstone fits into their personal career goals. The capstone experience proposal must be submitted to the Chair of the Department no later than the second week of the fall semester of the senior year.

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.

- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Evaluate a geological field site and produce a professional report.

Geology, Minor - Liberal Arts

Liberal Arts (Code 160-401)

Code	Title	Credits
Minimum 24 semester credits in geology, including:		
Select one of the following:		4
GEOL 106	Earth Science	
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
Required:		
GEOL 312	Mineralogy and Petrology I	5
Select a minimum of six semester credits from the following:		6
GEOL 291	Special Topics	
GEOL 301	Earth Resources and Sustainability	
GEOL 303	Rocky Mountain Field Studies	
GEOL 304	Global Environmental Change	
GEOL 308	Water Resources	
GEOL 313	Mineralogy and Petrology II	
GEOL 315	Hydrogeology I	
GEOL 320	Sedimentology and Stratigraphy	
GEOL 330	Structural Geology	
GEOL 336	Introduction to Geochemistry	
GEOL 337	Analytical Geochemistry Laboratory	
GEOL 343	Geological Field Excursion	
GEOL 345	Geomorphology and Aerial Photography Interpretation	
GEOL 365	Economic Mineral Deposits	
GEOL 390	Geologic Immersion Experience	
GEOL 395	Directed Studies	
GEOL 416	Hydrogeology II	
GEOL 418	Earth History	
GEOL 420	Glacial Geology	
GEOL 445	Engineering Geology and Geophysics	
GEOL 468	Geological Field Methods	
GEOL 470	Field Geology I	
GEOL 471	Field Geology II	
GEOL 491	Advanced Special Topics	

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Recommended electives: GEOL 470 and GEOL 471.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Evaluate a geological field site and produce a professional report.

History

Hibbard Humanities Hall 701
715-836-5501

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/history/>)

The study of history examines how men and women throughout the world have lived in the past. It pays special attention to continuities and changes in human communities over time and to interactions among people from different cultures. The study of history enhances critical thinking and effective communication by teaching students how to evaluate different interpretations of the past. It teaches them to use evidence effectively to understand the meaning and impact of events and processes. Studying history increases students' social responsibility as they come to understand their own life experiences as part of an historical process. History students master the essential skills of a liberal education by learning to read critically, to manage and analyze information, to build logical arguments, and to write persuasively.

Students can major, minor, or pursue certificates in history through the College of Arts and Sciences. Those wishing to teach history in secondary schools can major in Social Studies Teaching, History emphasis, a degree program offered through the College of Education and Human Sciences. History majors in the College of Arts and Sciences often pursue careers in fields such as law, government, journalism, business, and information management. The department also offers a public history emphasis within the major for students interested in working in museums, archives, historic preservation, and other public history career fields. Some students continue academic study and obtain graduate degrees, so that they can further their public history careers or teach at the post-secondary level.

Department Honors in History

GPA

3.5 GPA in Major; 3.5 overall GPA – All Tracks

TRACK A – Liberal Arts and Public History Emphasis

- 3.75 average or better in HIST 288 and HIST 489 (capstone sequence)
- 1 honors credit (taken as HIST 496) attached to HIST 489 OR HIST 486
- Public presentation of capstone project (on or off-campus)
- Successful completion of ONE of the following (portfolio reflection required)
 - Faculty-student research project
 - Independent studies
 - Student teaching apprenticeship (HIST 397)
 - History-related service learning
 - Immersion experience
 - National History Day

TRACK B – Social Studies Teaching, History Emphasis

- 3.75 average or better in HIST 288
- 1 honors credit (taken as HIST 396) attached to HIST 288

- Successful completion of TWO of the following experiences (portfolio reflection required for each completed experience):
 - HIST 494
 - Faculty-student research project
 - Independent studies
 - Student teaching apprenticeship (HIST 397)
 - History-related secondary school service
 - Immersion experience
 - National History Day

For information regarding Department Honors, see Professor Patricia Turner (HHH-721)

Information for Majors and Minors

NOTE 1: Majors who plan to prepare for college teaching are urged to attain a reading competency in at least one foreign language and preferably two.

NOTE 2: Majors or minors in history seeking licensure to teach are required by Wisconsin law to complete instruction in the conservation of natural resources and in consumer cooperatives/cooperative marketing. Take ECON 103 and either GEOG 178 or BIOL 180 to meet these requirements.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 380-201)

Code	Title	Credits
------	-------	---------

This major consists of 36 semester credits, including:

Foundational Requirement: Courses at the 100 and 200 level (not including HIST 288). Minimum of 6 credits. Maximum of 15 credits.

HIST 124	World History to 1500	3
or HIST 125	World History Since 1500	

At least one of the following courses:

HIST 114	United States History to 1877	
HIST 115	United States History Since 1877	
HIST/WGSS 205	American Women's History	
HIST 210	African American History 1865 to Present	

HIST/AIS 240	American Indian History	
--------------	-------------------------	--

Introduction to Research Methods and Historical Professions, 9 credits

HIST 198	Doing History: Skills and Practice	3
HIST 288	Introduction to Research Methods and the Profession	3
HIST 386	Introduction to Public History	3

Advanced Courses: Courses at the 300 and 400 level (not including HIST 386 and HIST 489). Minimum of 12 credits.

Capstone Thesis, 3 credits

HIST 489	Research Seminar	3
----------	------------------	---

Within their 36 credits, students must complete a minimum of 6 credits of Diversity and 6 credits of Global coursework:

Diversity Requirement, 6 credits

Choose from: 6

HIST/WGSS 205	American Women's History	
HIST 210	African American History 1865 to Present	
HIST 212	Hmong and America	
HIST/AIS 240	American Indian History	
HIST/WGSS 313	Gender, Sex, and Science in European History	
HIST 317	Studies in the History of Race in the U.S.	
HIST 344	African American Civil Rights Movement, 1914-Present	
HIST 345	Civil Rights and American Memory	
HIST 367	Historical Roots of Health Disparities in the Americas	
HIST/AIS 368	Studies in American Indian History	
HIST/AIS 369	Wisconsin Indian History	
HIST 370	History of the Family in America	
HIST/WGSS 394	Studies in the History of Women	

Global Requirement, 6 credits

Choose from: 6

HIST 152	Modern East and Southeast Asia	
HIST/LAS 172	Latin American History: Colonial to the Present	
HIST 284	The Nazis and Germany, 1914-1945	
HIST 286	History of World War II	
HIST 292	Origins of Current World Conflicts	
HIST 302	Ancient Near Eastern Civilizations	
HIST 304	Greek Civilization	
HIST 306	Roman Civilization	
HIST 308	Ancient Historiography	
HIST/WGSS 313	Gender, Sex, and Science in European History	
HIST 316	Studies in Asian/Pacific World History	
HIST 318	Studies in the History of European and Mediterranean Worlds	
HIST 319	Studies in Global and Comparative History	
HIST 325	History and Memory in Europe	

HIST 326	Twentieth Century Europe, 1900 to Present
HIST 349	The Global History of Disease
HIST 360	Modern France
HIST 362	Modern Germany
HIST 375	Twentieth Century Russia
HIST 376	World War I and II Military
HIST 377	American War in the Post 1945 World
HIST 381	Comparative Genocide
HIST 382	Imperialism Since 1800
HIST 383	Modern Africa
HIST 384	The Vietnam War
HIST 388	History of China
HIST 389	History of Japan
HIST 392	History of Antisemitism
HIST 393	Roots of Selected Contemporary World Problems
HIST 401	Public History in Great Britain

Notes:

1. The same course may be taken to satisfy more than one requirement, when relevant.
2. Relevant history courses other than those listed above may be counted toward fulfilling requirements with department approval.
3. HIST 288 should be taken before any 300-level or 400-level course, if possible.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Identify and interpret primary and secondary sources in order to effectively construct historical narratives orally and in writing.
- Construct arguments that explain how history can inform the present.
- Evaluate credibility, position, or perspective of various forms of historical evidence.
- Compare and connect local and global histories.

History, Public History Emphasis, Major

Liberal Arts (Code 380-205)

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36

Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also

be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements

for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 380-205)

Code	Title	Credits
------	-------	---------

This major consists of 36 semester credits, including:

Foundational Requirement: Courses at the 100 and 200 level (not including HIST 288). Minimum of 6 credits. Maximum of 15 credits.

HIST 124	World History to 1500	3
or HIST 125	World History Since 1500	

At least one of the following courses

HIST 114	United States History to 1877
HIST 115	United States History Since 1877
HIST/WGSS 205	American Women's History
HIST 210	African American History 1865 to Present
HIST/AIS 240	American Indian History

Introduction to Research Methods and the Historical Professions, 9 credits

HIST 198	Doing History: Skills and Practice	3
HIST 288	Introduction to Research Methods and the Profession	3
HIST 386	Introduction to Public History	3

Advanced Courses: Courses at the 300 and 400 level (not including HIST 489). Minimum of 12 credits.

Must include the Public History sequence:

HIST 486	Seminar in Public History	3
HIST 498	Internship	3

Capstone Thesis, 3 credits

HIST 489	Research Seminar	3
----------	------------------	---

Within their 36 credits, students must complete a minimum of 6 credits of Diversity coursework:

Diversity requirement, 6 credits

Choose from:		6
HIST/WGSS 205	American Women's History	
HIST 210	African American History 1865 to Present	
HIST 212	Hmong and America	
HIST/AIS 240	American Indian History	
HIST/WGSS 313	Gender, Sex, and Science in European History	
HIST 317	Studies in the History of Race in the U.S.	
HIST 344	African American Civil Rights Movement, 1914-Present	
HIST 345	Civil Rights and American Memory	
HIST 367	Historical Roots of Health Disparities in the Americas	
HIST/AIS 368	Studies in American Indian History	
HIST/AIS 369	Wisconsin Indian History	
HIST 370	History of the Family in America	
HIST/WGSS 394	Studies in the History of Women	

Notes:

- The same course may be taken to satisfy more than one requirement, when relevant.
- Relevant history courses other than those listed above may be counted toward fulfilling requirements with department approval.
- HIST 288 should be taken before any 300-level or 400-level course, if possible.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Identify and interpret primary and secondary sources in order to effectively construct historical narratives orally and in writing.
- Construct arguments that explain how history can inform the present.
- Evaluate credibility, position, or perspective of various forms of historical evidence.
- Compare and connect local and global histories.

- Create complex interpretations of the past collaboratively with public audiences.

History, Minor - Liberal Arts

Liberal Arts (Code 380-401)

Code	Title	Credits
Twenty-four semester credits of history, including:		
At least six credits of history courses at the 100-200 level.		6
At least 12 credits of history courses at 300-400 level.		12

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Identify and interpret primary and secondary sources in order to effectively construct historical narratives orally and in writing.
- Evaluate credibility, position, or perspective of various forms of historical evidence.

Global and Comparative History, Certificate

(Code 380-627)

This certificate is designed for undergraduate students with an interest in history who have chosen a major other than History. It is particularly geared toward students for whom a deeper understanding of the history of global interactions will complement and enhance their major area of study and/or future careers (for example: the World Politics emphasis in Political Science, Business, Geography, Religion, Economics, Languages and Women's, Gender, and Sexuality Studies).

Code	Title	Credits
12 credits required, including:		
HIST 124	World History to 1500	3
or HIST 125	World History Since 1500	
The remaining 9 credits from the following courses with at least 6 credits from the 300 or 400 level:		9
HIST 124	World History to 1500	
HIST 125	World History Since 1500	
HIST 152	Modern East and Southeast Asia	
HIST/LAS 172	Latin American History: Colonial to the Present	
HIST 212	Hmong and America	
HIST 284	The Nazis and Germany, 1914-1945	
HIST 286	History of World War II	
HIST 292	Origins of Current World Conflicts	
HIST 302	Ancient Near Eastern Civilizations	
HIST 304	Greek Civilization	
HIST 306	Roman Civilization	
HIST/WGSS 313	Gender, Sex, and Science in European History	

HIST 316	Studies in Asian/Pacific World History
HIST 318	Studies in the History of European and Mediterranean Worlds
HIST 319	Studies in Global and Comparative History
HIST 325	History and Memory in Europe
HIST 326	Twentieth Century Europe, 1900 to Present
HIST 349	The Global History of Disease
HIST 360	Modern France
HIST 362	Modern Germany
HIST 375	Twentieth Century Russia
HIST 376	World War I and II Military
HIST 377	American War in the Post 1945 World
HIST 381	Comparative Genocide
HIST 382	Imperialism Since 1800
HIST 383	Modern Africa
HIST 384	The Vietnam War
HIST 388	History of China
HIST 389	History of Japan
HIST 392	History of Antisemitism
HIST 393	Roots of Selected Contemporary World Problems
HIST 401	Public History in Great Britain

Note: Courses cannot be counted in both the major and the certificate program. Students cannot pursue the History Major or the History, Public History Emphasis Major and the Global and Comparative History Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Compare and connect local and global histories.

History of Race, Gender, and Society, Certificate

(Code 380-628)

This certificate is designed for undergraduate students with an interest in history that have chosen a major other than History. It is particularly geared toward students for whom a deeper understanding of the history of race, gender and society will complement and enhance their major area of study and/or future careers (for example, Sociology, Women's, Gender, and Sexuality Studies, Social Work, Education, and Criminal Justice).

Code	Title	Credits
12 credits required, including:		
One of the following courses:		
HIST/WGSS 205	American Women's History	

HIST 210	African American History 1865 to Present
HIST 212	Hmong and America
HIST/AIS 240	American Indian History
The remaining 9 credits may be chosen from the following courses with at least 6 credits from the 300 or 400 level:	
HIST 114	United States History to 1877
HIST 115	United States History Since 1877
HIST/LAS 172	Latin American History: Colonial to the Present
HIST/WGSS 205	American Women's History
HIST 210	African American History 1865 to Present
HIST 212	Hmong and America
HIST/AIS 240	American Indian History
HIST 284	The Nazis and Germany, 1914-1945
HIST/WGSS 313	Gender, Sex, and Science in European History
HIST 317	Studies in the History of Race in the U.S.
HIST 344	African American Civil Rights Movement, 1914-Present
HIST 345	Civil Rights and American Memory
HIST 367	Historical Roots of Health Disparities in the Americas
HIST/AIS 368	Studies in American Indian History
HIST/AIS 369	Wisconsin Indian History
HIST 370	History of the Family in America
HIST 381	Comparative Genocide
HIST 382	Imperialism Since 1800
HIST 383	Modern Africa
HIST 392	History of Antisemitism
HIST/WGSS 394	Studies in the History of Women
LAS 222	Introduction to U.S. Latino History and Culture

Note: Courses cannot be counted in both the major and the certificate program. Students cannot pursue the History Major or the History, Public History Emphasis Major and the History of Race, Gender, and Society Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Construct arguments that explain how history can inform the present.

Languages

Centennial Hall 4508
715-836-4287

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/languages/>)

The Department of Languages provides a vital component in the undergraduate liberal arts education offered at the University of Wisconsin-Eau Claire. The department promotes multilingualism as the key to intercultural understanding. It does so through courses in foreign language, culture, and literature, including English language for native speakers of other languages; major and minor programs in a number of world languages; study abroad opportunities and internships in many countries; and student/faculty collaborative research. Graduates from the Department of Languages serve at home and abroad as ambassadors for a diverse, peacefully interacting global society.

Major, Minor, and Certificate Programs

The Department of Languages offers Liberal Arts and Teaching majors and minors in French and Spanish, and a Liberal Arts minor in German and Japanese. In addition, a Spanish for Health Professions minor is available as well as certificate programs in Chinese, French Proficiency, German Proficiency, and Ojibwe Language. Language students may also be interested in the minor in Teaching of English to Speakers of Other Languages (TESOL, housed in Education for Equity and Justice), the certificate in Teaching English as a Foreign Language (TEFL), or the minor or certificate in Ancient Studies. Students of Spanish have the opportunity to pursue a major or minor in Latin American and Latinx Studies (LAS).

Other Languages Offered

In addition to the major, minor, and certificate programs, the Department of Languages provides, as resources permit, at least one year of instruction in Chinese, Classical Greek, Hmong, Japanese, Latin, and Ojibwe. One year of any of the languages taught in the department fulfills the one-year foreign language requirement for a Bachelor of Arts Degree in the College of Arts and Sciences. To meet this requirement, however, the student must earn a grade of at least C or a mark of S in a Foreign Language course numbered 102 or higher. The department is also the academic home for the Intensive English Program (English as a Second Language), see below.

Spanish Honors Program

The Honors Program in Spanish is intended for Spanish majors—including Spanish education and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the study of languages outside the classroom. The high impact practices required for department honors in Spanish align with such experiences.

Spanish Departmental Honors is not the same program as University Honors.

Because these honors programs are distinct, students should review the requirements of each with care.

Students who pursue the Spanish Honors Program do not have to be part of the University Honors Program.

Students in the University Honors Program can also apply to be part of the Spanish Honors program.

Eligibility: Spanish majors who have resident, overall, and major GPAs of 3.50 or higher. Completion of Spanish 302 is required before applying to the Honors Program in Spanish.

Application: An application must be submitted to the Spanish section via an e-form. The form may be accessed via the Languages Department (<https://>

www.uwec.edu/academics/college-arts-sciences/departments-programs/languages/ web page, Honors Program tab under Explore Opportunities. The e-form will ask that you identify a Spanish faculty member to serve as a reference. The application must be submitted prior to the student's last two semesters of study. That being said, students are encouraged to apply after completing SPAN 302, a course typically taken sophomore year, but no later than their final two semesters.

Requirements: At graduation, the student must have a resident, overall, and major GPAs of 3.50 or higher. In addition, the student must submit evidence that two of the options from the list below have been satisfactorily completed at a standard of excellence deserving of a recognition in Spanish Honors. With the exception of the OPI proficiency test, students may do two of any of the other given options to meet the Spanish Honors Program requirements if their projects are distinct. For example, a student could conduct two separate faculty/student collaborative research projects with the same or different Spanish faculty member(s) or, with approval from the Spanish section, with faculty from departments or programs outside of Spanish. Students that select OPI proficiency as one of the options to fulfill one of their requirements must complete work in a different category for the second option.

1. A faculty/student collaborative research project with a Spanish faculty member
2. Advanced Low or higher on an official ACTFL Oral Proficiency Interview
3. An off-campus presentation at a conference on a topic related to the major
4. Completion of a language related internship approved by a faculty member
5. Submission of a publication-worthy manuscript to a journal related to the major
6. Completion of application to the U.S. Fulbright program
7. Certification as an interpreter by the State of Wisconsin

Residency Requirement for Prospective Language Teachers

All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

Oral Proficiency Requirement for Prospective Language Teachers

Wisconsin Department of Public Instruction content guidelines require that foreign language teachers demonstrate minimal oral proficiency at a level equivalent to Intermediate High according to the ACTFL Proficiency Guidelines. Prospective teachers at UW-Eau Claire must demonstrate such proficiency through an official ACTFL Oral Proficiency Interview (OPI). Information on the Oral Proficiency Interview and the ACTFL Proficiency Guidelines (Speaking) is available in the Department of Languages.

Placement Test in Foreign Languages

Students whose records indicate at least two units of French, German, Spanish, or Japanese study in Junior/Senior High School and who do not have college

credit in the language are required to take a placement test in that language prior to registration in order to determine the level at which they should continue their foreign language instruction. At the time of the test, students will be advised as to the language course in which they should enroll.

Students who place into a 102-level foreign language class will be considered to have met the 101-level competency requirement and may not enroll in a 101-level class in the same language for credit without the permission of the Chair of the Department of Languages. Additionally, a student who places into a 201-level class or above will be considered to have met the 101- and 102-level requirements and may not enroll for credit in any course that is at a lower level than the one into which the student has placed without the permission of the Chair of the Department of Languages.

Placement tests in French, German, and Spanish are offered as part of Regional Placement Testing in March and April, during Summer Orientation, and during spring/fall registration. If you studied Japanese or Chinese in high school, UW-Eau Claire has a locally developed placement test which is administered by appointment. For information about these tests, consult Academic Testing (Vicki Lord Larson Hall 2100).

Roma Hoff Instructional Resource Center

Practice in the Roma Hoff Instructional Resource Center (RHIRC) is a required part of elementary, intermediate, conversation, and phonetics courses in modern foreign languages. The center provides access to foreign language sound and video programs, to foreign films, and to computer-assisted foreign language instruction. Four-credit courses at the beginning and intermediate levels include four hours of classroom instruction and at least one laboratory hour per week.

Credit for High School Work or Other Foreign Language Experience

Students with high school courses or other learning experiences in a foreign language may obtain college credit for their previous work by taking a confirming course under the following conditions:

1. The confirming course must be the first college-level course completed in the language and must be taken by a regularly enrolled student at UW-Eau Claire. (However, students who have taken a college-level course while in high school are also eligible for credit for previous work by taking a confirming course.)
2. The confirming course must be 102, 201, 202, or in French, FREN 315; in German, GERM 313, GERM 314 or GERM 315; in Spanish, SPAN 301.
3. The course must be passed with a letter grade of B (not B-) or above and may not be repeated for the purpose of requesting credits under this policy.
4. A maximum of 16 credits may be granted in any one language for previous work at a level lower than the confirming course.

Further information is available from the Chair of the Department.

Study Abroad

The department encourages study abroad in any of the programs sponsored by the Department of Languages, such as the semester programs in Costa Rica, Chile, Pau in France, Marburg in Germany, Japan, and Valladolid in Spain; the semester or year exchange programs in Graz (Austria) and year programs in different sites in the state of Hessen (Germany); summer program in Mexico or Costa Rica—nursing and health care professionals; and exchange semester or year-long programs at one of three ITESM campuses in Mexico.

Credits for the major and minor can be earned in any of these programs. Participation in other university-sponsored study abroad programs in Australia, China, England, Greece, Ireland, Latvia, Scotland, South Africa, South Korea, Sweden, and Thailand is also recommended. A resident GPA requirement exists for acceptance in study abroad programs. For details, see the Center for International Education.

International Employment

Students interested in a career in international business should consider a major in French, German, or Spanish combined with the major, minor or certificate in International Business available to students in the College of Business. For information about opportunities for international employment, consult Dr. Kristy Lauver, the advisor for students seeking the International Business major, minor or certificate in the College of Business.

Intensive English Program (English for Speakers of Other Languages)

Another important offering in the Department of Languages is English for the ever-growing number of non-native speakers of English on campus. The Intensive English Program (IEP) offers English Language Learners instruction during the regular academic year. All IEP courses are offered for credit and count towards resident GPA and credits for graduation. Successful completion of the advanced level of the IEP is one way to demonstrate English proficiency for degree programs at UWEC.

International students seeking a degree or on exchange from their home institutions, immigrants/refugees, and/or non-native speakers of English who are residents of the United States are welcome to take IEP coursework to further develop their English speaking, listening, reading, writing, grammar, vocabulary, and pronunciation.

International students who have not demonstrated English proficiency may take the English Placement Exam at UWEC. The English Placement Exam is conducted the week prior to the beginning of courses. The purpose of the English Placement Exam is to determine whether each non-native speaking student's English language proficiency is sufficient for active involvement in UWEC coursework. A non-native speaker of English must be linguistically prepared for the rigorous academic challenges at UW-Eau Claire in terms of in-class oral and aural interaction and out-of-class reading and writing.

For more information on admissions requirements for the IEP, undergraduate studies, or graduate studies, please contact the office of Admissions at admissions@uwec.edu.

Majors

- Major: French, Liberal Arts - B.A./B.S.
- Major: French Teaching - B.A. (College of Education and Human Sciences Secondary Education Program)
- Major: Spanish, Liberal Arts - B.A./B.S.
- Major: Spanish Teaching - B.A. (College of Education and Human Sciences Secondary Education Program)
- Comprehensive Major: Spanish Teaching, TESOL Emphasis - B.A. (College of Education and Human Sciences Secondary Education Program)

Minors

- Minor: Ancient Studies
- Minor: French, Liberal Arts
- Minor: French, Early Childhood/Adolescence Teaching
- Minor: German, Liberal Arts
- Minor: Japanese, Liberal Arts
- Minor: Spanish, Liberal Arts
- Minor: Spanish for Health Professions, Liberal Arts
- Minor: Spanish, Early Childhood/Adolescence Teaching

Certificates

- Certificate: Ancient Studies
- Certificate: Chinese
- Certificate: French Proficiency
- Certificate: German Proficiency

Chinese, Certificate

(Code 291-601)

The **Chinese Certificate** aims to deepen students' Chinese language proficiency and cultural knowledge of China and Chinese-speaking regions in the world. Upon completion, students are expected to reach novice-high or intermediate-low proficiency in Chinese. This certificate will be a beneficial credential to reflect students' investment in and knowledge of Chinese.

Code	Title	Credits
Minimum of fifteen semester credits, including:		
CHIN 101	Beginning Chinese	4
CHIN 102	Beginning Chinese	4
CHIN 201	Intermediate Chinese	4
At least 3 credits selected from: ¹		
CHIN 202	Intermediate Chinese	
FLG 150	Foreign Civilization and Culture (when focused on China)	
FLTR 392	Foreign Film as Cultural Expression (when focused on China)	
or FLTR 330	Chinese Culture through Films	
LANG 170	Language and Intercultural Competence	

HIST 152	Modern East and Southeast Asia
HIST 388	History of China
INTB 362	International Experience in China

¹ Other courses with a focus on China may count toward the certificate electives in consultation with the advisor, Dr. Kaishan Kong.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on familiar or everyday topics.
- Present information to an audience of listeners on topics of a personal nature.
- Describe Chinese cultural practices and compare them with their own culture.

French Proficiency, Certificate

(Code 260-601)

The Department of Languages offers a certificate program in **French Proficiency** for students in any major or minor other than French who would like to add proficiency in French to their skill set. The program provides students with practical written and oral language skills in French, thereby complementing majors in all other disciplines across the university and strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in French is useful.

Code	Title	Credits
To complete the certificate, 13 credits beyond FREN 201 are required, including:		
FREN 202	Intermediate French	4
FREN 315	Grammar	4
FREN 325	Pronunciation	3

Students may earn their remaining credits from any other FREN upper division courses.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.

The desired benchmark for language proficiency is in the Intermediate range (Intermediate Low or above).

French, Major - Liberal Arts

Liberal Arts (Code 260-201)

University Requirements

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits

Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and

total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 260-201)

Code	Title	Credits
A minimum of 36 semester credits beyond FREN 102, or 28 semester credits beyond FREN 202, including:		
FREN 315	Grammar	4
FREN 325	Pronunciation	3
Students may earn their remaining credits from any other FREN upper division courses, but must take a minimum of six credits at the 400 level.		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect their language study with other disciplines and communities for academic and social purposes.
- Use critical thinking to evaluate and address issues in local and global contexts.

The desired benchmark for language proficiency is in the advanced range (intermediate high or above).

French, Minor - Liberal Arts

Liberal Arts (Code 260-401)

Code	Title	Credits
A minimum of 24 semester credits beyond FREN 102, or 16 semester credits beyond FREN 202, including:		
FREN 315	Grammar	4
FREN 325	Pronunciation	3
Students may earn their remaining credits from any other FREN upper division courses.		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect their language study with other disciplines and communities for academic and social purposes.

The desired benchmark for language proficiency is in the Advanced range (Intermediate High or above).

German Proficiency, Certificate

(Code 280-601)

The Department of Languages offers a certificate program in **German Proficiency** for students in any major or minor other than German who would like to add proficiency in German to their skill set. The program provides students with practical and professional language skills in German, thereby complementing majors in all other disciplines across the university and

strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in German is useful.

Code	Title	Credits
To complete the certificate, 15 credits beyond GERM 101 are required, including:		
GERM 102	Beginning German	4
GERM 201	Intermediate German I	4
GERM 202	Intermediate German II	4

Students may earn their remaining credits from any GERM upper division courses.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.

German, Minor - Liberal Arts

Liberal Arts (Code 280-401)

Code	Title	Credits
A minimum of 24 semester credits, including 16 credits in core courses:		
GERM 101	Beginning German	4
GERM 102	Beginning German	4
GERM 201	Intermediate German I	4
GERM 202	Intermediate German II	4
Eight credits from the following:		
FLG 165	Amish in North America	3
GERM 313	Grammar Review and Composition	3
GERM 314	Oral Proficiency	3
GERM 315	German for Professional Communication	3
GERM 325	The German Sound System	3
GERM 358	Introduction to Translation	2
GERM 363	Modern Germany: Literature, History, Culture	3
GERM 491	Special Topics	1-3

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.

- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.

Japanese, Minor

Liberal Arts (Code 270-401)

Code	Title	Credits
A minimum of 24 semester credits, including 16 credits in core courses:		
JAPN 101	Beginning Japanese I	4
JAPN 102	Beginning Japanese II	4
JAPN 201	Intermediate Japanese I	4
JAPN 202	Intermediate Japanese II	4
Eight credits from the following, of which a minimum of six credits must be at the 300 or 400 level:		
ECON 353	Economics of Pacific Asia	
FLG 150	Foreign Civilization and Culture (when focusing on Japan)	
HIST 152	Modern East and Southeast Asia	
HIST 389	History of Japan	
JAPN 301	Advanced Japanese Language and Culture I	
JAPN 302	Advanced Japanese Language and Culture II	
RELS 312	Buddhism: Past and Present	
RELS 323	Chinese and Japanese Religions	
RELS 326	Asian Religious Philosophies	

Up to three credits of Directed Studies or Independent Study for projects focusing on Japan may be applied to the minor with approval from the minor advisor.

Other Special Topics courses focusing on Japan may be considered as elective courses with consultation and approval of the minor advisor.

Students are strongly encouraged to participate in the study abroad program in Japan. Course credit gained at the study abroad site may be used to fulfill part of the Japanese minor with approval of the minor advisor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on topics of a personal nature.
- Understand and interpret spoken language on familiar or everyday topics.
- Understand and interpret written language on familiar topics conveyed in non-complex and predictable pattern of presentation.
- Write simple messages and letters, requests for information and notes.
- Present information to an audience of listeners on topics of a personal nature.

Spanish for Health Professions, Minor

Liberal Arts (Code 320-408)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any program combinations for purposes of meeting graduation requirements for first and second degree programs.

Code	Title	Credits
------	-------	---------

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:

Core Requirements

SPAN 301	Conversation and Composition I	3
SPAN 302	Conversation and Composition II	3
SPAN 420	Spanish for Health Professions	3
LAS 222	Introduction to U.S. Latino History and Culture	3

OR

LAS 324	Latinx Health and Migration to the U.S.	
---------	---	--

Choose one course from the following:

SPAN 325	Phonetics and Pronunciation	3
SPAN 405	Advanced Conversation	3
SPAN 409	The Craft of Translation	3

Choose one 300-level Spanish elective course (1, 2, or 3 credits) or LAS 222 or LAS 324 (if not used for core requirements).¹

¹ SPAN 352/LAS 352 is highly recommended.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of **36 credits**

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k1/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 320-201)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six

weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any program combinations for purposes of meeting graduation requirements for first and second degree programs.

Code	Title	Credits
All Spanish, Liberal Arts Majors will take a minimum of 36 credits beyond SPAN 102, or 28 credits beyond SPAN 202, including:		

Core Courses:		
SPAN 301	Conversation and Composition I	3
SPAN 302	Conversation and Composition II	3
SPAN 325	Phonetics and Pronunciation	3
SPAN 352	Latin American Civilization	3
or SPAN 354	Latin American Civilization: Regional Focus	
SPAN 405	Advanced Conversation	3

Code	Title	Credits
In addition to the requirements above, this major requires:		

One survey course:		
SPAN 360	Survey of Hispanic Linguistics	3
SPAN 363	Survey of Spanish Peninsular Literature	3
SPAN/LAS 367	Survey of Latin American Literature	3

Two interest courses:		
SPAN 340	Spanish for Business	3
SPAN 355	Spanish Civilization to 1900	3
SPAN 356	Contemporary Spain	3
SPAN 410	Advanced Grammar	3
SPAN/LAS 418	Spanish Sociolinguistics in the United States/Latin America	3
SPAN 420	Spanish for Health Professions	3

One advanced course from the following list:		
SPAN 385	Spanish Literature from Unamuno to Garcia Lorca	3
SPAN 386	Contemporary Spanish Literature	3
SPAN 409	The Craft of Translation	3
SPAN/LAS 475	Topics in Latin American Literature	3
SPAN/LAS 476	The Novel in Latin America I: 1850-1950	3
SPAN/LAS 477	The Novel in Latin America II: 1950-Present	3
SPAN/LAS 478	Latin American Modernismo	3
SPAN/LAS 480	Latin American Literature and Film	3
SPAN/WGSS 482	Women in Latin American Literature	3
SPAN 491	Special Topics (when offered as a 3-credit advanced course)	1-3
SPAN 492	Seminar in Hispanic Linguistics Research	3

One upper-division Spanish elective course (300 level or higher) from one to three credits

In addition, the student must take one course (minimum 3 credits) from the following list:

ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	3
ARTH/AIS 337	Art of Tawantinsuyo	3
AIS/ANTH 161	Introduction to Cultural Anthropology	3
ECON/LAS 356	Economic Development of Latin America	3
ENGL 321	Topics in the Structure of English	3
ENGL 397	Writing Center Theory & Practice	3
FLG 378	Second Language Acquisition Theory	3
GEOG/LAS 321	Geography of Latin America	3
HIST/LAS 172	Latin American History: Colonial to the Present	3
LAS 150	Introduction to Latin American and Latinx Studies	3
LAS 222	Introduction to U.S. Latino History and Culture	3
LAS 314	Music and Dance of Latin America	3
LAS 324	Latinx Health and Migration to the U.S.	3
MATH 107	Mathematics in Latin American Cultures	4
NRSRG 389	Cross Cultural Health	3
PHIL 322	Philosophy of Language	3
POLS/LAS 319	Politics of Latin America	3
RELS/AIS 330	Indigenous Religions of the Americas	3
WGSS 422	Women's, Gender, and Sexuality Studies Advanced Travel Seminar (when offered as Women in Nicaragua)	1-6

NOTE: Students pursuing the Spanish, Liberal Arts major and the Bilingual-Bicultural Education certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

The flexibility to choose from a variety of courses after those required in the core provides interested students with the opportunity to focus on Spanish for the professions, or Spanish linguistics if they so desire.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.

Spanish, Minor - Liberal Arts

Liberal Arts (Code 320-401)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any program combinations for purposes of meeting graduation requirements for first and second degree programs.

Code	Title	Credits
A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:		
SPAN 301	Conversation and Composition I	3
SPAN 302	Conversation and Composition II	3
Nine credits from the following:		
SPAN 325	Phonetics and Pronunciation	3
SPAN/LAS 352	Latin American Civilization	3
SPAN 355	Spanish Civilization to 1900	3
SPAN 356	Contemporary Spain	3
SPAN 405	Advanced Conversation	3

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.

Latin American and Latinx Studies

Hibbard Humanities Hall 384

715-836-3212

Program Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-latinx-studies/>)

The globally interdependent nature of today's world makes second language proficiency and cross-cultural understanding valuable assets for students in any field. Students in the Latin American and Latinx Studies (LAS) Program can choose between two majors. The language emphasis major provides students the opportunity to develop a high proficiency in Spanish through the LAS core language courses and (typically) a six week minimum language immersion

requirement in a Spanish speaking country of Latin America, though other possibilities exist which you can discuss with an LAS advisor. The culture and society emphasis -- which requires Spanish courses only through SPAN 202 and an immersion of only three weeks in a number of countries of the Americas, including some non-Spanish speaking ones -- is geared towards students who are less interested in developing a high proficiency in Spanish or who already have that proficiency but still want to learn more about Latin America and its people, including Latinx/Hispanic people in the US.

Both majors allow students to gain in-depth knowledge and understanding of Latin America and the Latinx/Hispanic communities in the United States through an array of courses from multiple disciplines including geography, art history, religion, history, anthropology, public and environmental health, environmental studies, sociology, nursing, and women's, gender, and sexuality studies.

The significant Latinx/Hispanic population in the United States and the increasing social, cultural, and economic interconnectedness between the countries and peoples of the hemisphere will increase the demand for professionals who can communicate in the Spanish language and are prepared to work with the Latinx/Hispanic communities in the US and the people of Latin America. To mention just a few options, the Latin American and Latinx Studies majors, minor, and certificate are well suited for students who plan to:

1. pursue careers which require residence in or knowledge of Latin America (e.g., in business, journalism, government, NGOs, and others);
2. teach Spanish in Early Childhood through Adolescence classrooms (combining a Spanish Teaching major with an LAS major); and/or
3. pursue graduate work in Latin American and/or Latinx studies, or other disciplines where a Latin American and/or Latinx specialization would be helpful (e.g., Latin American and Latinx/Hispanic literature, political science, economics, history, art history, to name just a few).

Note: For program combinations involving Latin American and Latinx Studies programs, students must earn a minimum of 48 unique credits for purposes of meeting graduation requirements for first and second degree programs.

Application for Admission to Latin American and Latinx Studies Internships

Applying for Admission to the Internship: Visit the Latin American and Latinx Studies Program's (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-latinx-studies/explore-opportunities/internships/>) internships web page or talk to your advisor or the LAS Program Director to learn about the application requirements and procedures for internships. Students planning to enroll in LAS 488/LAS 688: Internship, or LAS 498/LAS 698: Internship with Language Immersion, in the summer or fall should apply by the priority deadline of February 1 of the year of internship for summer or fall enrollment. October 1 is the priority deadline for winter or spring enrollment.

Latin American and Latinx Honors Program

The Latin American and Latinx Studies (LAS) Honors Program is intended for students pursuing either the LAS Language emphasis or the LAS Culture and Society major -- including majors under various different names prior to the 2020-21 UW - Eau Claire catalog -- who have demonstrated excellence in their coursework, and who want to experience the study of topics relevant to the

major outside the classroom. The high impact practices required for honors in the LAS program align with such experiences.

The LAS Honors Program is not equivalent to the University Honors Program.

They are two different programs and, because they are distinct, students should review the requirements of each with care.

Students who pursue the LAS Honors Program do not have to be part of the University Honors Program.

Students in the University Honors Program can also apply to be part of the LAS Honors Program.

Eligibility: LAS majors who have a major GPA of 3.00 or higher. Completion of LAS 150 and LAS 222 is required before applying to the Honors program, whether doing the LAS Language emphasis major or the LAS Culture and Society emphasis major.

Application: An application must be submitted to the LAS program via an e-form. The e-form may be accessed by going to the main Latin American and Latinx Studies web page (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-latinx-studies/academic-offerings/latin-american-latinx-honors-program/>), clicking on the "Explore Opportunities" tab in the column at the left of the page, and then selecting Honors Program from the drop down menu. The e-form (<https://uwec.bplogix.net/form.aspx?pid=d6b4de7a-a68b-41af-97f5-ecc275ef7d2d&formid=2edc529d-6fae-4fae-95f3-ceb81d024bf5&nohome=0&completepageprompt=0&completepage=&click%20the%20link%20below%20to%20continue>) will ask that you identify an LAS faculty or affiliate faculty/IAS member to serve as a reference. The application must be submitted prior to the student's last two semesters of study. That being said, students are encouraged to apply after completing LAS 150 and LAS 222, but no later than their final two semesters.

Requirements: At graduation, the student must have a major GPA of 3.00 or higher. In addition, the student must submit evidence that two of the options from the list below have been satisfactorily completed at a standard of excellence deserving of a recognition in LAS Honors.

With the exception of the OPI proficiency test, students may do two of any of the other given options to meet the LAS Honors Program requirements if their projects are distinct. For example, a student could conduct two separate faculty/student collaborative research projects with the same or different LAS faculty or affiliate faculty/IAS member(s) or, with approval from the LAS Program Director, with faculty from departments or programs outside of and not formally affiliated with the LAS program.

Students that select OPI proficiency as one of the options to fulfill one of their requirements must complete work in a different category for the second option.

Students pursuing Honors in both Spanish and LAS can do so, but must complete different projects for each one (completing four different projects overall).

1. A faculty/student collaborative research project with an LAS faculty or affiliate faculty/IAS member(s) or, with approval from the LAS Program Director, with faculty or affiliate faculty/IAS member(s) from departments or programs outside of and not formally affiliated with the LAS program. In special circumstances approved by the LAS Director, certain independent studies can be counted for this requirement.

2. Advanced Low or higher on an official ACTFL Oral Proficiency Interview. This applies to both LAS Language emphasis and LAS Culture and Society majors.

3. An off-campus presentation at a conference on a topic related to the major.
4. Completion of an LAS related internship approved by an LAS faculty or affiliate faculty/IAS member(s).
5. Submission of a publication-worthy manuscript to a journal related to the major.
6. Completion of application to the U.S. Fulbright program (or other similar prestigious grants or awards with approval from the LAS Director). Similar prestigious grants or awards would have to have some relation to the major, take place in a Latin American country, or have to deal with an issue related to Latinx populations in the US or elsewhere.
7. Certification as an interpreter by the State of Wisconsin. This applies to both LAS Language emphasis and LAS Culture and Society majors. This requirement can be extended to other bodies providing other kinds of certifications for other types of interpreting (medical, etc.).
8. Completion of the UW - Eau Claire Peace Corps Certificate requirements.

Optional Concentrations

Students interested in developing an expertise in a particular substantive area can choose to take courses in the following areas of expertise. Optional concentrations should consist of a minimum of 12 credits.

First Nations

AIS 444	Indigenous Theory and Methodologies	3
ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	3
ARTH/AIS 337	Art of Tawantinsuyo	3

Majors

- Major: Latin American and Latinx Studies, Language Emphasis, Liberal Arts - B.A./B.S.
- Major: Latin American and Latinx Studies, Culture and Society Emphasis, Liberal Arts - B.A./B.S.

Minors

- Minor: Latin American and Latinx Studies, Liberal Arts

Certificates

- Certificate: Latin American and Latinx Studies

Latin American and Latinx Studies, Certificate

Liberal Arts (Code 341-601)

For advising, contact the Latin American and Latinx Studies Program.

The **Latin American and Latinx Studies Certificate** is intended to provide students in any field of study with the opportunity to learn more about Latin America and its peoples without requiring either knowledge of the language nor immersion time in a Latin American country. The certificate can be particularly useful for students in fields which may bring them into contact with people of Latin American origin or descent living in the US, such as education, nursing, and social work, among others. The Certificate may also interest Spanish majors and minors who have studied in Spain and don't have the ability to do an immersion in a Latin American country, but would nonetheless benefit from learning more about Latin America and Latinx/Hispanic communities in the U.S., their history, and their culture, as well as heritage speakers of Spanish who might not be interested in formally pursuing the study of the Spanish language, but do want to learn more about Latin America and Latin American communities in the U.S.

¹ or equivalent courses offered in the study abroad programs. Also, Honors courses focused on Latin American and/or Latinx/Hispanic related topics may be counted as an LAS elective; please consult with an LAS advisor in a timely manner for more information about these options.

Note: Courses cannot be counted in both the major and the certificate program for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and

minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 341-202)

Code	Title	Credits
Minimum 36 semester credits including: ¹		
Required Courses-15 to 17 credits		
LAS 150	Introduction to Latin American and Latinx Studies	3
LAS 222	Introduction to U.S. Latino History and Culture	3
LAS 450	Capstone for Latin American and Latinx Studies (minimum one credit)	1-3
SPAN 201	Intermediate Spanish I	4
SPAN 202	Intermediate Spanish II	4
Electives-a minimum of 19 credits		
At least 12 credits from the following:		12
AIS 444	Indigenous Theory and Methodologies	
ANTH 315	Language in Culture and Society	
ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	
ARTH/AIS 337	Art of Tawantinsuyo

SOC/WGSS 202	Sociology of Gender
SOC 312	Race and Ethnicity in the U.S.
or SOC 314	Social Class and Inequality
SPAN 492	Seminar in Hispanic Linguistics Research
SW 290	Human Rights and Global Justice
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies
WGSS 206	Perspectives in LGBTQ Studies
WGSS 315	Women of Color Feminisms
WGSS 335	Transnational Feminism
WGSS 422	Women's, Gender, and Sexuality Studies Advanced Travel Seminar (when offered as Women in Nicaragua)
Maximum of nine credits from the following: 9	
SPAN 301	Conversation and Composition I
SPAN 302	Conversation and Composition II
SPAN 325	Phonetics and Pronunciation
SPAN 340	Spanish for Business
SPAN/LAS 352	Latin American Civilization
or SPAN/LAS 354	Latin American Civilization: Regional Focus
SPAN 360	Survey of Hispanic Linguistics
SPAN/LAS 367	Survey of Latin American Literature
SPAN 405	Advanced Conversation
SPAN 409	The Craft of Translation
SPAN 410	Advanced Grammar
SPAN/LAS 418	Spanish Sociolinguistics in the United States/Latin America
SPAN 420	Spanish for Health Professions
SPAN 440	Spanish Business Writing
SPAN/LAS 475	Topics in Latin American Literature

SPAN/LAS 476	The Novel in Latin America I: 1850-1950
SPAN/LAS 477	The Novel in Latin America II: 1950-Present
SPAN/LAS 478	Latin American Modernismo
SPAN/LAS 480	Latin American Literature and Film
SPAN/WGSS 482	Women in Latin American Literature
SPAN 491	Special Topics (Latin American or Linguistics topics only)
Immersion Requirement ³	

¹ or equivalent courses offered in the study abroad programs. Also, Honors courses focused on Latin American and/or Latinx/Hispanic related topics may be counted as an LAS elective; please consult with an LAS advisor in a timely manner for more information about these options.

² Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.

³ **Immersion Requirement:** The Latin American and Latinx Studies, Culture and Society Emphasis, Major requires an immersion experience in a country of Latin America or participation in a faculty-led immersion experience focused on Latinx communities in the US. There are a variety of options for fulfilling the immersion requirement, including winterim, semester and summer programs abroad of a minimum three weeks' duration, Faculty-Led International Immersion Experiences (FLIEs) and Domestic Intercultural Immersions (DIIs) of any duration that have been approved by the Latin American and Latinx Studies Program, National Student Exchange, internships, and volunteer work. No homestay during immersion is required for this major. Please consult with your advisor early on in your studies to choose the immersion experience that will work best for you. Because course offerings in study abroad programs vary, please consult with the Center for International Education and your Latin American and Latinx Studies advisor early on in your studies to choose the time, program, and courses that will work best if you plan to fulfill your immersion experience through study abroad. Courses taken during study abroad may satisfy some of the requirements for the major or Liberal Education (LE) experiences and reduce time to graduation.

Note: For program combinations involving Latin American and Latinx Studies programs, students must earn a minimum of 48 unique credits for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.
- Communicate with proficiency in a non-English target language of Latin America, the Caribbean, or Latinos/Hispanics in the United States.¹

¹The desired benchmark for linguistic proficiency in the target language for the LAS Culture and Society Emphasis major is the Intermediate Mid level or

above according to the ACTFL proficiency guidelines (<https://www.actfl.org/resources/actfl-proficiency-guidelines-2012/>). Presently the target language in Latin American and Latinx Studies is Spanish. With the consent of the LAS Steering Committee students may work to develop proficiency in other languages spoken in Latin America and the Caribbean.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Immersion Requirement³

¹ or equivalent courses offered in the study abroad programs. Also, Honors courses focused on Latin American and/or Latinx/Hispanic related topics may be counted as an LAS elective; please consult with an LAS advisor in a timely manner for more information about these options.

² Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.

³ **Immersion Requirement:** The immersion requirement for the Latin American and Latinx Studies, Language Emphasis, Major can be fulfilled through a minimum six-week immersion in a Latin American country. A semester long immersion is recommended for those seeking greater language proficiency. Students facing extenuating circumstances may participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship, or volunteer work. Students who have completed an immersion requirement for a Spanish major or minor in Spain can fulfill the immersion requirement for the Latin American and Latinx Studies Language Emphasis, Major with a three-week immersion in a Latin American country, a Faculty Led International Immersion Experience (FLIIE) of any duration in a Latin American country, a Domestic Intercultural Immersion (DII) of any duration within the US focused on Latinx issues and approved by the LAS Steering Committee, National Student Exchange, or an internship or volunteer work approved by the LAS Steering Committee to count for this purpose.

Note: For program combinations involving Latin American and Latinx Studies programs, students must earn a minimum of 48 unique credits for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.
- Communicate with proficiency in a non-English target language of Latin America, the Caribbean, or Latinos/Hispanics in the United States.¹

¹The desired benchmark for linguistic proficiency in the target language for the LAS Language Emphasis major is the Intermediate High level or above according to the ACTFL proficiency guidelines (<https://www.actfl.org/resources/actfl-proficiency-guidelines-2012/>). Presently the target language in Latin American and Latinx Studies is Spanish. With the consent of the LAS Steering Committee students may work to develop proficiency in other languages spoken in Latin America and the Caribbean.

Latin American and Latinx Studies, Minor

Liberal Arts (Code 341-401)

Code	Title	Credits
Minimum 24 semester credits including: ¹		
Required Courses-14 credits		
LAS 150	Introduction to Latin American and Latinx Studies	3
LAS 222	Introduction to U.S. Latino History and Culture	3
SPAN 201	Intermediate Spanish I	4
SPAN 202	Intermediate Spanish II	4
Electives-at least 10 credits from the following:		
AIS 444	Indigenous Theory and Methodologies	
ANTH 315	Language in Culture and Society	
ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	
ARTH/AIS 337	Art of Tawantinsuyo	
CJ/WGSS 111	Gender, Race, Class, and Communication: The Social Construction of Identity	
ECON 330	Experiences of Minoritized Groups in U.S. Economy	
ECON/LAS 356	Economic Development of Latin America	
ECON/WGSS 357	Women and Economic Development	
ES 385	Social Foundations: Human Relations	
ENV 101	Sustainability Basics and Beyond	
ENV 140	Water Problems, Water Solutions	
ENV/GEOG 378	International Environmental Problems and Policy	
FLG 378	Second Language Acquisition Theory	
FLTR/LAS 350	Latin American Literature in Translation	
GEOG 111	Planet Earth: Human Geography	
GEOG 178	Planet Earth: Conservation of the Environment	
GEOG/LAS 321	Geography of Latin America	
HIST/LAS 172	Latin American History: Colonial to the Present	
HIST/WGSS 205	American Women's History	
LAS 314	Music and Dance of Latin America	
LAS 324	Latinx Health and Migration to the U.S.	
LAS 389	Domestic Immersion Experience	
LAS 390	International Immersion Experience	
LAS 395	Directed Studies	
LAS 399	Independent Study - Juniors	
LAS 488	Internship ²	
LAS 491	Special Topics	
LAS 498	Internship with Immersion ²	
LAS 499	Independent Study - Seniors	

MATH 107	Mathematics in Latin American Cultures
NRSRG 367	Community and Public Health Nursing
NRSRG 389	Cross Cultural Health
NRSRG 428	Practicum: Nursing Leadership I (when focused on Latin American and/or Latinx/Hispanic related topics)
PH 115	Global Health
PH/NRSRG 225	Introduction to Public Health
PHIL 320	Environmental Ethics
POLS/LAS 319	Politics of Latin America
POLS 325	Model United Nations
RELS/WGSS 203	Women and World Religions
RELS/AIS 330	Indigenous Religions of the Americas
SOC/WGSS 202	Sociology of Gender
SOC 312 or SOC 314	Race and Ethnicity in the U.S. Social Class and Inequality
SPAN/LAS 352 or SPAN/LAS 354	Latin American Civilization Latin American Civilization: Regional Focus
SPAN 492	Seminar in Hispanic Linguistics Research
SW 290	Human Rights and Global Justice
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies
WGSS 206	Perspectives in LGBTQ Studies
WGSS 315	Women of Color Feminisms
WGSS 335	Transnational Feminism
WGSS 422	Women's, Gender, and Sexuality Studies Advanced Travel Seminar (when offered as Women in Nicaragua)
Immersion Requirement ³	

¹ or equivalent courses offered in the study abroad programs. Also, Honors courses focused on Latin American and/or Latinx/Hispanic related topics may be counted as an LAS elective; please consult with an LAS advisor in a timely manner for more information about these options.

² Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the minor.

³ **Immersion Requirement:** The Latin American and Latinx Studies, Minor requires an immersion experience in a country of Latin America or participation in a faculty-led immersion experience focused on Latinx communities in the US. There are a variety of options for fulfilling the immersion requirement, including winterim, semester and summer programs abroad of a minimum three weeks' duration, Faculty-Led International Immersion Experiences (FLIEs) and Domestic Intercultural Immersions (DIIs) of any duration that have been approved by the Latin American and Latinx Studies Program, National Student Exchange, internships, and volunteer work. No home stay during immersion is required for this minor. Please consult with your advisor early on in your studies to choose the immersion experience that will work best for you. Because course offerings in study abroad programs vary, please consult with the Center for International Education and your Latin American and Latinx Studies advisor early on in your studies to choose the time, program, and courses that will work best if you plan to fulfill your immersion experience through study abroad. Courses taken during study abroad may satisfy some of the

requirements for the minor or Liberal Education (LE) experiences and reduce time to graduation.

Note: For program combinations involving Latin American and Latinx Studies programs, students must earn a minimum of 48 unique credits for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.
- Communicate with proficiency in a non-English target language of Latin America, the Caribbean, or Latinos/Hispanics in the United States.¹

¹The desired benchmark for linguistic proficiency in the target language for the Latin American and Latinx Studies minor is the Intermediate Mid level or above according to the ACTFL proficiency guidelines (<https://www.actfl.org/publications/guidelines-and-manuals/actfl-proficiency-guidelines-2012/english/>). Presently the target language in Latin American and Latinx Studies is Spanish. With the consent of the LAS Steering Committee students may work to develop proficiency in other languages spoken in Latin America and the Caribbean.

Materials Science and Biomedical Engineering

Phillips 177

715-836-5504

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/>)

The Materials Science & Biomedical Engineering Department offers comprehensive majors in Materials Science, Materials Science & Engineering, and Biomedical Engineering. All three degree programs are designed to give students a strong foundation in fundamental sciences and mathematics.

The field of materials science and engineering is the study of “condensed matter” (that is, solids and liquids), and how an understanding of materials can be applied to fabricating devices and structures of utility. A relatively young discipline, materials science is an outgrowth of two traditional areas: the study of matter (and its structure-property relationship) that originated in chemistry and physics, and developments in various “materials” engineering fields (notably, microelectronics, metallurgy, ceramics, and plastics). More generally, materials scientists and materials engineers explore the interdependence of how a material is processed, its structure, and its properties, and how these impact material performance.

Biomedical engineering is also a relatively new area that explores the integration of engineering, technology and computation with the medical field.

BME is a diverse discipline that covers specialties such as medical imaging, medical devices and instrumentation, cell and tissue engineering, 3D printing and biomaterials. The focus of this degree is designing and implementing

new approaches that can help enhance disease diagnosis, improve disease management and lead to better treatments.

Department Honors in Materials Science & Biomedical Engineering

Eligibility – All students majoring in Materials Science, Materials Science and Engineering, or Biomedical Engineering are invited to apply. Students should have a resident GPA and an overall GPA of 3.50 or higher. Student should also have a GPA of 3.50 or higher in their Materials Science, MS&E, or BME major, and meet the Department's "High Impact" experience requirements (described below).

Application Procedure and Requirements – Submit an application form (available in the Department office) after completing four semesters at UW-EC, but no later than the student's graduation semester (e.g., during the Spring semester for a May graduate). A departmental faculty member familiar with the student's work (i.e., the student's faculty advisor, research advisor, etc.) must endorse the application. In addition to the GPA requirements listed above, the student submits evidence to the supporting faculty member that at least two High Impact experiences (of the seven) listed below have been completed; completing one of the seven experiences twice is not sufficient for Department Honors.

1. a summer research experience off campus as part of a federal program (NSF, NIST, DoD, DoE, etc.)
2. an appropriate internship related to the student's major
3. a Study Abroad experience or Domestic Intercultural Immersion experience
4. an appropriate "professional" presentation, which can be met by either:
 - a. any presentation at an off-campus conference
 - b. an **oral** presentation at CERCA, the Provost's Honors Symposium, the WiSys Quick Pitch, or an accepted talk at the departmental seminar series
5. a faculty/student collaborative research project (that includes a poster presentation at CERCA)
6. a publication in a peer-reviewed journal
7. other immersive experience that is approved by the Materials Science & Biomedical Engineering faculty for departmental honors

Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools.

Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves

to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Science Degree (B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 251-001)

The Bachelor's of Science in Materials Science and Engineering (MS&E) is a traditional engineering major, rigorously structured and grounded in science and math. Students in this major develop a strong foundation in mathematics, and the major emphasizes science themes more strongly than other engineering disciplines. As with all engineering degrees, the application of fundamental ideas through design is central to the major.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree. In addition to core courses, students must complete 6 credits of MSE electives, 3 credits of engineering electives and 6 credits of technical electives from the courses listed below.

Code	Title	Credits
Core courses:		
MATERIALS SCIENCE & ENGINEERING		
MSE 120	Introduction to Engineering	2
MSE 221	Living in a Materials World	3
MSE 256	Introduction to Computer Aided Design	1
MSE 286	Engineering Sophomore Seminar	1
MSE 307	Engineering Statistics	4
MSE 315	Materials Characterization	4
MSE 334	Soft Materials	4
MSE 350	Thermodynamics of Materials	4
MSE 357	Phase Transformation & Kinetics	3
MSE 362	Microelectronic Materials Processing	2
MSE 367	Macroprocessing of Materials	3
MSE 368	Macroprocessing Materials Lab	2
MSE 372	Transport Phenomena	3
MSE 374	Electrical, Optical and Magnetic Properties of Materials	4
MSE 386	Engineering Junior Seminar	1
MSE 486	MS&E Capstone I	2
MSE 487	MS&E Capstone II	2
CHEMISTRY		
CHEM 115	Chemical Principles	6
or		
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab ¹	
CHEM 325	Organic Chemistry I with Laboratory	4
MATHEMATICS		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 312	Differential Equations and Linear Algebra	4
PHYSICS		
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
MSE Elective Courses, choose from:		
MSE 406	Failure Analysis and Prevention	6
MSE 451	Computational Materials Science	
MSE 475	Nanomaterials	
Once the MSE Elective requirement has been satisfied, additional MSE Elective courses may count towards the Engineering Elective or the Technical Elective requirements.		
Engineering Elective Courses, choose from:		
Any BME course 200 or above ²		
PHYS 240	Computational Physics ²	3
PHYS 255	Statics ²	
PHYS 350	Electric and Electronic Circuits ²	
PHYS 360	Electronics ²	
Technical Elective Courses, choose from:		
Any BME course 200 or above ²		
CHEM 213	Quantitative Analysis	6

CHEM 326	Organic Chemistry II with Laboratory
CHEM 352	Fundamentals of Biochemistry
CS 145	Programming for New Programmers
or CS 148	Programming for Experienced Programmers
CS 163	Introduction to Programming in C++
CS 170	Computing for the Sciences and Mathematics
CS 245	Advanced Programming and Data Structures
CS 252	Computer Systems
CS 330	Programming Languages
MATH 216	Calculus III
MATH 313	Digital Signal Processing
MATH 314	Discrete Mathematics
MATH 315	Advanced Calculus I
MATH 316	Introduction to Real Analysis
MATH 317	Introduction to Real Analysis II
MATH 318	Introduction to Complex Variables
MATH 324	Linear Algebra
MATH 351	Numerical Analysis I
MATH 354	Introduction to Mathematical Modeling
MATH 440	Digital Image Processing
MATH 441	Linear Regression Analysis, with Time Series
MATH 443	Experimental Design and Analysis
MSCI 395	Directed Studies
MSCI 399	Independent Study - Juniors
MSCI 499	Independent Study - Seniors
MSE 289	Research Experience - MSE
MSE 363	Microelectronic Materials Processing Lab
MSE 395	Directed Studies
MSE 493	Collaborative Internship
MSE 494	Off-campus Materials Science Internship
PHYS 240	Computational Physics ²
PHYS 255	Statics ²
PHYS 340	Optics
PHYS 350	Electric and Electronic Circuits ²
PHYS 356	Dynamics
PHYS 360	Electronics ²
PHYS 361	LabVIEW Basics
PHYS 362	LabVIEW Applications

A maximum of three credits from MSE 289, MSE 395, MSE 493, MSE 494, MSCI 395, MSCI 399, and MSCI 499 may count toward the Technical Electives.

¹ Only six credits apply to the major.

² Course used to satisfy the engineering elective may not also be used as a technical elective.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

College Degree Requirements

Bachelor of Science Degree (B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve

a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 252-001)

The Bachelor's of Science in Biomedical Engineering is a traditional engineering major that uses engineering principles and design concepts applied to medicine with a focus on health care. Biomedical Engineering consists of a diverse range of disciplines that are broadly focused on improving diagnosis, care and treatment of patients.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree. In addition to core courses, students must complete 7 credits of biomedical engineering electives, 3 credits of engineering electives and 3 credits of technical electives.

Code	Title	Credits
Required Courses		
BIOMEDICAL ENGINEERING		
BME 201	Introduction to Biomedical Engineering	2
BME 301	3D Printing in Medicine	3
BME 320	Clinical Problems in Biomedical Engineering	3
BME 330	Biomedical Engineering Instruments and Measurements w/lab	4
BME 340	Biomaterials	3
BME 370	Medical Imaging	3

PHYS 350	Electric and Electronic Circuits
PHYS 356	Dynamics
PHYS 360	Electronics
PHYS 361	LabVIEW Basics
PHYS 362	LabVIEW Applications

¹ Only 6 credits from the CHEM 105, CHEM 106 and CHEM 109 sequence can count toward the major.

² Cannot count a course in both engineering electives and technical electives categories. Courses from the engineering elective list not used to satisfy the engineering elective can be used to satisfy the technical elective. Courses from the Biomedical Engineering elective list not used to satisfy the Biomedical Engineering elective can be used to satisfy the technical elective.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Materials Science, Comprehensive Major

Liberal Arts (Code 250-010)

Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also

be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory	Credit Restrictions
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements

for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 250-010)

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

The major is comprised of a minimum of 63 credits, including completion of core courses, at least six credits from courses in the Materials Science electives, and at least six credits in a chosen emphasis. Credits applied toward the electives and emphasis must be unique credits.

Code	Title	Credits
CORE COURSES		
Materials Science		
MSE 221	Living in a Materials World	3
MSE 286	Engineering Sophomore Seminar	1

MSE 315	Materials Characterization	4
MSE 334	Soft Materials	4
MSE 350	Thermodynamics of Materials	4
MSE 357	Phase Transformation & Kinetics	3
MSCI 384	Materials Science Junior Seminar	1
MSCI 484	Materials Science Capstone I	1
MSCI 485	Materials Science Capstone II	2
Chemistry		
CHEM 115	Chemical Principles	6
or		
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab ¹	9
CHEM 325	Organic Chemistry I with Laboratory	4
Mathematics		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
Physics		
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
ELECTIVE COURSES 6		
MSE 256	Introduction to Computer Aided Design	
MSE 289	Research Experience - MSE	
MSE 307	Engineering Statistics	
MSE 362	Microelectronic Materials Processing	
MSE 363	Microelectronic Materials Processing Lab	
MSE 367	Macroprocessing of Materials	
MSE 368	Macroprocessing Materials Lab	
MSE 372	Transport Phenomena	
MSE 374	Electrical, Optical and Magnetic Properties of Materials	
MSE 395	Directed Studies	
MSE 406	Failure Analysis and Prevention	
MSE 451	Computational Materials Science	
MSE 475	Nanomaterials	
MSE 493	Collaborative Internship	
MSE 494	Off-campus Materials Science Internship	
MSCI 395	Directed Studies	
MSCI 399	Independent Study - Juniors	
MSCI 499	Independent Study - Seniors	

¹ Only six credits apply to major.

NOTES:

- A maximum of three credits total from MSE 289, MSE 395, MSE 493, MSE 494, MSCI 395, MSCI 399, and MSCI 499 may be applied toward the Electives category.
- MATH 312 is recommended for students planning to attend graduate school.

EMPHASIS REQUIREMENTS

Six credits in an Emphasis required. All six emphasis credits must meet the requirements described in either A or B below.

A. Defined emphasis

- Be from the same prefix
- Be from the following prefixes: BIOL, BME, CHEM, CS, GEOL, MATH, MGMT, PHYS
- Be from UWEC courses numbered 300 or above, or from courses appropriate for a major, such as: BIOL 221, BIOL 222, BIOL 223, BME courses 200 level and above, CHEM 213, CHEM 218, CS 145, CS 148, CS 163, CS 170, CS 245, CS 252, GEOL 106, GEOL 110, GEOL 115, GEOL 118, and MATH 216

B. Distributed emphasis

The student may pursue an emphasis that reflects a thematic area of concentration and intentional connections. Such an emphasis, with approval of the faculty advisor, must draw from courses appropriate for a major in another area distinct from Materials Science or Materials Science and Engineering.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Materials Science, Certificate

(Code 250-601)

The **Certificate in Materials Science** is designed to give students and professionals core technical knowledge and lab skills in materials science to enhance another degree.

Code	Title	Credits
A minimum of 15 credits, including:		
MSE 221	Living in a Materials World	3
MSE 256	Introduction to Computer Aided Design	1
MSE 315	Materials Characterization	4
MSE 357	Phase Transformation & Kinetics	3
MSE 334	Soft Materials	4-5
or MSE 367 & MSE 368	Macroprocessing of Materials and Macroprocessing Materials Lab	

Note: Students pursuing the Materials Science certificate and any of the Physics liberal arts standard major emphases to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the certificate and the major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome:

- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

Mathematics

Hibbard Humanities Hall 508

715-836-3301

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/mathematics/>)

Mathematics has formed an important part of our intellectual heritage for centuries. In addition to having its own aesthetic value, it pervades a growing number of human endeavors. Mathematics is applied in fields as diverse as business, engineering, the physical and life sciences, the social sciences, computer science, and the fine arts. Society therefore expects of its members ever increasing mathematical knowledge and skill.

The mathematics curriculum is designed to address these needs. It provides a core of fundamental mathematics as well as a variety of electives for individuals with specific interests. Students may select programs to prepare for careers in applied mathematics, science, actuarial science, research, mathematics education, or for graduate study. Regardless of emphasis, the programs prepare students for their immediate career objectives and provide a background that will enable them to thrive in light of changing career needs and goals.

Information for All Students

1. All entering first-year and transfer students must take the mathematics placement test.
2. A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.
3. It is strongly recommended that a grade of C or above be achieved in any mathematics course that is to be used as a prerequisite to another course.

Department Honors in Mathematics

The Honors Program in mathematics is intended for mathematics majors—including actuarial science, mathematics education, and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the mathematical community outside the classroom. The high impact practices required for department honors in mathematics align with such experiences.

- **Eligibility:** Mathematics majors who have a resident and total GPA of 3.50 or higher, and have completed at least 12 hours of mathematics courses with a GPA of 3.50 or higher.
- **Application:** An application (which is available on the department website) must be submitted to the department chair, sponsored by a mathematics faculty member who can attest that you have completed two activities from the list below. The department recommends submitting the application during the junior year.

- **Requirements:** Graduate with a 3.50 GPA or higher in the major, and submit evidence to the department chair that two of the following have been satisfactorily completed:

1. A faculty/student collaborative mathematics research project
2. Score of 176 or above on the ETS Mathematics Content Knowledge assessment (Praxis II)
3. An off-campus mathematics presentation at a conference
4. Participation in a state, regional or national competition in Actuarial Science
5. Passing grade on two professional exams given by the Society of Actuaries or Casualty Actuarial Society
6. A mathematics related internship
7. Acceptance of a mathematics publication in a peer-reviewed journal.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer

Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

	Credit Restrictions

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate

will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k1/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 182-001)

This major prepares students for actuarial careers. Actuaries are business professionals who use mathematical models to evaluate the current financial impact of future contingent events. Actuaries work in a variety of settings including insurance companies, public accounting firms, government agencies, banks, and consulting firms.

Entry Requirements: To be admitted to this major students must:

1. Complete at least 15 credits of courses required for the major with a GPA in those courses of at least 3.0.
2. Complete MATH 346 and MATH 350 with a grade of B- or better, or earn a passing grade on the corresponding actuarial professional exam(s)

Code	Title	Credits
A minimum of 63 semester credits, including:		
MATH 114	Calculus I	4
MATH 150	Introduction to the Actuarial Career	1
MATH 215	Calculus II	4
MATH 216	Calculus III	4
MATH 346	Introduction to Probability	4
MATH 347	Mathematical Statistics	4
MATH 350	Introduction to Financial Mathematics	4
MATH 450	Foundations of Actuarial Science	4
MATH 475	Actuarial Foundations of Short-Term Coverages	4
MATH 312	Differential Equations and Linear Algebra	4
or MATH 324	Linear Algebra	
ECON 103	Principles of Microeconomics	3
or ECON 303	Intermediate Microeconomic Theory	
ECON 104	Principles of Macroeconomics	3
or ECON 304	Intermediate Macroeconomic Theory	
MATH 441	Linear Regression Analysis, with Time Series	3-4
or ECON 316	Econometrics	
ACCT 201	Introduction to Accounting	3
IS 240	Information Systems in Business	3
BCOM 206	Business Writing	2
OR		
BCOM 207	Business Presentations	
OR		
MATH 260	Actuarial Communications	
FIN 320	Principles of Finance	3
DS 140	Basics of Data Analysis with R	2-4
or DS 150	Computing in Python: Fundamentals and Procedural Programming	
MATH 442	Advanced Statistical Modeling	4
or MATH 460	Contingent Payment Analysis	

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Apply probability methods to describe random behavior.
- Use interest theory techniques to value deterministic cash flows.
- Apply both probability and theory of interest concepts to model and solve actuarial problems involving contingent cash flows.

Mathematical Problem Solving, Minor-Liberal Arts

Liberal Arts (Code 180-409)

A minimum of 24 credits from mathematics courses must be earned as described below.

Code	Title	Credits
Core Requirements:		
MATH 114	Calculus I	4
MATH 365	Patterns of Problem Solving	4
At least one of:		
MATH 314	Discrete Mathematics	
MATH 322	Abstract Algebra for Elementary Teachers	
Additional courses may be chosen from:		
MATH 201	Number and Operations I	
MATH 202	Number and Operations II	
MATH 246	Elementary Statistics	
MATH 297	Developmental Tutoring Techniques (At most two credits count for minor)	
MATH 302	Algebraic Thinking	
MATH 303	Probability and Statistical Thinking	
MATH 304	Geometric Thinking	
MATH 307	Mathematics and Music	
MATH 330	Modern Geometry	
MATH 341	Classical Number Theory	
MATH 441	Linear Regression Analysis, with Time Series	
MATH 451	Teaching Mathematics with Technology	
MATH 462	History of Mathematics	
Or other mathematics courses numbered above 305		

Note: Students cannot pursue a major in Mathematics and this minor to meet graduation requirements for completing a first and second degree program.

Program Learning Outcome

Students completing this program will be expected to meet the following learning outcomes:

- Make sense of problems and persevere in solving them.
- Construct viable arguments and critique the reasoning of others utilizing precise language and multiple representations.
- Use appropriate tools strategically.
- Look for and make use of structure.

Mathematics, Actuarial Science, Minor

(Code 180-406)

This minor is intended to provide students with actuarial skills useful in business areas such as insurance and financial services. The coursework will prepare the student for at least two actuarial professional examinations.

Code	Title	Credits
Twenty-four semester credits, including:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
MATH 346	Introduction to Probability	4
MATH 347	Mathematical Statistics	4
MATH 350	Introduction to Financial Mathematics	4
Total Credits		24

MATH 450, MATH 460, and MATH 470, though not required, may be taken with department permission.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Apply probability methods to describe random behavior.
- Use interest theory techniques to value deterministic cash flows.
- Apply both probability and theory of interest concepts to model and solve actuarial problems involving contingent cash flows.

Mathematics, Liberal Arts Emphasis, Major

Liberal Arts (Code 180-201)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average

Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Camp5.

- ¹ Certain programs exceed this minimum.
- ² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	

Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 180-201)

The liberal arts emphasis is the traditional mathematics major, providing preparation for graduate school as well as a broad range of careers in business, government, and industry. Because of the variety of courses available, students are strongly encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

A minimum of 36 credits from mathematics courses must be earned as described below.

Code	Title	Credits
Required:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
MATH 316	Introduction to Real Analysis	3
MATH 324	Linear Algebra	4
MATH 425	Abstract Algebra I	3
At least one of the following:		
MATH 317	Introduction to Real Analysis II	3
MATH 426	Abstract Algebra II	3
Additional mathematics courses numbered above MATH 305		11

Code	Title	Credits
Three credits required, not counted toward credits in major, from the following:		
PHIL 250	Symbolic Logic	
CS 145	Programming for New Programmers	
CS 163	Introduction to Programming in C++	
DS 150	Computing in Python: Fundamentals and Procedural Programming	
Another computer science course approved by the Mathematics Department		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

Mathematics, Minor - Liberal Arts

Liberal Arts (Code 180-401)

Code	Title	Credits
Twenty-four semester credits, including:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
At least one course from:		
MATH 312	Differential Equations and Linear Algebra	
or MATH 324	Linear Algebra	

Remaining credits to be chosen from mathematics courses numbered above 305

NOTE: At least one course in a computer programming language is recommended.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

This comprehensive major prepares students in mathematics both deeply and broadly, and is especially well-suited for students who want to use independent and collaborative creative math problem-solving skills in their careers, either by going directly into industry or by attending graduate school in math, applied math, or a related field. Students in this major participate in at least two math research experiences for credit. Because of the variety of research topics available, students are strongly encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

Liberal Arts (Code 180-003)

Code	Title	Credits
A minimum of sixty semester credits, including:		
Mathematics Core		22
MATH 114	Calculus I	
MATH 215	Calculus II

Choose two:		
MATH 317	Introduction to Real Analysis II	
MATH 335	Introduction to Point-Set Topology	
MATH 347	Mathematical Statistics	
MATH 426	Abstract Algebra II	
Elective mathematics courses		12-13
Remaining credits to be chosen from:		
Math courses numbered above 305		
CS/logic requirement		3
Choose one:		
CS 145	Programming for New Programmers	
CS 163	Introduction to Programming in C++	
PHIL 250	Symbolic Logic	
DS 150	Computing in Python: Fundamentals and Procedural Programming	
or another course with approval of the mathematics department		
Speech requirement		3
CJ 202	Fundamentals of Speech	
Applications of mathematics requirement		6
Minimum 6 credits in a sequence selected from:		
BIOL 221 & BIOL 222	Foundations of Biology I and Foundations of Biology II	
CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	

CS 245 & CS 335	Advanced Programming and Data Structures and Algorithms
-----------------	---

ECON 103 & ECON 104	Principles of Microeconomics and Principles of Macroeconomics
---------------------	---

PHYS 231 & PHYS 232	University Physics I and University Physics II
---------------------	--

or another disciplinary sequence approved by the mathematics department

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Communicate mathematical concepts effectively with speech and writing skills.
- Identify and formulate open research problems and implement proper proof techniques to answer open problems.

Mathematics, Statistics and Applied Mathematics Emphasis, Major

Liberal Arts (Code 180-209)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
 Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 180-209)

The statistics and applied mathematics emphasis is appropriate for students interested in either scientific or engineering applications of mathematics, careers in business, industry or statistics, data science, or graduate work in areas such as engineering, operations research, optimization, or statistics. Because of the variety of courses available, students are encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

For those students focusing on applied mathematics, MATH 312 is strongly recommended. For those students focusing on statistics, MATH 347 is strongly recommended.

A minimum of 36 credits from mathematics courses must be earned as described below.

Code	Title	Credits
Core Requirements:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
MATH 316	Introduction to Real Analysis	3
MATH 324	Linear Algebra	4
MATH 425	Abstract Algebra I	3

Elective Requirements

Code	Title	Credits
At least ten credits from the following list. MATH 312 or MATH 347 must be taken.		
MATH 307	Mathematics and Music	
MATH 312	Differential Equations and Linear Algebra	
MATH 313	Digital Signal Processing	

MATH 318	Introduction to Complex Variables
MATH 345	Introduction to Probability and Mathematical Statistics
MATH 346	Introduction to Probability
MATH 347	Mathematical Statistics
MATH 351	Numerical Analysis I
MATH 354	Introduction to Mathematical Modeling
MATH/PHYS 440	Digital Image Processing
MATH 441	Linear Regression Analysis, with Time Series
MATH 442	Advanced Statistical Modeling
MATH 443	Experimental Design and Analysis
MATH 445	Survey Sampling
MATH 447	Nonparametric Statistics

Plus additional upper division mathematics courses to reach 36 credits. Credits from MATH 302, MATH 303, MATH 304, MATH 322, MATH 365, MATH 451, and MATH 498 may not be counted towards the required 36 credits.

Code	Title	Credits
Minimum three credits required, not counted toward credits in major, from the following:		
PHIL 250	Symbolic Logic	
CS 145	Programming for New Programmers	
CS 163	Introduction to Programming in C++	
DS 150	Computing in Python: Fundamentals and Procedural Programming	
Another computer science course approved by the Mathematics Department		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Use mathematics to solve problems for the natural, social, or actuarial sciences.
- Select appropriate methods and apply them using technology to solve problems.

Music and Theatre Arts

Haas Fine Arts 156

715-836-4954

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/music-theatre-arts/>)

Honor Societies and Student Organizations

There are eight nationally-affiliated music student organizations at UW-Eau Claire, including student chapters of National Association for Music Education,

American Choral Directors Association, American String Teachers Association, National Association of Teachers of Singing, National Band Association Collegiate Chapter, United States Institute for Technical Theatre, and American Music Therapy Association for Students; the professional fraternities Phi Mu Alpha-Sinfonia and Sigma Alpha Iota; and the honor society Pi Kappa Lambda.

The performing arts enjoy an enviable reputation at UW-Eau Claire. Outstanding student and faculty performances in music, theatre, and dance; innovative classroom experiences; and active outreach are hallmarks of the Department of Music and Theatre Arts.

Music

Throughout history the study of music has been held to be one of the noblest pursuits of humanity. Music integrates and develops an understanding of our intellect, our emotions, and our senses. As such, it is both a personal and universal art.

All baccalaureate degrees in music emphasize the development of skills, concepts, and sensitivity essential to the professional life of the musician. Whether a professional performer, teacher, or composer, the musician must function as one who exhibits not only technical competence but also a broad knowledge of music and music literature, sensitivity in musical style, and an insight into the role and effect of music in society. Courses for the general university student provide an environment which promotes a broad intellectual and cultural appreciation of music.

The Department offers the Bachelor of Arts or Science degree in liberal arts—music; liberal arts—theatre arts, including a musical theatre emphasis; Bachelor of Music Education degrees leading to teacher licensure; and Bachelor of Music degrees in applied music and composition. A liberal arts minor is offered in music and theatre arts. The department also offers five certificates: Arts Administration, Dance Activities, Recording Arts, Songwriting, and Theatre Arts.

The University of Wisconsin-Eau Claire is an accredited institutional member of the National Association of Schools of Music.

General Requirements—Music Majors and Minors

Academic Preparation

Students planning to major in music should have experience playing an instrument in their high school band or orchestra, singing in a high school choral ensemble, or should have studied an instrument (e.g., piano or guitar) privately for a significant period of time. It is expected that prospective music majors be able to read music and sight-sing in at least one clef. Although not mandatory, private study in voice or an instrument will be very beneficial in preparation for college study in music; it offers significant advantages in terms of enhancing individual performance technique and provides exposure to standard music literature. Ability to play piano—even at a rudimentary level—and read both treble and bass clefs is a desirable attribute for any music major. In addition, it is helpful for students to have taken high school theory and/or music appreciation courses.

Admission

Applicants must apply to the University before completing audition requirements.

All applicants for admission to degree programs in music must satisfactorily complete an audition in a performance area. Students with any piano playing experience are asked to take a placement examination in piano (when piano is not a major instrument). Applicants to the B.M.E. degree must audition in wind, string, percussion, piano, or voice. Minimum repertoire standards

for all performance areas are available from the department's Web site at [www.uwec.edu/mus-the/](http://uwec.edu/mus-the/) (<http://uwec.edu/mus-the/>).

Scholarships are available to a limited number of applicants who demonstrate superior musical ability. An application for the audition and placement constitutes an application for a department scholarship, and no separate form is required. Applicants recommended for scholarship assistance will be notified after the audition.

The Department of Music and Theatre Arts adheres to the code of ethics of the National Association of Schools of Music (NASM). The acceptance of financial aid by an applicant is considered a declaration of intent to attend the institution; after May 1, the applicant may not consider any other offer from a NASM member institution without the written consent of the first institution. Similarly, a transfer applicant from a senior college or university cannot be considered for a scholarship without the recommendation of the institution from which the transfer is being made.

Graduation Requirements

Keyboard Placements. All entering freshmen and transfer students with piano experience who do not have piano as a major instrument take a piano placement examination which determines the level of class piano (MUSI 106 or MUSI 108) in which they will be enrolled to prepare for the piano proficiency examination. If the placement test indicates a sufficiently high level of ability, the student may be directed to applied piano (MUSI 151). A keyboard placement resulting in a higher-numbered keyboard course, i.e., MUSI 108 or MUSI 151, does not constitute credit by examination for a lower-numbered course. Credit by examination is not available for MUSI 104, MUSI 106, MUSI 108, MUSI 278, or MUSI 378.

The Piano Proficiency Examination must be passed

1. prior to enrollment in MUSI 350 for all music majors or MUED 310 if student is a Music Education major and/or
2. one year prior to admission to the professional semester for students working toward teaching licensure (B.M.E. programs) and/or
3. prior to graduation in any music major/minor program. It is offered only during the Fall and Spring Semester final examination periods. The Piano Proficiency Examination tests performance in major and minor scales, arpeggi, sight-reading, harmonization, transposition, and memorization.

Satisfactory/Unsatisfactory Policy. No music course may be taken under the Satisfactory/Unsatisfactory option.

Audit Policy. Applied lessons may not be taken for audit.

Special Student Status. High school students may enroll with permission of the instructor for courses in the Department of Music and Theatre Arts during the Special Student Registration. Because of demand for some courses and limitations on enrollment, degree students will be given priority. Credits earned as high school special students will be reviewed for acceptance into degree programs after official admission to the university and department. Credit review procedure is the same as that for transfer students. Enrollment in graduate music courses under the special student admission status is not allowed except in workshops or by consent of the instructor.

NOTE: A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.

Bachelor of Music

Major applied lessons carry credits as follows: one 30-minute private lesson per week for one credit; one hour lesson per week for two, three, or four credits.

The number of applied credits per semester indicates the minimum number of practice hours per day.

All applied B.M. students may present a half recital in the junior year and must present a full recital in the senior year. Recital requirements apply to the following comprehensive music majors:

- Applied Instrumental (Code 060-041)
- Applied Voice (Code 060-042)
- Composition (Code 060-048)

Theatre Arts and Dance

The arts of theatre—acting, directing, playwriting, design, literature, and costuming—enable us to explore the experiences of humans and the universe. Theatre Artists study human ideas, values, relationships, obsessions, and accomplishments. Practical experimentation and practice of the arts of the theatre increases our ability to present human experiences to audiences for both entertainment and enlightenment.

Theatre Arts programs offer students training in various aspects of theatre including technical theatre, acting, directing, dance, dramatic literature, playwriting, and arts management.

Departmental Honors in Music and Theatre Arts

Eligibility

Upper-class music and theatre arts majors with resident and transfer GPAs of 3.50 or higher and a 3.50 or higher in the major are eligible for participation in the departmental honors program. Participants whose cumulative and/or major GPA falls below 3.50 can still graduate with honors as long as their GPA increases to 3.50 before graduation.

Requirements for Graduation with Departmental Honors

1. Following invitation, submit application to the honors committee for entry into the departmental honors program. Among other requirements, your application will detail plans for areas of research as well as the different departmental courses and the projects you propose to complete within them as part of the honors program.
2. Complete all requirements for major in the department with a cumulative GPA of 3.5 or better.
3. Earn 3 honors credits prior to graduation by completing honors projects proposed to and approved by the honors committee. Different projects may be designed to vary in credit value by intersecting with multiple research areas. For example, a single approved project could blend or "crossover" from the distinct areas of music history and performance in order to gain credit for 2 of the 3 required honors credits.

Majors

- Comprehensive Major: Music Teaching – Instrumental Emphasis - B.M.E. (College of Education and Human Sciences Secondary Education Program)
- Comprehensive Major: Music Teaching – Choral Emphasis - B.M.E. (College of Education and Human Sciences Secondary Education Program)
- Comprehensive Major: Music, Applied Instrumental - B.M.
- Comprehensive Major: Music, Applied Voice - B.M.
- Comprehensive Major: Music, Composition - B.M.
- Major, Music, Liberal Arts - B.A./B.S.
- Comprehensive Major: Theatre Arts, Liberal Arts - B.A./B.S.
- Comprehensive Major: Theatre Arts, Musical Theatre - B.A./B.S.
- Major: Theatre Arts, Liberal Arts - B.A./B.S.

Minors

- Minor: Music, Liberal Arts
- Minor: Theatre Arts, Liberal Arts

Certificates

- Certificate: Arts Administration
- Certificate: Dance Activities

- Certificate: Recording Arts
- Certificate: Songwriting
- Certificate: Theatre Arts

Arts Administration, Certificate

(Code 060-602)

The **Certificate in Arts Administration** provides students with a core body of knowledge and skills to effectively manage community or institutionally based arts organizations and provides a foundation for continued study in arts administration. Emphasis is placed on management and communication skills useful to administrators of arts enterprises. The 18-credit program includes an arts management seminar, an immersive arts leadership course, three (3) credits of internship experience, and elective courses.

Code	Title	Credits
Eighteen semester credits, including:		
IDIS 410	Arts Administration Seminar	3
THEA 300	Leadership in the Arts	3
OR		
An additional internship in arts administration (MUSI 498 or THEA 498)		
Three credits from one of the following internship courses: ¹		3
MUSI 498	Music Internship	
THEA 498	Theatre Arts Internship	
Nine credits from at least two different department areas (see stipulations below)		9
Total Credits		18

¹ The internship must be in arts administration with clear learning outcomes appropriate to the discipline. It may consist of a single 3-credit internship experience or multiple experiences that add up to 3 credits. Although the course listing is a THEA or MUSI course, the internship experience itself may be from any arts discipline with department permission.

A combined total of at least 9 credits from the listings below, with the following stipulations:

- 1) Courses used to complete major requirements do not count toward completion of the certificate.
- 2) Students must take at least three (3) credits from Group A (ART, ARTH, DNCE, HIST, IDIS 303, MUSI, THEA) and at least three (3) credits from Group B (ACCT, BLAW, BSAD, BCOM, CJ, ENGL, IDIS 190, MGMT, MKTG). The remaining three (3) elective credits may come from either group.

Code	Title	Credits
Group A		
Art Area:		
ART 105	Introduction to the Visual Arts

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand the arts and their relevance in society today.
- Understand the managerial issues and techniques for arts organizations today.
- Demonstrate critical-thinking skills and communicate clearly when analyzing issues facing arts organizations today.

Dance Activities, Certificate

(Code 605-601)

The **Dance Activities Certificate Program** is open to any student with a passion for dance and looking to gain knowledge of common forms of dance, including ballet, tap, jazz, and modern. This program focuses on studio dance experiences that will prepare graduates for a variety of careers in dance and performing arts.

Code	Title	Credits
Thirteen credits minimum, including:		
DNCE 101	Dance Appreciation	3
Physical Practice courses (8 credits) selected from:		8
DNCE 110	Ballet I	
DNCE 112	Modern Dance I	
DNCE 114	Jazz Dance I	
DNCE 116	Tap Dance I	
DNCE 310	Ballet II	
DNCE 312	Modern Dance II	
DNCE 314	Jazz Dance II	
DNCE 316	Tap Dance II	

One course elective (minimum two credits): 2

KINS 294	Anatomical Kinesiology
THEA 121	Introduction to Technical Theatre
THEA 130	Acting I
THEA 239	Stage Movement
MUSI 110	Music Appreciation
MUSI 225	Global Traditions in Music
MUSI 307	Music in the United States
Any DNCE prefix course	

Note: Courses cannot be counted in both the major and the certificate program.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Understanding dance as a creative art form within its cultural, historical, and theoretical context.
- Increase movement ability, musicality, and accuracy through practice of the basic elements of dance: space time and energy.
- Demonstrate basic dance technique in more than one genre of dance.
- Create original work, perform original work, or interpret work of others.
- Develop a vocabulary for discussing dance history, dance performances, and choreograph.

Music, Applied Instrumental, Comprehensive Major

Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS **a minimum of 36 credits**

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sL/#header13)	30 hours

College Degree Requirements

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Major Requirements

Three credits of elective ensembles from:		
MUSI 184/384	University Orchestra	
MUSI 253/453	University Chamber Orchestra	
MUSI 255/455	String Ensemble	
MUSI 259/459	Jazz Combo	
MUSI 260/460	Contemporary Music Ensemble	
Piano--		
Three credits from:		
MUSI 268/468	Piano Ensemble	
Seven credits from any other ensemble, in consultation with applied instructor		
Guitar--		
Three credits from:		
MUSI 255/455	String Ensemble	
Seven credits from any other ensemble, in consultation with applied instructor		
Electives in Music		
Select from the following:		2
MUSI 150	Beginning Composition	
MUSI 170	Applied Music-Composition	
MUSI 276	Keyboard Accompanying	
MUSI 325	Orchestration	
MUSI 335	Counterpoint	
MUSI 407	Music Theory Seminar	
Second Applied Instrument		
Piano Proficiency - passed prior to graduation		
Total Credits		74

¹ A minimum of one semester in orchestra is required for those who play orchestral instruments.

NOTES:

- 1) MUSI 404 (3 crs) may be used as an elective with advisor approval when topic differs from initial enrollment.
- 2) No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Demonstrate knowledge of diverse pedagogical techniques for their applicable performance medium.

College Degree Requirements**Bachelor of Music**

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency

as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Major Requirements**(Code 060-048)**

All students majoring in composition must earn a grade of at least C in each theory and each composition course.

Code	Title	Credits
Seventy-seven semester credits, including:		
	Theory	24
MUSI 141 & MUSI 142	Theory Written I and Theory Aural I

Electives in Music		5
Piano Proficiency - passed prior to graduation		
Total Credits		77

¹ Students who wish to take a full eight semesters of applied lessons may do so, at the discretion of the studio teacher, by applying music elective credits toward applied study.

Other Requirements

Freshman and transfer students interested in majoring in composition are strongly urged to present a composition portfolio to a member of the composition faculty before registering for any composition course. No possible credit for composition at another institution will be awarded before the end of the first semester of study at UW-Eau Claire.

NOTE: No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Demonstrate mastery of a range of traditional and current compositional styles.
- Demonstrate mastery of composing idiomatically as appropriate for the selected media.

Senior year	23
Major, Standard, upper division in residence	12

Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS**a minimum of 36 credits****Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
--	------------------------------

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
---	-----------------------------

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
---	------------------------------

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
--	-----------------------------

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
---	------------------------------

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Music Electives

A minimum of four to five credits elected from any course with a MUSI prefix for a minimum total of 24 credits and with the exception of MUSI 100, MUSI 102, MUSI 103, MUSI 104, and MUSI 118, which do not count toward a music minor. Maximum of two credits from elective ensembles, and maximum of two credits from applied music. 4-5

¹ MUSI 182/MUSI 382 or MUSI 193/MUSI 393 may be used by permission.

NOTES:

1) No music course may be taken under the Satisfactory/Unsatisfactory option.

2) The piano proficiency exam is a requirement and must be passed prior to graduation. MUSI 106 prepares students for MUSI 108. Students without piano skills are encouraged to take both MUSI 106 and MUSI 108 which prepare students for the piano proficiency exam.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.

Recording Arts, Certificate

(Code 061-601)

The interdisciplinary curriculum of the **Recording Arts Certificate** addresses diverse interests in both sound and technology. It offers a foundation in musicianship, design, and recording technology, and opportunities for students to pursue specific interests in areas of composition, design, music history, physics of sound or business. The program includes required and elective courses, and at least one internship. Applications are available through the Department of Music and Theatre Arts. Acceptance into the program may be limited due to available resources, internships, and needs of the program.

Code	Title	Credits
Eighteen semester credits, including:		
Required:		
MUSI 309	Electronic Music ¹	2
MUSI 317	Sound Technology Principles	3
MUSI 498	Music Internship	3
Electives to be selected from the following:		
BSAD 125	Essentials of Marketing	
or BLAW 305	Legal and Regulatory Environment	
or ACCT 201	Introduction to Accounting	
CJ 241	Audio and Video Production Process	
MATH 307	Mathematics and Music	
MATH 313	Digital Signal Processing	
MUSI 102	Fundamentals of Music	
MUSI 139	Music Theory Fundamentals	
MUSI 150	Beginning Composition	
MUSI 217	Topics in Sound Recording ²	
MUSI 225	Global Traditions in Music	
MUSI 325	Orchestration	
PHYS 308	Science of Musical Sound	
THEA 153	Light/Sound Shop Practicum	
or THEA 353	Advanced Light/Sound Shop Practicum	
THEA 221	Introduction to Design	

¹ In semesters when MUSI 309 is not offered, students may take MUSI 217 to fulfill this requirement.

² MUSI 217 may not be used to fulfill both requirements and electives.

Note: A maximum of three credits from the certificate can count to the major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Record sound with diverse variables, including both live and studio contexts.
- Mix and edit sound with digital recording software.
- Explain basic principles of acoustics and sound.

Songwriting, Certificate

(Code 061-602)

In the **Songwriting Certificate** emphasis is placed on developing songwriting skills for both lyrics and music, general musicianship skills, and

an understanding of the cultural significance of songs. Students explore how lyrics, melody, harmony, and structure make a great song, as well as develop the ability to create original songs. The 18-credit program includes courses in songwriting, creative writing, music theory, music history, and electives.

Code	Title	Credits
Eighteen semester credits, including:		
Required:		
ENGL 220 or ENGL 276	Introduction to Creative Writing Poetry	3
MUSI 112	History of Rock and Pop	3
MUSI 139 or MUSI 141 & MUSI 142	Music Theory Fundamentals Theory Written I and Theory Aural I	3-4
MUSI 326	Songwriting Seminar	3
Electives to be selected from the following:		
MUSI 103	Introduction to Electric Guitar	
MUSI 106 or MUSI 108	Class Piano Advanced Class Piano	
MUSI 114	Evolution of Jazz	
MUSI 116	Folk Guitar in Culture across Time	
MUSI 117	Beginning Guitar	
MUSI 118	Introduction to Singing	
MUSI 119	Classical and Folk Guitar	
MUSI 150	Beginning Composition	
MUSI 278	Functional Piano	
MUSI 326	Songwriting Seminar (a total of 6 credits from MUSI 326 can be applied to the certificate)	

Note 1: Students cannot pursue the Music Major and Songwriting Certificate to meet graduation requirements for completing a first and second degree program.

Note 2: A maximum of three credits from the certificate can count to the major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students demonstrate an understanding of how the different elements of a song contribute to its effectiveness.
- Students demonstrate the ability to create original songs.

Theatre Arts, Certificate

(Code 601-601)

Code	Title	Credits
Thirteen credits required:		
THEA 121	Introduction to Technical Theatre	3
THEA 130	Acting I	3
THEA 332	Directing	3
THEA Elective		3
One credit from:		1
THEA 170	Acting-Minor Roles/Chorus	
THEA 172	Scenic Construction Crew	

THEA 173	Light/Sound Board Operator
THEA 174	Costume Crew
THEA 175	Stage/Properties Crew
THEA 176	Makeup Crew
THEA 177	Publicity Crew
THEA 178	Electrics Crew
THEA 179	Special Effects/Sound Facilitator
THEA 370	Acting-Major Roles
THEA 371	Stage Manager/Assistant Director/ Assistant Choreographer
THEA 372	Assistant Scenic Design/Assistant Technical Direction
THEA 373	Assistant Lighting Design
THEA 374	Assistant Costume Design/Shop Supervisor
THEA 375	Properties Coordinator
THEA 376	Makeup Design
THEA 377	Publicity/Program Design
THEA 378	Lead Electrician
THEA 379	House Manager

Note: Courses cannot be counted in both the major and certificate program.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre's diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one's own creative work and the creative work of others.
- Demonstrate competency in the principles of design.

Theatre Arts, Comprehensive Major

Liberal Arts (Code 601-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12

Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one’s own creative work and the creative work of others.
- Demonstrate competency in the principles of design.

Theatre Arts, Minor - Liberal Arts

Liberal Arts (Code 601-422)

Code	Title	Credits
Twenty-four semester credits, including:		
THEA 121	Introduction to Technical Theatre	3
THEA 130	Acting I	3

Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign

language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

THEA 171	Assistant Stage Manager	
THEA 172	Scenic Construction Crew	
THEA 173	Light/Sound Board Operator	
THEA 174	Costume Crew	
THEA 175	Stage/Properties Crew	
THEA 176	Makeup Crew	
THEA 177	Publicity Crew	
THEA 178	Electrics Crew	
THEA 179	Special Effects/Sound Facilitator	
One credit from:		1
THEA 351	Advanced Costume Shop Practicum	
THEA 352	Advanced Scenic Shop Practicum	
THEA 353	Advanced Light/Sound Shop Practicum	
THEA 370	Acting-Major Roles	
THEA 371	Stage Manager/Assistant Director/Assistant Choreographer	
THEA 372	Assistant Scenic Design/Assistant Technical Direction	
THEA 373	Assistant Lighting Design	
THEA 374	Assistant Costume Design/Shop Supervisor	
THEA 375	Properties Coordinator	
THEA 376	Makeup Design	
THEA 377	Publicity/Program Design	
THEA 378	Lead Electrician	
THEA 379	House Manager	
Piano proficiency - passed prior to graduation		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre's diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one's own creative work and the creative work of others.
- Demonstrate competency in the principles of design.
- Demonstrate advanced competence in one or more theatre specializations in design, performance, scholarship (history, literature, criticism, performance), and musical theatre.

Philosophy and Religious Studies

Hibbard Humanities Hall 632
715-836-2545

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/philosophy-religious-studies/>)

Philosophy is the disciplined and critical inquiry into fundamental questions of human existence: What is the nature of reality? What is knowledge? Does God exist? Is my will free? What is the difference between right and wrong? What is the relation between the mind and the body? What is the meaning of life? Philosophers use reason and argument in the attempt to answer these questions. Philosophy is at the very heart of a liberal education. Students of philosophy learn to think critically and clearly, argue forcefully, and read carefully. They also learn how the history of philosophy has shaped modern thought and culture. A major in philosophy is excellent preparation for advanced study in a wide range of fields, including law. A minor in philosophy will enrich and complement any major field of study.

Religious Studies is the multi-disciplinary exploration of the phenomena of human experience commonly called "religious." This includes study of the genesis and interpretation of religious texts; the formation, history, beliefs, and practices of religious communities and traditions; the role of religion in society and culture; issues in religion and science, including the psychology of religious experience; religion in literature and the arts; religious morality; philosophy of religion. The academic study of religion provides an excellent "window" into other cultures, while enhancing students' understanding of their own society and its history. A degree in Religious Studies provides an excellent foundation for a wide range of careers, as well as preparing students for demanding graduate programs.

Student Organizations

Theta Alpha Kappa (Honor Society in Religious Studies)

Philosophy Club

Honors Program in Philosophy and Religious Studies

The Honors Program in Philosophy and Religious studies enables outstanding students to engage in challenging Honors coursework and creative Honors research experiences.

Eligibility: Admission is by departmental invitation to students who have demonstrated excellent intellectual potential. To be considered, students must have a minimum 3.5 GPA in the major and in all university coursework.

Requirements:

- 1) Complete an Honors Capstone Thesis as the outcome of the departmental seminar — either PHIL 485 (Seminar in Problems in Philosophy) or RELS 490 (Seminar in Religious Studies) — or an appropriately crafted Independent Study project.
- 2) Present the thesis research at or in a suitable local, regional, or national venue.

Majors

- Major: Philosophy, Liberal Arts - B.A./B.S.
- Major: Religious Studies, Liberal Arts - B.A./B.S.

Minors

- Minor: Philosophy, Liberal Arts
- Minor: Religious Studies, Liberal Arts

Certificates

- Certificate: Analytical Reasoning
- Certificate: Ethics
- Certificate: World Religions

Analytical Reasoning, Certificate

(Code 400-602)

For advising, contact the Philosophy and Religious Studies Department.

The Analytical Reasoning Certificate is for students in a variety of majors and minors, especially for students interested in a career in the law, as well as for students who are interested in Philosophy but for whom a philosophy major or minor might be impractical. The Analytical Reasoning Certificate is a natural complement to any program of study outside of Philosophy.

Code	Title	Credits
Students will complete a minimum of 15 credits, using the guidelines below, and write a reflection essay upon completion of the courses.		
At least one of the following courses, but no more than two may be taken:		
PHIL 150	Logic and Critical Thinking	
PHIL 250	Symbolic Logic	
MATH 246	Elementary Statistics	
Remaining credits from other PHIL courses, with at least six credits at the 300-level or above		
With advisor approval the following may be applied to the certificate:		
Up to three credits from Independent Study or Directed Studies courses		
Additional relevant courses		

NOTE: Courses applied to the certificate cannot be applied to the student's major. Students cannot pursue the Philosophy Major and Analytical Reasoning Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Analyze ethical, social, and cultural issues with objectivity and open-mindedness
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks

Ethics, Certificate

(Code 400-601)

Advisor: S. McAleer (Philosophy and Religious Studies).

The Ethics Certificate is for students in a variety of majors and minors, especially pre-professional programs with existing ethics requirements, and students interested in graduate study and careers in health care ethics, legal ethics, business and corporate ethics and compliance. The Ethics Certificate is a natural complement to the Leadership Studies Certificate currently offered through the College of Business's Department of Management and Leadership Programs.

Code	Title	Credits
Students are required to complete a minimum of 12 credits and complete a reflection essay.		
Required Courses		
PHIL 120	Ethical Reasoning	3
PHIL 331	Philosophical Ethics	3
The remaining six credits are from ethics-relevant electives:		6
PHIL 234	Classical Chinese Philosophy	
PHIL 305	Ethics and Business	
PHIL 306	Ethics of Health Care	
PHIL 308	Ethics in Computing and Engineering	
PHIL 320	Environmental Ethics	
PHIL 333	History of Ethics	
PHIL 334	Philosophical Perspectives on Forgiveness	
RELS 210	Religion and Morality	
With advisor approval, the following may be applied to the certificate program:		
PHIL 395	Directed Studies	
PHIL 399	Independent Study - Juniors	
PHIL 499	Independent Study - Seniors	
After their course work is completed, students must submit to the certificate advisor an essay in which they reflect on their learning experiences with respect to the certificate's goals.		
Total Credits		12

Note 1: Up to three credits from ethics courses from the student's major or minor field of study (e.g., CJ 413, ACCT 425) may be applied with advisor approval.

Note 2: Students must earn at least 48 unique credits between the certificate program and major for purposes of meeting graduation requirements for first and second degree programs. Students cannot pursue the Philosophy Major and Ethics Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of the major ethical theories and be able to thoughtfully apply them to particular ethical issues and dilemmas.
- Approach questions of value with clarity, balance, open-mindedness, and rational rigor.
- Clearly articulate ethical concepts and arguments in writing and speech.

- Engage in self-reflection and achieve greater self-understanding of themselves as moral agents.

Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 400-200)

PHIL 331	Philosophical Ethics	
PHIL 335	Early Modern Philosophy	
PHIL 485	Seminar in Philosophy	
Eighteen credits from philosophy courses ^{1, 2, 3}		18

¹ PHIL 101 and PHIL 120 are disallowed for major credit if taken after the student has earned nine credits in philosophy.

² No more than three credits of PHIL 397 and PHIL 498 are allowed toward the major.

³ Upon approval of the department up to six credits from courses other than philosophy may be applied to the major.

Capstone: All philosophy majors shall complete a reflection paper, usually during the senior year, in which the student analyzes and reflects on his or her learning experiences as a philosophy major in light of the philosophy major's learning goals and outcomes.

Note: Students pursuing the Philosophy major and the Mental Health and Well-Being certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge of the major questions, central methods, issues, figures, and arguments in the core areas of philosophy and its history.
- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Approach questions of value with clarity, balance, open-mindedness, and rational rigor.
- Make connections across texts and philosophical traditions and/or between philosophy and everyday life.
- Read and interpret texts in accurate and philosophically sophisticated ways.
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

Philosophy, Minor

Liberal Arts (Code 400-400)

Code	Title	Credits
Twenty-four semester credits, including:		
At least three credits from each of the following three categories, for a total of nine credits:		9
Logic:		
PHIL 150	Logic and Critical Thinking	
PHIL 250	Symbolic Logic	
History of Philosophy:		
PHIL 234	Classical Chinese Philosophy	
PHIL 235	Ancient Philosophy	
PHIL 335	Early Modern Philosophy	
PHIL 338	Modern European Philosophy I	
PHIL 339	Modern European Philosophy II	
PHIL 340	Knowledge and Reality	
Core Areas:		
PHIL 316	Metaphysics	
PHIL 317	Epistemology	
PHIL 331	Philosophical Ethics	
Required:		
The remaining fifteen credits will be selected from philosophy courses ^{1, 2, 3}		15

¹ PHIL 101 and PHIL 120 are disallowed for minor credit if taken after the student has earned nine credits in philosophy.

² No more than three credits of PHIL 397 and PHIL 498 are allowed toward the minor.

³ Upon approval of the department up to six credits from courses other than philosophy may be applied to the minor.

All philosophy minors shall complete a reflection paper, usually during the senior year, in which the student analyzes and reflects on his or her learning experiences as a philosophy minor in light of the philosophy minor's learning goals and outcomes.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge of the major questions, central methods, issues, figures, and arguments in the core areas of philosophy and its history.
- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Make connections across texts and philosophical traditions and/or between philosophy and everyday life.
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

Religious Studies, Major

Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned

in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits	
Total degree credit	maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit

Single course band, chorus, drama	maximum 4 credits

Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major

department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 411-201)

Code	Title	Credits
Thirty-six semester credits, including:		
Three credits from core courses (to be taken by all majors before the completion of six credits of Religious Studies coursework):		3
RELS 100	Introduction to the Religions of the World	
RELS 110	Basic Issues in Religion	
RELS 210	Religion and Morality	
Capstone		

All Religious Studies majors must complete the following capstone requirements.

Three credits to be taken in junior or senior year of the following: ¹ 3

RELS 490 Seminar in Religious Studies

RELS 491 Special Topics

RELS 499 Independent Study - Seniors

Monotheistic Religions:

A minimum of six credits from: 6

RELS 303 Early Christianity

or RELS 304 Modern Christianity

RELS 307 Judaism

RELS 309 Islam

Asian Religions:

A minimum of six credits from the following: 6

RELS 312 Buddhism: Past and Present

RELS 314 Hinduism

RELS 323 Chinese and Japanese Religions

RELS 326 Asian Religious Philosophies

PHIL 234 Classical Chinese Philosophy

The remaining credits to be earned from Religious Studies courses, subject to the following restrictions:

RELS 100 and RELS 110 are disallowed for major credit if taken after the student has earned nine credits toward the major.

A maximum of three credits from any combination of RELS 395, RELS 399, RELS 498, and RELS 499 may be counted toward the major.

A maximum of three credits from any combination of RELS 396 and RELS 397 may be counted toward the major.

¹ Plus completion of the capstone essay for that course. The essay must be approved for capstone credit by the faculty teaching the course. Other upper-level courses also may be considered (prior approval by faculty required). Students must submit a major research paper produced for the course in order to fulfill the capstone requirement.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Apply a variety of methodological approaches to the student of religions and incorporate in research and writing.
- Analyze the complex interrelation between religions and cultures.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

Religious Studies, Minor

Liberal Arts (Code 411-401)

Code	Title	Credits
Twenty-four semester credits, including:		
Three credits from core courses (to be taken by all minors before the completion of six credits of Religious Studies coursework):		3
RELS 100	Introduction to the Religions of the World	
RELS 110	Basic Issues in Religion	
RELS 210	Religion and Morality	
Seminar course		
Three credits taken in junior or senior year from the following:		3
RELS 490	Seminar in Religious Studies	
RELS 491	Special Topics	
RELS 499	Independent Study - Seniors	
Monotheistic Religions:		
A minimum of six credits from:		6
RELS 303	Early Christianity	
RELS 304	Modern Christianity	
RELS 307	Judaism	
RELS 309	Islam	
Asian Religions:		
A minimum of six credits from:		6
RELS 312	Buddhism: Past and Present	
RELS 323	Chinese and Japanese Religions	
RELS 314	Hinduism	
RELS 326	Asian Religious Philosophies	
The remaining coursework may be taken from the two previous categories and any of the courses listed below:		
Methodological Approaches:		
A minimum of three credits from:		3
ANTH 463	Religion and Culture	
RELS 230	Old Testament/Hebrew Bible	
RELS 240	New Testament	
RELS 315	Psychology of Religion	
RELS/PHIL 345	Philosophy of Religion	
Topical and Historical Approaches:		
RELS/WGSS 203	Women and World Religions	
RELS 210	Religion and Morality	
RELS 290	Sacred Earth: Religion and Nature	
RELS/AIS 330	Indigenous Religions of the Americas	
RELS 334	Music in Judaism, Christianity and Islam	
RELS 342	African American Religion	
RELS 348	Religious Themes in Literature	
RELS 378	The Holocaust, 1933-1945	
RELS 390	Religion in America	
RELS 490	Seminar in Religious Studies	
Other:		
RELS 291	Special Topics	
RELS 395	Directed Studies ¹	
RELS 396	Research Apprenticeship in Religious Studies ¹	

RELS 397	Student Academic Apprenticeship in Religious Studies ¹
RELS 399	Independent Study - Juniors ¹
RELS 491	Special Topics
RELS 498	Internship in Religious Studies ¹
RELS 499	Independent Study - Seniors ¹

¹ A maximum of three credits may be counted toward the minor from any combination of RELS 395, RELS 399, RELS 498, and RELS 499, and a maximum of three credits may be counted toward the minor from the combination of RELS 396 and RELS 397.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

World Religions, Certificate

(Code 411-601)

Advisor: S. Fink (Philosophy and Religious Studies).

The World Religions Certificate is intended for undergraduates outside of the Religious Studies major/minor who desire to enhance their marketability as potential graduate students and employees, whether their career goal is education, business, health care, psychology, music and the arts, the sciences, or the humanities. The World Religions certificate program offers students a foundational understanding of the beliefs, practices, and cultural impact of the world's major religious traditions that will enable them to negotiate the complex challenges of life in an increasingly interconnected and globalized world. The impact of religions on world events is undeniable, and students pursuing any disciplinary major can benefit greatly from the learning opportunities offered by this certificate program.

Code	Title	Credits
Students are required to complete a minimum of 15 credits, including:		
Three credits from:		3
RELS 100	Introduction to the Religions of the World	
RELS 110	Basic Issues in Religion	
RELS 210	Religion and Morality	
Six credits from Non-Western Concentration courses:		6
RELS 312	Buddhism: Past and Present	
RELS 314	Hinduism	
RELS 323	Chinese and Japanese Religions	
RELS/AIS 330	Indigenous Religions of the Americas	
Six credits from Western Concentration courses:		6
RELS 303	Early Christianity	
RELS 304	Modern Christianity	
RELS 307	Judaism	

RELS 309	Islam	
Total Credits		15

Note: A maximum of three credits may be applied to both the student's major and the certificate program. Students cannot pursue the Religious Studies Major and World Religions Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

Physics and Astronomy

Phillips 230

715-836-3148

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/physics-astronomy/>)

Physics, the science of matter and energy, is the study of the deepest mysteries of our universe, ranging from subatomic particles to cosmology. Exploring ideas of space, time, matter, energy, and radiation, it serves as the basis for the physical sciences. Modern society is influenced by physics in countless ways, including recent developments in such fields as laser optics, miniaturized electronics, nuclear energy, and medical instrumentation.

Beyond the earth, astronomy applies the ideas of physics to the study of planets, stars, galaxies and all celestial phenomena within reach of our telescopes. Since the two areas share a vast array of common ideas and knowledge, new discoveries in physics often aid progress in astronomy and vice versa.

Special learning opportunities associated with the department include the Materials Science + Engineering Center (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-engineering/materials-science-engineering-center/>), the L.E. Phillips Planetarium, and Hobbs Observatory at the Beaver Creek Reserve (www.beavercreekreserve.org (<http://www.beavercreekreserve.org>)).

Departmental Honors in Physics

Departmental Honors is a way for a student to experience the thrill of innovative research and discovery in an area of interest within Physics and Astronomy. One of the most significant benefits of Departmental Honors is that it fosters one-on-one interaction between students and professors, which substantially enhances a student's educational experience and serves as a springboard for excellence in graduate studies or professional employment after graduation.

Eligibility: Complete PHYS 332 and maintain both a resident GPA and a major GPA of at least 3.50.

Procedure: A written application for Departmental Honors in Physics and Astronomy must be approved by the student's academic advisor, the student's project advisor, and the chair of the Physics and Astronomy Department.

Requirements:

- Complete the required courses for one of the three emphases for the Liberal Arts major in Physics.
- Complete two courses selected from among

PHYS 367	Astrophysics	3
PHYS 375	Electromagnetic Fields	4
PHYS 430	Advanced Laboratory Techniques	2
PHYS 445	Thermal Physics	4
PHYS 465	Quantum Mechanics	3
- Complete a significant scholarly activity and disseminate the results of the activity by completing a written research paper and presenting at an appropriate on-campus or off-campus venue (Physics Thursday, CERCA, Provost's Honors Symposium, etc.) or making a presentation at a professional meeting or publishing an article in a professional journal. The quality of the activity and dissemination will be evaluated by a three-member faculty panel. Upon approval by the panel, the student will receive the designation of Departmental Honors in Physics and Astronomy on his/her official transcript and a special notation in the graduation ceremony program.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-201)

The Liberal Arts emphasis is the traditional physics major, providing preparation for graduate school as well as a broad range of careers in business and industry following completion of the baccalaureate degree.

Code	Title	Credits
The Liberal Arts Emphasis requires 36 credits of physics coursework including:		
PHYS 186	Introductory Seminar	0.5
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 332	University Physics III	3
PHYS 333	Quantum Physics	3
PHYS 350	Electric and Electronic Circuits	4
PHYS 340	Optics	4

or PHYS 360	Electronics	
PHYS 365	Theoretical Mechanics	4
PHYS 486	Senior Seminar	0.5

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

MATH 312	Differential Equations and Linear Algebra
PHYS 240	Computational Physics ¹
or CS 145	Programming for New Programmers
or CS 163	Introduction to Programming in C++
or CS 170	Computing for the Sciences and Mathematics

¹ Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

Chemistry (CHEM 115 or CHEM 105, CHEM 106, and CHEM 109) is strongly recommended.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details).

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Solve Schrödinger's equation for a number of physically important problems.
- Solve a number of physically important problems using noninertial reference frames.

Physics, Applied Physics Emphasis, Major

Liberal Arts (Code 230-203)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (<https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/>)

EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-203)

This emphasis focuses on physics applications of relevance to industrial and engineering employment environments following completion of the baccalaureate degree.

Code	Title	Credits
The Applied Physics Emphasis requires 36 credits of physics coursework including:		
MSE 120 or PHYS 186	Introduction to Engineering Introductory Seminar	0.5-2
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 332	University Physics III	3
PHYS 340	Optics	4
PHYS 350	Electric and Electronic Circuits	4
PHYS 360	Electronics	4

Select one of the following:

PHYS 255 & PHYS 356	Statics and Dynamics	
PHYS 365	Theoretical Mechanics	
PHYS 375	Electromagnetic Fields	
PHYS 430	Advanced Laboratory Techniques	2
PHYS 486	Senior Seminar	0.5

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

MATH 312	Differential Equations and Linear Algebra	
MATH 345	Introduction to Probability and Mathematical Statistics	
PHYS 240	Computational Physics ¹	
or CS 145	Programming for New Programmers	
or CS 163	Introduction to Programming in C++	
or CS 170	Computing for the Sciences and Mathematics	

Select one of the following:

CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	

¹ Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details)

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Use microcontrollers and electronic sensors to build devices to perform specific tasks.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-207)

The Astrophysics Emphasis provides preparation for astrophysics or astronomy graduate school, as well as a broad range of careers in technical fields in business/industry settings following completion of the baccalaureate degree.

Code	Title	Credits
Core Requirements		
The Astrophysics Emphasis requires 37-38 credits of physics coursework including:		
PHYS 186	Introductory Seminar	0.5
PHYS 226	Astronomy-Solar System	4
or PHYS 229	Astronomy-Stars and Galaxies	
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 332	University Physics III	3
PHYS 333	Quantum Physics	3
PHYS 340	Optics	4
PHYS 365	Theoretical Mechanics	4
PHYS 367	Astrophysics	3
PHYS 430	Advanced Laboratory Techniques	2
Select one of the following:		3-4 credits
PHYS 445	Thermal Physics	
or PHYS 375	Electromagnetic Fields	
or PHYS 465	Quantum Mechanics	
PHYS 486	Senior Seminar	0.5

Required courses not counted toward credits in major:

MATH 312	Differential Equations and Linear Algebra
PHYS 240	Computational Physics ¹
or CS 145	Programming for New Programmers

or CS 163	Introduction to Programming in C++
or CS 170	Computing for the Sciences and Mathematics
or DS 150	Computing in Python: Fundamentals and Procedural Programming

¹ Many upper division physics courses require proficiency in Python, so PHYS 240 is preferred. If CS 145, CS 163, CS 170 or DS 150 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

NOTE: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and human-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Use physical principles to model astronomical objects and to explain observations of astronomical objects.

Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-206)

This emphasis combines the benefits of a traditional physics degree with those of a formal engineering education. In this program students receive a UW-Eau Claire physics degree in conjunction with a bachelor's degree in engineering from UW-Madison, UW-Milwaukee, UW-Stout, or the University of Minnesota-Twin Cities.

Code	Title	Credits
The Dual Degree Engineering Emphasis requires 36 credits of physics coursework including:		
MSE 120	Introduction to Engineering	2
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 332	University Physics III	3
PHYS 340	Optics	4
PHYS 350	Electric and Electronic Circuits	4
Select one of the following:		
PHYS 365	Theoretical Mechanics	
OR		
PHYS 255 & PHYS 356	Statics and Dynamics (option depends on engineering program)	

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

MATH 312	Differential Equations and Linear Algebra
----------	---

Select one of the following:

PHYS 240	Computational Physics ¹
or CS 145	Programming for New Programmers
or CS 163	Introduction to Programming in C++
or CS 170	Computing for the Sciences and Mathematics

or advisor-approved course appropriate for the engineering program

Complete an engineering degree²

¹ Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

² To receive the UW-Eau Claire Dual Degree Engineering Emphasis physics degree, the student must complete an engineering degree from one of the above schools. Students will typically complete most of the UW-Eau Claire Liberal Education Core and Dual Degree physics requirements while at UW-Eau Claire before transferring to the engineering school. Students must complete 84 semester credits before transferring to the engineering school, 56 of which must be taken in residency at UW-Eau Claire, with a minimum of 12 upper-division credits of physics and a minimum of six credits of mathematics taken at UW-Eau Claire.

NOTE 1: The UW-Eau Claire physics degree will not be awarded until an official copy of the student's engineering degree has been sent to UW-Eau Claire's Registrar's Office. If the engineering degree is not completed, then students must satisfy all of the requirements for another degree program at UW-Eau Claire.

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear

and concise manner that incorporates the stylistic conventions used by physicists worldwide.

- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Model mechanical systems and solve problems using differential quantities.
- Demonstrate basic engineering abilities by completing an ABET accredited bachelor's degree in an engineering discipline.

Physics, Minor - Liberal Arts

Liberal Arts (Code 230-401)

Code	Title	Credits
Twenty-four semester credits of Physics including:		
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 332	University Physics III	3
11 or more credits from any Physics courses ¹		11
MATH 215	Calculus II (Not counted toward credits in minor)	

¹ Except PHYS 100, PHYS 211, and PHYS 212

It is recommended that students minoring in physics consult the chair of the Department of Physics and Astronomy while planning a program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.

LABVIEW, Certificate

(Code 230-601)

For advising, contact the Physics and Astronomy Department.

The **LabVIEW Certificate Program** provides UW-Eau Claire students and engineers in local and regional industry with an in-depth understanding of the computer interfacing and data acquisition software package called LabVIEW. LabVIEW has become an industry standard in this technical area. LabVIEW provides an extensive environment in which a scientist or engineer can accomplish a variety of instrument control, data collection and data processing tasks. The UW-Eau Claire LabVIEW Certificate program has also been designed to provide students with the skills and experiences required to pass the first two levels of professional LabVIEW programming certification offered

by National Instruments, which is required for many industry positions that involve LabVIEW programming.

The academic goals of the LabVIEW Certificate Program are:

1. to provide students with a working knowledge of electronics which they will get from PHYS 350 and PHYS 360;
2. an understanding of the basics of computer interfacing principles which they get from PHYS 360 and the three LabVIEW courses;
3. an in-depth knowledge of the LabVIEW programming environment which they get from the three LabVIEW courses;
4. an introduction to Field Programmable Gate Arrays (a revolutionary new technology) which they get from the last LabVIEW cRIO course.

To be admitted to the program, UW-Eau Claire students must have completed PHYS 232 with a grade of C or better and be currently enrolled in PHYS 350. Special students must have completed at least 8 credits of electrical engineering coursework equivalent to that in PHYS 350 and PHYS 360.

Code	Title	Credits
Thirteen credits are required for certificate program completion and are drawn from the following course work:		
PHYS 350	Electric and Electronic Circuits	4
PHYS 360	Electronics	4
PHYS 361	LabVIEW Basics	2
PHYS 362	LabVIEW Applications	2
PHYS 363	LabVIEW cRIO	1
Total Credits		13

Note: Students cannot pursue the Physics Major and LabVIEW Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate a working knowledge of electrical circuits and electronics.
- Demonstrate an understanding of the basics of computer interfacing principles.
- Demonstrate an in-depth knowledge of the LabVIEW programming environment.
- Demonstrate familiarity of an introduction to Field Programmable Gate Arrays.

Political Science and Criminal Justice

Hibbard Humanities Hall 401
715-836-5744

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/political-science/>)

Political Science examines various systems of government within and among nation-states and the principles on which they are based. It familiarizes the student with political concepts and issues, their historical backgrounds, and their relevance to the cultural systems in which they arise. The study of political science provides methods for analyzing political issues and the policies designed to address them.

The multidisciplinary criminal justice curriculum is designed to familiarize the student with the complex nature of the American criminal justice system. The study of criminal justice focuses upon the structure and functions of law enforcement, the courts, and corrections. Included is the analysis of the political, social, cultural, philosophical, and psychological forces that shape the policies, programs, and practices in the system. The liberal arts orientation of the program prepares the student for graduate-level work in criminal justice, law, and for careers at the local, state, and federal levels in law enforcement, corrections, and court related agencies.

Honor Societies and Student Organizations:

Pi Sigma Alpha, the national honor society, promotes student interest in political science and sponsors forums on current political topics and workshops on applying to and attending graduate school and law school. The honor society accepts qualified students each fall and spring semester for membership, based on political science coursework and academic standing. Contact the faculty adviser in the department for further details.

Model United Nations Club (MUNC) is a student organization whose primary purpose is to educate its members and the student body about the United Nations and its activities. The organization is open to all students interested in global affairs and the UN. MUNC members attend two United Nations mock conferences each year and participate in a number of other group activities.

Pre-Law Club is a student organization whose primary purpose is to inform its members of the various aspects of the legal profession. The organization is open to all students from various academic majors who are considering attending law school and share an interest in the legal profession. The organization sponsors speakers from various law-related occupations, organizes trips to law schools and law school fairs, and provides practice tests for the Law School Admission Test.

The Society of Politics is open to all students with an interest in politics and political science. The Society functions as both a social and professional organization for students to help them make connections and broaden the scope of their political knowledge. The Society hosts several events during the year, including a fall picnic, roundtables, and forums for the students and political science faculty to meet and discuss important issues.

Mock Trial Team is an academic competition in which teams prepare both sides of a hypothetical legal case to present to a panel of judges. This academic competition builds one's logical reasoning, analytical reasoning, and persuasive oratory skills. Mock Trial is an excellent educational experience for students who plan to attend law school, work in law enforcement, or be an expert witness in court, as well as those who want to learn more about how the judicial system operates.

The Criminal Justice Association at UWEC is a student-run organization designed for any student with an interest in criminal justice. Through this organization you'll be able to interact with other students who have similar interests to you. You'll also have the opportunity to further your knowledge in criminal justice through various outlets, such as volunteer work, student research and networking with professional speakers from a multitude of backgrounds like Law Enforcement, Corrections, and the Courts System.

Departmental Honors Program in Political Science

1. *Goals and Objectives*
 - a. To provide an enriched educational experience for subsequent graduate study, professional activities, or public life.

- b. To allow concentrated and individualized study in selected areas of interest in the field of political science.
 - c. To stimulate, encourage, and challenge students to gain a better understanding of political research and analysis in addition to usual instruction.
 - d. To develop capabilities for independent thought and analysis.
2. *Entrance Requirements for Honors in Political Science*
 - a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and a GPA of 3.50 in political science courses.
 - b. Applications for Political Science Departmental Honors should be made in writing to the department chair during the junior year.
3. *Satisfactory Completion of Requirements for Graduation with Honors in Political Science.*
 - a. Minimum of 36 semester credit hours in the political science department.
 - b. Resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in the major program at time of graduation.
 - c. During the senior year, complete a semester research project under the direction of a faculty mentor (3 credits of POLS 496) culminating in both a final written paper for the faculty mentor and a final product for public presentation (e.g., paper, poster, pamphlet, project, or workshop). The paper and presentation must be original for POLS 496 and cannot replicate work done for a different course or project.

Departmental Honors Program in Criminal Justice

1. *Goals*
 - a. To provide an enriched educational experience for subsequent graduate study, professional activity, public life, or citizenship.
 - b. To encourage concentrated study in selected areas in the field of criminal justice.
 - c. To stimulate and challenge exceptional students to gain a better understanding of the issues, substantive content, research and theory in criminal justice.
 - d. To develop capabilities for independent thought and constructive criticism.
2. *Entrance Requirements*
 - a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in criminal justice major courses.
 - b. Applications for the Honors Program should be made in writing to the Criminal Justice Program Coordinating Committee early in the junior year.
3. *Graduation from the University with Honors in Criminal Justice* requires maintaining resident and total GPAs of 3.50 in criminal justice major courses, and satisfactory completion of all of the following:
 - a. Criminal justice major requirements.
 - b. Six credits of independent study, approved by the student's honors committee.
 - c. An honors examination.
 - d. An honors research paper.

Majors

- Comprehensive Major: Criminal Justice, Liberal Arts- B.A./B.S.
- Comprehensive Major: Political Science, Legal Studies Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Political Science, World Politics Emphasis, Liberal Arts - B.A./B.S.
- Major: Political Science, Liberal Arts - B.A./B.S.

Minors

- Minor: Criminal Justice Equity and Inclusivity
- Minor: Political Science, Liberal Arts

Certificates

- Certificate: Campaign Consulting
- Certificate: International Affairs
- Certificate: Legal Studies

Campaign Consulting, Certificate

(Code 420-601)

The **Certificate in Campaign Consulting** is designed for the student seeking an opportunity to learn the skills of campaign organization and management. Students develop campaigning skills including organization of workers, marketing of candidates, issue development, use of media, and campaign finance. The certificate in Campaign Consulting is the only university course of study providing training and experience in local elections.

Currently enrolled degree-seeking students are eligible to complete a certificate in Campaign Consulting.

Code	Title	Credits
Students are required to earn a total of 18 credits toward the certificate.		
Required Courses:		
POLS 110	American National Politics	3
POLS 341	Political Parties, Elections, and Voting	3
POLS 342	Public Opinion and Political Behavior	3
POLS 498	Internship	3
The remaining six credits are to be selected from:		6
POLS 301	State and Local Politics	
POLS 340	Congress and the Presidency	
POLS 343	Public Administration	
POLS 344	Media and Politics	
POLS 350	Group and Minority Politics	

POLS 498 Internship (campaign related)
 (additional 3 crs)

Total Credits

18

NOTE: Students cannot pursue the Political Science Major and Campaign Consulting Certificate to meet graduation requirements for completing a first and second degree program.

All of these courses are regularly offered in the department.

Students seeking a certificate in Campaign Consulting will be assigned an advisor within the Department of Political Science and Criminal Justice.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Communication Skills:** Political Science students will be able to write and speak effectively.
- **Research Skills:** Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- **Knowledge of American Politics:** Political Science students will analyze political behavior, institutions, and law or policy.
- **Civic Responsibility:** Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.

Criminal Justice Equity and Inclusivity, Minor

Liberal Arts (Code 430-401)

Advisors: J. Spraitz (Criminal Justice), M. Hsieh (Criminal Justice), J. Patchin (Criminal Justice), M. Kelly (Criminal Justice), A. Wilson (Criminal Justice).

The multidisciplinary minor in Criminal Justice Equity and Inclusivity is designed for students to analyze and critique issues of diversity, equity, and inclusion in the criminal legal system in the United States. Students will examine current and historical legal and policy decisions, the context surrounding those decisions, and the impact of those decisions. Students will identify current practices, and develop new solutions, that assist in improving diverse, equitable, and inclusive practices in the criminal legal system. This minor complements majors in all colleges at the university.

Code	Title	Credits
Twenty-four semester credits, including:		
Required Courses		
CRMJ 103	Survey of the Criminal Justice System	3
CRMJ 320	Race, Crime, and Justice	3
CRMJ 360	Contemporary Issues in Criminal Justice	3
SOC 101	Introduction to Sociology	3
CRMJ Elective Requirements		
Six credits from the following:		6
CRMJ 325	Victimology	
CRMJ 350	Women and Criminal Justice	
CRMJ 340	Capital Punishment	
CRMJ 319	Police in Society	
CRMJ 342	Confinement and Corrections	
Other Elective Requirements		

Six credits from the following:

POLS/AIS 250	American Indian Politics
POLS 312	American Political Thought
POLS 314	The Idea of Tolerance in the Western Political Tradition
POLS 350	Group and Minority Politics
POLS/WGSS 351	Women and Politics
POLS 353	Afro-American Politics
POLS 406	U.S. Constitutional Principles - Equality and Privacy
GEOG 444	Legal Geographies of Race in the U.S.
PHIL 280	Philosophy of Race
SOC 312	Race and Ethnicity in the U.S.
SOC 314	Social Class and Inequality
SOC 419	Gender and Power
SOC 426	Sociology of Sexualities

6

Note: Criminal Justice majors cannot pursue the Criminal Justice Equity and Inclusivity Minor.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Equity, Inclusivity, and Diversity in the U.S. Criminal Justice System: Students will analyze and critique issues related to equity, diversity, and inclusivity that are inherent to the criminal justice system in the United States, they will demonstrate knowledge of why these issues exist, and identify solutions to help resolve existing problems.
- Reasons for Inequity and Lacking Inclusivity and Diversity in the U.S. Criminal Justice System: Students will explain, analyze, and critique legal and policy decisions that led to or exacerbated equity, diversity, and inclusivity issues within the U.S. system of criminal justice.
- Knowledge of U.S. Criminal Justice Systems: Students will demonstrate knowledge of criminal justice systems in the United States, including law enforcement, the courts, and corrections.

Criminal Justice, Comprehensive Major

Liberal Arts (Code 430-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12

Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
---	------------------------------

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
--	-----------------------------

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
---	------------------------------

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours
--	----------

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 430-001)

Advisors: J. Spraitz (Criminal Justice), M. Hsieh (Criminal Justice), J. Patchin (Criminal Justice), M. Kelly (Criminal Justice), A. Wilson (Criminal Justice).

The multidisciplinary criminal justice curriculum is designed to familiarize the student with the complex nature of the American criminal justice system. The study of criminal justice focuses upon the structure and functions of law enforcement, the courts, and corrections. Included is the analysis of the political, social, cultural, philosophical, and psychological forces that shape the policies, programs, and practices in the system. The liberal arts orientation of the program prepares the student for graduate-level work in criminal justice, law, and for careers at the local, state, and federal levels in law enforcement, corrections, and court related agencies.

Code	Title	Credits
Sixty semester credits, including:		
Prerequisite Courses (12 credits)		
CRMJ 103	Survey of the Criminal Justice System	3
POLS 110	American National Politics	3
PSYC 100	Introduction to Psychology	3
SOC 101	Introduction to Sociology	3
Criminal Justice Core Courses (Minimum 27 credits)		
CRMJ 280	Criminal Justice Research Methods	3
CRMJ 301	Criminology Theory	3
CRMJ 302	Youth Crime and Juvenile Justice	3

CRMJ 303	Crime Prevention	3
CRMJ 319	Police in Society	3
CRMJ 325	Victimology	3
CRMJ 342	Confinement and Corrections	3
POLS 405	U.S. Constitutional Principles - Due Process and Criminal Law	3

Select one of the following:		3-4
PSYC 265	Statistical Methods in Psychology I	
SOC 328	Sociological Data Analysis	
MATH 246	Elementary Statistics	

Other Required Courses (21 credits)

Law, Constitution, Policy Area:

Minimum of six credits from the following:		6
CRMJ 340	Capital Punishment	
PHIL 120	Ethical Reasoning	
PHIL 310	Philosophy of Law	
POLS 301	State and Local Politics	
POLS 305	Survey of U.S. Constitutional Principles	
POLS 338	Judicial Politics	
POLS 343	Public Administration	
POLS 346	Public Policy in the United States	
POLS 403	U.S. Constitutional Principles - Powers of Government	
POLS 404	U.S. Constitutional Principles - Civil Liberties	
POLS 406	U.S. Constitutional Principles - Equality and Privacy	
SW 100	Introduction to Social Welfare	
SW 383	Social Welfare Policies and Programs	

Individual, Social, Political Behavior Area:

Minimum of six credits from the following:		6
CRMJ 320	Race, Crime, and Justice	
CRMJ 350	Women and Criminal Justice	
CRMJ 358	Cybersecurity and Cybercrime	
CRMJ 359	Teen Technology Misuse	
CRMJ 360	Contemporary Issues in Criminal Justice	
POLS 329	Political Violence	
POLS 350	Group and Minority Politics	
POLS 353	Afro-American Politics	
PSYC 245	Social Psychology	
PSYC 251	Abnormal Psychology	
PSYC 331	Child Psychology	
PSYC 332	Psychology of Adolescence	
SW 309	Community-based Corrections	
SW 385	Child Welfare	
SOC 312	Race and Ethnicity in the U.S.	
SOC 316	Sociology of Family	
SOC 321	The Individual in Society	
SOC 332	Sociological Research Methods	
SOC 351	Sociology of Deviance	
Criminal Justice Intervention and Application Area:		
CRMJ 498	Criminal Justice Internship	

PSYC 325	Theories of Counseling
PSYC 380	Introduction to Behavior Modification
SW 490	Mental Health and Substance Abuse

Skills Area:

Maximum of six credits from the following:

CJ/WGSS 111	Gender, Race, Class, and Communication: The Social Construction of Identity
CJ 201	Introduction to Interpersonal Communication
CJ 202	Fundamentals of Speech
CJ 205	Listening
CJ 301	Intercultural Communication
GEOG 280	Introduction to Cartography and Visualization
GEOG 335	Geographic Information Systems I
PHIL 150	Logic and Critical Thinking

Code	Title	Credits
The following courses will be applied to a specific elective category based on the content:		
CRMJ 291	Special Topics	
CRMJ 395	Directed Studies	
CRMJ 397	Student Academic Apprenticeship in Criminal Justice	
CRMJ 399	Independent Study - Juniors	
CRMJ 491	Special Topics	
CRMJ 499	Independent Study - Seniors	

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Research & Analysis:** CRMJ students will be able to develop hypotheses, construct research questions, and use appropriate methods to answer them and analyze findings.
- **Criminological Theory:** CRMJ students will analyze core criminological theories of criminal and deviant behavior and apply them to policy and practice.
- **Law Enforcement:** CRMJ students will demonstrate knowledge of roles, function, and effectiveness of law enforcement agencies and practices at each level of government.
- **Law & the Courts:** CRMJ students will demonstrate knowledge of the nature and rule of law as well as its limits and applications in the United States as related to the functioning of state and federal court systems.
- **Corrections:** CRMJ students will demonstrate knowledge of roles, function, and effectiveness of correctional agencies and practices at each level of government.
- **Evidence-Based Prevention:** CRMJ students will analyze impact and outcome evaluations and demonstrate knowledge of best practices in crime prevention.
- **Juvenile Justice:** CRMJ students will demonstrate knowledge of the core tenets of the juvenile justice system in the United States.
- **Oral & Written Communication:** CRMJ students will be able to speak and write effectively.

International Affairs, Certificate

(Code 420-602)

The **Certificate in International Affairs** is designed for those students interested in global awareness, cultural and political diversity, and economic globalization. A certificate in International Affairs will indicate that a student has undergraduate level awareness of global concepts, basic issues, terminology, structures, and perspectives. The certificate in International Affairs provides knowledge and skills that will help prepare students for employment in a global political economy, as well as familiarize them with specializations, concepts, jargon, and methods for graduate concentrations in various aspects of world politics.

Currently enrolled degree-seeking students are eligible to complete a certificate in International Affairs. This certificate is not intended for political science comprehensive majors with a world politics emphasis.

Code	Title	Credits
Students are required to earn a total of 18 credits toward the certificate.		
Required Courses (6 crs)		
POLS 122	Introduction to World Politics	3
POLS 335	International Relations Theory	3
The remaining twelve credits are to be selected from:		12
POLS/LAS 319	Politics of Latin America	
POLS 321	Politics of the Middle East	
POLS 322	Politics of Russia	
POLS 323	Politics of Eastern Europe	
POLS 324	Politics of Asia	
POLS 327	Politics of Continental Europe	
POLS 330	U.S. Foreign Policy	
POLS 331	International Organization and Law	
POLS 332	International Conflict	
POLS 334	International Political Economy	
POLS 336	Arab-Israeli Conflict	
POLS 390	Culture and Politics	
Total Credits		18

NOTE: Students cannot pursue the Political Science Major and International Affairs Certificate to meet graduation requirements for completing a first and second degree program.

Students are strongly encouraged to take only one course from a geographic or cultural region. All of these courses are regularly offered in the department.

Students seeking a certificate in International Affairs will be assigned an advisor within the Department of Political Science and Criminal Justice.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Communication Skills:** Political Science students will be able to write and speak effectively.
- **Research Skills:** Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.

- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.

Legal Studies, Certificate

(Code 420-603)

The **Certificate in Legal Studies** is designed for those students interested in law school or paralegal work who have a strong interest in providing evidence of coursework in law. Students will be given the opportunity to concentrate coursework in legal studies, develop skill in preparing legal briefs, and develop skill in participating in Socratic dialogue as practiced in law schools and other arenas that teach law. The certificate in Legal Studies provides a liberal arts approach to the study of law and is not intended to provide the kind of clerical training associated with some paralegal training.

Currently enrolled degree-seeking students are eligible to complete a certificate in Legal Studies. This certificate is not intended for political science comprehensive majors with a legal studies emphasis.

Code	Title	Credits
Students are required to earn a total of 18 credits toward the certificate.		
Required Courses (12 crs)		
POLS 110	American National Politics	3
POLS 338	Judicial Politics	3
POLS 403	U.S. Constitutional Principles - Powers of Government	3
POLS 404	U.S. Constitutional Principles - Civil Liberties	3
The remaining six credits are to be selected from:		6
POLS 217	Freedom of Speech	
POLS 238	Mock Trial	
POLS 305	Survey of U.S. Constitutional Principles (take before POLS 403, POLS 404)	
POLS 317	Introduction to Legal Advocacy and Moot Court	
POLS 331	International Organization and Law	
POLS 340	Congress and the Presidency	
POLS 405	U.S. Constitutional Principles - Due Process and Criminal Law	
POLS 406	U.S. Constitutional Principles - Equality and Privacy	
POLS 498	Internship (provided it is with a law firm or local government office)	
Total Credits		18

NOTE: Students cannot pursue the Political Science Major and Legal Studies Certificate to meet graduation requirements for completing a first and second degree program.

Junior standing and POLS 110, are prerequisites for 400 level classes. All of these courses are regularly offered in the department.

Students seeking a certificate in Legal Studies will be assigned a pre-law advisor within the Department of Political Science and Criminal Justice.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of Constitutional Law and Legal Arguments: Political Science, Legal Studies students will analyze U.S. Supreme Court cases and contending legal arguments.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are

normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
--	------------------------------

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
---	-----------------------------

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
---	------------------------------

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
--	-----------------------------

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
---	------------------------------

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-11/>)

Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>)

30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the

student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 420-001)

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The Legal Studies emphasis provides an emphasis in legal studies for those students interested in law school, paralegal studies, and law and society.

Code	Title	Credits
Sixty semester credits, including:		
Required political science credits:		
POLS 110	American National Politics	3
POLS 122	Introduction to World Politics	3
POLS 290	Introduction to Political Analysis	3
POLS 338	Judicial Politics	3
POLS 403	U.S. Constitutional Principles - Powers of Government	3
POLS 404	U.S. Constitutional Principles - Civil Liberties	3
POLS 405	U.S. Constitutional Principles - Due Process and Criminal Law	3
POLS 406	U.S. Constitutional Principles - Equality and Privacy	3
POLS 480	Political Science Capstone	3
Elective political science credits, including:		21
One course in International Relations		
Two courses in Comparative Government (one must be at the 300 level or higher)		
Two courses in Political Theory from the following:		
POLS 310	Modern Political Thought	
POLS 311	Contemporary Political Thought	
POLS 312	American Political Thought	
POLS 314	The Idea of Tolerance in the Western Political Tradition	
Required:		
Two additional courses in political science from the four course groupings (200 level or higher)		
Elective courses from other disciplines selected from the following list:		12
ACCT 201	Introduction to Accounting	
ACCT 202	Principles of Accounting	
CJ 202	Fundamentals of Speech	
CRMJ 319	Police in Society	
CRMJ 342	Confinement and Corrections	
ECON 103	Principles of Microeconomics	
ECON 104	Principles of Macroeconomics	
ECON 303	Intermediate Microeconomic Theory	
ECON 304	Intermediate Macroeconomic Theory	
ECON 311	History of Economic Thought	

ECON 316	Econometrics	
ECON 321	Money and Banking	
HIST 114	United States History to 1877	
HIST 115	United States History Since 1877	
PHIL 120	Ethical Reasoning	
PHIL 150	Logic and Critical Thinking	
PHIL 310	Philosophy of Law	
Total Credits		60

Note: MATH 246 or its equivalent must be completed as part of the Liberal Education Core requirements. Credits will not count toward the major.

Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

American Politics

POLS 217	Freedom of Speech	3
POLS 301	State and Local Politics	3
POLS 305	Survey of U.S. Constitutional Principles	3
POLS 338	Judicial Politics	3
POLS 340	Congress and the Presidency	3
POLS 341	Political Parties, Elections, and Voting	3
POLS 342	Public Opinion and Political Behavior	3
POLS 343	Public Administration	3
POLS 344	Media and Politics	3
POLS 345	Film and Politics	3
POLS 346	Public Policy in the United States	3
POLS 350	Group and Minority Politics	3
POLS 353	Afro-American Politics	3
POLS 403	U.S. Constitutional Principles - Powers of Government	3
POLS 404	U.S. Constitutional Principles - Civil Liberties	3
POLS 405	U.S. Constitutional Principles - Due Process and Criminal Law	3
POLS 406	U.S. Constitutional Principles - Equality and Privacy	3
POLS/AIS 250	American Indian Politics	3
POLS/WGSS 351	Women and Politics	3

International Relations

POLS 325	Model United Nations	3
POLS 330	U.S. Foreign Policy	3
POLS 331	International Organization and Law	3
POLS 332	International Conflict	3
POLS 334	International Political Economy	3
POLS 335	International Relations Theory	3
POLS 336	Arab-Israeli Conflict	3

Comparative Government

POLS 260	Introduction to Comparative Politics	3
POLS 321	Politics of the Middle East	3
POLS 322	Politics of Russia	3
POLS 323	Politics of Eastern Europe	3

POLS 324	Politics of Asia	3
POLS 327	Politics of Continental Europe	3
POLS 329	Political Violence	3
POLS/WGSS 352	Gender and Politics in Global Perspective	3
POLS 390	Culture and Politics	3
POLS/LAS 319	Politics of Latin America	3
Political Theory		
POLS 309	Classical Political Thought	3
POLS 310	Modern Political Thought	3
POLS 311	Contemporary Political Thought	3
POLS 312	American Political Thought	3
POLS 314	The Idea of Tolerance in the Western Political Tradition	3
POLS 354	Identity and Discrimination in Politics	3

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Communication Skills:** Political Science students will be able to write and speak effectively.
- **Research Skills:** Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- **Knowledge of American Politics:** Political Science students will analyze political behavior, institutions, and law or policy.
- **Knowledge of Political Theory:** Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- **Knowledge of International Relations:** Political Science students will analyze the behavior of international actors and the nature of their interactions.
- **Knowledge of Comparative Politics:** Political Science students will analyze the political systems of states.
- **Civic Responsibility:** Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- **Integration:** Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.
- **Knowledge of Constitutional Law and Legal Arguments:** Political Science, Legal Studies students will analyze U.S. Supreme Court cases and contending legal arguments.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of **36 credits**

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements

for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of 5 in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 420-201)

Code	Title	Credits
Thirty-six semester credits, including:		
POLS 110	American National Politics	3
POLS 122	Introduction to World Politics	3
POLS 290	Introduction to Political Analysis	3
POLS 480	Political Science Capstone	3
At least one course in each of the four course groupings defined below		

Note: MATH 246 or its equivalent must be completed as part of the Liberal Education Core requirements. Credits will not count toward the major.

Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

American Politics

POLS 217	Freedom of Speech	3
POLS 301	State and Local Politics	3
POLS 305	Survey of U.S. Constitutional Principles	3
POLS 338	Judicial Politics	3
POLS 340	Congress and the Presidency	3
POLS 341	Political Parties, Elections, and Voting	3
POLS 342	Public Opinion and Political Behavior	3
POLS 343	Public Administration	3
POLS 344	Media and Politics	3
POLS 345	Film and Politics	3
POLS 346	Public Policy in the United States	3
POLS 350	Group and Minority Politics	3
POLS 353	Afro-American Politics	3
POLS 403	U.S. Constitutional Principles - Powers of Government	3
POLS 404	U.S. Constitutional Principles - Civil Liberties	3
POLS 405	U.S. Constitutional Principles - Due Process and Criminal Law	3
POLS 406	U.S. Constitutional Principles - Equality and Privacy	3
POLS/AIS 250	American Indian Politics	3
POLS/WGSS 351	Women and Politics	3

International Relations

POLS 325	Model United Nations	3
POLS 330	U.S. Foreign Policy	3
POLS 331	International Organization and Law	3
POLS 332	International Conflict	3
POLS 334	International Political Economy	3
POLS 335	International Relations Theory	3
POLS 336	Arab-Israeli Conflict	3

Comparative Government

POLS 260	Introduction to Comparative Politics	3
POLS 321	Politics of the Middle East	3
POLS 322	Politics of Russia	3
POLS 323	Politics of Eastern Europe	3
POLS 324	Politics of Asia	3
POLS 327	Politics of Continental Europe	3
POLS 329	Political Violence	3
POLS/WGSS 352	Gender and Politics in Global Perspective	3
POLS 390	Culture and Politics	3
POLS/LAS 319	Politics of Latin America	3

Political Theory

POLS 309	Classical Political Thought	3
POLS 310	Modern Political Thought	3
POLS 311	Contemporary Political Thought	3
POLS 312	American Political Thought	3
POLS 314	The Idea of Tolerance in the Western Political Tradition	3
POLS 354	Identity and Discrimination in Politics	3

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Students are strongly encouraged to develop a 15-credit topical theme as a part of their major course of study. Recommended themes include:

American Political Development Theme

Core: POLS 305 and POLS 312

Electives: POLS 250/AIS 250, POLS 301, POLS 330, POLS 338, POLS 340, POLS 341, POLS 342, POLS 343, POLS 344, POLS 346, POLS 350, POLS 351, POLS 403

Constitutional Studies Theme

Core: POLS 305 and at least two of the following: POLS 403, POLS 404, POLS 405, POLS 406

Electives: POLS 301, POLS 310, POLS 312, POLS 330, POLS 338, POLS 340, POLS 350, POLS 351, POLS 353

Electoral Politics Theme

Core: POLS 341 and POLS 260

Electives: POLS 301, POLS 310, POLS 312, POLS 321, POLS 322, POLS 327, POLS 340, POLS 342, POLS 344, POLS 350, POLS 404

Global Conflict Resolution Theme

Core: POLS 332 and POLS 335

Electives: POLS 311, POLS 321, POLS 323, POLS 325, POLS 327, POLS 330, POLS 331, POLS 334, POLS 336

Global Diversity Theme

Core: POLS 260 and POLS 390

Electives: POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 336

Global Human Rights Theme

Core: POLS 332

Electives: POLS 260, POLS 309, POLS 311, POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 331, POLS 334, POLS 336, POLS 350, POLS 354

Representation & Action Theme

Core: POLS 311 and POLS 325

Electives: POLS 301, POLS 331, POLS 340, POLS 341, POLS 342, POLS 344, POLS 346, POLS 350, POLS 351, POLS 353, POLS 390, POLS 404

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Communication Skills:** Political Science students will be able to write and speak effectively.
- **Research Skills:** Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- **Knowledge of American Politics:** Political Science students will analyze political behavior, institutions, and law or policy.

- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.

Political Science, Minor - Liberal Arts

Liberal Arts (Code 420-401)

Code	Title	Credits
Twenty-four semester credits including:		
POLS 110	American National Politics	3
POLS 122	Introduction to World Politics	3
Electives:		
At least one course at the 300-400 level in each of the four course groupings defined below		
At least 18 credits must be taken at the 200 level or above		18

Information for Political Science Majors and Minors

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and

total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 420-002)

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The World Politics emphasis provides an emphasis for students interested in graduate work or employment in world affairs, international relations, and comparative government.

Code	Title	Credits
	Sixty semester credits, including political science courses (15 required credits):	

POLS 110	American National Politics	3
POLS 122	Introduction to World Politics	3
POLS 290	Introduction to Political Analysis	3
POLS 335	International Relations Theory	3
POLS 480	Political Science Capstone	3
Elective political science courses:		30
One 300-level or higher course in American Politics		
In addition to POLS 335, three courses in International Relations		
Four courses in Comparative Government		
Two courses in Political Theory		
Elective courses from other disciplines (15 credits), with no more than six credits from any one prefix:		15
ANTH 315	Language in Culture and Society	
CJ 319	International Communication	
ECON 351	International Economics	
ECON 353	Economics of Pacific Asia	
ECON 355	Economic Development	
ECON/LAS 356	Economic Development of Latin America	
ENGL 130	Introduction to World/Postcolonial Literature	
ENGL 230	Survey of World/Postcolonial Literature	
ENGL 330	Topics in World/Postcolonial Literature	
Foreign Language courses at the 201 level or higher		
GEOG 301	Geography of Western Europe	
GEOG 308	Geography of Russia and Eastern Europe	
GEOG 319	Geography of the Middle East and North Africa	
GEOG/LAS 321	Geography of Latin America	
GEOG/ENV 378	International Environmental Problems and Policy	
GEOG 446	Political Geography	
HIST 326	Twentieth Century Europe, 1900 to Present	
HIST 360	Modern France	
HIST 362	Modern Germany	
HIST 375	Twentieth Century Russia	
HIST 383	Modern Africa	
HIST 388	History of China	
HIST 389	History of Japan	
MUSI 225	Global Traditions in Music	
RELS 307	Judaism	
RELS 309	Islam	
RELS 312	Buddhism: Past and Present	
RELS 314	Hinduism	
RELS 323	Chinese and Japanese Religions	
RELS 326	Asian Religious Philosophies	
RELS 378	The Holocaust, 1933-1945	

Total Credits**60**

Note: MATH 246 or its equivalent must be completed as part of the Liberal Education Core requirements. Credits will not count toward the major.

Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

American Politics

POLS 217	Freedom of Speech	3
POLS 301	State and Local Politics	3
POLS 305	Survey of U.S. Constitutional Principles	3
POLS 338	Judicial Politics	3

Political Theory

POLS 309	Classical Political Thought	3
----------	-----------------------------	---

POLS 310	Modern Political Thought	3
POLS 311	Contemporary Political Thought	3
POLS 312	American Political Thought	3
POLS 314	The Idea of Tolerance in the Western Political Tradition	3
POLS 354	Identity and Discrimination in Politics	3

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Communication Skills:** Political Science students will be able to write and speak effectively.
- **Research Skills:** Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- **Knowledge of American Politics:** Political Science students will analyze political behavior, institutions, and law or policy.
- **Knowledge of Political Theory:** Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- **Knowledge of International Relations:** Political Science students will analyze the behavior of international actors and the nature of their interactions.
- **Knowledge of Comparative Politics:** Political Science students will analyze the political systems of states.
- **Civic Responsibility:** Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- **Integration:** Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.
- **Knowledge of World Politics Theory:** Political Science World Politics students will analyze the contending theoretical explanations for state and non-state actor behavior, international conflict, and international cooperation.
- **Knowledge of World Political Economy:** Political Science World Politics students will analyze the contending theoretical explanations for global political-economic relations and the principal causes and solutions for global economic inequalities and underdevelopment.

Psychology

Hibbard Humanities Hall 277

715-836-5733

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/psychology/>)

Psychology is the scientific investigation of mental processes (thinking, remembering, feeling, etc.) and behavior. Psychology lies in the center of the academic pursuits of the university because of its strong connections with other scholarly areas. Psychology is not only an academic discipline, but also a profession. There are both academic psychologists, who engage in teaching and research, and practicing psychologists, who apply psychological knowledge in clinics, businesses, and other settings.

The Psychology Department has adopted the American Psychological Association (2013) learning goals for the major and minor.

Goal 1: Knowledge Base in Psychology

Goal 2: Scientific Inquiry and Critical Thinking

Goal 3: Ethical and Social Responsibility in a Diverse World

Goal 4: Communication

Goal 5: Professional Development

Credit for PSYC 100, PSYC 230, and PSYC 260 can be awarded through CLEP examinations. Credit for PSYC 100 and Statistics (MATH 246/PSYC 265) can be awarded through AP examinations.

Psychology, Behavior Analysis, Major

Liberal Arts (Code 440-202)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course

Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	Learning Outcomes
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	Learning Outcomes
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences

One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 440-202)

Recommended for students who are interested in becoming a behavioral services provider for individuals afflicted with autism, developmental disabilities, head injuries, and substance-abuse disorders. This major also provides essential preparation for students who are interested in attending graduate school for more advanced training.

Code	Title	Credits
Thirty-six semester credits, including: ^{1,3}		
PSYC 100	Introduction to Psychology	3
PSYC 101	Psychology as a Discipline and a Profession	1
MATH 246 or PSYC 265	Elementary Statistics Statistical Methods in Psychology I	3-4
PSYC 271	Methods of Research in Psychology	4
PSYC 281	Introduction to Behavior Analysis and Therapy	3
PSYC 390	Advanced Applied Behavior Analysis	3
PSYC 412	Experimental Analysis of Behavior	4
PSYC 480	Internship in Behavior Analysis ²	9
3 credits from one of the following, or a different upper-division Psychology course with department permission:		
PSYC 302	Principles of Learning	3
PSYC 377	Psychopharmacology	3
or complete one of the following in the area of Behavior Analysis		
PSYC 396 or PSYC 397	Research Apprentice in Psychology Student Academic Apprenticeship in Psychology	3

Remaining credits to total 36 selected from any psychology courses

- ¹ No credit may be earned toward completion of the major under the Satisfactory/Unsatisfactory option.
- ² Enrollment in PSYC 480 will be 3-6 credits per term depending on the Internship.
- ³ A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.

Note: Students pursuing the Psychology, Behavior Analysis major and the Mental Health and Well-Being certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe key concepts, principles, and overarching themes in psychology.
- Use scientific reasoning to interpret psychological phenomena.
- Apply ethical standards to evaluate psychological science and practice.
- Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity.
- Communicate effectively in a variety of formats (oral, written, technological).
- Attend to and monitor the quality of their self-regulatory processes (e.g. thought, behavioral, and/or emotional regulation).
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.
- Demonstrate the ability to identify and describe the main principles of behavior analysis.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 440-201)

The psychology major develops knowledge, skills, and values consistent with a liberal arts education. Recommended for students who are interested in pursuing advanced degrees in psychology or other related disciplines. Students who complete the major are also well prepared to pursue a variety of careers immediately following graduation.

Code	Title	Credits
Thirty-six semester credits, including: ^{1, 2, 3, 4, and 5}		
PSYC 100	Introduction to Psychology	3
PSYC 101	Psychology as a Discipline and a Profession	1-3
or PSYC 102	Foundations in the Discipline of Psychology	
MATH 246	Elementary Statistics	3-4
or PSYC 265	Statistical Methods in Psychology I	
PSYC 271	Methods of Research in Psychology	4
PSYC 400	History and Systems of Psychology	3
or PSYC 401	Big Issues in Psychology	

At least one course in each of the four core domains; at least two core domains must include an upper-division course for this requirement:

Biological

IDIS 125	Brain: Introduction to Neuroscience
PSYC 362	Clinical Neuroscience
PSYC 363	Psychology of Addictions
PSYC 372	Individual Differences and Behavior Genetics
PSYC 373	Evolutionary Psychology
PSYC 374	Cognitive Neuroscience
PSYC 376	Psychology of Perception

PSYC 377	Psychopharmacology
PSYC 387	Behavioral Neuroscience
Developmental	
PSYC 230	Human Development
PSYC 331	Child Psychology
PSYC 332	Psychology of Adolescence
PSYC 333	Psychology of Adulthood and Aging
Learning and Cognition	
PSYC 260	Educational Psychology
PSYC 281	Introduction to Behavior Analysis and Therapy
PSYC 302	Principles of Learning
PSYC 379	Cognitive Psychology
PSYC 380	Introduction to Behavior Modification
PSYC 390	Advanced Applied Behavior Analysis
PSYC 412	Experimental Analysis of Behavior
Sociocultural	
PSYC 245	Social Psychology
PSYC 251	Abnormal Psychology
PSYC 286	Understanding Suicide
PSYC 334	Psychology of the Exceptional Child
PSYC/WGSS 336	Psychology of Women
PSYC 340	Personality Psychology
PSYC/WGSS 348	Black Psychology
PSYC 349	Psychology of Stigma, Prejudice and Intergroup Relations
PSYC 353	Health Psychology

Remaining credits to total 36 selected from any Psychology courses. RELS 315 also may be counted toward the 36 credits for the major.

- ¹ At least 18 credits from 300- and 400-level courses are required for the major.
- ² A maximum of nine credits earned in PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the major.
- ³ Completion of core domain requirements may be satisfied by enrollment in selected offerings of PSYC 395, PSYC 396, PSYC 399, PSYC 491, and PSYC 499 with departmental approval.
- ⁴ No credit may be earned under the Satisfactory/Unsatisfactory option for any of the requirements listed below.
- ⁵ A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.

Note: Students pursuing the Psychology major and the Mental Health and Well-Being certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe key concepts, principles, and overarching themes in psychology.
- Use scientific reasoning to interpret psychological phenomena.
- Apply ethical standards to evaluate psychological science and practice.
- Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity.

- Communicate effectively in a variety of formats (oral, written, technological).
- Attend to and monitor the quality of their self-regulatory processes (e.g., thought, behavioral, and/or emotional regulation).
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

Psychology, Minor

Liberal Arts (Code 440-401)

Code	Title	Credits
Twenty-four semester credits, including: ^{1, 2, and 3}		
PSYC 100	Introduction to Psychology	3
MATH 246	Elementary Statistics	3-4
	or PSYC 265	Statistical Methods in Psychology I
PSYC 271	Methods of Research in Psychology	4

Remaining credits to total 24 selected from any Psychology courses. IDIS 125 and RELS 315 also may be counted toward the 24 credits for the minor.

- ¹ At least 6 credits from 300- and 400-level courses are required for the minor.
- ² A maximum of 3 credits from PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the minor.
- ³ No credit may be earned under the Satisfactory/Unsatisfactory option for any of the requirements listed above.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe key concepts, principles, and overarching themes in psychology
- Use scientific reasoning to interpret psychological phenomena

- Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity
- Communicate effectively in a variety of formats (oral, written, technological)
- Attend to and monitor the quality of their self-regulatory processes (e.g., thought, behavioral, and/or emotional regulation)

Public Health and Environmental Studies

Hibbard Humanities Hall 384
715-836-2628

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/public-health-environmental-studies/>)

Health, Justice, and Sustainability

Each of these programs equips students to make a difference in environmental and health challenges facing communities locally and around the world. Students in each of these programs may take advantage of service-learning opportunities, practicum/internship experiences, engage with activities and organizations on campus and in the community, and participate in faculty/student collaborative research.

Students interested in Public Health can pursue one of two majors or a minor:

- Environmental Public Health Comprehensive Major (Code 640-001)
- Public Health Major (Code 488-201)
- Public Health Minor (Code 488-401).

Students interested in Environmental and Sustainability Studies can enroll in one of two minors or a certificate.

- Environmental Science Minor (Code 155-400)
- Environment, Society, and Culture Minor (Code 489-401)
- Sustainability and Climate Action Certificate (Code 488-601)

These are highly interdisciplinary programs, incorporating courses and perspectives from over a dozen departments and programs across the university, enabling students to add an emphasis to their degree while meeting a wide array of Liberal Education requirements.

Environmentally themed comprehensive majors are also available in other departments, including Biology, Ecology and Environmental Emphasis (Code 080-001), Environmental Geography (Code 140-007), and Geology, Environmental Science Emphasis (Code 160-011). Students wishing for a broader understanding of environmental or sustainability studies can also develop an individualized program of study in the Liberal Studies Comprehensive Major (Code 370-001).

Majors

- Comprehensive Major: Environmental Public Health - B.S.E.P.H.
- Major: Public Health - B.A./B.S.

Minors

- Minor: Environment, Society, and Culture, Liberal Arts
- Minor: Environmental Science, Liberal Arts
- Minor: Public Health, Liberal Arts

Certificates

- Certificate: Sustainability and Climate Action

Environment, Society, and Culture, Minor

Liberal Arts (Code 489-401)

Advisors: J. Boulter (Public Health and Environmental Studies), J. Phillips (Chemistry and Biochemistry), C. Pierce (Public Health and Environmental Studies).

The Environment, Society, and Culture minor enables students to apply interdisciplinary approaches to investigate the human and ecological dimensions of environmental issues, including climate change, environmental justice, pollution, and sustainable food systems. The minor provides the opportunity to integrate courses from a variety of disciplines, including economics, environmental science, ethics, gender studies, geography, history,

policy, public health, and sociology. Concepts and tools from these disciplines empower students to address environmental challenges at local-to-global scales. The minor is open to all students and is designed to be flexible so that students can tailor their courses to meet their particular needs and interests.

In addition, students gain real world research skills and apply principles of environmental justice, civic engagement, sustainability, and strategic policy development to learn about the underlying drivers of critical challenges such as climate change, air and water pollution, biodiversity loss, urbanization, and infectious disease outbreaks. Students in the minor examine social and environmental conflicts and the policies and strategies to address these conflicts. The Environment, Society, and Culture minor challenges students to think critically and holistically to understand the social and environmental dynamics of environmental concerns.

Code	Title	Credits
------	-------	---------

Minimum of 24 credits, with at least 12 credits from courses at the 300-level or above, including:

Select at least one gateway course from the following:

BIOL 180	Environmental Biology and Conservation	
CHEM 127	Chemistry and Climate	
ENPH 110	Introduction to Environmental Health	
ENV 101	Sustainability Basics and Beyond	
GEOG 178	Planet Earth: Conservation of the Environment	
PH 115	Global Health	

Select at least three of the following from the “Socio-cultural Perspectives” category:

CJ 318	Topics in Communication and Social Advocacy (when offered as Environmental Communications)	
ECON 268	Environmental Economics	
ENV 310	Sustainable Cities	
ENV 330	Waste & Society: Energy, Food, and Efficiency	
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	
GEOG 354	Sustainable Placemaking and Community	
GEOG 369	Geography of Food	
GEOG/ENV 378	International Environmental Problems and Policy	
HIST/ENV 346	American Environmental History	
PHIL 320	Environmental Ethics	
SOC 301	Environmental Sociology	
SOC 317	Sociology of Food and Agriculture	

Natural Science Focus Area: A two-course sequence in a natural science chosen from the following options:

BIOL 328	Conservation Biology ¹	
CHEM 115 & CHEM 304	Chemical Principles and Environmental Chemistry ²	
GEOG 104 & GEOG 304	Planet Earth: The Physical Environment and Introduction to Geomorphology	
or GEOG 340	Climatology	
or GEOG 361	Environmental Hazards	

GEOG 115 & GEOG 301 or GEOG 308	Environmental Geology and Earth Resources and Sustainability Water Resources	
---------------------------------	--	--

Select additional courses from those listed above or from the options below to reach a total of 24 credits:

AIS/HIST 240	American Indian History	
AIS 343	Contemporary American Indian Communities	
BIOL 329	Biological Field Experiences and Service-Learning Capstone	
ENPH 150	Disease Detectives: Epidemics and Data	
ENPH 324	Radiation, Air Pollution and Health	
ENPH 441	Water and Wastewater	
ENPH 445	Hazardous and Solid Waste Management	
GEOG 270	Introduction to Urban and Regional Planning	
GEOG/AIS 322	Native Geographies	
GEOG 365	Tourism Geographies	
GEOG 368	Geography Field Seminar	
HIST 348	History of Public Health in the United States	
PH 450	Epidemiology	
SOC 310	Principles of Demography	
SOC 314	Social Class and Inequality	

¹ Must take either GEOG 178 or BIOL 180 as the gateway course as a prerequisite to BIOL 328.

² CHEM 105, CHEM 106, and CHEM 109 may be used in lieu of CHEM 115 but only six credits may be counted toward the minor from these courses.

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through the Honors program, International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: A minimum of 48 unique credits must be earned between the student’s major and this minor for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Examine the human impacts on environmental systems using scientific inquiry.
- Describe political, economic, and social dimensions of environmental problems.
- Recognize the spiritual and philosophical interconnections between humans and the environment.
- Integrate scientific, socioeconomic, and ethical perspectives to address environmental issues.

Environmental Public Health, Comprehensive Major

(Code 640-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Camp5.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (<https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/>)

EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Science in Environmental Public Health

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Major Requirements

(Code 640-001)

Advisors: J. Boulter, C. Pierce, L. Suppes.

Practitioners in the field of environmental public health control environmental health hazards and preserve and improve environmental factors for the achievement of optimum health, safety, comfort, and well-being. Students gain the educational background necessary to appreciate cultural values and protect air, water, soil and food resources.

Graduates are employed in regulatory agencies and industries concerned with environmental quality and the public's health. This comprehensive major includes both foundation classes in biology, chemistry, physics, and mathematics, and specialized courses in environmental and public health, such as food and water sanitation, air pollution, industrial hygiene, vector-borne disease control, and environmental toxicology.

The Environmental Public Health (ENPH) major provides undergraduate students with a comprehensive understanding of science and its application

to protect human environmental health. The degree prepares students for careers as Environmental Health Professionals and safety specialists, integrating a scientific background, technical skills, and professional ethics.

Scholarships

Ten scholarships are available to students in the ENPH major. Additional information may be obtained from the faculty or by visiting the Financial Aid Website. Students are invited to participate in the Student National Environmental Health Association, the goal of which is to improve the health and well-being of people by focusing on environmental public health issues and introducing students to professional organizations.

Internships

The ENPH major provides students with an innovative, full-time, paid summer internship experience typically with an off-campus health-related agency or industry. The internship is typically completed during the summer months between the junior and senior year.

Accreditation

The B.S.E.P.H. degree is accredited by the National Environmental Health Science and Protection Accreditation Council. Graduates are prepared to take the National Environmental Health Association exam for the Registered Environmental Health Specialist/Registered Sanitarian credential.

Code	Title	Credits
ENPH Major Requirements		
Minimum sixty-six semester credits, including:		
Core Science Courses (included in the ENPH Major Designation)		
BIOL 151	Biology of Humans	4
BIOL 221	Foundations of Biology I	4
CHEM 325	Organic Chemistry I with Laboratory	4
And select one of the following two courses:		3-5
BIOL 250	Microbiology	
BIOL 361	Biology of Microorganisms	
Core ENPH Courses (field trips required in some courses)		
ENPH 110	Introduction to Environmental Health	3
ENPH 324	Radiation, Air Pollution and Health	3
ENPH 364	Occupational Safety Management	3
ENPH 432	Preparation for Practicum	2
ENPH 435	Practicum in Environmental Public Health	3
ENPH 441	Water and Wastewater	3
ENPH 443	Microbial Safety of Food	4
ENPH 445	Hazardous and Solid Waste Management	3
ENPH 460	Fundamentals of Industrial Hygiene	3
ENPH 476	Vector-Borne Disease Control	3
ENPH 490	Environmental Toxicology and Risk Assessment	3
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	3
PH 450	Epidemiology	3
Elective Options		
Choose two courses from the Communications/Policy category		
CJ 207	Introduction to Rhetoric and Society	
CJ 272	Social Media and Communication	

CJ 307	Small Group Communication
CJ 357	Professional Communication
CJ 452	Health Communication
ECON 268	Environmental Economics
ENGL 312	Science Writing
ENGL 313	Technical Writing
ENGL 409	Grant Proposal Writing
PHIL 306	Ethics of Health Care
PHIL 320	Environmental Ethics
POLS 346	Public Policy in the United States

Choose two courses from one or both of the following categories

Human Health and Sustainability

ENV 140	Water Problems, Water Solutions
ENV 310	Sustainable Cities
ENV 330	Waste & Society: Energy, Food, and Efficiency
ENV/GEOG 378	International Environmental Problems and Policy
GEOG 178	Planet Earth: Conservation of the Environment
or BIOL 180	Environmental Biology and Conservation
PH 115	Global Health
PH/NRSG 225	Introduction to Public Health
PH 350	Public Health and Climate Change

Technology and Science

CHEM 213	Quantitative Analysis
GEOG 135	Planet Earth: Our Digital Globe
GEOG 335	Geographic Information Systems I
PHYS 212	General Physics

Other requirements outside the major

MATH 108	Earth Algebra	
or		
MATH 109	Algebra for Calculus	
or		
Competency to enter MATH 111 A Short Course in Calculus		
MATH 246	Elementary Statistics	4
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab	
PHYS 211	General Physics	

Satisfactory/Unsatisfactory Policy

The only credits that may be earned under the Satisfactory/Unsatisfactory option are for Independent Study. S/U credits may not total more than three.

Internship

An internship or practical experience is a requirement for the B.S.E.P.H. degree. Typically between the junior and senior year, each student is required to enroll in three credits of summer practicum (ENPH 435) and pay fees to the University. Students anticipating enrollment in the practicum should notify the Environmental Public Health faculty no later than February 1, and enroll in ENPH 432 the spring semester prior to their summer practicum.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the scientific principles associated with environmental health hazards, risk assessment, and inequitable burden across communities.
- Apply methods to analyze environmental health hazards and risks.
- Communicate environmental health risks to the public.
- Apply and evaluate interventions to protect the public's health.
- Demonstrate professional ethics, values, responsibility, and collaboration.

The Master of Public Health (MPH) Accelerated Program allows qualified undergraduate students to use 15 credits of approved graduate-level courses toward their bachelor's degree *and* the MPH. The remaining credits for the MPH can be completed online in as soon as one calendar year. Please contact the MPH Director for more information.

Eligibility for Admission to AMP

- Junior standing (minimum of 60 credits completed)
- 3.2 GPA (will consider lower with advisor recommendation)
- Desire and intention to complete MPH
- Completed application

Enrollment in AMP

- Complete up to 15 graduate credits; only 12 credits can be at the 500/600 level. You are required to work with the MPH Director to select and enroll in graduate courses.
- Maintain 3.0 GPA in graduate courses and 3.2 cumulative GPA during AMP.

Terms of AMP

- Because the graduate courses you take during AMP also count toward your bachelor's degree, graduate credit is generally not transferable to programs outside of UWEC.
- Acceptance into the AMP is not guaranteed acceptance into the MPH.
- Courses are billed at the MPH tuition rate and outside of plateau pricing.
- You may leave the AMP at any time without consequences.

MPH Completion

- Submit graduate application for MPH prior to completing bachelor's degree.
- Graduate credit will be confirmed upon completion of the first term in the MPH program.
- Remaining credits are billed at the MPH tuition rate and are outside of plateau pricing.

Participation in AMP does not obligate you to complete the MPH.

Environmental Science, Minor

Liberal Arts (Code 155-400)

Advisors: J. Boulter (Public Health and Environmental Studies), P. Ihinger (Geology and Environmental Science), H. Jol (Geography and Anthropology), E. Weiher (Biology).

This multidisciplinary liberal arts minor is created primarily for students with interests in environmental science and conservation of biological diversity. The minor emphasizes the study of environmental issues, ecology and conservation, and water and earth resources through application of concepts and methods from various disciplines. The minor is designed to complement a

36-credit standard major, e.g., Biology, Liberal Arts or Political Science. Students wishing to pursue a comprehensive major in environmental science should consider the Ecology and Environmental Biology Comprehensive Major in Biology, the Environmental Geography Comprehensive Major in Geography and Anthropology, the Environmental Science Comprehensive Major in Geology and Environmental Science or the Environmental Public Health Comprehensive Major in the Public Health and Environmental Studies Program.

Code	Title	Credits
Minimum of 24 credits, with at least 11 credits from courses at the 300-level or above, including:		
Required:		
BIOL 180	Environmental Biology and Conservation	3
or GEOG 178	Planet Earth: Conservation of the Environment	
One or more of the following life sciences courses (min. 3 crs):		
BIOL 321	Ecology	3
BIOL 328	Conservation Biology	4
BIOL 338	Vegetation Ecology	4
BIOL 376	Aquatic Ecology	3-4
Two or more of the following physical science courses (min. 6 crs):		
CHEM 304	Environmental Chemistry	3
GEOG 304	Introduction to Geomorphology	4
GEOG 361	Environmental Hazards	3
GEOL 115	Environmental Geology	4
or GEOG 104	Planet Earth: The Physical Environment	
GEOL 304	Global Environmental Change	3
GEOL 308	Water Resources	3
GEOL 315	Hydrogeology I	4
GEOL 336	Introduction to Geochemistry	3
One or more of the following health, humanities, or social science courses (min. 3 crs):		
ECON 268	Environmental Economics	3
ENPH 110	Introduction to Environmental Health	3
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	3
GEOG 270	Introduction to Urban and Regional Planning	3
GEOG/ENV 378	International Environmental Problems and Policy	3
PHIL 320	Environmental Ethics	3
Two or more of the following techniques courses (min. 6 crs):		
BIOL 383	Biostatistics	4
ENPH 441	Water and Wastewater	3
GEOG 280	Introduction to Cartography and Visualization	3
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 350	Soils and the Environment	4
GEOG 363	Watershed Analysis	4
GEOG 364	Fluvial Processes and Landforms	4

GEOG 370	Quantitative Methods in Geography	3
A field capstone (min. 1 cr):		
BIOL 320	Studies in Tropical Environments	3
BIOL 329	Biological Field Experiences and Service-Learning Capstone	1-2
BIOL 490	Biological Field Studies	1-4
GEOL 303	Rocky Mountain Field Studies	3
GEOL 343	Geological Field Excursion	1-2
GEOL 470	Field Geology I	3

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing standard majors in Biology or Geography, a maximum of 12 credits from the major may be applied to this minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate ecological and physical science knowledge related to the conservation of biological diversity and natural resources.
- Use computational and technological skills to analyze environmental systems.
- Evaluate relationships between environmental science and society.
- Apply knowledge, skills, and values of environmental science to examine issues in a field setting.

Public Health, Major

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)	Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)	One (1) learning experience
---	-----------------------------

Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)	Two (2) learning experiences

Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 488-201)

Advisors: J. Boulter (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities. Core courses will provide a broad overview of the U.S. healthcare system and a basic understanding of the five fundamental areas of public health knowledge. The electives will allow students to acquire knowledge and skills across a variety of domains that reflect their academic and professional interests, areas such as administration/policy, biomedical and health sciences, communications, healthy and sustainable communities, quantitative and qualitative research methods, and social sciences and humanities. The capstone or culminating experience will have students demonstrate and apply their knowledge and skills to a public health issue of interest to them. This may be achieved through senior seminars, portfolio projects or research papers, or in collaboration with stakeholders from governmental, non-governmental, and/or private organizations through community-engaged service or research.

The innovative array of courses and learning experiences in public health prepares students for a breadth of entry-level high-demand careers in health care organizations, government, non-profit organizations, and the private sector. The major provides a strong foundation for those who want to pursue graduate school in public health and related fields, and is well suited to those interested in a health professions career such as chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine.

Code	Title	Credits
Minimum of thirty-six credits, including:		
Core Requirements		19
ENPH 370	US Health Systems and Policy	3
MATH 246	Elementary Statistics	4

PH 115	Global Health	3
PH/NRSG 225	Introduction to Public Health	3
PH 450	Epidemiology	3
PH 459	Preparation for Public Health Practice	1
PH 460	Public Health Practice	2

Elective Course Options: at least 17 credits selected from areas different than secondary program; at least 6 credits at 300-level or above. ¹

Administration and Policy

ENV/GEOG 377	U.S. Environmental and Sustainability Policy	
ENV/GEOG 378	International Environmental Problems and Policy	
HCAD 302	Leadership and Management Practices in Health Services	
NRSG 212	Navigating Health Care	
POLS 301	State and Local Politics	
POLS 346	Public Policy in the United States	
SW 100	Introduction to Social Welfare	

Biomedical and Health Sciences

BIOL 214	Human Anatomy and Physiology I	
BIOL 250	Microbiology	
BIOL 314	Human Anatomy and Physiology II	
HCAD 222	Multidisciplinary Perspectives on Aging	
IDIS 301	Exploring Mind/Body Connections	
KINS 335	Introduction to School Health Education and Current Health Issues	
NRSG 385	Men's Health Issues	

Communication

CJ 203	Fundamentals of Human Communication	
CJ 301	Intercultural Communication	
CJ 318	Topics in Communication and Social Advocacy	
CJ 470	Crisis Communication	
ENGL 409	Grant Proposal Writing	

Healthy and Sustainable Communities

ENV 101	Sustainability Basics and Beyond	
ENV 310	Sustainable Cities	
ENV 330	Waste & Society: Energy, Food, and Efficiency	
GEOG 369	Geography of Food	
PH 341	Rural Public Health	
PH 350	Public Health and Climate Change	
SOC 301	Environmental Sociology	
SW 290	Human Rights and Global Justice	

Quantitative and Qualitative Research Methods

BIOL 383	Biostatistics	
GEOG 135	Planet Earth: Our Digital Globe	
GEOG 335	Geographic Information Systems I	
GEOG 337	Geographic Information Systems II	
MATH 345	Introduction to Probability and Mathematical Statistics	

MATH 443	Experimental Design and Analysis
MATH 445	Survey Sampling
MATH 447	Nonparametric Statistics
PH 426	Field Epidemiology: Outbreak Investigations
SOC 310	Principles of Demography
SOC 328	Sociological Data Analysis
SOC 332	Sociological Research Methods
Social Sciences and Humanities	
AIS 343	Contemporary American Indian Communities
ECON 280	Health Economics
NRSG 389	Cross Cultural Health
PHIL 306	Ethics of Health Care
PSYC 353	Health Psychology
PSYC 230	Human Development
SW 315	Aging and the Aged

¹ Elective courses may not be counted toward the second program for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain and analyze the role of socio-cultural, economic/political, physical and behavioral factors contributing to health disparities.
- Apply quantitative and epidemiologic methods to address public health issues.
- Engage in team- and community-based collaborations to promote population health.
- Describe the current U.S. health care system and the role of public health in addressing policies and delivery systems that affect population health.
- Demonstrate professional ethics, values, responsibility, and collaboration.

The Master of Public Health (MPH) Accelerated Program allows qualified undergraduate students to use 15 credits of approved graduate-level courses toward their bachelor’s degree *and* the MPH. The remaining credits for the MPH can be completed online in as soon as one calendar year. Please contact the MPH Director for more information.

Eligibility for Admission to AMP

- Junior standing (minimum of 60 credits completed)
- 3.2 GPA (will consider lower with advisor recommendation)
- Desire and intention to complete MPH
- Completed application

Enrollment in AMP

- Complete up to 15 graduate credits; only 12 credits can be at the 500/600 level. You are required to work with the MPH Director to select and enroll in graduate courses.
- Maintain 3.0 GPA in graduate courses and 3.2 cumulative GPA during AMP.

Terms of AMP

- Because the graduate courses you take during AMP also count toward your bachelor’s degree, graduate credit is generally not transferable to programs outside of UWEC.
- Acceptance into the AMP is not guaranteed acceptance into the MPH.

- Courses are billed at the MPH tuition rate and outside of plateau pricing.
- You may leave the AMP at any time without consequences.

MPH Completion

- Submit graduate application for MPH prior to completing bachelor’s degree.
- Graduate credit will be confirmed upon completion of the first term in the MPH program.
- Remaining credits are billed at the MPH tuition rate and are outside of plateau pricing.

Participation in AMP does not obligate you to complete the MPH.

Public Health, Minor

Liberal Arts (Code 488-401)

Advisors: C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities by preventing disease, disability and death across populations. This field draws on the natural, quantitative, social, and behavioral sciences to study the distribution and determinants of human health and disease, and to develop interventions to preserve and promote health and well-being.

Because public health is such a broad interdisciplinary field it has wide appeal and utility. The public health minor is a natural complement to any of the health profession majors (athletic training, behavior analysis, communication sciences and disorders, environmental public health, health care administration, kinesiology, nursing, and social work). The minor augments the pre-professional curriculum of students preparing for post-baccalaureate health professions programs in chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine. In addition, the public health minor benefits those wishing to incorporate a better understanding of health in their chosen field, including majors not thought of as traditional health sciences. These majors include, but are not limited to, communication, economics, geography, journalism, management, mathematics (statistics and actuarial sciences), philosophy, political science, psychology, religious studies, and sociology.

The required core courses will expose students to the essential elements of public health. The elective courses will allow students either to align their public health minor to their major or to explore and investigate potential new areas of interest within public health.

Code	Title	Credits
Minimum of 24 credits required as follows:		
Required core courses (9 credits):		
PH 115	Global Health	3
ENPH 150	Disease Detectives: Epidemics and Data	3
or PH 450	Epidemiology	
*PH 450 may count in either the core or elective category, but not both.		
PH/NRSG 225	Introduction to Public Health	3
Elective courses (15 credits):		15
No more than six credits from any one prefix. At least nine elective credits must be at the 300-level or above.		

Administration/Policy

ENV 310	Sustainable Cities
ENV 330	Waste & Society: Energy, Food, and Efficiency
ENV/GEOG 377	U.S. Environmental and Sustainability Policy
ENV/GEOG 378	International Environmental Problems and Policy
HCAD 201	Overview of the U.S. Health Care System
HCAD 302	Leadership and Management Practices in Health Services
NRSRG 212	Navigating Health Care
POLS 301	State and Local Politics
POLS 343	Public Administration
SW 100	Introduction to Social Welfare

Aging/Gerontology

HCAD 222	Multidisciplinary Perspectives on Aging
PSYC 333	Psychology of Adulthood and Aging
SOC 264	Social Gerontology
SW 315	Aging and the Aged
SW/NRSRG 360	Death and Bereavement

Biomedical/Health Sciences

BIOL 250	Microbiology
BIOL 306	Infectious Disease Biology
BIOL 371	Medical Mycology
CHEM 150	Survey of Biochemistry
IDIS 301	Exploring Mind/Body Connections
or NRSRG 213	Body, Mind, Spirit Wellness
KINS 335	Introduction to School Health Education and Current Health Issues
KINS 450	Applied Nutrition in Kinesiology
NRSRG 205	Integrating Knowledge for Improving Health
NRSRG 211	Wellness: Food for Fitness
NRSRG 385	Men's Health Issues

Communications

CJ 201	Introduction to Interpersonal Communication
CJ 203	Fundamentals of Human Communication
CJ 452	Health Communication
ENGL 312	Science Writing
ENGL 314	Cultural Rhetorics
ENGL 409	Grant Proposal Writing
NRSRG 220	The Language of Health Care

Environmental/Occupational Health

CHEM 127	Chemistry and Climate
ENPH 110	Introduction to Environmental Health
ENPH 364	Occupational Safety Management
ENPH 441	Water and Wastewater
ENPH 443	Microbial Safety of Food

ENPH 445	Hazardous and Solid Waste Management
ENPH 476	Vector-Borne Disease Control
ENPH 490	Environmental Toxicology and Risk Assessment
ENV 140	Water Problems, Water Solutions
GEOG 178	Planet Earth: Conservation of the Environment
GEOG 361	Environmental Hazards
PH 350	Public Health and Climate Change
SOC 301	Environmental Sociology

Quantitative/Research Methods

BIOL 383	Biostatistics
CHEM 213	Quantitative Analysis
ECON 316	Econometrics
GEOG 335	Geographic Information Systems I
GEOG 337	Geographic Information Systems II
GEOG 370	Quantitative Methods in Geography
MATH 246	Elementary Statistics
MATH 345	Introduction to Probability and Mathematical Statistics
MATH 346	Introduction to Probability
MATH 347	Mathematical Statistics
MATH 445	Survey Sampling
MATH 447	Nonparametric Statistics
PH 426	Field Epidemiology: Outbreak Investigations
PSYC 265	Statistical Methods in Psychology I
PSYC 271	Methods of Research in Psychology
SOC 328	Sociological Data Analysis
SW 323	Methods of Social Work Research

Social Sciences/Humanities

ANTH/AIS 161	Introduction to Cultural Anthropology
ECON 268	Environmental Economics
ECON 280	Health Economics
ECON 366	Behavioral Economics
GEOG 111	Planet Earth: Human Geography
GEOG 369	Geography of Food
NRSRG 389	Cross Cultural Health
PH 450	Epidemiology (if not taken as a core course)
PHIL 120	Ethical Reasoning
PHIL 306	Ethics of Health Care
PHIL 320	Environmental Ethics
PH 341	Rural Public Health
PSYC 353	Health Psychology
RELS 290	Sacred Earth: Religion and Nature
SOC 310	Principles of Demography

In addition, with the advisor's consent, other courses may be allowed to count as an elective when the topic is appropriate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain and analyze the role of socio-cultural, economic/political, physical and behavioral factors contributing to health disparities.
- Apply quantitative and epidemiologic methods to address public health issues.
- Appreciate the role of team- and community-based collaboration in promoting population health.

Sustainability and Climate Action, Certificate

(Code 488-601)

Advisors: J. Boulter (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).

This certificate is for students who are concerned about the escalating climate crisis and who seek the foundational understanding and skills to lead societal and technological transitions necessary to achieve a sustainable world. It is designed to complement students' primary field(s) of study so that they can apply their learning from these five courses to whatever future academic studies and/or career paths they follow. All enrolled students will gain curricular breadth, essential to developing their interdisciplinary thinking to address this 21st century problem.

Minimum of 15 credits with at least 9 credits at the 300-level or above.

Code	Title	Credits
Climate science fundamentals – take 1 of the following		
BIOL 180	Environmental Biology and Conservation	
CHEM 127	Chemistry and Climate	
CHEM 304	Environmental Chemistry	
GEOG 340	Climatology	
GEOL 304	Global Environmental Change	
Climate policies and systems – take 1 of the following		
ECON 268	Environmental Economics	
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	
GEOG 369	Geography of Food	
GEOG/ENV 378	International Environmental Problems and Policy	
PH 115	Global Health	
SOC 301	Environmental Sociology	
Scientific/technical solutions – take 1 of the following		
BIOL 328	Conservation Biology	
ENV 389	Taking the Measure of Sustainability	
GEOG 338	Remote Sensing of the Environment	
GEOL 122	The Future of Global Energy	
GEOL 301	Earth Resources and Sustainability	
MSE 221	Living in a Materials World	
Societal transitions – take 2 of the following		
AIS 343	Contemporary American Indian Communities	

CJ 318	Topics in Communication and Social Advocacy (when offered as Environmental Communication)
ENV 101	Sustainability Basics and Beyond
ENV 310	Sustainable Cities
ENV 330	Waste & Society: Energy, Food, and Efficiency
GEOG 354	Sustainable Placemaking and Community
PH/NRSG 225	Introduction to Public Health
SOC 317	Sociology of Food and Agriculture

Note: A minimum of 48 unique credits must be earned between the student's major and this certificate for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain in an easily accessible manner the fundamental basis of climate change from a scientific viewpoint and exclude false narratives.
- Identify connections between physical changes in climate systems and changes in social systems: this includes how climate threatens human social systems in addition to how policy decisions affect climate change.
- Illustrate how both technological advances and changes to policy and behavior can either mitigate the severity of climate change and/or improve adaptation of human and natural systems in a changing climate.

Race, Ethnicity, Gender, and Sexuality Studies

Hibbard Humanities Hall 384
715-836-5717

Department (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/womens-gender-sexuality-studies/>) Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/womens-studies/>)

The Race, Ethnicity, Gender, and Sexuality Studies department coordinates teaching, research, and scholarship in the field of Race, Ethnicity, Gender, and Sexuality Studies. It is a mature academic field of inquiry that also draws from many other fields of study. Enacted as a discipline, the Race, Ethnicity, Gender, and Sexuality Studies department is a site of both scholarly inquiry and social change and activism. A unique academic department, Race, Ethnicity, Gender, and Sexuality Studies incorporates praxis—practice that is informed by feminist theory and gendered analyses. Courses in Race, Ethnicity, Gender, and Sexuality Studies are taught with feminist pedagogical techniques and from feminist theoretical perspectives, and they integrate theory with activism whenever possible.

Race, Ethnicity, Gender, and Sexuality Studies students learn to think critically about the intersections of race, ethnicity, gender, sexuality, age, ability, and nationality as they interact with systems of power. Students also learn to make important connections between their learning, their own lives, and the globally interconnected world. As engaged citizens, Race, Ethnicity, Gender, and Sexuality Studies students advocate for gender and other forms of social justice both on campus and in the larger community.

All majors participate in a final capstone experience by taking WGSS 498 which is offered during the Spring semester. Students work closely with a community

partner to develop and implement a plan of action or research. There are also other internship and volunteer opportunities for Race, Ethnicity, Gender, and Sexuality Studies students on campus (e.g. Gender and Sexuality Resource Center, Center for Awareness of Sexual Assault, Intersectional Women's Center) and in the local community (such as the Black and Brown Womyn Power Coalition, the Chippewa Valley LGBTQ+ Community Center, Family Support Center, Hmong Mutual Assistance Association, The Community Table, and Western Dairyland). In addition, Race, Ethnicity, Gender, and Sexuality Studies offers several courses conducted as domestic and international cultural immersion experiences.

The interdisciplinary and critical perspectives learned in the department enrich all fields of study, so graduates are well-prepared to do work in a variety of fields. Upon graduating, Women's, Gender, and Sexuality Studies majors pursue a range of careers in business, health care, community education, and in both the private sector and non-profit organizations. They are also well prepared for graduate studies in Race, Ethnicity, Gender, and Sexuality Studies and other fields.

Faculty

Ari Anand, Chair

Josephine Kipgen

Rae Langes

Kaozong Mouavangsou

Majors

- Major: Women's, Gender, and Sexuality Studies, Liberal Arts - B.A./B.S.

Minors

- Minor: Women's, Gender, and Sexuality Studies, Liberal Arts

Certificates

- Certificate: Women of Color Feminisms
- Certificate: Women's, Gender, and Sexuality Studies
- Certificate: LGBTQ Studies
- Certificate: Critical Hmong Studies

LGBTQ Studies, Certificate

(Code 485-602)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The **Certificate in LGBTQ Studies** provides students with a flexible option for completing a concentration in LGBTQ issues, and for formally denoting on their transcript this area of expertise in their academic training.

Currently enrolled degree-seeking students in good standing in the university and University Special Students will be eligible to complete the certificate in LGBTQ Studies.

Code	Title	Credits
Students are required to take a minimum of 15 credits, including:		
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 206	Perspectives in LGBTQ Studies	3
WGSS 406	Queer Theories and Sexual Politics	3

The remaining 6 credits are to be selected from:

6

ENGL 314	Cultural Rhetorics (only when offered as Queer Rhetorics)
SOC/WGSS 419	Gender and Power
SOC/WGSS 426	Sociology of Sexualities
WGSS 308	Topics in LGBTQ Studies
WGSS/HIST 313	Gender, Sex, and Science in European History
WGSS/PSYC 336	Psychology of Women
WGSS 306	Transgender Activism and Cultural Production
WGSS 345	Black Feminist and Black Queer Studies
Special topics, internships, and umbrella courses with a focus on LGBTQ and/or sexualities issues may be applied to the certificate with approval of the Race, Ethnicity, Gender, and Sexuality Studies Department Chair.	

Note 1: Courses cannot be counted in both the major and the certificate program. Students cannot pursue the Women's, Gender, and Sexuality Studies Major and LGBTQ Studies Certificate to meet graduation requirements for completing a first and second degree program.

Note 2: Though there are no prerequisites for the Certificate in LGBTQ Studies, there may be prerequisites for some of the courses that are a part of the Certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Will develop an understanding of theories regarding the social construction of gender and sexual identities, the historical treatment of gender and sexual nonconformity from the colonial period onward, LGBTQ liberation movements (1950s-present), and contemporary LGBTQ issues (2002-to the present).
- Effectively articulate queer and transgender theories and perspectives.

Women of Color Feminisms, Certificate

(Code 485-603)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The **Certificate in Women of Color Feminisms** is designed for students who have a strong interest in learning about the experiences of women of color but are not able to complete the requirements for a major or minor in Women's, Gender, and Sexuality Studies. Students will explore Women of Color Feminisms as a field, a framework, and a method rooted in Women of Color work that examines systems of power with a focus on gender and racial justice.

Minimum of 15 credits with at least 6 credits at the 300-level or above.

Code	Title	Credits
Core Requirements		
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 315	Women of Color Feminisms	3
Elective Options		

Choose three of the following courses:

AIS 444	Indigenous Theory and Methodologies
ECON/WGSS 357	Women and Economic Development
ENGL 330	Topics in World/Postcolonial Literature (only when topic addresses Women of Color Feminisms)
ENGL/WGSS 396	Studies in Women's Literature (only when topic addresses Women of Color Feminisms)
ENGL 430	Seminar in World/Postcolonial Literature (only when topic addresses Women of Color Feminisms)
ENGL 496	Seminar in Women's Literature (only when topic addresses Women of Color Feminisms)
HIST/WGSS 205	American Women's History
HMNG/WGSS 365	Intersectionality: Critical Approaches to Identity and Injustice
PSYC/WGSS 348	Black Psychology
SOC 312	Race and Ethnicity in the U.S.
WGSS 215	African-American Feminism in the Humanities
WGSS 306	Transgender Activism and Cultural Production
WGSS 335	Transnational Feminism
WGSS 345	Black Feminist and Black Queer Studies

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Women of Color Feminisms Certificate, there may be prerequisites for some of the courses that are a part of the Certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.

Women's, Gender, and Sexuality Studies, Certificate

(Code 485-601)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The **Certificate in Women's, Gender, and Sexuality Studies** is designed for students who have a strong interest in developing a feminist lens to analyze systems of power with a focus on social justice but are not able to complete the requirements for a major or minor in Women's, Gender, and Sexuality Studies.

The certificate might appeal to those students who have limited opportunity to explore academic areas beyond their major discipline.

Currently enrolled degree-seeking students in good standing in the University or University Special Students are eligible to complete a Certificate in Women's, Gender, and Sexuality Studies.

Code	Title	Credits
Students are required to take a minimum of 15 credits, including:		
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 300	Introduction to Feminist Theories	3
WGSS 335	Transnational Feminism	3
The remaining six credits are to be selected from either WGSS courses or courses cross-listed with WGSS.		6

¹ WGSS Certificate students may apply a maximum of three credits to the Certificate from WGSS 395, WGSS 397, and WGSS 498.

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Certificate in Women's, Gender, and Sexuality Studies; there may be prerequisites for some of the courses that are a part of the Certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course

Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
--	------------------------------

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
---	-----------------------------

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
---	------------------------------

One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 485-201)

Code	Title	Credits
The major consists of 36 semester credits, including: ¹		
Required Core: 18 credits		
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 206	Perspectives in LGBTQ Studies	3
WGSS 300	Introduction to Feminist Theories	3
WGSS 422	Women's, Gender, and Sexuality Studies Advanced Travel Seminar ²	3
or WGSS 335	Transnational Feminism	
WGSS 490	Feminist Analysis and Practices: Interdisciplinary Themes	3
WGSS 498	Women's, Gender, and Sexuality Studies Internship	3

The remaining 18 credits are to be selected from WGSS courses, courses cross-listed with WGSS, AIS 444, or SOC 415. ³

¹ At least 12 credits in the major must be earned from courses at the 300-400 level (required courses may be used to meet this requirement).

² Only if an International Experience and with the consent of the Race, Ethnicity, Gender, and Sexuality Studies Department Chair.

³ WGSS majors may apply a maximum of six credits to the major from WGSS 395, WGSS 397, and WGSS 498.

Note: Students pursuing the WGSS major and the History minor to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.
- Engage in the community and advocate for social justice.

Women's, Gender, and Sexuality Studies, Minor

Liberal Arts (Code 485-401)

The Women's, Gender, and Sexuality Studies minor offers students important interdisciplinary and multidisciplinary perspectives to analyze systems of power with a focus on social justice. It complements majors in Arts and Sciences, Business, Education and Human Sciences, and Nursing and Health Sciences.

Code	Title	Credits
A minimum of 24 semester credits, including:		
Required Core: 15 credits		
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 206	Perspectives in LGBTQ Studies	3
WGSS 300	Introduction to Feminist Theories	3
WGSS 422	Women's, Gender, and Sexuality Studies Advanced Travel Seminar ¹	3
or WGSS 335	Transnational Feminism	
WGSS 490	Feminist Analysis and Practices: Interdisciplinary Themes	3
Electives		
Select nine credits of electives from WGSS courses, courses cross-listed with WGSS, AIS 444, or SOC 415. ²		9

¹ Only if an International Experience and with the consent of the Race, Ethnicity, Gender, and Sexuality Studies Department Chair.

² WGSS minors may apply a maximum of three credits to the minor from WGSS 395, WGSS 397, and WGSS 498.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.
- Engage in the community and advocate for social justice.

Sociology

Hibbard Humanities Hall 629

715-836-2720

Department Website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/sociology/>)

Sociology explores social institutions, social issues, and social movements, and helps us understand power and privilege in society.

Departmental Honors Program

1. Goals and Objectives

- To provide an enriched educational experience for subsequent graduate study, professional activities, or public life.
- To allow concentrated and individualized study in selected areas of interest in the field of sociology.
- To stimulate, encourage, and challenge students to gain a better understanding of sociological research and theory in addition to usual instruction.
- To develop capabilities for independent thought and constructive criticism.

2. Entrance Requirements for Honors in Sociology

- Eligibility: Upper-class majors with resident and total GPAs of 3.50 and a GPA of 3.50 in sociology courses.
- Applications for the Honors Program should be made by filling out an eForm available under Sociology/Department Honors Application during the junior year.

3. Satisfactory Completion of Requirements for Graduation with Honors in Sociology.

- Minimum of 36 semester credit hours in the sociology department.
- Resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in the major program at time of graduation.
- In consultation with a faculty mentor: Complete a two-semester sustained project (three or more credits of SOC 399, 496, 497, 498 or 499) culminating in both a final written paper for the faculty mentor that engages with theory, research, and/or praxis; and a final product for public presentation (e.g., paper, poster, pamphlet, project, or workshop).

Satisfactory/Unsatisfactory Policy

No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Faculty

Pamela J. Forman, Chair

Kati Barahona-López
Melissa Bonstead-Bruns
Margaret L. Cassidy
Jeff S. Erger
Peter Hart-Brinson
Jianjun Ji
Tarique Niazi
Kathleen A. Nybroten

Majors

- Major: Sociology, Liberal Arts - B.A./B.S.

Minors

- Minor: Sociology, Liberal Arts

Certificates

- Certificate: Social Diversity

Social Diversity, Certificate

(Code 480-601)

For advising, contact the Sociology Department.

The Social Diversity Certificate is a foundation for understanding inequality based on race, class, gender, and sexualities. These inequalities are caused by social institutions that create and sustain systems of oppression and privilege. Learning about the real, but often invisible causes of inequality helps individuals overcome internalized oppression and internalized privilege. It also helps professionals to better serve the public in fields such as health care, education, social services, and criminal justice.

Code	Title	Credits
A minimum of 12 credits in the following courses:		
SOC 312	Race and Ethnicity in the U.S.	3
SOC 314	Social Class and Inequality	3
SOC 419 or SOC 202	Gender and Power Sociology of Gender	3
SOC 426	Sociology of Sexualities	3

Note: Courses may not be counted in both the certificate and the student's major program. Students cannot pursue the Sociology Major and Social Diversity Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Evaluate empirically based arguments about equity, diversity and inclusivity.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.

Sociology, Major

Liberal Arts (Code 480-201)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
- ² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course

Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 480-201)

Code	Title	Credits
Thirty-six semester credits, including:		
SOC 101	Introduction to Sociology	3
SOC 328	Sociological Data Analysis	3
SOC 330	Sociological Theory	3
SOC 332	Sociological Research Methods	4
SOC 490	Sociology Capstone	3
Sociology electives		20
Total Credits		36

Note 1: A maximum of nine credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward major.

Note 2: A sum total of nine credits in SOC 291 and SOC 491 courses may be counted toward the major.

Note 3: Sociology electives may include CRMJ 103 and/or CRMJ 302.

Note 4: No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Note 5: Majors are strongly encouraged to enroll in SOC 330 no later than the first semester of their junior year.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the sociological perspective to the social world.
- Construct theoretically grounded sociological arguments.
- Construct empirically based arguments about individuals and society.
- Relate their sociological knowledge to social change and globalization.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.
- Synthesize their sociological interests and skills with their own professional goals and career aspirations.

Sociology, Minor - Liberal Arts

Liberal Arts (Code 480-401)

Code	Title	Credits
Twenty-four semester credits, including:		
SOC 101	Introduction to Sociology	3
Sociology electives		21
Total Credits		24

Note 1: A minimum of nine credits must be taken in courses numbered 300 or higher.

Note 2: A maximum of six credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward minor.

Note 3: A sum total of six credits in SOC 291 and SOC 491 courses may be counted toward the minor.

Note 4: Sociology electives may include CRMJ 103 and/or CRMJ 302.

Note 5: No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the sociological perspective to the social world.
- Evaluate empirically based arguments about individuals and society.
- Relate their sociological knowledge to social change and globalization.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.

College of Business

Lisa K. Jepsen, Dean (Schneider 119)

Jean A. Pratt, Associate Dean (Schneider 119)

Lindsey Creapeau, Director, Center for Health and Aging Services Excellence (Schneider 226B)

Lauren Bach, Lead Advisor, College of Business, Advising, Retention + Career Center (VLL 2100LL)

Alyssa Slaby, Career Counselor, Advising, Retention + Career Center (VLL 2100K)

Additional information about the College of Business (<https://www.uwec.edu/academics/college-business/>) can be found on the college's website.

College of Business Vision and Mission

Our Vision

To be a leading regional College of Business recognized for our innovative teaching, distinctive academic programs, and value-added educational experiences.

Our Mission

"The College of Business prepares students for success"

Students completing a degree program are prepared to achieve success, whether their next step is employment in their chosen field, graduate study, not-for-profit work, a new career, or a new direction for their current career. Our undergraduate and graduate curricula are designed to provide students with the content knowledge and skills needed to achieve success throughout their careers and lives.

Undergraduate Learning Goals

The College of Business curriculum builds on and enhances the campus liberal education core curriculum. The curriculum provides a broad-based exposure to the functional areas of business through the Business Core (BUSCORE). The various majors provide depth of study within a specific business function. Additionally, the curriculum is designed to provide repeated exposure and mastery of focused learning goals critical to student success:

- Oral and written communication skills
- Problem-solving skills

Student Classification

Students may declare a major or minor in the College of Business upon admission to the university. Students may also declare "Pre-Business (<https://catalog.uwec.edu/undergraduate/business/pre-professional-programs/>)" status if they intend to major in the College of Business, or are highly considering a College of Business major, but have not yet decided what that major will be.

Dean's List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean's List. Admitted undergraduate students are eligible, if they meet the following criteria for the semester:

- earn a minimum of 12 credits,
- be in good academic standing,
- earn a minimum semester GPA of 3.70,
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned),

- have no courses below the 100 level,
- have no repeats,
- have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470).

Dean's List students will receive notification and congratulations from the Dean.

College of Business Laptop Computer Requirement

Select courses offered in the College of Business require students to bring a laptop computer to class. Additional information is available on the College of Business (<https://www.uwec.edu/academics/college-business/>) website.

Experience-Based Learning

Business students can broaden their education and gain additional skills and competencies through participation in learning experiences outside of the traditional classroom. The College of Business encourages students to participate in one or more of the following experience-based learning opportunities.

College of Business Internships

All College of Business undergraduate students are encouraged to participate in an internship during their course of studies (see the "Internships within College of Business Programs (<https://www.uwec.edu/academics/college-business/academic-resources/internships/>)" webpage for more information). College-approved internships may be taken for credit or as a transcribed, non-credit activity. Credit internships generally involve a greater degree of faculty/staff oversight and/or peer interaction during the internship experience. This may take the form of internship site visits, online internship class discussions, faculty feedback on student journals, etc.

General Internship Requirements

To be approved as a for-credit or transcribed, non-credit internship in the College of Business, the following minimum criteria must be satisfied:

- Students are expected to have relevant work assignments that provide value to the hosting organization, while engaged in college-level learning experiences. Most internship positions satisfying this requirement are paid positions. Department of Labor guidelines determine whether an intern should be treated as an employee under the Fair Labor Standards Act.
- Accordingly, and in compliance with the Fair Labor Standards Act, internships at "for profit" private sector organizations must offer at least the minimum wage and overtime compensation for hours worked over 40 in a workweek. Employers must communicate to the student whether the internship is paid or unpaid. Department of Labor interpretation of FLSA currently permits unpaid internships in public sector and non-profit charitable organizations where the intern volunteers without expectation of compensation.
- The employer must designate and provide contact information for an internship supervisor. The supervisor will provide mentoring and guidance during the internship and will submit an evaluation of student performance at the end of the internship.
- A transcribed, non-credit internship must provide (at a minimum) hours worked satisfying the requirements for a one-credit internship.

Students should contact their respective major department offices in the College of Business for additional, department-specific requirements and procedures regarding internship credit and transcribing.

Internship Procedures

- Students are encouraged to utilize campus resources such as Career Services, fall and spring Career Conferences, student organizations, and other sources to secure internship employment opportunities.
- The internship must be approved by the student's major department chair or chair's designee prior to the work experience.
- If the internship is to be completed for university credit (see below), the student must register for the appropriate internship course prior to the work experience.

Credit-Bearing Internships

Note: Credit internship registration is required for the internship to qualify as "Full Time Equivalent Enrollment Status."

Students may earn university credit for their internship work, as determined by the department chair or internship coordinator. The number of work hours required per credit earned will depend on department policy and the nature of the internship. Additionally, each department or program may limit the number of internship credits that may be applied toward major, college, or university graduation requirements.

Students who are interested in the Business Internship Program should contact their department chair within the College of Business or the Career Counselor, located in Vicki Lord Larson Hall 2100, 715-836-3487. Additional information is available on the College of Business (<https://www.uwec.edu/academics/college-business/>) website.

International Education

The College of Business faculty strongly encourage all business students to study abroad and/or complete an international internship. In today's business world there are no longer hundreds of isolated markets but rather many very interconnected markets within a global economy. Chances are high that a student majoring in business will end up in a career which will require knowledge and skills needed for operating effectively in the international markets. Employers are looking for individuals who demonstrate self-confidence, independence, global awareness, and knowledge of a multicultural world. To help students gain these skills and competencies, many opportunities exist for them to study outside of the United States. Many courses taken abroad or away contribute to the Liberal Education or 120-credit requirements. Courses contributing to a College of Business major must be approved by the department chair prior to enrollment. Additional information about study abroad programs is available on the Center for International Education (<https://www.uwec.edu/academics/explore-opportunities/study-abroad/cie/>) website.

Service-Learning Experience

Business students can apply the functional knowledge and communication skills gained in the classroom through service in the community. Service-learning is an academic experience that combines community services with intentional learning goals, reflection, and critical analysis. Service-learning offers students the opportunity to apply knowledge gained in the classroom through service to others. All UW-Eau Claire undergraduates are required to complete 30 or more clock hours of curricular, extracurricular, or co-curricular service-learning. Acceptable activities can take many forms. Service-learning activities may be integrated into a course or may involve participation in a community service program or internship. Service-learning projects are typically unpaid. Information regarding the completion of the service-learning requirement can be obtained from the department chairs or the University's Service-Learning (<https://www.uwec.edu/service-learning/>) website.

Faculty/Student Collaborative Research

Business students can gain functional knowledge and practice communication and teamwork skills by working with a faculty member on an academic

research project. Research projects are presented at the University's Celebration of Excellence in Research and Creative Activity (CERCA) event. Students may gain independent study credit for the experience. This opportunity is particularly beneficial for students considering graduate school. Additional information about faculty/student collaborative research experiences is available from the Office of Research and Sponsored Programs (<http://www.uwec.edu/ORSP/>).

Business Student Organizations

Pre-business and business students can apply the knowledge and skills learned in the classroom through active participation in student business organizations. Members network with professionals, go on field trips to businesses, plan meetings, organize fund-raising events, participate in social occasions, attend regional and national conferences, and build lasting friendships with other business students. Additional information is available on the Student Organizations in Business (<https://www.uwec.edu/academics/college-business/academic-resources/student-organizations/>) page of the College of Business website.

College of Business Scholarships

Refer to the Business Scholarships (<https://www.uwec.edu/academics/college-business/academic-resources/scholarships/>) page on the College of Business website for an up-to-date listing of College of Business scholarships.

Special Course Options

Credit by Examination. Each department within the College of Business has established its own policy with respect to credit by examination. Contact the appropriate department chair for additional information.

Independent Study. Students who wish to undertake an independent study project must demonstrate academic capability and must secure, prior to registering, the consent of the chair of the department offering the independent study and the faculty member directing the study.

For further information, contact the appropriate College of Business department chair.

Master of Business Administration Graduate Degree Program

The UW-Eau Claire College of Business is a member and managing partner of the University of Wisconsin MBA Consortium program.

The purpose of the UW MBA Consortium program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment in which it operates. The program is designed to develop each individual's ability to recognize the needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global workforce and business environment; apply a variety of decision-making tools and techniques to dynamic business situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the work force who wish to pursue an MBA on a part-time basis while continuing their full-time employment. See the MBA Program (<https://catalog.uwec.edu/graduate/programs/mba-program/>) section of this catalog for further information and specific degree requirements.

Degrees and Curricula

Bachelor of Business Administration (BBA) Comprehensive Majors:

Accounting
 Business Communication
 Business Economics
 Business Finance
 Entrepreneurship
 Health Care Administration
 Human Resource Management
 Information Systems
 International Business
 Management
 Operations and Supply Chain Management

Marketing:

- General Marketing
- Marketing Analytics
- Professional Sales

Bachelor of Business Administration (BBA) Standard Major:

Business Administration

Undergraduate Business Minors ¹:

Accounting
 Business Administration
 Business Finance
 Entrepreneurship
 Information Systems
 International Business
 Management
 Marketing

Military Science and Leadership Minor ¹:

Military Leadership

¹ All of the above minors are available to students outside of the College of Business. Course prerequisites should be taken into account when planning a minor area of study.

Double Major and Major/Minor Combinations Within the College of Business

Double Majors: Students may pursue a combination of comprehensive majors from different disciplines in the College of Business.

Major/minor Combination: Students can pursue major/minor combinations from different disciplines in the College of Business.

Business Administration Exception: Because the standard Business Administration major and the Business Administration minor are composed primarily of the BUSCORE, which is the core of all COB comprehensive majors, neither the Business Administration major nor the Business Administration minor can be combined with any COB comprehensive major.

Residency Requirements for College of Business Minors

At least 12 credits used to fulfill the requirements of a minor from the College of Business must be earned in residence. Resident credits do include credits earned through the National Student Exchange program and U.W. - Eau Claire study abroad programs.

College of Business Certificate Programs

College of Business certificate programs listed below may be used to satisfy university academic concentration requirements. Certificate programs may also be used to enhance or complement a student's major or minor program.

Advanced Business Communication Certificate
 Business Analytics Certificate
 Digital Marketing Analytics Certificate*
 Entrepreneurship Certificate*
 Human Resources Certificate*
 Information Systems Certificate
 International Business Certificate*
 Leadership Studies Certificate*
 Professional Sales Certificate*

*This certificate does not satisfy university academic concentration requirements in combination with the Business Administration major.

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Pre-Professional Programs

Pre-Business

The Pre-Business area of study (formerly known as Business Undecided) is designed to enable students to start working on their BBA degree while they explore the various business disciplines. The Pre-Business area of study is not a major. Rather, it comprises the proficiency competencies and most of the BUSCORE that all College of Business students take as part of their major. Through the BUSCORE, students are exposed to the different business disciplines of study and can then easily transition to and declare one of the majors in the College of Business. Students who have declared Pre-Business will be advised through the Business Communications and Information Systems department.

(Code 740-900)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. Students pursuing a Pre-Business area of study should complete the Student Professional Development Workshops on the same timeline as students pursuing a major in the College of Business. For more information, visit the College of Business website. (<https://www.uwec.edu/academics/college-business/>)

Accounting and Finance

Schneider Social Science 400a
715-836-2184

[www.uwec.edu/acctfin](https://www.uwec.edu/academics/college-business/departments-programs/accounting-finance/) (<https://www.uwec.edu/academics/college-business/departments-programs/accounting-finance/>)

Accounting is the discipline centered on creating and delivering financial data concerning businesses, encompassing details on product costs, service expenses, and financial insights into governmental and not-for-profit entities. This information is indispensable for internal and external decision-makers and various stakeholders within organizations. The accounting program aims to equip students with a comprehensive understanding of accounting and business operations while fostering the development of communication, interpersonal, critical thinking, and analytical skills. These abilities are greatly appreciated by employers seeking proficient accountants. Career opportunities in accounting extend to public accounting, financial accounting, managerial accounting, internal auditing, tax accounting, governmental accounting, not-for-profit accounting, forensic accounting, cost accounting, and environmental accounting.

Finance is a vital field focusing on managing and optimizing monetary resources within businesses, encompassing activities such as budgeting, investing, and financial analysis. It plays a crucial role in providing insights into the allocation and utilization of funds, aiding both internal decision-making processes and external stakeholder evaluations. Finance programs are tailored to offer students a profound understanding of financial principles and practices, while building essential skills in communication, problem-solving, and data analysis. These competencies are highly sought after by organizations seeking adept financial professionals. Career paths in finance are diverse, including roles such as financial analysis, investment banking, corporate finance, risk management, portfolio management, financial planning, and wealth management, among others.

The Department of Accounting and Finance offers a 64-credit comprehensive major in Accounting. The Department also offers a 62-credit comprehensive major in Finance. Minors in Accounting and Finance are also available.

Department of Accounting and Finance Scholarships

Refer to the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/scholarships/>) for an up-to-date listing of Department of Accounting and Finance scholarships, or contact the department chair, Schneider 400A.

Accounting, Comprehensive Major

(Code 720-006)

UWEC's 120 credit Accounting major provides an all-inclusive program which will enable the graduate to pursue a career in the field of accounting, qualifying them for entry level accounting positions. Our majors are highly sought after by employers in the public, private and non-profit sectors with many of these employers offering internships that students can pursue while completing their degree. Over 90% of our graduates have taken advantage of at least one paid internship for credit as a part of their degree program. This 120-credit degree in Accounting from the University of Wisconsin, Eau Claire provides the background necessary for students to excel in the field of accounting and pursue licensure through examination as a Certified Public Accounting (CPA), a Certified Management Accounting Exam (CMA), and a Certified Internal Auditor (CIA).

CPA Licensure

Most states (like Wisconsin) allow you to take the CPA exam once you have completed the accounting coursework from the 120 credit degree, but all states require the completion of 150 credits before a license is issued. There is no requirement as to what courses are taken to obtain the extra 30 credits.

There is no requirement that they be in accounting. Many students who are pursuing CPA licensing choose to combine 12 credits of internship with 18 credits (6 courses) of other coursework in topics like finance and information systems.

Our students are highly sought after by the big four public accounting firms, as well as national, regional and local CPA firms as well. These same firms offer a variety of well paid internships, including full time semester long internships (usually taken in the spring of your junior or senior year in the program). These internships typically result in a full-time job offer from the company and provide a great learning experience for those that choose this route. Some students choose to pursue a second major or a minor as a way of earning those

extra credits. Students should work with their faculty advisors to determine the best course of study to reach their educational and career goals.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of **36 credits**

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k1/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those

offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 720-006)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3

BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Accounting Major

Sixty-four semester credits, including the 32-credit BUSCORE plus 32 additional credits as follows:

Code	Title	Credits
Accounting Core Courses		27
ACCT 202	Principles of Accounting	3
ACCT 301	Intermediate Accounting I	3
ACCT 302	Intermediate Accounting II	3
ACCT 313	Auditing	3
ACCT 314	Cost Accounting	3
ACCT 321	Individual Federal Income Taxation	3
ACCT 401	Advanced Financial Accounting	3
ACCT 460	Accounting Information Systems and Technology	3
ACCT 470	Data Analytics for Accounting	3
Accounting Electives - Select from the following:		5
ACCT 403	Financial Accounting Integration	
ACCT 417	Governmental and Nonprofit Organization Accounting	
ACCT 420	Fraud Investigation and Prevention	
ACCT 423	Corporate, Partnership, and Other Entity Tax	
ACCT 425	Ethics in Accounting	
ACCT 434	Advanced Cost Accounting	
ACCT 495	Accounting Internship ¹	

¹ ACCT 495 (<https://catalog.uwec.edu/search/?P=ACCT%20495>) maximum of 3 credits can count towards the Accounting major and graduation requirements. Additional ACCT 495 (<https://catalog.uwec.edu/search/?P=ACCT%20495>) credits can contribute to the 150 credits required for CPA licensure.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Prepare financial statements according to Generally Accepted Accounting Principles (GAAP)
- Analyze financial statements and related qualitative information
- Evaluate a company's internal controls
- Produce professional communications on technical accounting issues, including regulatory reporting
- Evaluate business analytics

Accounting, Minor

(Code 720-403)

Minor Requirements

This minor has been designed to provide a general understanding of accounting and its role in society.

The minor consists of 24 credits as follows:

Code	Title	Credits
Required Accounting Courses		15
ACCT 201	Introduction to Accounting	3
ACCT 202	Principles of Accounting	3
ACCT 301	Intermediate Accounting I	3
ACCT 314	Cost Accounting	3
ACCT 321	Individual Federal Income Taxation	3
Accounting Minor Electives - Select from the following:		9
ACCT 302	Intermediate Accounting II	
ACCT 313	Auditing	
ACCT 401	Advanced Financial Accounting	
ACCT 403	Financial Accounting Integration	
ACCT 417	Governmental and Nonprofit Organization Accounting	
ACCT 420	Fraud Investigation and Prevention	
ACCT 423	Corporate, Partnership, and Other Entity Tax	
ACCT 425	Ethics in Accounting	
ACCT 434	Advanced Cost Accounting	
ACCT 460	Accounting Information Systems and Technology	
ACCT 470	Data Analytics for Accounting	

Note 1: A 2.00 or higher GPA in courses counting toward the minor is required.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Compile financial statements according to GAAP
- Analyze financial statements and related qualitative information

Business Finance, Comprehensive Major

(Code 800-000)

Students that major in Business Finance acquire the ability to analyze financial data, make financial decisions, and communicate effectively with stakeholders. The undergraduate program in Finance covers courses in accounting, economics, statistics, calculus, business law, and finance. Some of the topics covered in finance courses include financial markets, portfolio management, capital budgeting, valuation, derivatives, and international finance. Students may also choose electives or concentrations in areas such as financial modeling, valuation, or personal finance. A Finance major can also pursue professional certifications such as Certified Financial Analyst (CFA), Certified Financial Planner (CFP), or Financial Risk Manager (FRM) to enhance their skills and credentials. Some of the career options for students majoring in Business Finance are in various fields such as banking, investment, corporate finance, risk management, and financial planning.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 800-000)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Business Finance Major

Sixty-two semester credits including the 32-credit BUSCORE plus 30 additional credits as follows:

Code	Title	Credits
Finance Foundation Courses		
FIN 321	Financial Markets and Institutions	3
FIN 322	Investments	3
FIN 327	Long Term Financial Management	3
FIN 328	Introduction to Derivative Securities	3
Required Accounting Courses		
ACCT 202	Principles of Accounting	3

Additional Finance Courses - Select from the following: 9

FIN 325	International Financial Management
FIN 326	Short Term Financial Management
FIN 330	Wealth Management
FIN 337	Financial Modeling
FIN 339	Investment Strategy
FIN 396	Topics in Finance
FIN 420	Corporate Valuation
FIN 424	Portfolio Management
FIN 426	Topics in Finance
FIN 429	Advanced Wealth Management
FIN 439	Advanced Investment Strategy
FIN 495	Finance Internship ¹

Additional Accounting Courses - Select from the following: 6

ACCT 301	Intermediate Accounting I
ACCT 302	Intermediate Accounting II
ACCT 314	Cost Accounting
ACCT 321	Individual Federal Income Taxation
ACCT 423	Corporate, Partnership, and Other Entity Tax

¹ FIN 495 maximum of 3 credits can count towards the Business Finance major and graduation requirements.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Compute the value of securities
- Analyze a security's risk in light of its return
- Apply criteria for accepting or rejecting an investment based on discounted cash flow analysis
- Compute the value of derivative securities
- Identify and explain appropriate measure of risk
- Apply knowledge, skills, or responsibilities gained in one academic or experiential context to other contexts

Business Finance, Minor

(Code 800-401)

Minor Requirements

Twenty-four semester credits, as follows:

Code	Title	Credits
Required Courses:		
ACCT 202	Principles of Accounting	3

FIN 320	Principles of Finance	3
FIN 321	Financial Markets and Institutions	3
FIN 322	Investments	3

Minor Electives - Select from the following: 12

FIN 325	International Financial Management
FIN 326	Short Term Financial Management
FIN 327	Long Term Financial Management
FIN 328	Introduction to Derivative Securities
FIN 330	Wealth Management
FIN 337	Financial Modeling
FIN 339	Investment Strategy
FIN 396	Topics in Finance
FIN 439	Advanced Investment Strategy

Total Credits 24

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Compute the value of securities
- Apply criteria for accepting or rejecting an investment based on discounted cash flow analysis
- Identify and explain appropriate measure of risk

Business Communication and Information Systems

Schneider Social Science 404F

715-836-4320

www.uwec.edu/bcom (<https://www.uwec.edu/academics/college-business/departments-programs/business-communication/>) and www.uwec.edu/is (<https://www.uwec.edu/academics/college-business/departments-programs/information-systems/>)

Business Communication

Business Communication (BCOM) is the study of written, oral, and visual communication in the workplace. It is a field of study in its own right, but it is also an important field of study for anyone in any business discipline. Students have two pathways for studying BCOM: the comprehensive business communication major (no minor required) and the Advanced Business Communication Certificate (12 credits).

BCOM graduates are prepared for a variety of internships and career opportunities as an internal communication specialist, communications manager, writer, editor, social media specialist, and related jobs. BCOM students study a range of business communication topics, including writing common business documents, leading teams and facilitating their work, communicating visually, and using current technologies that enable a multimodal approach to effective communication in the workplace. In conjunction with other business courses in information systems, finance, economics, accounting, management, and marketing, the courses in the BCOM major position graduates well to be assets in a range of positions in many organizations.

Business Writing (BCOM 206) and Business Presentations (BCOM 207) are part of the BUSCORE. Students must earn a C or above in BCOM 206 and BCOM 207 to meet College of Business degree requirements. Students who do not earn at least a C in BCOM 206 must repeat the course until they earn a C or better.

Students who do not earn at least a C in BCOM 207 must repeat the course until they earn a C or better.

Information Systems

Information Systems (IS) is the study of the development, management, and application of computer information systems by businesses.

IS graduates have a wide variety of excellent career prospects. Systems/business/data analyst, web services developer, application software developer, project manager, digital network manager, risk assurance professional, and database administrator are just a few of the prestigious and well-paid positions available.

The IS program is housed in the College of Business, allowing IS graduates to obtain a broad background in business concepts. This allows them to develop expertise in bridging the gap between business professionals and computer technologists. IS graduates develop important business knowledge and skills such as communication, teamwork, and problem solving, as well as technical knowledge and skills such as systems analysis and design, computer programming, database management, network management, and Web development.

Students can pursue one of three different IS programs: a comprehensive major (62 credits, no minor required), a minor (25 credits), and a certificate (12 credits).

Business Administration

The standard major in Business Administration is offered through the Business Communication and Information Systems Department. Because the standard major in Business Administration requires a minor certificate, it is an option for those students interested in the flexibility of a major/minor or major/certificate program of study, particularly for those offered outside the College of Business. Many of the minors and certificates offered within the College of Business do not satisfy university academic concentration requirements (<https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16>) when paired with the Business Administration major, and some minors (Entrepreneurship, Human Resources, Management, Operations/Supply Chain Management, all of the Marketing minors, and the Business Administration minor) may not be paired as a secondary program with the Business Administration major. Please see the list of approved double major and major/minor combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) in the College of Business.

Student Organizations

The department supports the student organization Leadership & Technology. Membership is open to all students interested in the study of information systems. The department also supports Collegiate DECA, which is open to any student on campus with an interest in developing their business knowledge and professional skills.

Scholarships

Refer to the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/scholarships/>) for an up-to-date listing of Business Communication and Information Systems scholarships, or contact the department chair, Schneider 400F.

- Certificate: Information Systems

Advanced Business Communication, Certificate

(Code 765-601)

The Advanced Business Communication Certificate is ideal for all students at UW-Eau Claire who want to develop the oral, written, and technology-mediated communication skills that today's employers seek. Students write audience-focused business documents; develop oral communication skills required for giving presentations, leading meetings and roundtable discussions, and participating in interviews; and learn how to prepare for and participate in a job search.

Certificate Requirements

Code	Title	Credits
Twelve semester credits in the following courses with a grade of B- or above:		
BCOM 206	Business Writing	2
BCOM 207	Business Presentations	2
BCOM 306	Advanced Business Writing	2
BCOM 307	Advanced Business Presentations	2
BCOM 309	Communicating in Workplace Relationships	2
BCOM 310	Theoretical Approaches to Business Communication	2
BCOM 401	Data Visualization for Business Communication	2
BCOM 405	Advanced Business Communication	2

BCOM 490	Internship in Business Communication	1-3
BCOM 491	Selected Topics in Business Communication	1-3
BCOM 495	Directed Studies	1-3
BCOM 499	Independent Study - Seniors	1-3

College of Business students may petition to count up to 3 credits of a communication-intensive course in the College of Business in their major toward the 12 credits earned for the certificate. Students need to earn a grade of B- or better in the course to count toward the certificate. The petition must be approved by the Business Communication Program Director prior to taking the course.

Contact the Business Communication Department (Schneider 404) for more information.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Write common business documents (e.g., emails, memos, letters, reports, proposals, manuals, instructions), individually and in teams, using standard business document formats and organizational patterns (e.g., direct, indirect, persuasive).
- Model excellent oral communication skills—individually and in teams—in presentations, meetings, roundtable discussions, interviews, and interpersonal communication settings.
- Select appropriate technologies and software to create documents and presentations, present data, and facilitate meetings.

Business Administration, Major

(Code 740-200) or (Code 740-201 online degree completion)

Because it is the only “standard major” in the College of Business, students earning the business administration major must also have a second major, minor, or certificate to earn their degree. This requirement makes business administration the ideal major for students who want to study business and explore interests in other academic areas. Outside the College of Business, many students will pair a business administration major with majors, minors, or certificates in social sciences (e.g., psychology), languages, fine arts, or history, to name a few. Within the College of Business, the information systems minor and the Advanced Business Communication Certificate are the most popular options, though students find other combinations with College of Business offerings interesting as well. Because the major is primarily intended for students to pair their interest in business with an interest outside the College of Business, combinations of the business administration degree with College of Business offerings are limited (<https://catalog.uwec.edu/undergraduate/business/#academicprogramstext>). Students should become familiar with allowable combinations with the business administration major and College of Business majors, minors, and certificates.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	

Grade Point Requirements ²

Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also

be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-

level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 740-200) or (Code 740-201 online degree completion)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3

MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Business Administration Major ¹

Forty-one credits, including the 32-credit BUSCORE plus 9 additional credits as follows:

Code	Title	Credits
Required Accounting Course		3
ACCT 214	Managerial Accounting	3
Select a minimum of six credits of BSAD electives from the following:		6
BCOM 306	Advanced Business Writing	
BCOM 307	Advanced Business Presentations	
BCOM 405	Advanced Business Communication	
BLAW 306	Business Law	
ENT 371	Introduction to Entrepreneurship	
FIN 325	International Financial Management	
HCAD 101	Introduction to Health Care Administration	
IS 455	Project Management	
MGMT 300	Personal Leadership Management	
MGMT 345	Managing Global Organizations	
MGMT 491	Topics in Management	
MGMT 347	Risk Management and Insurance	
MGMT 349	Human Resource Management	
MGMT 445	Compensation Theory and Administration	
MGMT 481	Community Leadership	
MGMT 482	Leadership and Ethics	
MGMT 446	Advanced Organizational Behavior	
MGMT 455	Industrial Relations	
MGMT 494	Topics in Leadership	
MKTG 332	Integrated Marketing Communications	
MKTG 334	Marketing Research	
MKTG 335	International Marketing	
MKTG 336	Business Logistics Management	
MKTG 337	Professional Selling	
MKTG 338	Marketing & Sales Analytics	
MKTG 425	Services Marketing	
MKTG 432	Retail Management	
MKTG 433	Sales Management	
MKTG 490	Advanced Sales Topics	
OSCM 343	Supply Chain Management	
OSCM 344	Managerial Decision Modeling and Analysis	
OSCM 442	Production Planning and Control	

¹ The Business Administration major is not available as part of a double major combination with any other College of Business major.

Degree Completion

Program code 740-201 is intended as an online degree completion program for students transferring to UW-Eau Claire with a qualifying associate's degree that includes the major Proficiency Requirements among the associate degree coursework. Such students are able to complete the requirements of the Business Administration major via online course offerings. Students should consult with their advisor to identify a secondary area of study that can be completed online.

Program Learning Outcomes

The Business Administration (BSAD) major is composed primarily of the BUSCORE, which is the core for all majors. Therefore, students completing the BSAD major will be assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Business Administration, Minor

The business administration minor is intended for students in a program of study outside the College of Business. The minor complements any major by providing students with foundational knowledge of business and business processes.

Minor Requirements

(Code 740-405)

Twenty-eight semester credits, as follows:

Code	Title	Credits
SPDP Workshops and Major/Minor Combinations ^{1, 2}		
Required Courses:		
ACCT 201	Introduction to Accounting	3
BLAW 305	Legal and Regulatory Environment	3
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
IS 240	Information Systems in Business	3
MATH 246	Elementary Statistics	4
FIN 320	Principles of Finance	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
Total Credits		28

¹ This minor is not available to College of Business majors.

² **Student Professional Development Program.** This program requires completion of four SPDP workshops. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Program Learning Outcomes

The Business Administration minor is composed of a major subset of the BUSCORE, which is the core of all College of Business majors. Therefore, students completing the Business Administration minor will be expected to meet the following College of Business learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.

Business Analytics, Certificate

(Code 832-602)

Designed for students eager to explore the practical applications of data-driven decision-making, Business Analytics Certificate offers a focused journey into essential skills such as data transformation, analysis, interpretation, and communication, with a special emphasis on leveraging machine learning and artificial intelligence. Throughout the program, students will learn to harness appropriate state-of-the-art analytics techniques, including machine learning algorithms and AI-driven insights, to tackle real-world business challenges. Join us as we delve into the dynamic field of business analytics and equip ourselves with cutting-edge tools to navigate today's rapidly evolving business landscape.

Please note that the Business Analytics Certificate is available to all students at UW-Eau Claire except IS majors/minors.

For more information on the IS Certificate program, contact your advisor or the Department of Business Communication and Information Systems (<https://www.uwec.edu/academics/college-business/departments-programs/information-systems/contact-us/>).

Certificate Requirements

(Code 832-602)

Fourteen semester credits, as follows:

Code	Title	Credits
Business Analytics Certificate ^{1, 2}		
Required Courses		
IS 307	Introduction to Business Analytics	3
IS 308	Business Analytics Programming	3
IS 344	Database Management Systems	3
IS 480	Advanced Business Analytics	3
BCOM 401	Data Visualization for Business Communication	2

¹ Information Systems majors may not earn this certificate.

² Students must take Math 246: Elementary Statistics or equivalent.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify data needed to solve business problems.
- Examine data to solve business problems and interpret the results.
- Identify business opportunities that warrant data-driven solutions.
- Apply data-driven methodologies to support decision-making in business scenarios.

- Create data visualizations to effectively communicate insights to targeted audiences.

Business Communication, Comprehensive Major

(Code 870-000)

A **business communication degree** equips students with essential skills for a variety of career paths. Through rigorous courses and hands-on training in both business and communication, students develop business-specific communication abilities in written, oral, visual, and technology-mediated formats. In addition, the major fosters problem-solving, critical thinking, curiosity, and creativity required for success in the workplace. Graduates are prepared for careers as internal or corporate communication specialists where they coordinate and disseminate information across various company functions. Students' business communication skills allow them to adeptly engage with employees, customers, and stakeholders. This major is ideal for students who want to use their business communication expertise in storytelling, leadership, coaching and training, and project management to help organizations support their people, cultures, and operations.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit

Single course band, chorus, drama	maximum 4 credits

Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------

Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences

Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements

(Code 870-000)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Business Communication Major

The Business Communication major ¹ requires sixty-six semester credits, including the 32-credit BUSCORE and 34 additional credits as follows:

Code	Title	Credits
COB Required Course		
ACCT 214	Managerial Accounting	3
BCOM Required Courses		
BCOM 205	Business English and Document Editing	2
BCOM 208	Technology for Business Communication	2
BCOM 306	Advanced Business Writing	2
BCOM 307	Advanced Business Presentations	2
BCOM 309	Communicating in Workplace Relationships	2

BCOM 310	Theoretical Approaches to Business Communication	2
BCOM 401	Data Visualization for Business Communication	2
BCOM 405	Advanced Business Communication	2
CoB Elective Courses		
6		
HCAD 101	Introduction to Health Care Administration	
IS 455	Project Management	
MGMT 345	Managing Global Organizations	
MGMT 347	Risk Management and Insurance	
MGMT 349	Human Resource Management	
MGMT 445	Compensation Theory and Administration	
MGMT 446	Advanced Organizational Behavior	
MGMT 455	Industrial Relations	
MGMT 459	Advanced Human Resource Management	
MKTG 332	Integrated Marketing Communications	
MKTG 334	Marketing Research	
MKTG 337	Professional Selling	
MKTG 338	Marketing & Sales Analytics	
OSCM 461	Lean Manufacturing Systems and Concepts	
BCOM 399	Independent Study - Juniors	
BCOM 490	Internship in Business Communication	
BCOM 491	Selected Topics in Business Communication	
BCOM 495	Directed Studies	
BCOM 499	Independent Study - Seniors	
Additional Elective Courses		
9		
ART 108	Foundations: Two-Dimensional Design	
ART 275	Typography	
ART 312	Design Across the Disciplines	
ART 374	Graphic Design: Concepts and Experimentation ²	
ART 375	User Experience and Web Design ³	
CJ 205	Listening	
CJ 241	Audio and Video Production Process	
CJ 250	Introduction to Organizational Communication	
CJ 260	Introduction to Integrated Strategic Communication	
CJ 280	Visual Communication	
CJ 307	Small Group Communication	
CJ 350	Human Resource Development	
CJ 351	Strategic Event Planning	
CJ 407	Leadership Communication	
CS 318	Fundamentals of Web Page Design	
CS 319	Introduction to Web Programming	
CS 320	Web Database Design and Implementation	
CS 321	Web Design and Development	
ENGL 212	Histories and Theories of Rhetoric	

ENGL 307	Editing and Publications Management
ENGL 313	Technical Writing
ENGL 315	Visual Rhetorics of Science, Technology, and Culture
ENGL 316	Rhetorics of Social Justice
ENGL 397	Writing Center Theory & Practice
ENGL 409	Grant Proposal Writing

¹ The Business Communication major requires that any course contributing—as a proficiency requirement, a required course, or an elective course—must be taken for a letter grade. This excludes courses that are only offered on an S/U basis.

² ART 374 receives no elective credit if taken after CJ 280; CJ 280 receives no elective credits if taken after ART 374. In other words, students can count one class or the other as elective credits but not both.

³ ART 375 receives no elective credit if taken after CS 321; CS 321 receives no elective credit if taken after ART 375. In other words, students can count one class or the other as elective credits but not both.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Use standard business-English grammar, mechanics, and punctuation in written and oral communication.
- Write common business documents (e.g., emails, memos, letters, reports, proposals, manuals, instructions), individually and in teams, using standard business document formats and organizational patterns (e.g., direct, indirect, persuasive). (HLC); Students will be exemplary business writers. (AACSB)
- Model excellent oral communication skills—individually and in teams—in presentations, meetings, roundtable discussions, interviews, and interpersonal communication settings.
- Select appropriate technologies and software to create documents and presentations, present data, and facilitate meetings.
- Create visuals to present quantitative and qualitative data in written communication and oral presentations.
- Adapt knowledge, skills, or responsibilities gained in one academic or experiential context to other contexts (IL)

Information Systems, Certificate

(Code 832-601)

The Certificate in Information Systems offers a targeted exploration into the foundational principles of information systems and their applications in modern organizations. Tailored for students eager to gain practical skills in areas such as business process modeling, business programming, business analytics, and computer networking, our certificate equips participants with essential knowledge to excel in this dynamic field. Join us as we delve into key concepts, tools, and technologies, preparing ourselves to tackle the challenges

of the digital age. Designed to complement majors in every area of study without the commitment required for a minor, this certificate documents a student's completion of coursework relating to fundamental information systems skills and knowledge in organizations.

The information systems certificate is available to all students at UW-Eau Claire except information systems majors and minors.

For more information on the IS Certificate program, contact your advisor or the Department of Business Communication and Information Systems (<https://www.uwec.edu/academics/college-business/departments-programs/information-systems/contact-us/>).

Certificate Requirements

Twelve semester credits, as follows:

Code	Title	Credits
Required Courses:		
IS 240	Information Systems in Business	3
IS 310	Business Process Modeling	3
Elective Group 1:		
IS 304	Fundamentals of Business Programming	3
IS 307	Introduction to Business Analytics	3
IS 345	Networking with Client Operating Systems	3
Elective Group 2:		
ACCT 460	Accounting Information Systems and Technology	3
MKTG 338	Marketing & Sales Analytics	3
OSCM 442	Production Planning and Control	3

Note: Non-business majors are advised to select Group 1 elective courses from IS 304, IS 307, IS 345. Remaining elective courses have College of Business prerequisites.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome: Create technical models to assist in solving information systems problems.

Information Systems, Comprehensive Major

(Code 832-004)

In the Information Systems major, students are primed to solve business problems with modern computer systems to support businesses in maintaining competitiveness. They do so by harnessing data effectively and deploying robust information management systems. This comprehensive curriculum fosters a blend of business acumen and expertise in information system management essential for orchestrating and directing organizational information systems endeavors. Encompassing areas such as systems analysis, database management, network data communications, business analytics, information security, and business process management, students cultivate a diverse skill set and practical experience. Simply put, the Information Systems major equips students to not only facilitate business operations and decision-making but also to play a pivotal role in achieving strategic business goals.

The College of Business at UWEC holds accreditation from the prestigious Association to Advance Collegiate Schools of Business (AACSB), ensuring the program's adherence to rigorous standards of excellence.

For more information on the Information Systems major, contact your advisor or the Department of Business Communication and Information Systems (<https://www.uwec.edu/academics/college-business/departments-programs/information-systems/contact-us/>).

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 832-004)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Information Systems Major

The Information System major ¹ requires sixty-five semester credits, including the 32-credit BUSCORE, plus 30 IS credits and 3 ACCT credits, as follows:

Code	Title	Credits
Required Accounting course		3
ACCT 214	Managerial Accounting ²	3
IS Core		21
IS 304	Fundamentals of Business Programming	3
IS 307	Introduction to Business Analytics	3
IS 310	Business Process Modeling	3
IS 324	System Development Methodologies	3
IS 344	Database Management Systems	3
IS 345	Networking with Client Operating Systems	3
IS 460	Seminar in Information Systems	3
Business Analytics Electives ³		0-8
IS 308	Business Analytics Programming	
IS 480	Advanced Business Analytics	
BCOM 401	Data Visualization for Business Communication	
IS Electives		0-9
IS 314	Advanced Business Programming	
IS 365	Information Assurance	
IS 375	Server-based Networking & Security	

IS 420 Internship in Information Systems ⁴

Other Electives		0-3
ACCT 460	Accounting Information Systems and Technology	
ART 312	Design Across the Disciplines	
CS 145	Programming for New Programmers ⁵	
or CS 148	Programming for Experienced Programmers	
CS 163	Introduction to Programming in C++	
CS 318	Fundamentals of Web Page Design	
CS 319	Introduction to Web Programming	
IS 491	Selected Topics	
IS 495	Directed Studies	
MKTG 338	Marketing & Sales Analytics	
MKTG 434	Advanced Marketing Analytics	
OSCM 442	Production Planning and Control	

¹ The Information Systems major requires that any course contributing—as a proficiency requirement, a required course, or an elective course—must be taken for a letter grade. This excludes courses that are only offered on an S/U basis.

² IS/Accounting and IS/Finance double majors may use ACCT 314. All others will take ACCT 214.

³ IS majors cannot also earn credit for the Business Analytics certificate; instead, they should select the Business Analytics electives track.

⁴ No more than three internship credits can count towards this major.

⁵ Either CS 145 OR CS 148 may satisfy an elective choice. Credit may not be earned in both.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Effectively communicate in writing to both technical and business audiences.
- Develop well-designed coded instructions that effectively solve business problems.
- Analyze the effectiveness of information systems designed to solve business problems.
- Analyze data for the purpose of providing insights for better business decision-making.

Information Systems, Minor

(Code 832-401)

By pursuing a minor in Information Systems, students enhance their primary area of study with essential organizational computing skills and knowledge. This enhances their proficiency in their chosen field, fortifies their appeal to prospective employers and amplifies their capabilities as informed citizens. This minor offers a valuable complement to diverse academic pursuits. Through

this program, students gain insights into the strategic utilization of information systems and information technology (IT), empowering them to navigate the increasingly digital landscape of modern workplaces with confidence and competence.

The IS minor is available to all UW-Eau Claire students at UW-Eau Claire except information systems majors.

For more information on the IS Certificate program, contact your advisor or the Department of Business Communication and Information Systems (<https://www.uwec.edu/academics/college-business/departments-programs/information-systems/contact-us/>).

Minor Requirements

(Code 832-401)

Twenty-five semester credits, as follows:

Code	Title	Credits
Required courses:		
BCOM 206	Business Writing	2
BCOM 207	Business Presentations	2
IS 240	Information Systems in Business	3
IS 304	Fundamentals of Business Programming	3
IS 307	Introduction to Business Analytics	3
IS 310	Business Process Modeling	3
IS 345	Networking with Client Operating Systems	3
IS Minor electives - Select from the following		
ACCT 470	Data Analytics for Accounting	6
CS 145	Programming for New Programmers ¹	
or CS 148	Programming for Experienced Programmers	
IS 308	Business Analytics Programming	
IS 324	System Development Methodologies	
IS 365	Information Assurance	
IS 375	Server-based Networking & Security	
MKTG 434	Advanced Marketing Analytics	
OSCM 442	Production Planning and Control	

¹ Either CS 145 OR CS 148 may satisfy an elective choice. Credit may not be earned in both.

Program Learning Outcome

Students completing this program will be expected to meet the following learning outcomes:

- Create well-designed coded instructions that effectively solve business problems.
- Create technical models to assist in solving information systems problems.

Management and Leadership Programs

Management and Leadership Programs

Schneider Social Science 400E

715-836-3677

www.uwec.edu/cob (<https://www.uwec.edu/academics/college-business/>)

The Department of Management and Leadership Programs offers comprehensive majors in Management, Entrepreneurship, Human Resources, International Business, and Health Care Administration. The Health Care Administration major is targeted toward students preparing for careers in managing post-acute health care institutions.

The department also offers three minors. Minors in Management, Entrepreneurship, and International Business all of which provide an opportunity for students to gain a more focused area of study and are available to all students, including those with a major in the College of Business (other than the Business Administration major).

Major/Minor Combinations are allowed in the Department of Management and Leadership Programs. See Major/Minor Combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>).

Department of Management and Leadership Programs Scholarships

Refer to the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/scholarships/>) for an up-to-date listing of Department of Management and Leadership Programs scholarships, or contact the department chair, Schneider 400E.

Entrepreneurship, Certificate

(Code 820-603)

Certificate Requirements

The Entrepreneurship Certificate^{1,2} is an academic program, which includes the following twelve semester credits as follows:

Code	Title	Credits
Required Courses		
ENT 371	Introduction to Entrepreneurship	3
ENT 373	New Venture Feasibility	3
ENT 374	New Venture Start-Up and Growth	3
ENT 471	Entrepreneurship Capstone	3
Total Credits		12

¹ The Entrepreneurship certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements.

² 2.75 GPA average requirement for the four entrepreneurship courses (ENT 371, ENT 373, ENT 374, and ENT 471)

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome:

- Identify and assess entrepreneurial opportunities.

Entrepreneurship, Comprehensive Major

(Code 822-000)

The program offers a unique learning experience for students who aspire to either start their own business or secure employment in a growth-oriented business. The program helps students to identify viable career options in entrepreneur/intrapreneur environments, to expand conceptual and creative approaches to the entrepreneurial process, and to develop a repertoire of venture management skills. "Hands on" experiences with many guest speakers,

field trips, and special projects are emphasized. The students expand their creativity into a viable business plan that is the major project for the program. The program combines formal education with practical applications to develop skills in leadership, needs assessment, opportunity identification, resource development, strategic thinking, and risk taking. The ultimate goal of the program is to give the student an in-depth, broad-based, and practical education on the foundation of entrepreneurship.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer

Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate

will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 822-000)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Entrepreneurship Major

Sixty semester credits, including the 32-credit BUSCORE plus 28 additional credits as follows:

Code	Title	Credits
Required Courses		
		21
ACCT 214	Managerial Accounting	3
BLAW 306	Business Law	3
ENT 200	Creativity and the Entrepreneurial Mindset	3
ENT 371	Introduction to Entrepreneurship	3
ENT 373	New Venture Feasibility	3
ENT 374	New Venture Start-Up and Growth	3
ENT 471	Entrepreneurship Capstone	3
Entrepreneur Program Electives - Select from the following:		7

BCOM 401	Data Visualization for Business Communication	
ENT 398	Internship Program	
MGMT 347	Risk Management and Insurance	
MGMT 349	Human Resource Management	
MGMT 414	Small Business Consulting	
MGMT 447	Cross Cultural Leadership	
MGMT 481	Community Leadership	
MGMT 482	Leadership and Ethics	
MGMT 494	Topics in Leadership	
MKTG 334	Marketing Research	

MKTG 337	Professional Selling
MKTG 425	Services Marketing
OSCM 342	Quality Management
OSCM 343	Supply Chain Management
OSCM 344	Managerial Decision Modeling and Analysis
OSCM 363	International Logistics and Supply Chain Management
OSCM 461	Lean Manufacturing Systems and Concepts

Program Learning Outcomes

Students in the Entrepreneurship program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and assess entrepreneurial opportunities.
- Apply current startup methodology to determine entrepreneurial venture feasibility.
- Construct and communicate a formal business plan.

Entrepreneurship, Minor Minor Requirements

(Code 820-402)

Twenty-seven semester credits, as follows:

Code	Title	Credits
Required Courses:		
Major/Minor Combination ¹		
ACCT 201	Introduction to Accounting	3
ECON 103 or ECON 104	Principles of Microeconomics Principles of Macroeconomics	3
IS 240	Information Systems in Business	3
BLAW 305 or BLAW 306	Legal and Regulatory Environment Business Law	3
ENT 200	Creativity and the Entrepreneurial Mindset	3
ENT 371	Introduction to Entrepreneurship	3
ENT 373	New Venture Feasibility	3
ENT 374	New Venture Start-Up and Growth	3
ENT 471	Entrepreneurship Capstone	3
Total Credits		27

¹ The Entrepreneurship minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<http://>

catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify and assess entrepreneurial opportunities.
- Apply current startup methodology to determine entrepreneurial venture feasibility.

Health Care Administration, Comprehensive Major

(Code 660-054)

The Health Care Administration program at UW-Eau Claire offers bright and committed students the opportunity to work with faculty who are dedicated to preparing leaders in a wide variety of health care organizations and to the individual development of each student. The goal is to prepare students to make a positive difference in the lives of others by joining efficient management practices with dedication to service.

This program focuses on the post-acute care continuum of health care institutions and services. For students who want to enter the acute care sector (hospitals), this program has proven an excellent preparation for the graduate education required.

All Health Care Administration students complete a 12-month administrative residency experience at one of the many affiliated health care facilities, with most spread across Wisconsin, Minnesota, and the Midwest, although there are occasionally "distance sites" available as well. Graduates are thereby ready upon graduation to begin performing as leaders and managers in health care. The Health Care Administration program is HSE-accredited by the National Association of Long Term Care Administrator Boards (NAB). Graduates of the Health Care Administration Program are eligible to take the Wisconsin, Minnesota, and the majority of other states' licensure examinations for Nursing Home Administrators (NHA). Graduates are also eligible to apply for the Health Service Executive (HSE) Qualification via the Education Pathway. This credential affirms the holder has expertise across the Post-Acute/Long-term Care continuum and facilitates license portability across the majority of states. Because states establish their own licensure requirements, students are always encouraged to explore any given state's licensing requirements directly.

Transferring Students. Any student anticipating transferring to UW-Eau Claire for the Health Care Administration Program is urged to consult the university Admissions Office as early as possible for information about GPA and course requirements for admission and for the degree requirements. Official review of the student's academic record is made by the Admissions Office. Transfer students may declare Pre-Health Care Administration when transferring, or may apply for acceptance into the Health Care Administration program prior to transferring to the university.

Costs. Health Care Administration is a professional discipline, and students enrolled in the program must anticipate some additional costs that are directly related to the Health Care Administration program. These include textbooks, health requirements, technology costs (e.g., laptop and internet access), and transportation and lodging associated with the administrative residency experience and learning modules.

Scholarships. Several scholarships are available to students in the Health Care Administration major. Additional information may be obtained from

the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/scholarships/>) or by visiting the Scholarship section of the Admissions website (<https://www.uwec.edu/admissions/scholarships/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Admission Requirements

Admission to the Health Care Administration Program

Students intending to major in Health Care Administration should indicate their area of interest when they apply to the University so they may be admitted as "Pre-Health Care Administration." Students may declare "Pre-Health Care Administration" at any time, but must formally apply for acceptance into the Health Care Administration program and their desired administrative residency cohort. Specific due dates for applications to the Health Care Administration program/cohort are posted each semester, with priority applications due in October and standard applications due in March, typically in a student's sophomore year.

Enrollment in this program is limited to approximately 60 students per cohort.

In order to apply for admission to the Health Care Administration Program, the student must:

1. be declared as Pre-Health Care Administration.
2. complete all application materials (essay, application, proposed degree plan with desired administrative residency cohort year).
3. have a resident and total GPA of at least 2.5.

Administrative Residency

Following satisfactory completion of all required campus-based courses, including Liberal Education, the student is eligible for enrollment in the Administrative Residency.

The administrative residency, consisting of 50 weeks in an affiliated health care institution, is started at the beginning of the summer session. Students are enrolled at UW-Eau Claire for the courses taken while at affiliated institutions and pay full fees to the University. Students in the administrative residency receive a provider-sponsored stipend.

The University does not guarantee placement in the administrative residency but does aid the student in every way possible. Since academic achievement plays a part in selection of students for the administrative residency, resident and total GPAs above the 2.5 minimum are recommended. Application to administrative residency positions occurs one year prior to the administrative residency starting date.

Administrative Residency Cohort

At the time of admission to the program, students are assigned to their administrative residency cohort for a specific year. Application to specific administrative residency sites occurs the year prior to placement, and there is a competitive application and matching process among admitted students. More information about this process may be found on the Health Care Administration program website (<https://www.uwec.edu/academics/college-business/departments-programs/management-marketing/academic-offerings/majors-minors/health-care-administration/>). Even if placed at an administrative residency site, students must meet academic standing requirements and have completed all non-administrative residency course work before being allowed to move forward. If the student's degree plan changes such that more time is required to complete non-administrative residency course requirements, students may be reassigned to a future cohort.

Student Background Check and Health Requirements

State law requires background checks on all students placed at the clinical administrative residency sites. All students accepted into the program must complete the Wisconsin Department of Health and Family Services Background Information Disclosure, as well as a release for a Wisconsin Department of Justice Criminal Background Check. Non-resident students must also have background checks completed in their state of residence. Additional information regarding the Wisconsin Caregiver Program can be obtained from the Wisconsin Department of Health Services website (<https://www.dhs.wisconsin.gov/caregiver/>).

Within 90 days prior to beginning the administrative residency experience, the student must have a physical exam to provide evidence that the student is free from infectious disease and evidence of a negative TB skin test. A chest X-ray is required if the TB skin test is positive. It is also recommended that students be vaccinated annually against influenza. Students are not permitted to participate in clinical course work unless all immunizations, TB tests, and background checks are current.

All expenses associated with background checks and health requirements are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the administrative residency facility, or the administrative residency institution. In addition, workers' compensation insurance does not cover students while engaged in clinical practice. For example, if a student suffers a needle stick or is hurt while in their administrative residency, they will need personal health insurance to cover medical bills.

Readmission to the Health Care Administration Program

Students who withdraw from the program and wish to return for completion must send a letter requesting readmission to the Management and Leadership Programs department at least three months in advance of the desired readmission date.

Applicants must meet the current admission requirements of the Health Care Administration program. Consideration will be given to the length of absence, the student's ability to achieve, and availability of space in the student's desired administrative residency cohort. If readmission to the program is granted, the remaining program will be planned as considered best for the student and according to the current curriculum.

Termination from Program

A student may be terminated from the Health Care Administration program for any of the following reasons:

1. Failure to maintain good academic standing.
2. Failure to demonstrate the potential for consistently safe, responsible, and ethical professional practice.
3. Likelihood that a student's condition, presentation, or prior experience will adversely affect the student, other persons, the University, an agency or site used for administrative residency, or the patients or residents served.

If a student demonstrates deficiencies during the administrative residency experience that the faculty or administrative residency supervisor determine to be clearly unsafe or unprofessional behavior, the student will be immediately removed from the administrative residency situation.

A student who has been notified of termination from the program may appeal for reinstatement. This policy applies to termination from the Health Care Administration program only. A student's status within the University remains subject to University academic standing policies.

Major Requirements

(Code 660-054)

Health Care Administration Major Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or competencies for the major. These are not counted as credits in the major.

Total		74

¹ Health Care Administration majors must meet the following minimum grade and GPA requirements:

- Students must earn a C or higher in BCOM 206 and BCOM 207 .
- Students must complete all required courses for the major with a grade of C- or above.

- Overall GPA must be at least 2.5.
- No course required for the degree in health care administration may be taken on a satisfactory/unsatisfactory basis (except for HCAD 400 and HCAD 401).

² The university service-learning requirement is satisfied within the required administrative residency experience.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

1. Students possess the knowledge and skills necessary to ensure that resident quality of care and quality of life are maximized by assessing, planning, implementing, and evaluating resident services, including ancillary care, as appropriate.
2. Students possess the knowledge and skills necessary to effectively and efficiently lead core business operations of a long-term care organization in areas of financial management, risk management, and human resources.
3. Students possess the knowledge and skills necessary to ensure they are providing an environment and atmosphere that promotes, protects, and provides resident centered care and quality of life in compliance with relevant rules and regulations.
4. Students possess the knowledge and skills necessary to become a leader who develops and maintains a strong organizational culture that supports staff, while ensuring strategic business planning and development in alignment with an organization's mission, vision, and values.

Human Resource Management, Comprehensive Major

(Code 823-000)

The Human Resource Management emphasis is structured to prepare students for careers in HRM immediately upon graduation or shortly thereafter.

Historically, "personnel departments" were primarily administrative in scope. Today, there is tremendous complexity, diversity, and sophistication confronting managers of human resources. Most corporations require highly skilled professionals who have been academically trained in the areas of HRM. Corporations now are looking to the "human resource function" as a strategic partner in executive decision making. The HRM emphasis will prepare students in the following areas: staffing (recruitment and selection), training and development, labor relations, compensation and benefits, employee relations, organizational change, and relevant legal concerns. Students are encouraged to take leadership courses and complete an internship.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third

semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 823-000)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3

MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Human Resource Management Major

Sixty semester credits, including the 32-credit BUSCORE plus 28 additional credits as follows:

Code	Title	Credits
Required Courses		21
MGMT 349	Human Resource Management	3
MGMT 444	Training, Developing, and Engaging Employees	3
MGMT 445	Compensation Theory and Administration	3
MGMT 446	Advanced Organizational Behavior	3
MGMT 455	Industrial Relations	3
MGMT 459	Advanced Human Resource Management	3
ACCT 214	Managerial Accounting	3

Pass the Society for Human Resource Management (SHRM) Certification Examination ¹

Human Resources Management Electives - Select from the following: ² **7**

MGMT 300	Personal Leadership Management	
MGMT 345	Managing Global Organizations	
MGMT 347	Risk Management and Insurance	
MGMT 398	Internship Program I	
MGMT 399	Independent Study Projects ²	
MGMT 414	Small Business Consulting	
MGMT 447	Cross Cultural Leadership	
MGMT 364	Project Management	
MGMT 481	Community Leadership	
MGMT 482	Leadership and Ethics	
MGMT 492	Topics in Human Resource Management	
MGMT 499	Independent Study Projects ²	
MGMT 494	Topics in Leadership	
OSCM 342	Quality Management	
OSCM 344	Managerial Decision Modeling and Analysis	
BCOM 405	Advanced Business Communication	
BLAW 306	Business Law	

¹ Students are required to take and pass the Society for Human Resource Management Certification Test. Students who meet all requirements for

this emphasis except the certification requirement are considered to have satisfied requirements for the Management major.

² With three credits at most from MGMT 399 and MGMT 499.

Program Learning Outcomes

Students in the Human Resource Management program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students are expected to meet the program learning outcomes associated with demonstrating knowledge and competency in the core areas of HR:

- Employee Safety and Health
- Employee and Labor Relations
- Strategic Human Resource Planning
- Recruitment and Selection
- Training and Development
- Compensation and Benefits

Human Resources, Certificate

(Code 823-601)

Certificate Requirements

The **Human Resource Certificate** ^{1,2} is an academic program, which includes the following requirements.

Code	Title	Credits
Complete the following courses:		
MGMT 349	Human Resource Management	3
Complete 3 of the following 4 courses: 9		
MGMT 444	Training, Developing, and Engaging Employees	
MGMT 445	Compensation Theory and Administration	
MGMT 446	Advanced Organizational Behavior	
MGMT 455	Industrial Relations	

¹ Students must complete the four courses with a minimum GPA of 2.75

² The Human Resources certificate will not count as a secondary program when combined with the Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements (<https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16>).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Provide Strategic Human Resource Planning
- Implement Employee and Labor Relations Concepts
- Evaluate Compensation and Benefit Plans
- Develop Recruitment, Selection, and Employee Development Plans

International Business, Certificate

(Code 740-610)

The **Certificate in International Business** is designed to enhance the bachelor's degree for any student at UW-Eau Claire. Students for whom studying abroad or completing an international internship are not options can complete the 12-credit certificate and add valuable insights into the global business environment.

Certificate Requirements

The **International Business Certificate**¹ is an academic program, which includes the following requirements:

Twelve semester credits, as follows:

Code	Title	Credits
Required - Complete the following three courses with minimum 2.75 GPA:		9
MKTG 335	International Marketing	3
MGMT 345	Managing Global Organizations	3
or MGMT 447	Cross Cultural Leadership	
ECON/LAS 356	Economic Development of Latin America	3
or FIN 325	International Financial Management	
or ECON 351	International Economics	
or ECON 353	Economics of Pacific Asia	
or ECON 355	Economic Development	
or OSCM 363	International Logistics and Supply Chain Management	
Elective Courses - A minimum of three credits from the following:		3
Any foreign language course at the 201 level or higher		
ANTH 315	Language in Culture and Society	
ANTH 463	Religion and Culture	
ARTH 112	Global Art History Since 1400	
BLAW 315	International Business Law	
CJ 301	Intercultural Communication	
CJ 319	International Communication	
ECON 351	International Economics	
ECON 353	Economics of Pacific Asia	
ECON 355	Economic Development	
GEOG 301	Geography of Western Europe	
FIN 325	International Financial Management	
GEOG 308	Geography of Russia and Eastern Europe	
GEOG 319	Geography of the Middle East and North Africa	
GEOG 321	Geography of Latin America	
GEOG 366	Geography International Immersion Experience	

HIST 124	World History to 1500
HIST 125	World History Since 1500
HIST 284	The Nazis and Germany, 1914-1945
HIST 286	History of World War II
HIST 292	Origins of Current World Conflicts
HIST 304	Greek Civilization
HIST 306	Roman Civilization
HIST 326	Twentieth Century Europe, 1900 to Present
HIST 360	Modern France
HIST 362	Modern Germany
HIST 375	Twentieth Century Russia
HIST 376	World War I and II Military
HIST 381	Comparative Genocide
HIST 382	Imperialism Since 1800
HIST 383	Modern Africa
HIST 384	The Vietnam War
HIST 388	History of China
HIST 389	History of Japan
HIST 393	Roots of Selected Contemporary World Problems
INTB 361	International Experience in India
INTB 362	International Experience in China
INTB 363	International Experience in Thailand
INTB 491	Topics in International Business
LANG 140	U.S. Multiculturalism for Non-Native Speakers
LAS/ECON 356	Economic Development of Latin America
OSCM 363	International Logistics and Supply Chain Management

RELS 309	Islam
RELS 312	Buddhism: Past and Present
RELS 314	Hinduism
RELS 323	Chinese and Japanese Religions

¹ The International Business certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations

(<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements.

Program Learning Outcome

Students completing this program will be expected to meet the following learning outcome:

- Adapt and apply knowledge about the world's diverse cultures to the international business environment.

International Business, Comprehensive Major

(Code 850-001)

The International Business major is an interdisciplinary program. The major includes an international experience requirement that may be satisfied by taking an approved upper-division business course taken at a study abroad site, completing an international internship, or an internationally-oriented internship with a company located in the United States. **International Business students are strongly encouraged to consider a double major in a functional business area such as management, marketing, information systems, accounting, or finance.**

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
--	-----------------------------

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 850-001)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Requirements for the International Business Major

Sixty semester credits, including the 32-credit BUSCORE and 28 additional credits as follows:

Code	Title	Credits
Required Courses		
ACCT 214	Managerial Accounting ¹	3
MGMT 345	Managing Global Organizations ²	3
MKTG 335	International Marketing ²	3
MGMT 447	Cross Cultural Leadership	3
Select two of the following:		6

FIN 325	International Financial Management
ECON 351	International Economics
ECON 353	Economics of Pacific Asia
ECON 355	Economic Development
ECON/LAS 356	Economic Development of Latin America
OSCM 363	International Logistics and Supply Chain Management
Required Upper Division Foreign Language Course	
3-4	
Minimum of 3 credits of foreign language at 300 or 400 level ³	
International Business Electives - Select from the following	
4	
An approved upper-division business course taken at a study abroad site, in fulfillment of the IBE requirement (see below), may count as an elective.	
ANTH/AIS 161	Introduction to Cultural Anthropology
ANTH/GEOG 313	Culture and Transnational Dynamics

International Business Experience (IBE) ⁵

¹ Students double-majoring in IB/Accounting or IB/Finance may use ACCT 314.

² Students majoring in International Business must earn a C- or better in MGMT 345, MGMT 447, and MKTG 335.

³ Minimum of 3 credits of foreign language at 300 or 400 level can be waived if student has taken coursework through CHIN 202 (an additional elective would need to be taken instead).

⁴ Electives must include at least six upper-division credits.

⁵ Students majoring in international business must complete an international business experience (IBE) (<https://www.uwec.edu/kb/article/student-forms-international-business-experience/>) in order to graduate. This requirement can be met by completing one of the following IBEs. For detailed requirements of each option--or for any questions--please contact Dr. Longzhu Dong at dongl@uwec.edu. (dongl@uwec.edu)

- International Immersion Experiences
- Study Abroad
- Internship
- International Business Research
- Other (must be pre-approved)

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Adapt and apply knowledge about the world's diverse cultures to the international business environment.
- Adapt and apply knowledge about the world's diverse values to the international business environment.
- Adapt and apply knowledge about the world's diverse communication styles to the international business environment.

International Business, Minor

(Code 740-411)

The International Business Minor is designed to enable students to enhance their perspective of the business environment as a global, rather than local, enterprise. Completion of the minor adds value to any major at UW-Eau Claire.

Minor Requirements

(Code 740-411)

The minor requires foreign language competence at the 201 level. Advanced business courses taken during a study abroad semester may contribute to the minor. Prior approval is required.

The minor consists of 24 semester credits, as follows:

Code	Title	Credits
Major/Minor Combinations and Grade Requirement ^{1,2}		
Required Courses:		9
MGMT 345	Managing Global Organizations	3
MGMT 447	Cross Cultural Leadership	3
MKTG 335	International Marketing	3
Select one of the following:		3

ECON 351	International Economics
ECON 353	Economics of Pacific Asia
ECON 355	Economic Development
ECON/LAS 356	Economic Development of Latin America
FIN 325	International Financial Management
OSCM 363	International Logistics and Supply Chain Management
Foreign Language Competency Requirement ³	
Elective Courses - Select from the following ⁴ 12	
Up to four credits of foreign language at the 201 level or higher ³	
AIS/ANTH 161	Introduction to Cultural Anthropology
ANTH/GEOG 313	Culture and Transnational Dynamics
ANTH 315	Language in Culture and Society
ANTH 463	Religion and Culture
BLAW 315	International Business Law
CJ 301	Intercultural Communication
CJ/WGSS 317	Diversity & Communication: Organizational & Media Contexts
CJ 319	International Communication
ECON 351	International Economics
ECON 353	Economics of Pacific Asia
ECON 355	Economic Development
ECON/LAS 356	Economic Development of Latin America

¹ The International Business minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements.

² Students minoring in International Business must earn a C- or better in MGMT 345, MKTG 335, and MGMT 447.

³ Students may choose to either take a 201 or higher level foreign language course as part of their minor electives or test out of a foreign language at the 201 level or higher.

⁴ At least six of the twelve elective credits must be 300- or 400-level courses

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Adapt and apply knowledge about the world’s diverse cultures to the international business environment.
- Adapt and apply knowledge about the world’s diverse values to the international business environment.

Leadership Studies, Certificate

(Code 820-601)

Certificate Requirements

The **Leadership Studies Certificate**¹ is an academic program, which includes the following requirements. The 12 credits of course work must be completed with a B- or higher GPA.

Code	Title	Credits
Required Courses:		6
MGMT 300	Personal Leadership Management	3
MGMT 340	Organizational Behavior	3
Certificate Electives - Select from the following		6
MGMT 446	Advanced Organizational Behavior	
MGMT 447	Cross Cultural Leadership	
MGMT 481	Community Leadership	
MGMT 482	Leadership and Ethics	
MGMT 494	Topics in Leadership	
CJ 407	Leadership Communication	
HCAD 302	Leadership and Management Practices in Health Services	
MSL 101	Leadership and Personal Development ²	
MSL 102	Introduction to Tactical Leadership ²	
MSL 201	Innovative Team Leadership ²	
MSL 202	Foundations of Tactical Leadership ²	
Leadership Experience ^{3, 5}		
Leadership Reflection Paper ^{4, 5}		

¹ The Leadership Studies certificate will not count as a secondary program when combined with the Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements.

² With at most 3 credits from MSL 101, MSL 102, MSL 201, MSL 202

³ Students must provide evidence of bona fide leadership experience while completing the BBA degree. This is done by submitting a resumé that outlines the student’s leadership positions and experiences, briefly explaining responsibilities and accomplishments in each case, and submitting a letter of recommendation from an organization advisor, board

member (non-student), or other supervisor. The letter of recommendation must specifically attest to the leadership requirements of the position held, and give specific examples of the leadership skills demonstrated by the student. **Generic, employment-related letters of reference will not be accepted.**

- ⁴ Candidates for the Leadership Studies Certificate must submit a paper that reflects on the leadership experience documented by the resumé and letter of recommendation described above. The paper should be five to seven pages in length, double-spaced, and in 12-point font. The suggested outline for the paper is as follows:
- A description of the leadership experience
 - Self-evaluation of your strengths and weakness as a leader during these experiences
 - Strategies and tactics for improving on your weaknesses and capitalizing on your strengths as a leader
 - Evaluation of how your leadership coursework relates to your leadership experiences

⁵ The leadership resume, recommendation, and reflection paper are to be submitted through an eform (<https://www.uwec.edu/kb/article/student-forms-experience-for-leadership-studies-program/>).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome: Students will demonstrate an understanding of key elements of the vision process.

Management, Comprehensive Major

(Code 820-000)

The general management emphasis provides a broad background focusing on the effective management and development of employees within the firm.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor	maximum ½ of total
----------------	--------------------

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
--------------------	------------------

Total Band, chorus, drama	maximum 12 credits

Single course band, chorus, drama	maximum 4 credits
-----------------------------------	-------------------

Extension credits

UW-System	no maximum
-----------	------------

Other extension/correspondence	maximum ¼ of total
--------------------------------	--------------------

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
--	------------------------------

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
---	-----------------------------

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
---	------------------------------

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
--	-----------------------------

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate

described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.

- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 820-000)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3

BCOM 307	Advanced Business Presentations ³	
BCOM 309	Communicating in Workplace Relationships ³	
BCOM 405	Advanced Business Communication ³	
BLAW 306	Business Law	

¹ with three credits at most from MGMT 398, MGMT 498² with three credits at most from MGMT 399, MGMT 499³ with one course at most from BCOM 306, BCOM 307, BCOM 309, BCOM 405

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify common reasons why employees often resist organizational change and recommend specific methods/options for managing change
- Demonstrate an understanding of key elements of the vision process.
- Provide multiple factors that go into creating and promoting an ethical organizational culture.
- Apply knowledge and skills learned across all functional business areas when developing firm strategy.

Management, Minor

Minor Requirements

(Code 820-401)

Twenty-seven semester credits, as follows:

Code	Title	Credits
SPDP Workshops and Major/Minor Combinations ^{1,2}		
Required Courses:		18
ACCT 201	Introduction to Accounting	3
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
IS 240	Information Systems in Business	3
MGMT 340	Organizational Behavior	3
MGMT 349	Human Resource Management	3
Management Minor Electives - Select from the following:		9
MGMT 300	Personal Leadership Management	
MGMT 345	Managing Global Organizations	
MGMT 347	Risk Management and Insurance	
MGMT 364	Project Management	
MGMT 414	Small Business Consulting	
MGMT 445	Compensation Theory and Administration	
MGMT 446	Advanced Organizational Behavior	
MGMT 447	Cross Cultural Leadership	
MGMT 455	Industrial Relations	
MGMT 481	Community Leadership	
MGMT 482	Leadership and Ethics	
MGMT 491	Topics in Management	
MGMT 492	Topics in Human Resource Management	
MGMT 494	Topics in Leadership	
OSCM 341	Operations Management	
OSCM 342	Quality Management	

OSCM 343	Supply Chain Management
OSCM 344	Managerial Decision Modeling and Analysis
OSCM 363	International Logistics and Supply Chain Management

¹ The Management minor will not count as a secondary program when combined with the standard Business Administration major or the following comprehensive majors: Management, Entrepreneurship, Human Resource Management, or Operations and Supply Chain Management. Please see the list of approved major/minor combinations (<https://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements (<https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16>).

² **Student Professional Development Program.** This program requires completion of the four SPDP workshops. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Provide multiple factors that go into creating and promoting an ethical organizational culture.
- Apply knowledge and skills learned across all functional business areas when developing firm strategy.

Marketing and Supply Chain Management

Schneider Social Science 400/439
715-836-3677

www.uwec.edu/cob (<https://www.uwec.edu/academics/college-business/>)

The Department of Marketing and Supply Chain Management offers comprehensive majors in Marketing and Operations/Supply Chain Management. The Marketing major offers emphases in Professional Sales and Marketing Analytics, in addition to the general Marketing option. The department also offers one minor in Marketing.

Major/Minor Combinations are allowed in the Department of Marketing and Supply Chain Management. See Major/Minor Combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>).

Department of Marketing and Supply Chain Management Scholarships

Refer to the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/scholarships/>) for an up-to-date listing of Department of Marketing and Supply Chain Management scholarships, or contact the department chair.

Certificates

- Certificate: Digital Marketing Analytics
- Certificate: Professional Sales

Digital Marketing Analytics, Certificate

(Code 840-601)

Certificate Requirements

The Digital Marketing Analytics Certificate program is available to any UW-Eau Claire student. Completion of the certificate is noted on the student's official transcript.

The **Digital Marketing Analytics Certificate**¹ is an academic program, which includes the following requirements:

Code	Title	Credits
Required Courses: ²		6
MKTG 333	Digital Marketing Fundamentals	3
MKTG 338	Marketing & Sales Analytics	3
Certificate Electives - Select from the following: ^{2,3}		6
MKTG 332	Integrated Marketing Communications	
MKTG 334	Marketing Research	
MKTG 339	Social Media Marketing	
MKTG 432	Retail Management	
MKTG 434	Advanced Marketing Analytics	
MKTG 438	Strategic Marketing	
MKTG 491	Selected Topics	
External Certifications ⁴		
Industry Experience ⁵		
UW-Eau Claire Assessment Exit Exam ⁶		

- ¹ The Digital Marketing Analytics Certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can be combined with other COB majors. Please see the list of approved major/minor combinations that satisfy university academic concentration requirements.
- ² Students must earn a B or higher in each course.
- ³ Each of these courses has prerequisites, which must be completed prior to course admission.
- ⁴ Students must earn a minimum of 100 points from an approved list of external certification providers. Please consult with the department before commencing an external certification program.
- ⁵ Students must provide evidence of internship or work experience in digital marketing positions for either a profit or a non-profit organization while completing the BBA degree. Please see the Digital Marketing Analytics (<https://www.uwec.edu/academics/programs/undergraduate/digital-marketing-analytics/>) program website for details.
- ⁶ Candidates for the Digital Marketing Analytics Certificate must pass the assessment exam at least four weeks before finals week in the semester of certificate completion. Students have a maximum of two attempts to pass the exit exam.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome:

- Utilize the application of various software technologies to solve marketing problems and administer ongoing marketing programs.

Marketing, Comprehensive Major

(Code 840-000)

Marketing involves the performance of activities that facilitate exchange, such as buying, selling, pricing, and transporting. Marketing is done by business organizations, nonprofit entities, even individuals like political candidates, using strategies appealing to final consumers, organizational buyers, and other publics. Careers in marketing typically begin with functions like sales, advertising, distribution, market research, and purchasing.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30

Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
- ² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses

Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or

is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 840-000)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Requirements for the Marketing Major

Sixty semester credits, including the 32-credit BUSCORE and 28 additional credits as follows:

Code	Title	Credits
Required Courses		
ACCT 214	Managerial Accounting	3
MKTG 331	Consumer Behavior	3
MKTG 334	Marketing Research	3
MKTG 338	Marketing & Sales Analytics	3
MKTG 438	Strategic Marketing	3
Marketing Electives - Select from the following		
13		
MKTG 332	Integrated Marketing Communications	
MKTG 333	Digital Marketing Fundamentals	
MKTG 335	International Marketing	
MKTG 337	Professional Selling	
MKTG 339	Social Media Marketing	
MKTG 398	Internship Program I	
MKTG 399	Independent Study Projects	
MKTG 425	Services Marketing	
MKTG 432	Retail Management	
MKTG 433	Sales Management	
MKTG 434	Advanced Marketing Analytics	
MKTG 437	Business-to-Business Marketing	
MKTG 491	Selected Topics	
OSCM 343	Supply Chain Management	
BCOM 306	Advanced Business Writing ¹	
BCOM 307	Advanced Business Presentations ¹	
BCOM 405	Advanced Business Communication ¹	

¹ With one course at most from BCOM306 (<https://catalog.uwec.edu/search/?P=BCOM%20306>), BCOM307 (<https://catalog.uwec.edu/search/?P=BCOM%20307>), BCOM405 (<https://catalog.uwec.edu/search/?P=BCOM%20405>).

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.

Marketing, Marketing Analytics Emphasis, Comprehensive Major

(Code 840-002)

The Marketing Analytics emphasis is designed to help prepare marketing students for success in analytical marketing decision-making. It places emphasis on analyzing marketing databases using the latest software technology. This emphasis is designed to meet the growing demands for analytical decision-making in merchandising, purchasing, retailing, internet marketing, fact-based selling, and integrated marketing communications.

¹ The Marketing minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<http://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements.

² **Student Professional Development Program.** This program requires completion of the four SPDP workshops. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.

Marketing, Professional Sales Emphasis, Comprehensive Major

(Code 840-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Leadership Programs must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (<http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/>).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration.) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- Unless otherwise indicated, no College of Business course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business. This excludes courses that are only offered on an S/U basis. Specific programs (major, minor, certificate) may have additional requirements. Please check program requirements.

- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

Major Requirements

(Code 840-001)

Students may select the Professional Sales emphasis designed to prepare them for competence in persuasion, interpersonal communication, customer relationship management, negotiating, and sales force management.

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code	Title	Credits
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 109	Algebra for Calculus ¹	4
MATH 246	Elementary Statistics	4

¹ MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code	Title	Credits
BUSCORE Courses		
ACCT 201	Introduction to Accounting	3
BCOM 206	Business Writing ¹	2
BCOM 207	Business Presentations ¹	2
BLAW 305	Legal and Regulatory Environment	3
BSAD 180	Foundations for Success in Business	3
BSAD 300	Equity, Diversity, and Inclusion in the Workplace	1
FIN 320	Principles of Finance	3
IS 240	Information Systems in Business	3
MKTG 330	Principles of Marketing	3
MGMT 340	Organizational Behavior	3
MGMT 449	Strategic Management in a Global Business Environment ²	3
OSCM 341	Operations Management	3
Total Credits		32

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Requirements for the Professional Sales Emphasis

Sixty semester credits, including the 32-credit BUSCORE and 28 additional credits as follows:

Code	Title	Credits
Required Courses		
ACCT 214	Managerial Accounting	3
MKTG 334	Marketing Research	3
MKTG 337	Professional Selling	3
MKTG 338	Marketing & Sales Analytics	3
MKTG 433	Sales Management	3
MKTG 438	Strategic Marketing	3
MKTG 490	Advanced Sales Topics	3
Electives - Select from the following:		
MKTG 331	Consumer Behavior	3
MKTG 332	Integrated Marketing Communications	3
MKTG 333	Digital Marketing Fundamentals	3
MKTG 335	International Marketing	3
MKTG 339	Social Media Marketing	3
MKTG 398	Internship Program I	3
MKTG 399	Independent Study Projects	3
MKTG 425	Services Marketing	3
MKTG 432	Retail Management	3
MKTG 434	Advanced Marketing Analytics	3
MKTG 437	Business-to-Business Marketing	3
MKTG 491	Selected Topics	3
OSCM 343	Supply Chain Management	3

Note: The Marketing faculty strongly recommend that Marketing majors with Professional Sales emphasis take MKTG 332, MKTG 335, MKTG 432, MKTG 437 or OSCM 343.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.
- Demonstrate a professional sales roleplay in a classroom setting and in an outside field setting.
- Demonstrate how to engage buyers through the various stages of the sale process in a classroom setting and in an outside field setting.

² With three credits at most from OSCM 399.

Program Learning Outcomes

Students in the Operations and Supply Chain Management program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Analyze data in support of data-driven decision making in operations and supply chain management
- Develop integrated production and capacity plans for ongoing business operations
- Apply analytical skills to supply chain management problems
- Improve business processes using lean process improvement techniques
- Apply the principles of inventory management to establish inventory policies.

Professional Sales, Certificate

(Code 840-602)

Certificate Requirements

The **Professional Sales certificate program**¹ will prepare students to go beyond the minimum course requirements and prepare for successful careers in professional sales. This will be done by obtaining academic and field-related knowledge about Professional Sales. This certificate is available to any UW-Eau Claire student. Completion of the certificate is noted on the student's official transcript (prerequisites apply).

MKTG 338	Marketing & Sales Analytics	3
MKTG 490	Advanced Sales Topics	3
100 points in Extra-curricular and External Requirements		
College-level Requirements ³		

External Certifications⁴External Connections⁵

¹ The Professional Sales Certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (<https://catalog.uwec.edu/undergraduate/business/#academicprogramstext>) that satisfy university academic concentration requirements (<https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16>).

² The 12 credits of coursework must be completed with a "B" or higher grade in each course.

³ College-level Requirements

- Participate in a Collegiate level Sales Competition and rank in the top 30%. (20 points; cannot be used more than three times)
- Actively participate on the Sales Team for at least two semesters.
- Serve as a Sales Ambassador for two semesters. (30 points; can only be used once)

⁴ External Certifications

Earn certification in the following Hubspot modules (Each module is worth 10 points; no more than 20 points can be earned in this category). Students must contact the Director of the UWEC Professional Sales program for a list of external certifications and approval.

- Sales Enablement Certification
- Sales Force Trailhead (must earn 6,000 points or more)
- Hubspot Sales Software
- Inbound sales
- Frictionless sales

⁵ External Connections

- Students must provide evidence of internship or work experience in professional sales for either the UWEC Professional Sales Program, corporations, or a non-profit organizations while completing the BBA degree. Typically, students should obtain a minimum of 120 hours of work experience. Students should consult with the Internship Coordinator to verify whether the experience meets the qualifications. At the conclusion of the internship experience, the candidate must submit the following:
 - An outline of your internship responsibilities which details how the experience developed your skill and knowledge of professional selling. The outline describing your internship experiences should include your contribution to projects assigned to you during the internship.
 - Empirical or key performance indicators that quantify your contribution.
 - A letter or feedback summary from your internship supervisor.
- Students must submit their resume (which highlights their sales experience) and have it approved by either the Director or Assistant director of the UWEC Professional Sales program.
- Students must be members of and actively participate in the UWEC student and Alumni group on LinkedIn. Their profile must be complete with at least 100 connections.

- Engage in identifying and tracking prospects in the sales pipeline.
- Employ multiple types of sales strategies.
- Critically analyze sales and marketing metrics and make decisions based upon those metrics.

Military Science and Leadership

Military Science and Leadership

Schneider Social Science 209 | 715-836-3617 | ArmyROTC@uwec.edu
www.uwec.edu/cob/centerforleadership/rotc

The Military Science and Leadership (MSL) courses are part of the Army Reserve Officers' Training Corps (ROTC) and provide a dynamic student-focused learning environment designed to develop adaptive and agile leaders of character. ROTC is a unique program in that it is led by Active Duty and National Guard cadre, but run primarily by the students. Cadre facilitate the lecture portion of the curriculum and the students plan and execute the leadership labs and physical training. MSL courses focus on management and leadership skills and prepare a student to receive a commission as an Army officer for either active duty, the Army National Guard, or the Army Reserve.

MSL classes include three components: lecture, leadership lab, and physical training sessions:

Lecture – Cadre-facilitated discussions focus on leadership development, leadership theories, Army fundamentals, written and oral communication skills, cultural awareness, mentoring, problem solving, and emphasize practical leadership application.

Leadership Lab – Provide engaging, hands-on, and realistic application of the lecture lessons of the previous weeks. The focus of labs is on field craft and Army fundamentals. The two-hour lab sessions are planned and executed by the Advance Course (MSL 300) cadets, giving them an opportunity to utilize unit training management and troop-leading procedures preparing them for their summer training event.

Physical Training – Includes techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. There are three, one-hour physical training sessions per week; however, non-contracted students are only required to attend one.

Additional Opportunities. Students also participate in off-campus training exercises and competitions designed to reinforce training and challenge their physical and mental capacities.

Basic Courses. 100- and 200-level MSL courses are open to any UW-Eau Claire undergraduate student, regardless of major. Students may start the classes in either the fall or spring semester. Taking these classes requires no obligation to the Army. These courses give students the opportunity to learn about the Army and how the Army implements leadership. Additionally, credits from the Basic Courses (MSL 100 and MSL 200) can be applied towards the Military Leadership Minor.

Advanced Courses. 300- and 400-level MSL courses are open to any UW-Eau Claire undergraduate student regardless of major. Taking these classes requires that the student make a commitment to contract as a Cadet, which requires service to the active Army, Army Reserve, or Army National Guard after graduation. Enrollment requires receiving credit for the basic courses and meeting Army prerequisites. Students must have four semesters remaining in full-time status to complete the MSL 301 /MSL 302/MSL 401/MSL 402 course series. Students hold leadership positions throughout the semester and have

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

significant responsibilities in planning and leading training during leadership lab and physical training. All advanced cadets attend the capstone Advance Course at Fort Knox, KY. MSL 301 and MSL 302 must be taken in sequence followed by the capstone summer training. Students are required to take an upper level U.S. military history course, which can be fulfilled by taking HIST 384, HIST 376, HIST 377, or MSL 304. These courses can be applied to the Military Leadership minor.

ROTC Scholarships. Cadets may be eligible for tuition scholarship, room and board scholarship, study abroad scholarship, or federal tuition benefits. For more information, visit www.goarmy.com/rotc/scholarships.jsp (<http://www.goarmy.com/rotc/scholarships.jsp>) or contact the ROTC cadre in Schneider 209. Interested students must contact the ROTC Office to determine the correct courses to enroll in to get enrollment permissions and complete required paperwork.

Minor

- Minor: Military Leadership

Military Science and Leadership (MSL)

MSL 101 Leadership and Personal Development (2 crs)

- *One off-campus training event required. Lab and Physical Training required (see Schedule).*

Introduction to the Army profession and military leadership. Personal development includes goal setting, time management, physical fitness and stress management. Lab includes squad movement, map reading, first aid and formations. Physical Training is composed of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2
Physical Training Hours: 1

MSL 102 Introduction to Tactical Leadership (2 crs)

- *One off-campus training event required. Lab and Physical Training required (see Schedule).*

Basic leadership fundamentals such as problem solving, oral and written communication, goal setting and tactical knowledge. Exploration of leadership theories, attributes and traits. Lab includes team tactics, map reading, marksmanship and marching techniques. Physical Training consists of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2
Physical Training Hours: 1

MSL 201 Innovative Team Leadership (2 crs)

Prerequisite: MSL 102 or consent of instructor.

Consent: Instructor Consent Required

- *One off-campus training event required. Lab and Physical Training required (see Schedule).*

Explores innovative tactical leadership strategies and styles by examining team dynamics and leadership theories. Students broaden their knowledge of communications, land navigation and tactics, which are practiced in lab. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2
Physical Training Hours: 1

MSL 202 Foundations of Tactical Leadership (2 crs)

Prerequisite: MSL 201 or consent of instructor.

Consent: Instructor Consent Required

- *One off-campus training event required. Lab and Physical Training required (see Schedule).*

Continues study of leadership principles emphasizing leadership analysis and leadership self-assessment. Students integrate map reading with tactical planning and develop operations orders. Lab applies basic team leadership during practical exercises in a field environment. Physical Training consists of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2
Physical Training Hours: 1

MSL 301 Adaptive Team Leadership (3 crs)

Prerequisite: MSL 101, MSL 102, MSL 201, MSL 202 or consent of instructor.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Students conduct leadership self-assessment, receiving direct and peer feedback. Apply advanced tactical skills and leadership in planning small-unit tactical training applying problem-solving techniques. Lab reinforces squad-level tactics, employing the troop-leading procedures. Physical Training consists of developing and leading programs to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 302 Applied Team Leadership (3 crs)

Prerequisite: MSL 301 or consent of instructor.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Emphasis on writing operation orders, improving oral/written communications, and leadership analysis. Receive direct and peer feedback on leadership performance. Lab applies advanced tactics and leadership during patrol-size tactical training. Physical Training consists of developing and leading programs to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 399 Military Science and Leadership Independent Study (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Students propose an independent study project on a topic in military history, military tactics or political/military leadership to the Assistant Professor of Military Science. Projects may include library research or original empirical research. Students work independently, with supervising instructor providing oversight and assistance. Physical Training attendance required three days a week. Open to juniors and seniors.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 401 Developing Adaptive Leaders (3 crs)

Prerequisite: MSL 302 or consent of instructor.

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Develop proficiency in planning and executing complex operations, functioning as a staff member and mentoring subordinates. Explore training management, staff collaboration and developmental counseling techniques. Lab instruction is designed to increase students' organizational-level, mentoring and assessment skills. Physical Training requires mentoring junior Cadets in techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 402 Leadership in a Complex World (3 crs)

Prerequisite: MSL 401 or consent of instructor.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Examine officership, study Army programs, and complete a battle analysis. Examine civilian, governmental, legal, and cultural factors of conducting military operations in an international environment. Lab instruction is designed to increase students' organizational level, mentoring and assessment skills. Physical Training requires mentoring junior Cadets in techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

Military Leadership, Minor

(Code 821-401)

Minor Requirements

Students must complete a total of 24 credits for the Military Leadership minor.

Code	Title	Credits
Required Courses (in sequence):		15
MSL 301	Adaptive Team Leadership	3
MSL 302	Applied Team Leadership	3
MSL 304	US Military Experience from 1607 to the Present	3
MSL 401	Developing Adaptive Leaders	3
MSL 402	Leadership in a Complex World	3
Elective Courses: 9 credits from the following: ¹		9

MSL 101	Leadership and Personal Development
MSL 102	Introduction to Tactical Leadership
MSL 201	Innovative Team Leadership
MSL 202	Foundations of Tactical Leadership
CJ 301	Intercultural Communication
CJ 357	Professional Communication
CJ 407	Leadership Communication ²
GEOG 336	Geospatial Field Methods
HIST 376	World War I and II Military ¹
HIST 377	American War in the Post 1945 World ¹
HIST 384	The Vietnam War ¹
HIST 395	Directed Studies ¹
MGMT 300	Personal Leadership Management
MGMT 340	Organizational Behavior ²

¹ Elective courses must meet requirements as published by U.S. Army Cadet Command policy letters. Qualification of instructor and syllabus content are key factors in these requirements. Students must confirm that specific courses meet these requirements with ROTC program advisors prior to enrollment.

² These courses are available to Junior and Seniors only, and a request must be submitted to the respective departments to waive course prerequisites.

Note: Credit for MSL 399 is primarily tied to Cultural Understanding and Language Proficiency (CULP) program, Cadet Troop Leader Training (CTLT), and Cadet Internships. These summer programs allow for experiential learning linking institutional learning to work experience.

Program Learning Outcomes

Students will demonstrate proficiency in the four ALAs and General learning Outcomes:

- Leadership
 - Proficiency in creating and sustaining an organizational climate of trust and a shared identity as Army Professionals
 - Proficiency in the Army leader attribute and competency categories described in the Leadership Requirements Model
 - Proficiency in implementing and sustaining the fundamentals of development
- Mission Command
 - Proficiency in the principles of mission command
 - Proficiency in the elements of command and control (C2)
 - Proficiency in C2 Warfighter Function tasks and system to integrate elements of combat power
 - Proficiency in the fundamentals of the operations process to enable leaders to understand, visualize, describe, direct, lead, and assess operations
 - Proficiency in critical & creative thinking
- Operations
 - Proficiency in synchronizing all Warfighter Functions in Unified Land Operations in support of Joint Operations
 - Proficiency in understanding the Operational Environment across all domains
 - Proficiency in sustainment functions supporting Army Operations
- Training
 - Proficiency in planning, preparing, executing, and assessing training

College of Education and Human Sciences

Carmen Manning, Dean (Centennial 3015)
Associate Dean (Centennial 3017)

College Vision, Mission and Core Values

The vision of the College of Education and Human Sciences (CoEHS) is to be a regional leader in the development of highly competent, critically engaged professionals who enhance the lives of others in an increasingly diverse society.

Committed to the highest standards of academic excellence, our mission is to prepare students to become engaged professionals who are creative thinkers, evidence-informed practitioners, and culturally responsive individuals.

Integrity, collaboration, and social justice are the core values that enable us to fulfill our mission and move toward achieving our vision.

College of Education and Human Sciences Departments

Teacher Education Departments

- Education for Equity and Justice
- Special Education and Inclusive Practices

Human Sciences Departments

- Communication Sciences and Disorders
- Kinesiology
- Social Work

Graduate Programs

Teacher and other school personnel programs are offered at the graduate level in professional development, communication sciences and disorders, and school psychology. A graduate degree in athletic training is also offered.

Non-degree Programs and Additional Certification Programs

Non-degree programs in any of the fields of study offered in baccalaureate and graduate programs can be arranged for candidates who hold a bachelor's or advanced degree. We welcome you to UW-Eau Claire and encourage you to look at our programs to see if there is an offering that fits your needs. We offer a variety of certificate programs to enhance your knowledge and skills, and we offer licensure programs if you are looking to become a teacher or extend your current teaching license.

College Centers, Clinics and Special Projects

Aspiring Educators Living Learning Community
Cancer Recovery and Fitness Program
Center for Communication Disorders
Community Fitness Program
Early Childhood Literacy Intervention Program, Services and Evaluation (ECLIPSE)
Home School Physical Education Program
Physical Activity and Recreation for Individuals with Disabilities in the Eau Claire Area (PRIDE) Program

Dean's List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean's List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

- earn a minimum of 12 credits.
- be in good academic standing.
- earn a minimum semester GPA of 3.70.
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- have no courses below the 100 level.
- have no repeats.
- have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470, UEC 475 UEM 470).

Dean's List students will receive notification and congratulations from the Dean.

Criminal History and/or Caregiver Background Checks

Wisconsin law requires that persons responsible for the care, safety, and security of children and adults will be required to have background checks. In some cases, placement into an externship, professional semester, internship, or practicum will be dependent on the background check results. In some cases, students may be unable to complete field experiences required of their programs because of background check results. Furthermore, students should work closely with their advisors and the Associate Dean to determine the impact these results will have on their academic program. Students are responsible for all costs associated with background checks. Results of checks may be shared with the practicum, professional semester, externship, or internship sites. It is the policy of the College that all students completing a field experience that requires a background check must have one completed by the College of Education and Human Sciences vendor within 12 months of the placement start date.

The College of Education and Human Sciences requires applicants to complete a Background Information Disclosure and a release for a criminal background check. Falsification or omission of information relevant to the questions may constitute grounds for denial of admission to the course(s), associated field experiences, or for termination of admission if the falsification or omission is discovered after admission. Further, after submission of the questionnaire, while an application is being considered or while a student in the program, if circumstances occur that would change any response(s), students must inform the Associate Dean of the changed response(s). Finally, no student is allowed to begin a field experience until the required background check is completed and the student is cleared to begin the field experience. For further information, contact the College of Education and Human Sciences Associate Dean's Office (Centennial 3015).

Liability for Health Care Expenses

All expenses associated with health surveillance and care are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the field experience facility, or the field experience institution. In addition, workers' compensation insurance does not cover students. For example, if students suffer a needle stick or are hurt while in a field experience, they will need personal health insurance to cover medical bills.

Transportation to Field Placement Sites

Students in all of our programs must provide their own transportation to and from field experiences/placement sites. Some field experiences will require travel to other communities outside of Eau Claire. All costs associated with transportation to and from field experiences are the responsibility of the student. No automobile insurance coverage is provided by the state or by UW-Eau Claire; therefore, personal automobile insurance coverage should be purchased.

Special Course Fees

Some courses require a special fee because of the nature of the activity or supplies required to complete the course. Current special course fees are shown in the Class Schedule.

Directed and Independent Studies

Many opportunities are available for students to study independently or in small groups, problems and topics in their field of study which may not be included or explored in depth in regular course offerings.

Directed studies for groups can be arranged by departments and offered as special courses, either on campus or in off-campus settings. Those interested in directed studies should consult with a department chair to find out what opportunities exist.

Independent study, through a student-initiated procedure in which a unit of study is described and approved prior to enrollment, allows a student to earn one to three credits for each such educational experience. Those interested in independent study should work with a faculty member to create this learning opportunity.

Independent and directed study should not be used as a way of taking courses which are approved as regular offerings in the College. Also, in some programs, there is a limit to the number of credits students can take in independent and directed studies.

International Education

Students are invited to participate in exchange programs sponsored by the Center for International Education. In the sophomore, junior, and senior years, study abroad programs offer students opportunities to visit another country and take courses on the host campus that will fulfill UW-Eau Claire requirements.

Students are also encouraged to consider completing part of their student teaching experience in classrooms in a variety of countries. Exchange student teaching programs are available that meet Department of Public Instruction requirements. Students must complete one student teaching placement in Wisconsin and then complete an additional placement in another country, following its academic calendar. In other words, students may not be finished with their overseas student teaching placement in time for graduation ceremonies at UW-Eau Claire.

Students interested in any of these international studies programs should contact the Center for International Education (Schofield 3) or the Teacher Education Program Office, Centennial 3102.

Immersion Experiences

Students are invited to participate in specially arranged student teaching experiences and other field experiences in a variety of settings including the Milwaukee Public Schools, Alaska, Washington D.C. and the Aldine School

District in Houston, Texas. Students interested in these opportunities will gain experience working in districts with a diverse student population. Interested students should contact the Teacher Education Program Office, Centennial 3102, or the department of their major for details.

Teacher Education Requirements

Program and Degree Requirements

University Requirements

All candidates for teacher education baccalaureate degrees in the College of Education and Human Sciences must fulfill the minimum requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average
3. Residency requirements:

Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits
4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Degree Planning

A degree plan indicates how a student expects to meet the curricular requirements for a degree. Degree plan forms for the various programs offered in the College may be obtained in department offices or from the ARCC. These plans are for students' use in planning programs with their advisors. Degree Review uses the Degree Audit for official evaluation of academic plans and official evaluation of academic progress.

Human Relations/Cultural Diversity/Design for Diversity Service-Learning Requirements

Students in teacher education majors shall meet the Wisconsin Department of Public Instruction's Human Relations Requirement and the UW-Eau Claire Cultural Diversity Requirement by completing ES 385/ES 585, Social Foundations: Human Relations, which includes completion of a minimum of 30 hours of direct contact fieldwork with racial/ethnic/cultural minorities different from themselves, people from low-income backgrounds, and people with disabilities. This fieldwork satisfies the University Service-Learning Requirement. Students are expected to accrue 15 of the 30 hours of volunteer/fieldwork prior to the semester they are enrolled in ES 385/ES 585.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing scores on required tests if those are required for the major.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All

college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.

4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through:

Earning a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

All Elementary-Middle, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.(see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency

as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Planning a Degree Program

Declaring a Major/Minor Program or Changing a Major/Minor Program

Students are assigned an academic advisor in the Advising, Retention, and Career Center and that is the contact for declaring and changing a major.

If students are changing their major they are encouraged to obtain a new degree audit during this process. A new advisor will be assigned in the department or academic cluster of the new major or minor to help the student plan their pathway for the newly declared program. Any approved petitions/waivers for the old major or minor will not be carried over to the new major or minor. Students should work with their academic and faculty advisors to resubmit previous petitions.

A topical minor is available and the requirements are listed below.

Education (Code 610-453)

A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by the student to meet the student's own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, an historical period, a definable professional need, or a complementary relationship to the student's major. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain written permission from the College before enrollment is possible. The Topical Minor is not intended to be used to duplicate any major or minor offered as a regular program within the UW System.

The student who wishes to develop a Topical Minor must adhere to the following requirements.

- **Interdisciplinary Breadth Requirement:** A Topical Minor consists of 24 credits. There must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.

- **Unique Credit Requirement 1:** A student may not apply a course that counts toward credits in his/her major to the Topical Minor.
- **Unique Credit Requirement 2:** No more than six credits from a student's major prefix may be used in the Topical Minor.
- **Depth Requirement:** At least 12 of the 24 credits must be from courses numbered 300 or above.
- **College Home:** For a Topical Minor to reside in the College of Education and Human Sciences, prefixes from at least 12 of the 24 credits must be earned in the College of Education and Human Sciences.
- **Submission Requirement:** To propose a Topical minor, a student should work with an advisor or an associate dean and complete an e-form located on the College of Education and Human Sciences website and route that form to the College for approval.

Special Curricular Offerings

Special Topics Courses

The Departments of Kinesiology and Social Work offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to the department. Topics are announced in the Class Schedule for the semester. There may also be prerequisites for these special topics courses.

Restrictions: A total of no more than nine credits in Special Topics courses may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education requirements. The Department of Social Work may further restrict the application of such credits to their majors.

Directed Study Courses

Courses numbered 395 or 495, offered by several departments under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility: Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility are established by the department and published as part of the course description.

Restrictions: A total of no more than six credits of Directed Study courses may be counted toward graduation. Directed Study courses may not be applied toward completion of the Liberal Education requirements. Departments also may restrict the application of such credits to their majors and minors.

Procedures: Permission to register for a directed studies learning opportunity may be obtained from department offices.

Independent Studies

Under the course numbers 399 and 499, each department in the human sciences cluster of the College provides advanced students with opportunities for independent study in fields where they have already demonstrated their competence.

Eligibility: Independent Study courses are open only to juniors and seniors. A student with a departmental major and/or minor may elect an Independent Study in the department of the major or of the minor, provided the student has at least 3.00 resident and total GPAs in that department. A student with a multidisciplinary major may elect an Independent Study in any department which has courses required in the major, provided the student has at least 3.00 resident and total GPAs in the major and has earned a minimum of six credits with resident and total GPAs of at least 3.00 in the department in which the Independent Study is elected.

Restrictions: Only three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits may be counted toward graduation. Independent Study courses may not be applied toward completion of the Liberal Education requirements.

Procedures: The student shall outline an Independent Study proposal to a professor willing to direct the study. The department chair and the professor directing the study must give permission in order for the student to register for a 399 or 499 course. An electronic Independent/Directed Study Approval Form should be submitted and approved by the end of the fourth week of the semester (second week of Summer Session). Forms are available on the College of Education and Human Sciences website in the Blugold Insider.

Internships and Field Practicum Courses

Some type of internship or clinical experience is an integral part of programs in Communication Sciences and Disorders, Kinesiology: Exercise Science, Rehabilitation Science, and Social Work. Therefore, students in these programs must provide their own transportation to and from field experiences and internships. Many field experiences may require travel to other communities outside of Eau Claire. All costs associated with transportation to and from field experiences are the responsibility of the student.

Departmental Honors Programs

The Department of Social Work and the Department of Communication Sciences and Disorders have established a Departmental Honors Program for their majors. See the departmental listings for requirements.

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental

recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted

- by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
- Completion of the 30 hour Human Relations Fieldwork requirement.
 - Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
 - Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
 - Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

- Completion of a baccalaureate degree.
- Completion of an approved teacher education major, minor, or certificate.
- A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
- Completion of student teaching courses with a mark of S.
- Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification

requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Professional Studies, Comprehensive Major

(Code 941-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	

USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.(see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirement

Students must have completed 30 credits prior to declaring the major.

Major Requirements

Liberal Arts (Code 940-001)

This major requires 60 credits, including two concentrations, each with a minimum of 12 credits including one upper division course in each

concentration, or a 24 credit individual concentration, a 3 credit required capstone course, and 33 elective credits¹.

¹ Any confirming credits granted after completion of the capstone cannot apply towards electives in this major. These confirming credits will appear as ELEC 910L Professional Studies.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in evidence-based decision making.
- Integrate knowledge and skills across disciplines.
- Apply knowledge in multiple contexts in preparation for success in a variety of professions.
- Apply knowledge and skills to address problems using inquiry and analysis, creative thinking, and teamwork.
- Use knowledge and skills to appreciate and work within global and diverse communities.

Topical Minor, Minor

Education (Code 610-453)

A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by the student to meet the student's own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, an historical period, a definable professional need, or a complementary relationship to the student's major. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain written permission from the College before enrollment is possible. The Topical Minor is not intended to be used to duplicate any major or minor offered as a regular program within the UW System.

The student who wishes to develop a Topical Minor must adhere to the following requirements.

- **Interdisciplinary Breadth Requirement:** A Topical Minor consists of 24 credits. There must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.

- **Unique Credit Requirement 1:** A student may not apply a course that counts toward credits in his/her major to the Topical Minor.
- **Unique Credit Requirement 2:** No more than six credits from a student's major prefix may be used in the Topical Minor.
- **Depth Requirement:** At least 12 of the 24 credits must be from courses numbered 300 or above.
- **College Home:** For a Topical Minor to reside in the College of Education and Human Sciences, prefixes from at least 12 of the 24 credits must be earned in the College of Education and Human Sciences.
- **Submission Requirement:** To propose a Topical minor, a student should work with an advisor or an associate dean and complete an e-form located on the College of Education and Human Sciences website and route that form to the College for approval.

Pre-Professional Programs

Pre-Athletic Training

(Code 995-900)

Advisor: B. Stow (Kinesiology).

The pre-athletic training program is intended to prepare students for admission into a graduate program in athletic training. Students should plan on completing a baccalaureate degree before matriculating into an athletic training graduate program. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-athletic training program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study. Information about the Master of Science-Athletic Training Program. (<http://catalog.uwec.edu/graduate/programs/kinesiology/athletic-training-ms/>)

Pre-Chiropractic

(Code 704-901)

Advisor: M. Mattes (Kinesiology).

The pre-chiropractic program is intended to prepare students for admission into a chiropractic college. Most accredited chiropractic colleges prefer that students earn a baccalaureate degree before beginning, or concurrently with, their chiropractic training. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-chiropractic program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

Pre-Exercise Physiology

(Code 997-900)

Advisor: M. Mattes (Kinesiology).

The Pre-Exercise Physiology program is intended to prepare students for admission into the Master of Science in Exercise Physiology program. Students should plan on completing a baccalaureate degree before matriculating into the exercise physiology graduate program. The Pre-Exercise Physiology program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study. Information about the Master

of Science in Exercise Physiology Program. (<https://www.uwec.edu/academics/programs/graduate/master-science-in-exercise-physiology/>)

Pre-Occupational Therapy

(Code 665-901)

Advisor: M. Mattes (Kinesiology).

The pre-occupational therapy program is intended to prepare students for admission into a graduate program in occupational therapy. Most occupational therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to occupational therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-occupational therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

Pre-Physical Therapy

(Code 662-901)

Advisor: M. Mattes (Kinesiology).

The pre-physical therapy program is intended to prepare students for admission into a graduate program in physical therapy. Most physical therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to physical therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-physical therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required
English & Language Arts	541-001	ENGL 319, ENGL 419		See department for ETS exam number
Mathematics	184-001	ES 357		See department for ETS exam number
Social Studies, History Emphasis	500-020	ES 356	ECON 103, BIOL 180 or GEOG 178	See department for ETS exam number
Science Teaching	241-XXX	ES 360	BIOL 180 or GEOG 178	See department for ETS exam number

Majors	Code	Prescribed Methods Course	Additional Requirements	Praxis II Content Test Required
Mathematics	184-201	ES 357		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no add'l exam
Mathematics	180-407	ES 357		See department for ETS exam number

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other**

states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements

Teaching (Code 541-001)

Code	Title	Credits
Core		11
ENGL 210	Introduction to Critical Studies	5
ENGL 221	Introductory English Linguistics	3
ENGL 284	Introduction to Theory and Criticism	3
English Teaching Emphasis Requirements		18
ENGL 212	Histories and Theories of Rhetoric	3
or CJ 207	Introduction to Rhetoric and Society	
ENGL 268	Survey of American Ethnic Literature	3
or ENGL 368	Topics in American Ethnic Literature	
ENGL 319	Introduction to English Education Methods	3
ENGL 419	Seminar in English Education Methods	3
ES 385	Social Foundations: Human Relations	3
ES 383	Literature for Adolescents	3
Literature, Culture, Theory, and Film & Elective Requirements		21
Literature, Culture, Theory & Film		15
Choose from 5 of 9 categories: British Literature/Culture before 1790, British Literature/Culture after 1790, American Literature/Culture before 1865, American Literature/Culture after 1865, World/Post-Colonial Literature/ Culture, American Ethnic Literature/Culture, Women's Literature/Culture, Theory, Film, and Popular Culture Studies, or Additional Courses and Popular Culture Studies		
English Electives, 6 credits		6
6 additional credits from any ENGL prefix course including English literature, culture, theory, film (see above 9 categories) and other emphasis options: Creative Writing, Linguistics, Rhetorics of Science, Technology, Culture, and any other ENGL (e.g., ENGL 394, 397, 399, 498, 499)		
NOTE: One of the above courses must be a 400-level seminar in literature, culture, theory and/or film		
Communication/Media Courses		9
CJ 105	Communication in Contemporary Society	3
or CJ 206	Human Communication Theory	
CJ 184	Multimedia Communication	3
CJ 203	Fundamentals of Human Communication	3
CJ Electives: Choose from the following:		3
CJ 111	Gender, Race, Class, and Communication: The Social Construction of Identity	
CJ 201	Introduction to Interpersonal Communication	
CJ 202	Fundamentals of Speech	
CJ 205	Listening	
CJ 222	Beginning Journalism	

CJ 241	Audio and Video Production Process	
CJ 260	Introduction to Integrated Strategic Communication	
CJ 272	Social Media and Communication	
CJ 280	Visual Communication	
CJ 301	Intercultural Communication	
CJ 306	Topics in Advanced Interpersonal Communication	
CJ 307	Small Group Communication	
CJ 317	Diversity & Communication: Organizational & Media Contexts	

NOTE: At least 24 credits must be upper-division.

The Comprehensive English Teaching major is restricted to students in the College of Education and Human Sciences Department of Education for Equity and Justice Grades 4-12 (Option B) and leads to licensure to teach English in grades 4-12 classrooms. See Department of Education for Equity and Justice departmental pages for specific information on requirements for admission to the College of Education and Human Sciences and the Professional Semester. See advisor for specific information regarding English Department requirements for admission to the College of Education and Human Sciences and the Professional Semester.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Read and Interpret text from a variety of critical perspectives
- Write effectively for different purposes and audiences
- Plan, conduct, and document research using appropriate sources
- Describe the dynamic nature, diversity, and structure of the English language
- Apply knowledge of subject area, student learning, educational research, and pedagogical theory to instructional design

Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21

Certificate	25 percent of credits
-------------	-----------------------

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sL/#header13)	30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441	Student Teaching in Elementary Education	5
AND		
ES 445	Student Teaching in Middle Level Education	5
or ES 470	Student Teaching in Secondary Education	
or		
ES 440	Internship Teaching in Elementary Education	5-10
or		
ES 446	Internship Teaching in Middle Level Education	5-10
or		
ES 475	Internship Teaching in Secondary Education	5-10

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required
Music, Instrumental/General	062-000	MUED 211, MUED 300, MUED 310, MUED 318, MUED 411		See department for ETS exam number
Music, Choral/General	062-001	MUED 211, MUED 300, MUED 310, MUED 318, MUED 410		See department for ETS exam number
Physical Education	992-001	KINS 290		See department for ETS exam number
Spanish-TE SOL	320-000	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
French	261-201	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Spanish	321-200	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Minors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
Adaptive Physical Education	991-459		Only with KINS major	No addtl exam
French	260-406	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
Spanish	320-407	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other**

states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements

Teaching (Code 261-201)

Code	Title	Credits
A minimum of 36 semester credits beyond FREN 102, or 28 semester credits beyond FREN 202, including:		
FREN 315	Grammar	4
FREN 325	Pronunciation	3
FLG 378	Second Language Acquisition Theory	3

Students may earn their remaining credits from any of the following, but must take a minimum of six credits at the 400 level:

FREN 335	Cinema	
FREN 340	Professional Communication	
FREN 345	Francophone Literature	
FREN 354	History of France	
FREN 355	Modern Society	
FREN 401	Discussions on Contemporary Societal Issues	
FREN 430	Environmental and Linguistic Diversity	
FREN 491	Special Topics	
FREN 395	Directed Studies	
FREN 399	Independent Study - Juniors	
FREN 499	Independent Study - Seniors	

Language Immersion Requirement ¹

¹ **Language Immersion Requirement:** All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 and ES 437 are required. This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice Option C and leads to licensure to teach French in grades K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.

- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

French, Minor - Teaching - EC-A

Early Childhood/Adolescence, Teaching (Code 260-406)

Code	Title	Credits
A minimum of 24 semester credits beyond FREN 102, or 16 semester credits beyond FREN 202, including:		

FREN 315	Grammar	4
FREN 325	Pronunciation	3
FLG 378	Second Language Acquisition Theory	3

Students may earn their remaining credits from any of the following:

FREN 335	Cinema	
FREN 340	Professional Communication	
FREN 345	Francophone Literature	
FREN 354	History of France	
FREN 355	Modern Society	
FREN 401	Discussions on Contemporary Societal Issues	
FREN 430	Environmental and Linguistic Diversity	
FREN 491	Special Topics	
FREN 395	Directed Studies	
FREN 399	Independent Study - Juniors	
FREN 499	Independent Study - Seniors	

Language Immersion Requirement ¹

¹ **Language Immersion Requirement:** All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (four credits) required. This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach French in K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Mathematics Teaching, Comprehensive Major

Teaching (Code 184-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit

Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required
English & Language Arts	541-001	ENGL 319, ENGL 419		See department for ETS exam number
Mathematics	184-001	ES 357		See department for ETS exam number
Social Studies, History Emphasis	500-020	ES 356	ECON 103, BIOL 180 or GEOG 178	See department for ETS exam number
Science Teaching	241-XXX	ES 360	BIOL 180 or GEOG 178	See department for ETS exam number

Majors	Code	Prescribed Methods Course	Additional Requirements	Praxis II Content Test Required
Mathematics	184-201	ES 357		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no addtl exam
Mathematics	180-407	ES 357		See department for ETS exam number

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.

- Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
- Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
- Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

- Completion of a baccalaureate degree.
- Completion of an approved teacher education major, minor, or certificate.
- A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
- Completion of student teaching courses with a mark of S.
- Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course

work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 184-001)

Code	Title	Credits
Sixty semester credits, including:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
MATH 324	Linear Algebra	4
MATH 330	Modern Geometry	4
MATH 345	Introduction to Probability and Mathematical Statistics ¹	4
One of the following:		
MATH 425	Abstract Algebra I	3
or MATH 316	Introduction to Real Analysis	
Required mathematics courses:		
MATH 373	Issues in Secondary Mathematics	4
MATH 451	Teaching Mathematics with Technology	4
Remaining credits to be chosen from MATH 297 (at most one credit counts for major), and mathematics courses numbered above MATH 305		
Required education courses:		
ES 212	Exploring Schooling K-12	3
PSYC 260	Educational Psychology	3
Professional sequence:		
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 357	Teaching Mathematics in Grades 4-12	2
Elective education courses choose two:		
CSD 150	Introduction to Communication Sciences and Disorders	
ES 315	Assessment for Learning	
PSYC 332	Psychology of Adolescence	
SEIP 306	Applied Behavior Analysis for Teachers	
ES 283	Supporting Multilingual Learners	
SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	

¹ MATH 347 may be substituted for MATH 345.

This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option B and leads to licensure to teach Mathematics in grades 4-12 classrooms.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are

normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------

Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.

- 3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required
English & Language Arts	541-001	ENGL 319, ENGL 419		See department for ETS exam number
Mathematics	184-001	ES 357		See department for ETS exam number
Social Studies, History Emphasis	500-020	ES 356	ECON 103, BIOL 180 or GEOG 178	See department for ETS exam number
Science Teaching	241-XXX	ES 360	BIOL 180 or GEOG 178	See department for ETS exam number

Majors	Code	Prescribed Methods Course	Additional Requirements	Praxis II Content Test Required
Mathematics	184-201	ES 357		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no add't'l exam
Mathematics	180-407	ES 357		See department for ETS exam number

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.

7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course

work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 184-201)

Code	Title	Credits
Thirty-six semester credits, including:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
MATH 324	Linear Algebra	4
MATH 330	Modern Geometry	4
MATH 345	Introduction to Probability and Mathematical Statistics ¹	4
MATH 425	Abstract Algebra I	3
or MATH 316	Introduction to Real Analysis	
Additional credits to be chosen from mathematics courses numbered above 305		
Technology requirement:		
MATH 451	Teaching Mathematics with Technology	4
OR		
CS 145	Programming for New Programmers	4
OR		
DS 140	Basics of Data Analysis with R	2
OR		
DS 150	Computing in Python: Fundamentals and Procedural Programming	4

This major is restricted to students in the College of Education and Human Sciences: The Department of Education for Equity and Justice: Option B and leads to licensure to teach Mathematics in grades 4-12 classrooms.

¹ MATH 347 may be substituted for MATH 345.

² CS 145, DS 140, and DS 150 do not count toward the 36 credits required for the mathematics major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

Mathematics, Minor - Teaching

Teaching (Code 180-407)

Code	Title	Credits
Twenty-four semester credits including:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 324	Linear Algebra	4
MATH 330	Modern Geometry	4
MATH 345	Introduction to Probability and Mathematical Statistics	4
with additional credits chosen from MATH 216 or mathematics courses numbered above 305.		
Technology requirement, select one of the following:		
MATH 451	Teaching Mathematics with Technology (or equivalent as approved by the Mathematics Department)	
CS 145	Programming for New Programmers ¹	
DS 140	Basics of Data Analysis with R ¹	
DS 150	Computing in Python: Fundamentals and Procedural Programming ¹	

This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option B and leads to licensure to teach Mathematics in 4-12 classrooms.

¹ CS 145, DS 140, and DS 150 do not count toward the 24 credits required for the mathematics minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Read and synthesize mathematical literature.

Music Teaching – Choral Emphasis, Comprehensive Major

Teaching (Code 062-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average

Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441	Student Teaching in Elementary Education	5
AND		
ES 445	Student Teaching in Middle Level Education	5
	or ES 470	Student Teaching in Secondary Education
or		

ES 440	Internship Teaching in Elementary Education	5-10
or		
ES 446	Internship Teaching in Middle Level Education	5-10
or		
ES 475	Internship Teaching in Secondary Education	5-10

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Code Majors	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required

TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

- Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
- Pre-education status.
- Students must have attained at least Sophomore Status
- Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
- Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
- Met the University Mathematics requirements (complete one college-level math course earning C or better)
- Good academic standing.
- Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
- Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and

what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.

8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other

states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 062-001)

Music Teaching- Choral Emphasis, Comprehensive Major - Bachelor of Music Education

Code	Title	Credits
Sixty-three semester credits, including:		
Theory		16
MUSI 141 & MUSI 142	Theory Written I and Theory Aural I	
MUSI 146 & MUSI 147	Theory Written II and Theory Aural II	
MUSI 246 & MUSI 247	Theory Written III and Theory Aural III	
MUSI 248	Theory Written IV	
MUSI 249	Theory Aural IV	
History/Literature		9
MUSI 227	Music History & Society I	3
MUSI 229	Music History & Society II	3
MUSI 404	Music History Seminar	3
Techniques		3
MUSI 198	Percussion Techniques	1
MUSI 202	Brass Techniques	1
MUSI 208	Woodwind Techniques	1
Applied Music (Voice or Piano emphasis)		
Voice Emphasis		
MUSI 153	Applied Music-Voice (four semesters, four credits)	
MUSI 151	Applied Music-Piano (two semester, two credits)	
MUSI 353	Advanced Applied Music-Voice (three semesters, three credits)	
MUSI 378	Advanced Functional Piano (one semester, one credit)	
Piano Emphasis		
MUSI 151	Applied Music-Piano (four semesters, four credits)	
MUSI 351	Advanced Applied Music-Piano (three semesters, three credits)	
MUSI 153	Applied Music-Voice (four semesters, four credits)	
Conducting		
MUSI 350	Conducting	2
MUED 400	Choral Literature and Conducting	3
Pedagogy		
MUSI 345	Voice Pedagogy	3
Ensembles		
Seven credits minimum, one credit required every semester of classes except during the professional semester.		7

Minimum of one credit from:

MUSI 190/390	Symphonic Choir	
--------------	-----------------	--

Minimum of two credits from:

MUSI 191/391	The Singing Statesmen	
MUSI 192/392	Women's Concert Chorale	

Minimum of two credits from:

MUSI 388	Concert Choir	
MUSI 390	Symphonic Choir	

Minimum of one credit from:

MUSI 262/462	Chamber Choir	1
--------------	---------------	---

One credit elective ensemble from:

MUSI 188/388	Concert Choir	
MUSI 190/390	Symphonic Choir	
MUSI 191/391	The Singing Statesmen	
MUSI 192/392	Women's Concert Chorale	
MUSI 260/460	Contemporary Music Ensemble	
MUSI 262/462	Chamber Choir	
MUSI 280/480	Opera/Music Theatre Workshop	
MUSI 461	Voice Ensemble	

The two semesters immediately prior to the professional semester must be from the following:

MUSI 388	Concert Choir	
MUSI 390	Symphonic Choir	
MUSI 391	The Singing Statesmen	
MUSI 392	Women's Concert Chorale	
MUSI 262/462	Chamber Choir	

Music Methods

MUED 211	Introduction to Music Education	1
MUED 300	Adaptive Music	2
MUED 310	Principles, Practices, and Practicum in General Music PreK-5	2
MUED 318	Music as Content in Schools	2
MUED 410	Secondary Choral Teaching Methods	3

Piano Proficiency - passed prior to enrollment in MUED 310

Other Requirements

Professional Education

University Requirements for Teacher Education Program (see College of Education and Human Sciences).

This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure in all music areas K-12.

Liberal Education Requirements

Code	Title	Credits
K2 (Social Sciences)		
PSYC 260	Educational Psychology	3
AND another learning experience		
K4 (Fine Arts)		
MUSI 225	Global Traditions in Music	3
S3 (Creativity)

ES 497	Field Experience Seminar	2
AND another learning experience		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Design and teach lessons that facilitate student achievement while acting as a collaborative leader.
- Design instruction that utilizes Comprehensive Musicianship through Performance (CMP) as a pedagogical approach in the classroom and rehearsal settings.
- Analyze and evaluate written and aural musical representations and performances by using effective musical academic language.
- Analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.

Music Teaching – Instrumental Emphasis, Comprehensive Major

Teaching (Code 062-000)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23

Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses

Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

ES 475 Internship Teaching in Secondary Education 5-10

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441	Student Teaching in Elementary Education	5
AND		
ES 445	Student Teaching in Middle Level Education	5
or ES 470	Student Teaching in Secondary Education	
or		
ES 440	Internship Teaching in Elementary Education	5-10
or		
ES 446	Internship Teaching in Middle Level Education	5-10
or		

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required
Music, Instrumental/General	062-000	MUED 211, MUED 300, MUED 310, MUED 318, MUED 411		See department for ETS exam number
Music, Choral/General	062-001	MUED 211, MUED 300, MUED 310, MUED 318, MUED 410		See department for ETS exam number
Physical Education	992-001	KINS 290		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
Adaptive Physical Education	991-459		Only with KINS major	No addtl exam
French	260-406	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
Spanish	320-407	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc

TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number
-------	---------	------------	----------------------	------------------------------------

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other**

states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements

Teaching (Code 062-000)

Music Teaching - Instrumental Emphasis, Comprehensive Major - Bachelor of Music Education

Code	Title	Credits
Sixty-two semester credits, including:		
Theory		16
MUSI 141 & MUSI 142	Theory Written I and Theory Aural I	
MUSI 146 & MUSI 147	Theory Written II and Theory Aural II	
MUSI 246 & MUSI 247	Theory Written III and Theory Aural III	
MUSI 248 & MUSI 249	Theory Written IV and Theory Aural IV	
History/Literature		9
MUSI 227	Music History & Society I	3
MUSI 229	Music History & Society II	3
MUSI 404	Music History Seminar	3
Applied Music (Select an Emphasis):		
Wind, String, Percussion Emphasis—Major Instrument		7
Four semesters, four credits from MUSI 154 - MUSI 169, MUSI 174; three semesters, three credits from MUSI 354 - MUSI 369, MUSI 374		
Piano Emphasis - Piano		8
Four semesters, four credits MUSI 151; three semesters, three credits MUSI 351; and one credit from MUSI 154 - MUSI 169		
Conducting		5
MUSI 350	Conducting	2
MUED 401	Instrumental Literature and Conducting	3
Techniques		8
MUSI 196	String Techniques	1
MUSI 198	Percussion Techniques	1
MUSI 202	Brass Techniques	1
MUSI 205	Vocal Techniques	2
MUSI 208	Woodwind Techniques	1
MUSI 210	Woodwind Techniques	1
MUSI 278	Functional Piano	1
ENSEMBLES		
Woodwind/Brass/Percussion:		
Seven credits minimum, one credit required every semester of classes except during the professional semester.		7
Minimum of four credits from:		
MUSI 180/380	Symphony Band	
MUSI 181/381	Wind Ensemble	
MUSI 184/384	University Orchestra	
Minimum of one credit from:		

MUSI 183	Marching Band
----------	---------------

Minimum of two credits from the following ensembles (Ensembles must be chosen in consultation with and approved by Music and Theatre Arts Department advisor based on career path; 2 different experiences required):

MUSI 183	Marching Band
MUSI 186	Jazz Ensemble
MUSI 256/456	Brass Ensemble
MUSI 257/457	Woodwind Ensemble
MUSI 258/458	Percussion Ensemble
MUSI 259/459	Jazz Combo
MUSI 260/460	Contemporary Music Ensemble
MUSI 268/468	Piano Ensemble

The two semesters immediately prior to the professional semester must be from the following:

MUSI 180/380	Symphony Band
MUSI 181/381	Wind Ensemble
MUSI 184/384	University Orchestra

Piano:

Seven credits minimum, one credit required every semester of classes except during the professional semester. 7

Two credits from:

MUSI 268/468	Piano Ensemble
--------------	----------------

Five credits in consultation with the applied instructor from:

MUSI 180/380	Symphony Band
MUSI 181/381	Wind Ensemble
MUSI 182/382	University Band
MUSI 183	Marching Band
MUSI 184/384	University Orchestra
MUSI 186/386	Jazz Ensemble
MUSI 188/388	Concert Choir
MUSI 190/390	Symphonic Choir
MUSI 191/391	The Singing Statesmen
MUSI 192/392	Women's Concert Chorale
MUSI 193/393	Treble Choir
MUSI 253/453	University Chamber Orchestra
MUSI 255/455	String Ensemble
MUSI 256/456	Brass Ensemble
MUSI 257/457	Woodwind Ensemble
MUSI 258/458	Percussion Ensemble
MUSI 259/459	Jazz Combo
MUSI 260/460	Contemporary Music Ensemble
MUSI 262/462	Chamber Choir
MUSI 265/465	Vocal Jazz Ensemble

The two semesters immediately prior to the professional semester must be from the following:

MUSI 180/380	Symphony Band
MUSI 181/381	Wind Ensemble
MUSI 184/384	University Orchestra
MUSI 186/386	Jazz Ensemble
MUSI 256/456	Brass Ensemble
MUSI 257/457	Woodwind Ensemble

MUSI 258/458	Percussion Ensemble
--------------	---------------------

MUSI 259/459	Jazz Combo
--------------	------------

MUSI 260/460	Contemporary Music Ensemble
--------------	-----------------------------

MUSI 268/468	Piano Ensemble
--------------	----------------

String:

Seven credits minimum, one credit required every semester of classes except during the professional semester. 7

Minimum of five credits:

MUSI 184/384	University Orchestra
--------------	----------------------

Minimum of one credit:

MUSI 253/453	University Chamber Orchestra
--------------	------------------------------

Minimum one credit from:

Minimum one credit (in addition to those required above):

MUSI 184/384	University Orchestra
--------------	----------------------

MUSI 186/386	Jazz Ensemble
--------------	---------------

MUSI 253/453	University Chamber Orchestra
--------------	------------------------------

MUSI 255/455	String Ensemble
--------------	-----------------

MUSI 260/460	Contemporary Music Ensemble
--------------	-----------------------------

MUSI 259/459	Jazz Combo
--------------	------------

The two semesters immediately prior to the professional semester must be from the following:

MUSI 184/384	University Orchestra
--------------	----------------------

Guitar:

Seven credits minimum, one credit required every semester of classes except during the professional semester.

Two credits from:

MUSI 255/455	String Ensemble
--------------	-----------------

Five credits in consultation with the applied instructor from:

MUSI 180/380	Symphony Band
--------------	---------------

MUSI 181/381	Wind Ensemble
--------------	---------------

MUSI 182/382	University Band
--------------	-----------------

MUSI 183	Marching Band
----------	---------------

MUSI 184/384	University Orchestra
--------------	----------------------

MUSI 186/386	Jazz Ensemble
--------------	---------------

MUSI 188/388	Concert Choir
--------------	---------------

MUSI 190/390	Symphonic Choir
--------------	-----------------

MUSI 191/391	The Singing Statesmen
--------------	-----------------------

MUSI 192/392	Women's Concert Chorale
--------------	-------------------------

MUSI 253/453	University Chamber Orchestra
--------------	------------------------------

MUSI 255/455	String Ensemble
--------------	-----------------

MUSI 256/456	Brass Ensemble
--------------	----------------

MUSI 257/457	Woodwind Ensemble
--------------	-------------------

MUSI 258/458	Percussion Ensemble
--------------	---------------------

MUSI 259/459	Jazz Combo
--------------	------------

MUSI 260/460	Contemporary Music Ensemble
--------------	-----------------------------

MUSI 262/462	Chamber Choir
--------------	---------------

MUSI 265/465	Vocal Jazz Ensemble
--------------	---------------------

MUSI 268/468	Piano Ensemble
--------------	----------------

Music Methods 10

MUED 211	Introduction to Music Education	1

MUED 300	Adaptive Music	2
----------	----------------	---

MUED 310	Principles, Practices, and Practicum in General Music PreK-5	2
MUED 318	Music as Content in Schools	2
MUED 411	Secondary Instrumental Teaching Methods	3

Piano Proficiency - passed prior to enrollment in MUED 310

Other Requirements

Professional Education

University Requirements for Teacher Education Program (see College of Education and Human Sciences).

This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice and leads to licensure in all music areas PK-12.

Liberal Education Requirements

Code	Title	Credits
K2 (Social Sciences)		
PSYC 260	Educational Psychology	3
AND another learning experience		
K4 (Fine Arts)		
MUSI 225	Global Traditions in Music	3
S3 (Creativity)		
ES 497	Field Experience Seminar	2
R1 (Equity, Diversity, Inclusivity)		
ES 385	Social Foundations: Human Relations	3
AND another learning experience		
R2 (Global Perspectives)		
MUSI 225	Global Traditions in Music	3
I1 (Integration)		
ES 497	Field Experience Seminar	2
AND another learning experience		

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Design and teach lessons that facilitate student achievement while acting as a collaborative leader.
- Design instruction that utilizes Comprehensive Musicianship through Performance (CMP) as a pedagogical approach in the classroom and rehearsal settings.
- Analyze and evaluate written and aural musical representations and performances by using effective musical academic language.

- Analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.

Spanish Teaching, TESOL Emphasis, Comprehensive Major

Teaching (Code 321-000)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged

to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate

will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k1/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (<http://catalog.uwec.edu/undergraduate/attribute-k2/>) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:		
ES 441	Student Teaching in Elementary Education	5
AND		
ES 445	Student Teaching in Middle Level Education	5
	or ES 470	Student Teaching in Secondary Education
or		
ES 440	Internship Teaching in Elementary Education	5-10
or		
ES 446	Internship Teaching in Middle Level Education	5-10
or		
ES 475	Internship Teaching in Secondary Education	5-10

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required
Music, Instrumental/General	062-000	MUED 211, MUED 300, MUED 310, MUED 318, MUED 411		See department for ETS exam number

Music, Choral/ General	062-001	MUED 211, MUED 300, MUED 310, MUED 318, MUED 410	See department for ETS exam number
Physical Education	992-001	KINS 290	See department for ETS exam number
Spanish-TESOL	320-000	ES 366 (F) and ES 437 (Sp)	Study abroad in language WPT and OPI or OPIC

Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
French	261-201	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIC
Spanish	321-200	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIC

Minors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
Adaptive Physical Education	991-459		Only with KINS major	No add'l exam
French	260-406	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIC
Spanish	320-407	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIC
TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates

must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

FLG 378	Second Language Acquisition Theory	3
ES 366	World Language Methods for Secondary Teaching	2-3
ES 437	World Language Methods for Early and Middle Childhood	2

Note: This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice Department and leads to licensure to teach Spanish and ESL in K-12 classrooms.

Note: To be approved for student teaching, passing the OPI or OPIc in Spanish with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Note: A period of residence abroad is required in a Spanish-speaking country. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Note: To be endorsed for TESOL certification, a 3.0 Content Knowledge GPA in TESOL courses or a passing score of 153 on the Praxis II Content Exam is required.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- demonstrate specialized field knowledge of second language acquisition and linguistic features of the language of instruction.
- design curriculum, instruction, and assessment practices relating to the cognitive, linguistic, social, emotional development of k-12 language students.
- incorporate assessment techniques focused on student learning such as performance assessments, formative assessments, and summative assessments.
- explore various approaches to create an inclusive learning environment, recognizing the importance of diverse learners within the context of the school and community.
- engage in critical reflection related to the teaching and learning of languages.
- engage with research in the field to investigate pedagogical practices relevant to language teaching such as high-leverage teaching practices and content-based practices.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

- 4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
- 5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2

SEIP 300	Inclusive Practices for Secondary Educators	3
----------	---	---

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441	Student Teaching in Elementary Education	5
--------	--	---

AND

ES 445	Student Teaching in Middle Level Education	5
--------	--	---

or ES 470 Student Teaching in Secondary Education

or

ES 440	Internship Teaching in Elementary Education	5-10
--------	---	------

or

ES 446	Internship Teaching in Middle Level Education	5-10
--------	---	------

or

ES 475	Internship Teaching in Secondary Education	5-10
--------	--	------

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required
Music, Instrumental/General	062-000	MUED 211, MUED 300, MUED 310, MUED 318, MUED 411		See department for ETS exam number
Music, Choral/General	062-001	MUED 211, MUED 300, MUED 310, MUED 318, MUED 410		See department for ETS exam number
Physical Education	992-001	KINS 290		See department for ETS exam number
Spanish-TE SOL	320-000	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc

Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
French	261-201	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Spanish	321-200	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Minors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
Adaptive Physical Education	991-459		Only with KINS major	No add'l exam
French	260-406	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
Spanish	320-407	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be

forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 321-200)

Code	Title	Credits
Minimum of 36 credits beyond SPAN 102 (Beginning Spanish), or a minimum of 28 credits beyond SPAN 202 (Intermediate Spanish),		
SPAN 301	Conversation and Composition I	3
SPAN 302	Conversation and Composition II	3
SPAN 325	Phonetics and Pronunciation	3

Spanish, Major - Teaching

Code	Title	Credits
In addition to the requirements above, this major requires:		
SPAN/LAS 352 or SPAN 354	Latin American Civilization Latin American Civilization: Regional Focus	3
SPAN 355 or SPAN 356	Spanish Civilization to 1900 Contemporary Spain	3
SPAN 363	Survey of Spanish Peninsular Literature	3
SPAN/LAS 367	Survey of Latin American Literature	3
SPAN 405	Advanced Conversation	3
SPAN 410	Advanced Grammar	3

Elective: One course

Any upper division course in Spanish (300 level or above)

SPAN 409 or an advanced literature course highly recommended but not required.

Additional Required Courses for Certification

FLG 378	Second Language Acquisition Theory	3
ES 366	World Language Methods for Secondary Teaching	2-3
ES 437	World Language Methods for Early and Middle Childhood	2

Language Immersion Requirement: ¹

¹ **Language Immersion Requirement:** All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must

be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Spanish in grades K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Spanish, Minor - Teaching - EC-A

Early Childhood/Adolescence, Teaching (Code 320-407)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Code	Title	Credits
A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:		
SPAN 301	Conversation and Composition I	3
SPAN 302	Conversation and Composition II	3
SPAN 325	Phonetics and Pronunciation	3
SPAN 410	Advanced Grammar	3
One civilization course from the following:		
SPAN 355	Spanish Civilization to 1900	
SPAN 356	Contemporary Spain	
SPAN/LAS 352	Latin American Civilization	
Required:		

FLG 378	Second Language Acquisition Theory	3
Language Immersion Requirement: ¹		

¹ **Language Immersion Requirement:** All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (four credits) required. This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Spanish in K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits

Comprehensive Major, in upper division courses	21 credits
--	------------

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required
English & Language Arts	541-001	ENGL 319, ENGL 419		See department for ETS exam number
Mathematics	184-001	ES 357		See department for ETS exam number
Social Studies, History Emphasis	500-020	ES 356	ECON 103, BIOL 180 or GEOG 178	See department for ETS exam number
Science Teaching	241-XXX	ES 360	BIOL 180 or GEOG 178	See department for ETS exam number

Majors	Code	Prescribed Methods Course	Additional Requirements	Praxis II Content Test Required
Mathematics	184-201	ES 357		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no addtl exam
Mathematics	180-407	ES 357		See department for ETS exam number

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)

7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 500-027)

The comprehensive major in Social Studies Teaching, History Emphasis prepares education students to teach all social studies courses in a regular education setting grades 4 through 12.

Code	Title	Credits
Sixty semester credits, including:		
24 credit concentration in History		24
HIST 124	World History to 1500	3
HIST 125	World History Since 1500	3
HIST 198	Doing History: Skills and Practice	3
HIST 288	Introduction to Research Methods and the Profession	3
and one of the following:		3
HIST 114	United States History to 1877	
HIST 115	United States History Since 1877	
and one of the following:		3
HIST/WGSS 205	American Women's History	
HIST 210	African American History 1865 to Present	
HIST/AIS 240	American Indian History	
and six additional credits in History at 300 or 400 level, with at least one course from "Diversity" course list and one course from "Global" course list located on History, Major - Liberal Arts page in the Catalog ¹		6
Additional Required Courses:		36
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
GEOG 111	Planet Earth: Human Geography	3

POLS 110	American National Politics	3
POLS 122	Introduction to World Politics	3
POLS 301	State and Local Politics	3
POLS 305	Survey of U.S. Constitutional Principles	3
PSYC 100	Introduction to Psychology	3
SOC 101	Introduction to Sociology	3
IDIS 285	Integrating the Social Sciences: The Social Studies	3
and one of the following courses: (3 credits)		
GEOG 301	Geography of Western Europe	
GEOG 308	Geography of Russia and Eastern Europe	
GEOG 319	Geography of the Middle East and North Africa	
GEOG 321	Geography of Latin America	
GEOG 322	Native Geographies	
GEOG 325	Geography of the United States and Canada	
GEOG 379	Geography of Wisconsin	
and one of the following: (3 credits)		
SOC 312	Race and Ethnicity in the U.S.	
SOC 314	Social Class and Inequality	
SOC 316	Sociology of Family	

¹ More information can be found on this webpage.

NOTE 1: In addition to the 60-credit major, students must complete either GEOG 178 (II, K1) or BIOL 180 (II, R3) and PSYC 260 (K2).

NOTE 2: This major is restricted to students in the College of Education and Human Sciences

NOTE 3: Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

Program Learning Outcomes

Candidates in this program will be able to meet the following learning outcomes: (These learning outcomes are based on the National Council for the Social Studies)

Content Knowledge

Demonstrate knowledge of social studies disciplines. Candidates are knowledgeable of disciplinary concepts, facts, and tool; structures of inquiry; and forms of representation.

- Element 1a: Candidates are knowledgeable about the concepts, facts, and tools in civics, economics, geography, history and the social/behavioral sciences.
- Element 1b: Candidates are knowledgeable about disciplinary inquiry in civics, economics, geography, history, and the social/behavioral sciences.
- Element 1c: Candidates are knowledgeable about disciplinary forms of representation in civics, economics, geography, history, and the social/behavioral sciences.

Application of Content Through Planning

Plan learning sequences that leverage social studies knowledge and literacies, technology, and theory and research to support the civic competence of learners.

- Element 2a Candidates plan learning sequences that demonstrate social studies knowledge aligned with the C3 Framework, state-required content standards, and theory and research.
- Element 2b Candidates plan learning sequences that engage learners with disciplinary concepts, facts, and tools from the social studies disciplines to facilitate social studies literacies for civic life.
- Element 2c Candidates plan learning sequences that engage learners in disciplinary inquiry to develop social studies literacies for civic life.
- Element 2d Candidates plan learning sequences where learners create disciplinary forms of representation that convey social studies knowledge and civic competence.
- Element 2e Candidates plan learning sequences that use technology to foster civic competence.

Design and Implementation of Instruction and Assessment

Design and implement instruction and authentic assessments, informed by data literacy and learner self-assessment, that promote civic competence.

- Element 3a Candidates design and implement a range of authentic assessments that measure learners' mastery of disciplinary knowledge, inquiry, and forms of representation for civic competence and demonstrate alignment with state required content standards.
- Element 3b Candidates design and implement learning experiences that engage learners in disciplinary knowledge, inquiry, and forms of representation for civic competence and demonstrate alignment with state-required content standards.
- Element 3c Candidates use theory and research to implement a variety of instructional practices and authentic assessments featuring disciplinary knowledge, inquiry, and forms of representation for civic competence.
- Element 3d Candidates exhibit data literacy by using assessment data to guide instructional decision-making and reflect on student learning outcomes related to disciplinary knowledge, inquiry, and forms of representation for civic competence.
- Element 3e Candidates engage learners in self-assessment practices that support individualized learning outcomes related to disciplinary knowledge, inquiry, and forms of representation for civic competence.

Social Studies Learners and Learning

Use knowledge of learners to plan and implement relevant and responsive pedagogy, create collaborative and interdisciplinary learning environments, and prepare learners to be informed advocates for an inclusive and equitable society.

- Element 4a Candidates use knowledge of learners' socio-cultural assets, learning demands, and individual identities to plan and implement relevant and responsive pedagogy that ensures equitable learning opportunities in social studies.
- Element 4b Candidates facilitate collaborative, interdisciplinary learning environments in which learners use disciplinary facts, concepts, and tools, engage in disciplinary inquiry, and create disciplinary forms of representation.
- Element 4c Candidates engage learners in ethical reasoning to deliberate social, political, and economic issues, communicate conclusions, and take informed action toward achieving a more inclusive and equitable society.

Professional Responsibility and Informed Action

Reflect and expand upon their social studies knowledge, inquiry skills, and civic dispositions to advance social justice and promote human rights through informed action in schools and/or communities.

- Element 5a Candidates use theory and research to continually improve their social studies knowledge, inquiry skills, and civic dispositions, and adapt practice to meet the needs of each learner.
- Element 5b Candidates explore, interrogate, and reflect upon their own cultural frames to attend to issues of equity, diversity, access, power, human rights, and social justice within their schools and/or communities.
- Element 5c Candidates take informed action in schools and/or communities and serve as advocates for learners, the teaching profession, and/or social studies.

Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses

offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum

Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------

Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.

- 3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.

7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course

work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 241-004)

The comprehensive major in Science Teaching, Biology Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisors: Robert Duerst

Code	Title	Credits
60 to 74 credits, including:		
Biology Emphasis Core		25 - 27
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
BIOL 308	Evolution	3
BIOL 323	Genetics	3
BIOL 496	Student Academic Apprenticeship	1-2
Choose two: (9 - 10 credits)		
BIOL 318	Plant Form and Function	4
BIOL 319	Animal Form and Function	5
BIOL 361	Biology of Microorganisms	5
Additional Requirements		9
ES 360	Teaching Science in Grades 4-12	3
ES 385	Social Foundations: Human Relations	3
and choose one: (3 credits)		
GEOG 178	Planet Earth: Conservation of the Environment	
BIOL 180	Environmental Biology and Conservation	
GEOL 204	Understanding Earth's Environment	
Physics Emphasis Core		9 - 18
Choose one option:		
Option 1 (9 credits)		
PHYS 211	General Physics	
and		
PHYS 212	General Physics	
or		
option 2: (18 credits)		
PHYS 231	University Physics I	5
and		
PHYS 232	University Physics II	5
and		
MATH 114	Calculus I	4
and		
MATH 215	Calculus II	4
Chemistry Core		6-9

choose one option:

Option 1 9

CHEM 105 General Chemistry I Lecture

and

CHEM 106 General Chemistry I Laboratory

and

CHEM 109 General Chemistry II with Lab

or:

Option 2 6

CHEM 115 Chemical Principles

Earth & Space Science Core 11

PHYS 226 Astronomy-Solar System 4

and choose one: (4 credits)

GEOL 110 Physical Geology

GEOL 115 Environmental Geology

GEOL 118 Societal Issues in Earth Science

and choose one: (3 credits)

GEOL 301 Earth Resources and Sustainability

GEOL 304 Global Environmental Change

GEOL 308 Water Resources

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand and apply basic research methods in biology including research design, data analysis, and communication.
- Work collaboratively to explore and solve problems.
- Apply theories, concepts, findings, and methods of biology to problems/issues in society.
- Understand how biological theories, concepts, findings, and methods relate to other disciplines.
- Demonstrate competence in mathematics, statistics, and computer technology as tools for revealing and characterizing complex patterns in biological systems.
- Understand and apply scientific reasoning and methods in learning science and/or in conducting biological research.
- Communicate scientific ideas and results in a variety of formats.

Science Teaching, Chemistry Emphasis Comprehensive Major

Teaching (Code 241-002)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation ¹ 120

Upper division credits (courses numbered 300 and higher) 39

Liberal Education Core 36

Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDZW.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also

be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory	Credit Restrictions
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course

Credit by Examination

Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total

Two-Year College Credits

Total degree credit	maximum 72 credits
---------------------	--------------------

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits
-------	--------------------

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of
36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
--	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
---	------------------------------

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (<http://catalog.uwec.edu/undergraduate/attribute-k3/>) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (<http://catalog.uwec.edu/undergraduate/attribute-k4/>) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (<http://catalog.uwec.edu/undergraduate/attribute-S1/>) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (<http://catalog.uwec.edu/undergraduate/attribute-S2/>) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2

SEIP 300	Inclusive Practices for Secondary Educators	3
----------	---	---

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required
English & Language Arts	541-001	ENGL 319, ENGL 419		See department for ETS exam number
Mathematics	184-001	ES 357		See department for ETS exam number
Social Studies, History Emphasis	500-020	ES 356	ECON 103, BIOL 180 or GEOG 178	See department for ETS exam number
Science Teaching	241-XXX	ES 360	BIOL 180 or GEOG 178	See department for ETS exam number

Majors	Code	Prescribed Methods Course	Additional Requirements	Praxis II Content Test Required
Mathematics	184-201	ES 357		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no addtl exam
Mathematics	180-407	ES 357		See department for ETS exam number

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status

4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still

available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

or		
Option 2		9
BIOL 221	Foundations of Biology I	
and		
BIOL 222	Foundations of Biology II	

and

BIOL 223 Foundations of Biological Inquiry

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
- Classify and rationalize chemical transformations and predict and quantify products.
- Describe the underlying physical principles of various instruments and measurement techniques.
- Develop proficient laboratory techniques.
- Develop critical and creative thinking skills and use them within the context of the field.
- Develop effective oral and written communication skills.
- Become proficient with the chemical literature.
- Function safely in a chemical laboratory and manage waste effectively.
- Conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society and recognize contributions from a diverse population.
- Develop strategies and techniques for effectively teaching chemistry and scientific reasoning to students in fourth through twelfth grade.

Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	Learning Outcomes
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required
English & Language Arts	541-001	ENGL 319, ENGL 419		See department for ETS exam number

Mathematics	184-001	ES 357		See department for ETS exam number
Social Studies, History Emphasis	500-020	ES 356	ECON 103, BIOL 180 or GEOG 178	See department for ETS exam number
Science Teaching	241-XXX	ES 360	BIOL 180 or GEOG 178	See department for ETS exam number

Majors	Code	Prescribed Methods Course	Additional Requirements	Praxis II Content Test Required
Mathematics	184-201	ES 357		See department for ETS exam number

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no add'l exam
Mathematics	180-407	ES 357		See department for ETS exam number

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

- Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
- Pre-education status.
- Students must have attained at least Sophomore Status
- Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
- Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
- Met the University Mathematics requirements (complete one college-level math course earning C or better)
- Good academic standing.
- Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
- Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public

Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 241-003)

The comprehensive major in Science Teaching, Earth/Space Science Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisor: Scott Clark

Code	Title	Credits
60-73 credits, including:		
Earth & Space Science Core		27
Choose one: (4 credits)		
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
and choose two: (6 credits)		
GEOL 102	Oceanography	
GEOL 301	Earth Resources and Sustainability	
GEOL 304	Global Environmental Change	
GEOL 308	Water Resources	
Other required courses:		13
GEOL 312	Mineralogy and Petrology I	5
GEOL 320	Sedimentology and Stratigraphy	4
PHYS 226	Astronomy-Solar System	4
and choose one (4 credits)		
GEOL 315	Hydrogeology I	4
or		
GEOL 418	Earth History	4
or the combination of:		
GEOL 468	Geological Field Methods	1
and		
GEOL 470	Field Geology I	3

Additional Requirements		9
ES 360	Teaching Science in Grades 4-12	3
ES 385	Social Foundations: Human Relations	3
and choose one: (3 credits)		
GEOG 178	Planet Earth: Conservation of the Environment	
BIOL 180	Environmental Biology and Conservation	
GEOL 204	Understanding Earth's Environment	
Physics Emphasis Core		9-18
choose one:		
option 1 (9 credits)		
PHYS 211	General Physics	5
and		
PHYS 212	General Physics	4
or		
option 2 (18 credits)		
PHYS 231	University Physics I	5
and		
PHYS 232	University Physics II	5
and		
MATH 114	Calculus I	4
and		
MATH 215	Calculus II	4
Chemistry Core		6-9
choose one option:		
Option 1		
CHEM 105	General Chemistry I Lecture	
and		
CHEM 106	General Chemistry I Laboratory	
and		
CHEM 109	General Chemistry II with Lab	
or:		
Option 2		
CHEM 115	Chemical Principles	6
Biology Core		9-10
choose one option:		
Option 1 - Take 3 of the following 4 courses:		
BIOL 105	General Biology	
BIOL 106	Exploring the Living World	
BIOL 151	Biology of Humans	
BIOL 196	Human Nutrition	
or		
Option 2		
BIOL 221	Foundations of Biology I	9
and		
BIOL 222	Foundations of Biology II	
and		
BIOL 223	Foundations of Biological Inquiry	

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Develop a comprehensive understanding of Earth and space sciences.
- Teach ethically and professionally, cultivating an awareness of the interplay of society, the environment, natural resources, and the climate.
- Be able to contextualize Earth's place in the solar system, the galaxy, and the universe.
- Describe common rocks and minerals.
- Use and interpret topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Acquire a knowledge of surficial Earth processes and their principles.
- Develop geologic models and effectively communicate a geologic interpretation based on observations.
- Characterize the origin of earth and water resources.
- Use mathematics and computational methods to analyze scientific data.
- Recognize the value of contributions from a diverse population.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.

7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course

work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 241-001)

The comprehensive major in Science Teaching, Physics Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisors: Erik Hendrickson

Code	Title	Credits
67-71 credits, including:		
Physics Emphasis Core		32
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5
PHYS 315	The Mysterious Universe	3
PHYS 332	University Physics III	3
PHYS 340	Optics	4
PHYS 350	Electric and Electronic Circuits	4
MATH 114	Calculus I	4
MATH 215	Calculus II	4
Additional Requirements		9
ES 360	Teaching Science in Grades 4-12	3
ES 385	Social Foundations: Human Relations	3
and choose one: (3 credits)		
GEOG 178	Planet Earth: Conservation of the Environment	
BIOL 180	Environmental Biology and Conservation	
GEOL 204	Understanding Earth's Environment	
Chemistry Core		6-9
choose one option:		
Option 1		9
CHEM 105	General Chemistry I Lecture	
and		
CHEM 106	General Chemistry I Laboratory	
and		
CHEM 109	General Chemistry II with Lab	
or:		
Option 2		6
CHEM 115	Chemical Principles	
Earth & Space Science Core		11
PHYS 226	Astronomy-Solar System	4
and choose one: (4 credits)		
GEOL 110	Physical Geology	
GEOL 115	Environmental Geology	
GEOL 118	Societal Issues in Earth Science	
and choose one: (3 credits)		

GEOL 301	Earth Resources and Sustainability	
GEOL 304	Global Environmental Change	
GEOL 308	Water Resources	
Biology Core		9-10
choose one option:		
Option 1 - Take 3 of the following 4 courses:		9-10
BIOL 105	General Biology	
BIOL 106	Exploring the Living World	
BIOL 151	Biology of Humans	
BIOL 196	Human Nutrition	
or		
Option 2		9
BIOL 221	Foundations of Biology I	
and		
BIOL 222	Foundations of Biology II	
and		
BIOL 223	Foundations of Biological Inquiry	

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Acquire sufficient content knowledge in physics, chemistry, biology, and Earth/space science by earning a minimum GPA in the major of 3.0 or by passing the appropriate Praxis II content exam.
- Communicate verbally, graphically, and in writing the concepts of physics to adolescent learners.
- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Demonstrate an understanding of Earth/space science processes.
- Develop an understanding of chemical principles and be able to apply them to predict and rationalize chemical properties, including structure & bonding, reactivity & stability, and instrumentation theory.

Teaching of English to Speakers of Other Languages, Minor- K-12

(Code 550-411)

Advisor: (Department of Education for Equity and Justice).

This minor is designed:

1. to impart the special knowledge and the competencies needed to teach English to speakers of other languages in a U.S. public school; and

2. to develop an understanding of the cultural and social needs of students who speak other languages amid an English-speaking majority.

Code	Title	Credits
Twenty-five semester credits, including:		
ANTH 315	Language in Culture and Society	3
ES 405	Teaching English to Speakers of Other Languages	3
ES 408	Methods of Teaching Content-Based EL	4
ENGL 221	Introductory English Linguistics	3
CSD 262	Phonetics: Theory and Application	3
FLG 378	Second Language Acquisition Theory	3
Two courses from:		
ENGL 321	Topics in the Structure of English	
ENGL 325	Topics in Language in Society	
CSD 257	Normal Communication Development	
FLG 365	Special Topics in Teaching English to Speakers of Other Languages	

This minor is restricted to students in the College of Education and Human Sciences: The Department of Education for Equity and Justice: Option C, and leads to licensure in TESOL in grades K-12.

NOTE 1: As a requirement for the TESOL Minor, all students must complete the University Writing Requirement. Oral proficiency in English will be determined by an interview and/or a SPEAK Test, a test of oral proficiency for non-native speakers of English. Students not passing the oral proficiency test will be required, before retesting, to take CJ 202 and/or an English composition class. The student will select classes in consultation with the TESOL advisor.

NOTE 2: One year of university-level foreign language study is a prerequisite for ES 405.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Have a high degree of fluency in English, comprehend the linguistic and paralinguistic features of the English language, and recognize the processes through which languages are acquired in both formal and informal contexts.
- Address the developmental, social, political, and cultural contexts of their students' lives, communities, and educational experiences. They comprehend how these relate to classroom performance and educational practice.
- Employ effective curriculum, instruction, and assessment practices for English language learners and possess knowledge of the content taught in schools.
- Recognize the importance of situating support programs for English language learners within the context of the school and community to ensure their academic success.
- Continually engage in ongoing professional development, networking, research, and motivation.

Communication Sciences and Disorders

Human Sciences and Services 112
715-836-4186

Department Website (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/>)

Communication is one of the most important human attributes. Communication Sciences and Disorders (Speech-Language Pathology and Audiology) are the professions devoted to increasing our knowledge of human communication and helping people with communication, cognitive, swallowing, and/or hearing challenges.

The first step toward a career in this field is earning an undergraduate degree with a comprehensive major in Communication Sciences and Disorders. The undergraduate degree program includes a strong liberal education component and is interdisciplinary in nature. A master's degree is required in order to obtain employment as a licensed speech-language pathologist. The Master of Science (M.S.) program in speech-language pathology, residential and distance education, at the University of Wisconsin-Eau Claire is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association, 2200 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700. Our graduate students are also prepared for licensure by the Wisconsin Department of Public Instruction (DPI). More information about our graduate program is available on our Communication Sciences and Disorders website. (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/>)

Departmental Honors Program

Eligibility: Acceptance into the program is limited to upper-class majors with resident and total GPAs of 3.50 or higher, a CSD GPA of 3.50 or higher, and the consent of the department. Successful completion at time of application (not in progress) of CSD 235, CSD 256, CSD 257, and CSD 353, with a grade of B or above is also required. Students invited to join the CSD Departmental Honors program will not have taken any courses for a grade of Satisfactory or Unsatisfactory.

Requirements: Completion of two upper division CSD courses offering an Honors Contract; successful completion of a Scholarship or Leadership project; presentation of project or research results at a CSD Pro-Sem during spring of senior year, CERCA, Provost's Honor's Symposium, and/or a state or national conference; and graduating with a cumulative GPA of 3.5 or higher and a CSD GPA of 3.5 or higher.

Majors

- Comprehensive Major: Communication Sciences and Disorders, Liberal Arts - B.S.
- Comprehensive Major: Communication Science and Disorders Online, Liberal Arts-B.S.

Certificates

- Certificate: American Sign Language (ASL)
- Certificate: Speech Language Pathology Assistant (SLPA)

American Sign Language Studies, Certificate

(Code 622-602)

The Communication Sciences and Disorders program offers a certificate program for interested students in American Sign Language (ASL). The goals of this program are for students to develop a depth of knowledge and skill in the use of ASL; appreciate the distinct culture of the Deaf community and behave according to the social norms of the culture; and apply semantic and/or linguistic elements of ASL in their use of the language. This certificate is an excellent option for anyone wanting to develop skill in ASL, but it will not satisfy external standards for teaching or interpreting, nor will it lead to licensure. Interpreters must complete a minimum of an Associate's degree; teachers of ASL must be licensed to teach ASL or hold Deaf and Hard of Hearing teacher licensure.

Code	Title	Credits
Completion of the ASL Certificate requires 18 credits of ASL coursework OR 12 resident credits of ASL coursework beyond CSD 102		
Required courses:		
CSD 101	American Sign Language I	3
CSD 102	American Sign Language II	3
CSD 103	American Sign Language III	3
CSD 201	American Sign Language IV	3
CSD 210	Cultural Perspectives of the Deaf	3
Select one course from the following:		3
CSD 202	American Sign Language V	
CSD 301	American Sign Language Semantics	
CSD 302	American Sign Language Linguistics	

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- demonstrate expression and comprehension skills in American Sign Language.
- demonstrate knowledge of grammatical features, narratives, target vocabulary, and cultural norms.
- demonstrate analytical knowledge and recognize ASL linguistics.
- demonstrate sensitivity and understanding of Deaf culture and Deaf history perspectives in a global society.
- examine how ASL applies to their lifelong learning and future career.

Communication Sciences and Disorders, Comprehensive Major

Liberal Arts (Code 622-053)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (<https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/>)

EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.(see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Major Requirements

Liberal Arts (Code 622-053)

Online Degree Completion (Code 622-054)

Program requirements apply to both online and in-person major.

Code	Title	Credits
60 semester credits, including:		40
CSD 235	Undergraduate Research in Communication Sciences and Disorders	3

CSD 256	Anatomy and Physiology of Speech and Hearing	4
CSD 257	Normal Communication Development	3
CSD 262	Phonetics: Theory and Application	3
CSD 321	Aural Rehabilitation	3
CSD 326	Voice and Resonance Disorders	3
CSD 331	Child Language Disorders	4
CSD 353	Speech and Hearing Science	3
CSD 358	Speech Sound Disorders	3
CSD 373	Basic Audiology	3
CSD 378	Introduction to Sign Language	3
or CSD 101	American Sign Language I	
CSD 440	Neurological Aspects of Communication & Cognition	3
CSD 485	Serving Diverse Populations	2
Non-CSD courses:		13
IDIS 235	Critical Evaluation of Research and Information in CSD	1
PSYC 100	Introduction to Psychology (Meets LE-K2)	3
PSYC 260	Educational Psychology (Meets LE-K2)	3
ES 385	Social Foundations: Human Relations (Meets LE-R1)	3
SW 100	Introduction to Social Welfare (Meets LE-R2 and I1)	3
Seven credits from the following CSD Electives:		7
CSD 150	Introduction to Communication Sciences and Disorders (Meets LE-K2 and R3)	
CSD 370	Clinical Procedures in Communication Disorders (Meets LE-I1 and S3)	
CSD 399	Independent Study - Juniors	
CSD 410	Communication Changes and Disorders of the Older Adult	
CSD 411	Facilitating Communication in Preschool Children	
CSD 415	Instructional Internship in Communication Disorders	
CSD 419	Introduction to AAC	
CSD 470	Clinical Practicum in Communication Disorders I (Meets LE-I1 and S3 and Service Learning)	
CSD 471	SLPA Clinical Practicum Seminar in Speech Language Pathology Assistant (Meets Service Learning for LE)	
CSD 495	Directed Studies	
CSD 499	Independent Study - Seniors	

For students pursuing this degree, the Liberal Education program will include:

Code	Title	Credits
K1 (Natural Sciences)		
At least one Biology course from the following:		
BIOL 104	Marine Biology	
BIOL 105	General Biology	

BIOL 106	Exploring the Living World	
BIOL 130	Human Sexual Biology	
BIOL 151	Biology of Humans	
BIOL 196	Human Nutrition	
BIOL 214	Human Anatomy and Physiology I	
BIOL 221	Foundations of Biology I	
IDIS 125	Brain: Introduction to Neuroscience	
AND at least one Chemistry or Physics course from the following:		
CHEM 100	Chemistry: Issues and Answers	
CHEM 105	General Chemistry I Lecture	
CHEM 115	Chemical Principles	
CHEM 127	Chemistry and Climate	
CHEM 161	Chemistry and Culture of Food and Cooking	
PHYS 100	Physical Science	
PHYS 205	Physics of Renewable Energy	
PHYS 211	General Physics	
PHYS 231	University Physics I	
PHYS 308	Science of Musical Sound	
K2 (Social Sciences)		
PSYC 100	Introduction to Psychology	3
PSYC 260	Educational Psychology	3
S1 (Written and Oral Communication)		
At least one writing course from the following:		
WRIT 114	Intensive Blugold Seminar in Critical Reading and Writing	
WRIT 116	Blugold Seminar in Critical Reading and Writing	
WRIT 118	Accelerated Blugold Seminar in Critical Reading and Writing	
WRIT 120	Blugold Seminar in Critical Reading and Writing for Transfer Students	
S2 (Mathematics)		
MATH 246	Elementary Statistics	4
S3 (Creativity)		
CSD 370	Clinical Procedures in Communication Disorders (Elective in major)	3
CSD 470	Clinical Practicum in Communication Disorders I (Elective in major)	2
Or another learning experience		
R1 (Equity, Diversity, Inclusivity)		
ES 385	Social Foundations: Human Relations	3
AND another learning experience		
R2 (Global Perspectives)		
SW 100	Introduction to Social Welfare (Also meets IL requirement)	3
R3 (Civic and Environmental Issues)		
At least one of the following:		
CSD 150	Introduction to Communication Sciences and Disorders	
CHEM 100	Chemistry: Issues and Answers	
CHEM 127	Chemistry and Climate	
OR another learning experience		

I1 (Integration)

One of the following:

CSD 370	Clinical Procedures in Communication Disorders (Elective in major)
CSD 470	Clinical Practicum in Communication Disorders I (Elective in major)
PSYC 281	Introduction to Behavior Analysis and Therapy
OR another learning experience	

NOTE: Enrollment in upper division courses, with the exception of CSD 301, CSD 302, CSD 353, CSD 378, CSD 410, CSD 411, CSD 415, CSD 419, CSD 495, and CSD 499, is restricted to students who have been admitted to the major.

Scholastic Requirements: A minimum total GPA of 2.50 and a minimum resident GPA of 2.50 are required to take 300- and 400-level major courses, with the exception of CSD 353, Speech and Hearing Science. A minimum CSD GPA of 3.50 (from required CSD courses; only one sign language course can be included in the CSD GPA. Therefore, the first sign language or ASL course that a CSD major completes will be counted in the major GPA. Any additional sign language or ASL courses after will not be counted in the CSD major GPA, but will still be counted toward the University GPA) and total GPA of 3.0 are required to enroll in CSD 370 and CSD 470.

Students must complete all courses in the CSD major, one statistics course, one human/animal biology course, one physics or chemistry course, and one social/behavioral science course with a grade of C or above by the time of graduation.

Satisfactory/Unsatisfactory Policy. No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major in Communication Sciences and Disorders unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: A master's degree in Communication Sciences and Disorders is required for K-12 licensure in speech and language pathology prior to employment in Wisconsin schools. See Graduate Catalog for details on graduate program options available at UW-Eau Claire.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will demonstrate knowledge of the biological bases of human communication.
- Students will demonstrate knowledge of the developmental and linguistic bases of human communication.
- Students will meet eligibility criteria for post-graduation opportunities.
- Students will demonstrate understanding of diverse cultures.
- Students will demonstrate understanding of evidence-based practice and basic research principles in CSD.
- Students will communicate effectively in oral and written modalities in professional formats and contexts.

Communication Sciences and Disorders, Comprehensive Major, Online

Online Degree Completion (Code 622-054)

Admissions Requirements

Formal admission to the Communication Sciences and Disorders online program must be made. A student must be admitted to UW-Eau Claire as a pre-CSD online student before applying to the CSD online program. Admissions will take place twice each year. Applications, using the e-form, are due by March 15 and July 15 each year. In order to be considered for admission to the online CSD undergraduate program, an applicant must have:

- Been accepted as a pre-CSD online student at the university
- Must be in good standing at the time of application
- Completed the university writing requirement
- Completed CSD 150 with a grade of C or above
- Completed or in-progress CSD 235 & IDIS 235
- Earned an overall GPA of 2.5
- Submitted the application eform and attached a recent degree audit

The CSD department uses a holistic admissions process. This means that grades earned in all course work will be used to make admissions decisions. In addition to grades, the admissions committee will use information gathered through class participation in the CSD courses to support demonstration of adequate online learning skills and appropriate dispositional skills essential for success in this major. A faculty committee will make admissions decisions and notify all applicants before fall registration begins.

The department may find it necessary to deny admission to a qualified applicant because of enrollment limits in the upper division online CSD courses. Depending on the number of applicants, it is likely that the GPA required to be competitive for admission may be well above the 2.5 minimum GPA. Meeting the minimum standards does not guarantee a student will be admitted to the major. Resources allow admission of approximately 25 students each year.

University Requirements**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations

Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
 Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor maximum ½ of total

Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.(see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Major Requirements

Liberal Arts (Code 622-053)

Online Degree Completion (Code 622-054)

Program requirements apply to both online and in-person major.

Code	Title	Credits
60 semester credits, including:		40
CSD 235	Undergraduate Research in Communication Sciences and Disorders	3
CSD 256	Anatomy and Physiology of Speech and Hearing	4
CSD 257	Normal Communication Development	3
CSD 262	Phonetics: Theory and Application	3
CSD 321	Aural Rehabilitation	3
CSD 326	Voice and Resonance Disorders	3
CSD 331	Child Language Disorders	4
CSD 353	Speech and Hearing Science	3
CSD 358	Speech Sound Disorders	3
CSD 373	Basic Audiology	3
CSD 378	Introduction to Sign Language	3
or CSD 101	American Sign Language I	
CSD 440	Neurological Aspects of Communication & Cognition	3
CSD 485	Serving Diverse Populations	2
Non-CSD courses:		13
IDIS 235	Critical Evaluation of Research and Information in CSD	1
PSYC 100	Introduction to Psychology (Meets LE-K2)	3
PSYC 260	Educational Psychology (Meets LE-K2)	3
ES 385	Social Foundations: Human Relations (Meets LE-R1)	3
SW 100	Introduction to Social Welfare (Meets LE-R2 and I1)	3
Seven credits from the following CSD Electives:		7
CSD 150	Introduction to Communication Sciences and Disorders (Meets LE-K2 and R3)	

CSD 370	Clinical Procedures in Communication Disorders (Meets LE-I1 and S3)
CSD 399	Independent Study - Juniors
CSD 410	Communication Changes and Disorders of the Older Adult
CSD 411	Facilitating Communication in Preschool Children
CSD 415	Instructional Internship in Communication Disorders
CSD 419	Introduction to AAC
CSD 470	Clinical Practicum in Communication Disorders I (Meets LE-I1 and S3 and Service Learning)
CSD 471	SLPA Clinical Practicum Seminar in Speech Language Pathology Assistant (Meets Service Learning for LE)
CSD 495	Directed Studies
CSD 499	Independent Study - Seniors

For students pursuing this degree, the Liberal Education program will include:

Code	Title	Credits
K1 (Natural Sciences)		
At least one Biology course from the following:		
BIOL 104	Marine Biology	
BIOL 105	General Biology	
BIOL 106	Exploring the Living World	
BIOL 130	Human Sexual Biology	
BIOL 151	Biology of Humans	
BIOL 196	Human Nutrition	
BIOL 214	Human Anatomy and Physiology I	
BIOL 221	Foundations of Biology I	
IDIS 125	Brain: Introduction to Neuroscience	
AND at least one Chemistry or Physics course from the following:		
CHEM 100	Chemistry: Issues and Answers	
CHEM 105	General Chemistry I Lecture	
CHEM 115	Chemical Principles	
CHEM 127	Chemistry and Climate	
CHEM 161	Chemistry and Culture of Food and Cooking	
PHYS 100	Physical Science	
PHYS 205	Physics of Renewable Energy	
PHYS 211	General Physics	
PHYS 231	University Physics I	
PHYS 308	Science of Musical Sound	
K2 (Social Sciences)		
PSYC 100	Introduction to Psychology	3
PSYC 260	Educational Psychology	3
S1 (Written and Oral Communication)		
At least one writing course from the following:		
WRIT 114	Intensive Blugold Seminar in Critical Reading and Writing	
WRIT 116	Blugold Seminar in Critical Reading and Writing	

WRIT 118	Accelerated Blugold Seminar in Critical Reading and Writing	
WRIT 120	Blugold Seminar in Critical Reading and Writing for Transfer Students	

S2 (Mathematics)		
MATH 246	Elementary Statistics	4

S3 (Creativity)		
CSD 370	Clinical Procedures in Communication Disorders (Elective in major)	3
CSD 470	Clinical Practicum in Communication Disorders I (Elective in major)	2

Or another learning experience

R1 (Equity, Diversity, Inclusivity)		
ES 385	Social Foundations: Human Relations	3

AND another learning experience

R2 (Global Perspectives)		
SW 100	Introduction to Social Welfare (Also meets IL requirement)	3

R3 (Civic and Environmental Issues)

At least one of the following:

CSD 150	Introduction to Communication Sciences and Disorders	
CHEM 100	Chemistry: Issues and Answers	
CHEM 127	Chemistry and Climate	
OR another learning experience		

I1 (Integration)

One of the following:

CSD 370	Clinical Procedures in Communication Disorders (Elective in major)	
CSD 470	Clinical Practicum in Communication Disorders I (Elective in major)	
PSYC 281	Introduction to Behavior Analysis and Therapy	
OR another learning experience		

NOTE: Enrollment in upper division courses, with the exception of CSD 301, CSD 302, CSD 353, CSD 378, CSD 410, CSD 411, CSD 415, CSD 419, CSD 495, and CSD 499, is restricted to students who have been admitted to the major.

Scholastic Requirements: A minimum total GPA of 2.50 and a minimum resident GPA of 2.50 are required to take 300- and 400-level major courses, with the exception of CSD 353, Speech and Hearing Science. A minimum CSD GPA of 3.50 (from required CSD courses; only one sign language course can be included in the CSD GPA. Therefore, the first sign language or ASL course that a CSD major completes will be counted in the major GPA. Any additional sign language or ASL courses after will not be counted in the CSD major GPA, but will still be counted toward the University GPA) and total GPA of 3.0 are required to enroll in CSD 370 and CSD 470.

Students must complete all courses in the CSD major, one statistics course, one human/animal biology course, one physics or chemistry course, and one social/behavioral science course with a grade of C or above by the time of graduation.

Satisfactory/Unsatisfactory Policy. No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major in Communication Sciences and Disorders unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: A master's degree in Communication Sciences and Disorders is required for K-12 licensure in speech and language pathology prior to employment in Wisconsin schools. See Graduate Catalog for details about graduate degree options at UW-Eau Claire.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will demonstrate knowledge of the biological bases of human communication.
- Students will demonstrate knowledge of the developmental and linguistic bases of human communication.
- Students will meet eligibility criteria for post-graduation opportunities.
- Students will demonstrate understanding of diverse cultures.
- Students will demonstrate understanding of evidence-based practice and basic research principles in CSD.
- Students will communicate effectively in oral and written modalities in professional formats and contexts.

Speech Language Pathology Assistant (SLPA), Certificate

(Code 622-603)

This Speech Language Pathology Assistant (SLPA) Certificate is intended to provide students seeking a bachelor's degree in communication sciences and disorders the opportunity to add coursework and experiences to meet the criteria for the American Speech-Language Hearing Association (ASHA) Speech-Language Pathology Certification (C-SLPA). Students will learn clinical procedures as well as roles and responsibilities of the SLPA. Each student will enroll in a clinical experience with an opportunity to earn 100 hours of supervised clinical practice in an off-site clinical setting.

Admission requirements:

- Declared CSD major
- Letter of intent that clearly states why you would want to pursue the SLPA Certificate
- Two recommendations from CSD faculty
- Minimum junior standing

The SLPA certificate is only open to Communication Science and Disorders majors with a minimum CSD GPA of 2.5. The SLPA Certificate will be awarded to those students who have completed the following courses at a grade level of C or above. The SLPA Certificate is a combination of 15-16 credits that include a clinical experience.

Code	Title	Credits
Required Courses		10
SEIP 200	Introduction to Diverse Learners	3
CSD 370	Clinical Procedures in Communication Disorders	3
CSD 471	SLPA Clinical Practicum Seminar in Speech Language Pathology Assistant	4
Choose one of the following:		2-3
CSD 409	Course CSD 409 Not Found (Adult Communication Intervention)	

CSD 411	Facilitating Communication in Preschool Children (Adult Communication Intervention)
CSD 419	Introduction to AAC
Choose one of the following:	
SEIP 306	Applied Behavior Analysis for Teachers
PSYC 281	Introduction to Behavior Analysis and Therapy

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate clinical writing and documentation necessary for a speech language pathology assistant.
- Explain policies and procedures for speech language pathology assistants including universal precautions, ethics, and client confidentiality.
- Implement intervention strategies for individuals in need of speech and language intervention in a variety of settings while earning up to 100 hours of clinical field work (practicum).

Education for Equity and Justice

Centennial Hall 3215

715-836-2013

Department Website (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/education-equity-justice/>)

Mission

The Department of Education for Equity and Justice prepares educators who implement anti-oppressive and culturally sustaining pedagogies. We facilitate the development of educators who advocate for justice in schools and communities. At the completion of a program, students are ready to assume responsibilities for classroom teaching and are prepared to continue developing as a professional.

Degrees Awarded

The following majors lead to the Bachelor of Arts Degree: English and Language Arts Teaching, French Teaching, Social Studies Teaching, and Spanish Teaching.

The following majors lead to the Bachelor of Science Degree: Elementary-Middle Level Education Grades 4K-9, Physical Education Teaching, Mathematics Teaching, and Science Teaching.

All majors in Music lead to the Bachelor of Music Education.

Student Transportation

All programs that lead to teacher licensure provide opportunities for multiple field experiences. Students in teacher education programs must provide their own transportation to and from field experiences. Some field experiences will require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student. No insurance coverage is provided by the state or the University of Wisconsin-Eau Claire.

Program Options

Programs in the Department of Education for Equity and Justice are designed to lead to licensure by the state of Wisconsin. UW-Eau Claire provides these three program options:

1. A: Grades 4K-9
2. B: Grades 4-12
3. C: Grades K-12

Students should select the program option they wish to pursue and follow the requirements for that program. In addition to the program requirements, all students must complete the appropriate Liberal Education requirements and other University requirements for graduation.

Pre-program Information

Before seeking admission to a program, students must complete ES 212 (Exploring Schooling K-12). This course requires a minimum of 50 hours of observation and engagement in a local classroom.

Program Admission Information

The programs in the Department of Education for Equity and Justice are designed to continually assess the knowledge, skills, and dispositions of the best candidates to be recommended for endorsement to the Wisconsin Department of Public Instruction for licensure to teach in the State of Wisconsin. Students are admitted to a program on a selective basis from a pool of candidates who meet minimum criteria. Students who enter the University and who plan to pursue one of the program options A, B, or C should understand that not all who seek admission to the Teacher Education Program, will be admitted, even if minimum criteria are met. Detailed descriptions of program admission criteria and procedures are available from the department office, given that changes occur in an attempt to use admission results and information to improve curricula.

Admission to Program

Students who wish to pursue any of the three program options [A: Grades 4K-9, B: Grades 4-12, and C: Grades K-12,] must file a formal application by October 1 for spring admission or March 1 for fall admission. Admissions committees are convened, and decisions are made in time for students to register for program courses for the ensuing semester. When students are admitted to any of these three programs, they are also admitted to the College of Education and Human Sciences Teacher Education Program.

Admission to the Option A Program (Grades 4K-9): (Block)

Students should obtain the Department of Education for Equity and Justice Student Handbook, which provides information on process and procedures, as well as rubrics and auxiliary information. Students wishing consideration for admission to the program should apply one year prior to the semester in which they want to be in the "block" (methods) courses. Students may not apply for program while enrolled in ES 212, Exploring Schooling K-12, without permission from the department chair. Candidates for admission to program submit documents described in the emailed invitation to apply. Additional criteria for admission include overall GPA, performance in ES 212, Exploring Schooling K-12, dispositions toward teaching, and overall writing and quality of the application materials. The Elementary/Middle Admissions Committee is comprised of faculty and staff members from the Department of Education for Equity and Justice. Submissions are reviewed to ensure criteria for admission are met. Admission Committee decisions are provided to the chairperson who notifies the applicants of their admission status. Students who are not admitted may apply one additional time.

Admission to the Option B (Grades 4-12) and C (Grades K-12) Programs: (Block)

Students who want to be considered for admission to these programs and the College of Education and Human Sciences Teacher Education Program should apply the semester before they want to enroll in the methods sequence of courses, also known as the "block" (e.g., ES 313, ES 314, etc.). Students may not apply for program while enrolled in ES 212, the pre-program course. Candidates for admission to program submit documents described in the emailed invitation to apply. Additionally, content departments have requirements for admission, which focus predominantly on content knowledge (e.g., Language majors require passing an oral competency exam in the target language). Students should see their content area advisor for information or seek direction from the education advisor in that department. The Secondary Admissions Committee is comprised of faculty from the Department of Education for Equity and Justice and at least one member from each of the certifying areas: Music, English and Language Arts, Kinesiology, Mathematics, Social Studies, Science, and Languages. The program coordinator convenes a meeting of the admissions committee where final decisions are made for admission to the program, College, and the block semester. The list of admitted and declined applicants is provided to the chairperson who notifies the applicants of their admission status. Students who are admitted to program must take ES 313 and ES 314 the subsequent semester. Students who are not admitted may apply one additional time.

Admission to the Professional Semester

For option A students will be admitted to the professional semester if they meet the following requirements:

- Earning a minimum grade of C (not C-) for the Block courses: ES 302, ES 303, ES 306, ES 308, ES 309, ES 457
- Block signature assessments meeting the requirements embedded in multiple Block methods courses

Applicants in options B and C below must earn a minimum grade of C (not C-) in each of the professional education courses (ES 212, ES 313, ES 314 and content methods) to be considered for admission to student teach or intern. *Music Education majors take MUED 318 in addition to ES 313 and ES 314.

Recommendation for Licensure

All students seeking licensure through programs in the department of Education Equity and Justice must complete a full semester of student teaching or internship. A full semester of student teaching or internship is defined as completing a full semester, full days following the school district calendar where students are placed. All applicants for student teaching or internships must have resident, total, and professional education course GPAs of 2.75 or higher and have departmental approval. Grades for student teaching courses (ES 440, ES 441, ES 445, ES 446, ES 470, and ES 475) are reported and recorded on a satisfactory/unsatisfactory basis.

In addition to student teaching requirements, students who have an elementary/middle education major will need to complete the WI Foundations of Reading Test (FoRT) with a passing score set by the Wisconsin Department of Public Instruction.

Teaching Licensure

- Grades 4K-9
- Grades 4-12
- Grades K-12

Majors

- Major, Elementary-Middle Education: Grades 4K-9 - B.S.

Certificates

- Certificate: Bilingual-Bicultural Education

Bilingual-Bicultural Education, Certificate

(Code 940-601)

The Bilingual-Bicultural Education Certificate leads to endorsement to teach in a bilingual-bicultural educational program in the license area. The courses comprising this certificate will train candidates to work in two languages of instruction using grade-level academic content material.

Code	Title	Credits
This certificate program requires 18 credits. The student must complete all of the courses in the certificate with a C or higher.		
Core Courses		
ES 283	Supporting Multilingual Learners	3
ES 405	Teaching English to Speakers of Other Languages	3
ES 411	Methods of Bilingual/Bicultural Content-Based Instruction and Curriculum Design	2
ES 471	Student Teaching in Special Subjects	1-3
FLG 378	Second Language Acquisition Theory	3
Choose One English Language Course (3 credits)		
CJ 301	Intercultural Communication	
ENGL 221	Introductory English Linguistics	
ENGL 321	Topics in the Structure of English	
ENGL 325	Topics in Language in Society	
Choose One Culture Course (3 credits)		
ANTH 315	Language in Culture and Society	
FLG 150	Foreign Civilization and Culture	
LAS 150	Introduction to Latin American and Latinx Studies	
LAS 222	Introduction to U.S. Latino History and Culture	
SPAN 352	Latin American Civilization	

Admissions Requirements

1. Currently enrolled in a teacher licensure program or holds a teaching license under such. VI of PI 34 or equivalent

2. Demonstrate proficiency in English. For non-native English speakers, proficiency in English will be determined by an interview and/or a SPEAK Test which is a test of oral proficiency for non-native speakers of English

3. Demonstrate proficiency in Spanish through a score of Advanced Low on the ACTFL (both Oral and Written) Passing scores must be submitted the semester before student teaching.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Candidates demonstrate specialized field knowledge of second language acquisition and linguistic features of the languages of instruction recognizing the importance of diverse learners within the context of the school and community.
- Candidates design curriculum, instruction, and assessment practices relating to the cognitive, linguistic, social, emotional development of bilingual students.
- Candidates incorporate assessment techniques focused on student learning such as performance assessments, formative assessments, and summative assessments.

Elementary-Middle Education: Grades 4K-9, Major

(Code 940-001)

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal
Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teacher Licensure Requirements – Grades 4K-9

Program Option A

This program option offers pedagogical studies in the basic areas of reading, language arts, social studies, science, and mathematics, and in special subjects such as art, music, children’s literature, health, speech and communication, physical education, and special education. The major is designed to provide students with strong preparation in all the subjects taught in elementary and middle schools.

Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

Students must also successfully pass the W-FORT to be eligible for a teaching license in Wisconsin.

Option A: K-9

Approved Majors and Minor for Option A

Second Majors ¹	Code	Prescribed Methods Course	Additional Requirement	ACTFL Content Test Required
French	261-201	ES 437 (Sp) and ES 366 (F)	study abroad in language	WPT and OPI or OPIc
Spanish	321-200	ES 437 (Sp) and ES 366 (F)	study abroad in language	WPT and OPI or OPIc

¹ NOTE: Grades K-9 regular education majors with a foreign language second major must complete one quarter of student teaching in the foreign language at the secondary level. See Option C.

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no add'l exam

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. **The number of students admitted to a program may be limited by resources available and not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to a teacher education program should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be

forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Elementary-Middle Education (Code 940-001)

Code	Title	Credits
ES 212	Exploring Schooling K-12	2-3
ES 283	Supporting Multilingual Learners	3

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and design and implement developmentally appropriate and challenging learning experiences.
- Use understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
- Work with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.
- Understand the central tools of inquiry, and structures of the discipline(s) they teach and create learning experiences that make the discipline accessible and meaningful for learners to ensure acquisition of content.
- Understand how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.
- Understand and use multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learners' decision making.

- Plan instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.
- Understand and use a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.
- Engage in ongoing professional learning and use evidence to continually evaluate their practice, particularly the effects of their choices and actions on others (learners, families, other professionals, and the community), and adapt practice to meet the needs of each learner.
- Seek appropriate leadership roles and opportunities to take responsibility for student learning; to collaborate with learners, families, colleagues, other school professionals and community members to ensure learner growth; and to advance the profession.

Grades 4K-9

Program Option A

This program option offers pedagogical studies in the basic areas of reading, language arts, social studies, science, and mathematics, and in special subjects such as art, music, children's literature, health, speech and communication, physical education, and special education. The major is designed to provide students with strong preparation in all the subjects taught in elementary and middle schools.

Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

Students must also successfully pass the W-FORT to be eligible for a teaching license in Wisconsin.

Option A: K-9

Approved Majors and Minor for Option A

Second Majors ¹	Code	Prescribed Methods Course	Additional Requirement	ACTFL Content Test Required
French	261-201	ES 437 (Sp) and ES 366 (F)	study abroad in language	WPT and OPI or OPIc
Spanish	321-200	ES 437 (Sp) and ES 366 (F)	study abroad in language	WPT and OPI or OPIc

¹ NOTE: Grades K-9 regular education majors with a foreign language second major must complete one quarter of student teaching in the foreign language at the secondary level. See Option C.

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no addt'l exam

Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for

grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Students must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3
Prescribed special methods course(s) (see approved majors and minors below)		
ES 445 & ES 470	Student Teaching in Middle Level Education and Student Teaching in Secondary Education	5-10
or ES 446	Internship Teaching in Middle Level Education	
or ES 475	Internship Teaching in Secondary Education	
ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Approved Majors and Minors for Option B (Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensive Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II Content Test Required

Minors	Code	Prescribed Methods Course	Additional Requirements	Praxis II or ACTFL Content Test Required
Coaching	971-403	KINS 492		no add't'l exam
Mathematics	180-407	ES 357		See department for ETS exam number

Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3

ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441	Student Teaching in Elementary Education	5
AND		
ES 445	Student Teaching in Middle Level Education	5
or ES 470	Student Teaching in Secondary Education	
or		
ES 440	Internship Teaching in Elementary Education	5-10
or		
ES 446	Internship Teaching in Middle Level Education	5-10
or		
ES 475	Internship Teaching in Secondary Education	5-10

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required

Spanish	320-407	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIC
TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Kinesiology

McPhee 219
715-836-3700

Department Website (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/kinesiology/>)

Kinesiology is the study of the art and science of human movement. The mission of the Department of Kinesiology at the University of Wisconsin-Eau Claire is to foster purposeful learning in the science, application, and principles of Kinesiology to understand the full nature of human movement across the lifespan. We live and promote this mission by developing and preparing transformative learners to lead others in the achievement of a healthy, physically active lifestyle, and an enhanced quality of life.

Toward this end, the department offers majors in Rehabilitation Science, Exercise Science, and Physical Education Teaching, K-12. Minors are offered in the Science of Coaching, Adaptive Physical Education, and Kinesiology.

All the programs in the department are designed to stimulate intellectual development, instill leadership qualities, and promote service to others.

Information for All Students

A number of required courses within the majors and minors may undergo revision. Course information is therefore subject to change. See your academic advisor for additional information on how these changes may affect your individual plan of study.

Some courses require a special fee because of the nature of the activity or supplies required to complete the course. Current special course fees are shown in the Class Schedule.

Department programs may be limited by resources available. All new students are strongly encouraged to contact their assigned academic advisor early in the semester to develop their four-year plan and explore opportunities that will enhance their academic preparation.

Adaptive Physical Education, Minor

Teaching (Code 991-459)

Code	Title	Credits
Twenty-four semester credits, including:		
KINS 484	Adapted Physical Activity	3
KINS 487	Assessment in Adapted Physical Education	3
KINS 493	Practicum in Adapted Physical Education	3
SEIP 200	Introduction to Diverse Learners	3
SEIP 306	Applied Behavior Analysis for Teachers	3
Nine credits selected from:		9
SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	
SEIP 340	Introduction to Mild Disabilities	
UEC 220	Introduction to Inclusive Early Childhood Education	
Total Credits		24

This minor is restricted to licensed physical educators and students in the College of Education and Human Sciences: Department of Education for

Equity and Justice: Option C and leads to licensure to teach Adaptive Physical Education in K-12 classrooms.

Program Learning Outcomes

Adaptive Physical Education

Students completing this program will be expected to meet the following outcomes:

- Understand the influence of selected diseases, conditions, and /or disabilities on the learning and performance of physical activities
- Understand the unique needs of physical fitness and motor development of individuals with disabilities
- Develop a positive attitude and understand the needs of individuals with disabilities
- Understand the history, legal mandates, and status of physical activity for individuals with disabilities.
- Understand and use appropriate terminology common to the field of adapted physical activity
- Understand the issues related to accessibility and implication of accessibility
- Introduce appropriate instruments and testing strategies necessary for assessing the gross motor development and health-related physical fitness levels of persons with disabilities
- Learn how to administer, interpret, and use the results of assessments to develop individualized education program plans that are utilized in either adapted or general physical education programs for students with disabilities

Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor maximum ½ of total

Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

Specific Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements. (see University Graduation Requirements (<http://catalog.uwec.edu/undergraduate/graduation-requirements/>))

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the

major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirements

Admission to Exercise Science, Comprehensive Major

Graduates of the B.S. in Exercise Science program will pursue coursework in exercise physiology and biomechanics; motor development; exercise prescription and assessment; strength and conditioning; social and behavioral science; anatomy; and in basic sciences among other areas. This overall preparation will allow graduates from this program to seek careers in community health promotion and education, worksite wellness, recreation, personal training, group exercise instruction, and sport science. The major is also rigorous enough to prepare students for advanced degrees in professional or graduate programs related to this field of study. Formal admission to the Exercise Science Major is typically made during the second year (either Fall or Spring) of attendance following the successful completion of KINS 304, KINS 308, and KINS 309. This will allow students to begin further coursework in the Exercise Science core in the subsequent semester.

The Exercise Sciences Program Committee will screen students for admission to the program. At the time of admission, students must:

1. Have completed KINS 304, KINS 308 and KINS 309 with a grade of C or better.
2. Demonstrated an overall cumulative GPA of 2.5 or higher in all other university coursework.

Students who are not admitted into the upper sequence of courses (KINS 312, KINS 357, KINS 476 and KINS 498) within the Exercise Science Major may seek admission the following or subsequent semesters provided all admission criteria are met. Those students who choose to reapply for admission are reminded that the program is a two-year course of study once admitted, which could delay their graduation up to one year.

Transfer Students

Transfer students must meet all application requirements prior to application to the program. KINS 309 (<http://catalog.uwec.edu/search/?P=KINS%20309>) must be taken on campus. Transfer students who are interested in the Exercise Science Major should inform the Admissions Office upon application for admission to the University and contact the program director.

Retention

Once admitted into the Exercise Science Major, the student must meet the following criteria to remain in the program:

1. Maintain a cumulative GPA of 2.5 in all university coursework.
2. Continue to display appropriate dispositions regarding professional development, as outlined in the Policy for Disposition Intervention, Department of Kinesiology, Exercise Science.
3. Satisfactorily complete all courses and internship experiences (KINS 312, KINS 357, KINS 476, KINS 498, BIOL 196) within the Exercise Science core with a C or above.

NRS 375	Pharmacotherapeutics and Pathophysiology for Allied Health Professionals
PHIL 306	Ethics of Health Care
PSYC 230	Human Development
PSYC 333	Psychology of Adulthood and Aging
PSYC 353	Health Psychology
PSYC 380	Introduction to Behavior Modification

Code	Title	Credits
Required LE courses not counted toward major:		
K1 (Natural Sciences)		
BIOL 151	Biology of Humans	4
PHYS 100 or PHYS 211	Physical Science General Physics	4
S1 (Written and Oral Communication)		
WRIT 114 or WRIT 116 or WRIT 118 or WRIT 120	Intensive Blugold Seminar in Critical Reading and Writing Blugold Seminar in Critical Reading and Writing Accelerated Blugold Seminar in Critical Reading and Writing Blugold Seminar in Critical Reading and Writing for Transfer Students	5
S2 (Mathematics)		
MATH 246	Elementary Statistics	4

NOTE: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of this major unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: Students must maintain a cumulative GPA of at least 2.5 and complete all Exercise Science core courses with a C or above.

NOTE: To graduate from this program a student must achieve a 2.5 or higher total GPA.

NOTE: The Service-Learning graduation requirement is met by the completion of required course work within this major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge in scientific foundation as applied to the study of human movement.
- Identify and discuss research in Exercise Science and develop skills to critically analyze research literature.
- Develop basic assessment, technology, and exercise programming skills specific to Exercise Science.
- Communicate effectively within a discipline-specific context.

The Master of Science in Athletic Training (MSAT) Accelerated Plan allows qualified students to start taking courses in the approved master's degree while finishing their bachelor's degree in Exercise Science. Graduate course sequencing allows undergraduate students to complete their fourth year of the Exercise Science major while completing the first-year coursework in the MSAT. This pathway allows students to apply to the Athletic Training program during their third year (junior) and complete the Master's degree in Athletic Training in five years upon matriculation to UW-Eau Claire.

A student interested in the MSAT Accelerated plan should consult with academic advisors and the Program Director in Athletic Training and declare "pre-athletic training" as their course sequencing. A student will major in Exercise Science in the Department of Kinesiology and earn credits toward their Bachelor of Science degree. Upon successful completion of the fifth year in the MSAT program, a student would graduate with a Master of Science in Athletic Training degree and be eligible for the Board of Certification (BOC) Inc. national certification examination and state licensure as an entry-level athletic trainer.

To maintain good standing in the MSAT Accelerated Plan:

- Must maintain a minimum 3.0 GPA in all graduate level coursework.
- Failure to maintain a minimum 3.0 GPA in graduate level coursework could risk discontinuation from the MSAT Accelerated Plan and/or prevent future acceptance to the MSAT degree program.
- Must earn a grade of C or better in all graduate level coursework. A graduate course grade below C will not be accepted to the MSAT degree program; grades below C will need to be repeated.

The following MSAT courses will fulfill degree requirements for both the Exercise Science Major and the MSAT Program:

Exercise Science Undergraduate Course

KINS 498	Exercise Science Internship	6
Exercise Science Secondary Area		27

MSAT Course

KINS 780A	Clinical Practicum I	2
KINS 781A	Clinical Practicum II	2

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Effectively communicate in a discipline specific manner.
- Effectively assess physical fitness, function, and health/disability related parameters and utilize data to enhance individual fitness, health, and functional capacity.
- Demonstrate scholarly learning, evidence-based practice, and critical thinking skills.
- Provide evidence of appropriate professional development.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Human Sciences Departments

Specific Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (see University Graduation Requirements (<http://catalog.uwec.edu/undergraduate/graduation-requirements/>)).

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Teacher Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.
3. ES 212, ES 313, and ES 314 with a minimum grade of C (not C-) in each course. Student must also earn a C or better in the prescribed methods courses for their major. See list of prescribed methods courses below.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Code	Title	Credits
Professional Sequence		
ES 212	Exploring Schooling K-12	2-3
ES 313	Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12	3
ES 314	Collaboration, Engagement, and Assessment in Grades K-12	3
ES 385	Social Foundations: Human Relations	3

ES 490	Historical, Legal, and Philosophical Foundations of Education	3
ES 497	Field Experience Seminar	2
SEIP 300	Inclusive Practices for Secondary Educators	3

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441	Student Teaching in Elementary Education	5
AND		
ES 445	Student Teaching in Middle Level Education	5
or ES 470	Student Teaching in Secondary Education	
or		
ES 440	Internship Teaching in Elementary Education	5-10
or		
ES 446	Internship Teaching in Middle Level Education	5-10
or		
ES 475	Internship Teaching in Secondary Education	5-10

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Approved Majors and Minors for Option C

(Students must earn a minimum grade of C or above in prescribed methods courses.)

Comprehensiv Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II or ACTFL Content Test Required
Music, Instrumental/General	062-000	MUED 211, MUED 300, MUED 310, MUED 318, MUED 411		See department for ETS exam number
Music, Choral/General	062-001	MUED 211, MUED 300, MUED 310, MUED 318, MUED 410		See department for ETS exam number
Physical Education	992-001	KINS 290		See department for ETS exam number
Spanish-TESOL	320-000	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc

Majors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
French	261-201	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Spanish	321-200	ES 366 (F) and ES 437 (Sp)	Study abroad in language	WPT and OPI or OPIc
Minors	Code	Prescribed Methods Course	Additional Requirement	Praxis II ACTFL Content Test Required
Adaptive Physical Education	991-459		Only with KINS major	No addt'l exam
French	260-406	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
Spanish	320-407	ES 366 (F) and ES 437 (Sp)	Only with F Lg major	WPT and OPI or OPIc
TESOL	550-410	ES 405 (F)	Only with F Lg major	See department for ETS exam number

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Professional Education Programs

Admission to the College of Education and Human Sciences Teacher Education Program

See additional requirements for admission to education programs as well as additional requirements for licensure.

Resources available limit the number of students admitted to the program. Not everyone who applies can be guaranteed admission.

Additional Physical Education Teaching Program Admission Committee Recommendations

The Physical Education Teaching Program Committee will screen students for admission to the program and make recommendations to the Teacher Education Admissions Committee based on:

1. A completed resumé outlining
 - a. experiences with children and adolescents.
 - b. involvement in professional organizations.
2. A formal interview.
3. A completed course of study form.
4. Performance evaluations from Kinesiology courses.
5. Students must earn a grade of C or above in their physical education & health education courses (KINS 290, KINS 300, KINS 301, KINS 302, KINS 303, KINS 305, KINS 327, KINS 335, KINS 336, KINS 337, KINS 484, KINS 487, KINS 493)
6. Students must earn a grade of C or above in the KINS Core courses (KINS 294, KINS 304, KINS 308, KINS 426)
7. Resident and total GPA of 2.75 or higher.

- Students may only repeat the physical education & health education courses one time for program purposes. Permission to repeat is required if students earn above a C- per the university repeat policy.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

- Criteria for admission to a professional program have been met.
- Good academic standing, as defined in the catalog section on Academic Standing and Progress.
- A minimum of 90 credits completed prior to the professional semester.
- Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
- Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
- Completion of the 30 hour Human Relations Fieldwork requirement.
- Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.

- Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
- Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

- Completion of a baccalaureate degree.
- Completion of an approved teacher education major, minor, or certificate.
- A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
- Completion of student teaching courses with a mark of S.
- Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other

states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

Teaching (Code 992-001)

Code	Title	Credits
Core Requirement		
KINS 294	Anatomical Kinesiology	3
KINS 304	Biomechanical Kinesiology	3
KINS 308	Exercise Physiology	3
KINS 426	Motor Development Across the Lifespan	3
Total Credits		12

Physical Education Teaching

Code	Title	Credits
Sixty-Four semester credits including the Core:		
PE Module		
KINS 290	Introduction to Physical Education	3
KINS 300	Planning, Implementation, and Assessment: Invasion Games	2
KINS 301	Planning, Implementation, and Assessment: Adventure Activities	2
KINS 302	Planning, Implementation, and Assessment: Rhythms and Dance	2
KINS 303	Planning, Implementation, and Assessment: Fitness Concepts	3
KINS 305	Planning, Implementation, and Assessment: Net Games	2
KINS 327	Movement Education for Elementary Grades	2
KINS 472	Research Methods in Kinesiology I	2
KINS 473	Research Methods in Kinesiology II	2
KINS 496	Capstone-Teaching Physical Education	1
PSYC 260	Educational Psychology	3
Total credits		24

Adaptive PE Module

Required Courses:

KINS 484	Adapted Physical Activity	3
KINS 487	Assessment in Adapted Physical Education	3
KINS 493	Practicum in Adapted Physical Education	3

Elective Courses, choose one of the following: 3

SEIP 200	Introduction to Diverse Learners	
SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	
SEIP 306	Applied Behavior Analysis for Teachers	
SEIP 340	Introduction to Mild Disabilities	
UEC 220	Introduction to Inclusive Early Childhood Education	

Total Credits		12
----------------------	--	-----------

Health Module

KINS 335	Introduction to School Health Education and Current Health Issues	3
KINS 336	Strategies and Assessment in School Health Education	3
KINS 337	Health Education Curriculum Design	3
KINS 450 or BIOL 196	Applied Nutrition in Kinesiology Human Nutrition	3
BIOL 151	Biology of Humans	4

Total Credits		16
----------------------	--	-----------

Code	Title	Credits
------	-------	---------

Required LE courses not counted toward major:

K1 (Natural Sciences)

PHYS 100	Physical Science	4
----------	------------------	---

S2 (Mathematics)

MATH 246	Elementary Statistics	4
----------	-----------------------	---

NOTE: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major in Physical Education Teaching, unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Physical Education, Adaptive Physical Education and Health Education in grades K-12 classrooms.

Additionally, Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

Finally, the Service-Learning requirement is met by completion of required coursework in this emphasis.

Additional Licensure and Certification

Adaptive Physical Education

Licensed physical education teachers who wish to add licensure in Adaptive Physical Education must complete either the minor or 15 semester credits including:

SEIP 200	Introduction to Diverse Learners	3
Select one of the following:		3

UEC 220	Introduction to Inclusive Early Childhood Education	
SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	

SEIP 306	Applied Behavior Analysis for Teachers	
KINS 484	Adapted Physical Activity	3
KINS 487	Assessment in Adapted Physical Education	3
KINS 493	Practicum in Adapted Physical Education	3

No additional demonstration of content area proficiency is required

Health Education

Licensed physical education teachers who wish to add licensure in Health Education must complete 25 semester credits.

BIOL 151	Biology of Humans	4
BIOL 196	Human Nutrition	3
or KINS 450	Applied Nutrition in Kinesiology	
KINS 294	Anatomical Kinesiology	3
KINS 308	Exercise Physiology	3
KINS 335	Introduction to School Health Education and Current Health Issues	3
KINS 336	Strategies and Assessment in School Health Education	3
KINS 337	Health Education Curriculum Design	3
KINS Elective		2-3

Teacher Education Candidates shall demonstrate Health Education content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Program Learning Outcomes

Physical Education

Students completing this program will be expected to meet the following learning outcomes:

- **Content Knowledge:** Articulate basic physical education knowledge, central physical education concepts, and pedagogical practices within the field of physical education. (Teacher Standard 1)
- **Philosophy:** Develop a professional philosophy consistent with current National Association for Sport and Physical Education (NASPE) and state physical education standards, developmentally appropriate curriculum and instructional design, assessment and professional development. (Teacher Standards 4, 9)
- **Roles and Responsibilities:** Identify the role, function, and responsibility of a physical education teacher and physical education program coordinator as part of the K-12 physical education program. (Teacher Standard 1, 2, 3, 4, 5, 9, 10)
- **Informal Needs Assessment:** Assess informally student physical education needs based on a student's prior physical education experiences, physical fitness level, interests and needs in order to implement quality physical education instruction. (Teacher Standard 7, 9, 10)
- **Physical Education Standards:** Identify and articulate the concepts and skills contained in the current state and NASPE physical education standards in the development of curriculum and instruction. (Teacher Standard 2, 3, 4, 5, 6, 7)
- **Physical Education Instruction:** Design and deliver developmentally appropriate instructional programs based on stated goals and objectives contained in the current state and NASPE standards. (Teacher Standard 2, 3, 4, 5, 6, 7)

- **Multicultural Perspectives:** Analyze and articulate the social, cultural, economic and political factors that affect physical education engagement, home-school relations, and classroom strategies in physical education. (Teacher Standard 2, 3, 4, 5, 6, 7).
- **Evaluation of Physical Education Programs:** Evaluate commercial physical education programs as well as state, national, and international resources utilizing research-based principles in physical education curriculum, instruction and assessment. (Teacher Standard 3, 4, 6)
- **Multiple Instructional Strategies:** Implement effective developmentally appropriate instructional approaches including the use of media and technology, multiple intelligences, differentiated instruction and brain based learning that will create learning experiences that will meet the diverse needs of pupils, the community and curricular goals. (Teacher Standard 3, 4, 6)
- **Authentic Assessment:** Apply formal and informal assessment strategies to evaluate and ensure continuous intellectual, social, and physical development of the pupil. (Teacher Standard 8)
- **Reflection:** Reflect and evaluate the impact of his or her instructional capacity on others (e.g. learners, parents/guardians, and other professionals) as well as their classroom management skills and seek opportunities to grow professionally (i.e. Wisconsin Association for Health, Physical Education, Recreation, and Dance). (Teacher Standard 9)

Rehabilitation Science, Comprehensive Major

(Code 998-001)

Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
---	------------------------------------

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours
--	----------

College Degree Requirements

Human Sciences Departments

Specific Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (see University Graduation Requirements (<http://catalog.uwec.edu/undergraduate/graduation-requirements/>)).

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirements

Admission to Rehabilitation Science Comprehensive Major

This major is designed to provide foundational coursework and experiential learning with the intention to prepare students for professional school/graduate study in the area of cardiac rehabilitation, physical therapy, occupational therapy, chiropractic medicine, therapeutic recreation, rehabilitation sciences or medical school and physician assistant programs. In addition, this major will also prepare students to enter the workforce directly in medical-based fitness centers, cardiac rehabilitation programs, gerontology/senior fitness programs, and community centers involving physical activity programs for individuals with disabilities or special needs. Formal application to the Rehabilitation Science Major should be made during the second year (either fall or spring semester) of attendance while enrolled in KINS 320 Foundations of Rehabilitation Sciences. This will allow students to begin the 2-year course of study during the following academic year. The number of students admitted to the program is limited by available resources. Thus, not everyone who applies can be guaranteed admission (up to 25 new students are admitted each semester).

The Rehabilitation Science Program Committee will screen students for admission to the program. At the time of application, students must:

1. Have a minimum resident and total GPA of 2.75.
2. Submit a completed program application form.
3. Be enrolled in or have completed KINS 304, KINS 308, and KINS 320.
4. Submit a cover letter and resume highlighting qualifications related to Rehabilitation Science

Student admission will be based on the following criteria:

1. Total GPA - 40%
2. Overall performance in KINS 304, KINS 308, and KINS 320 - 36%
3. Evaluation of student cover letter, resume, and application self-reflective essays - 24%

Students who are not accepted in the Rehabilitation Science program may apply again the following semester. Those students who choose to re-apply are reminded that the program is a two-year course of study once accepted and that reapplying could delay their graduation up to one year.

Transfer Students

Transfer students must meet all application requirements prior to application to the program. KINS 320 must be taken on campus. Transfer students who are interested in the Rehabilitation Science Comprehensive Major should inform

the Admissions Office upon application for admission to the University and contact the Rehabilitation Science program director.

Retention

Once admitted into the Rehabilitation Science program, the student must meet the following criteria to remain in the program:

1. Maintain a 3.00 GPA in all Rehabilitation Science core courses.
2. Continue to display appropriate dispositions regarding professional development, as outlined in the Policy for Disposition Intervention, Department of Kinesiology, Rehabilitation Science Major.
3. Complete each course, lab, and practicum experience within the Rehabilitation Science core (KINS 320, KINS 351, KINS 355, KINS 358, KINS 440, KINS 464, KINS 466, KINS 474, KINS 484 and KINS 491) with at least a C+.

MATH 246	Elementary Statistics	4
I1 (Integration), S3 (creativity)		
KINS 473	Research Methods in Kinesiology II	2

NOTE: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of this major unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: Students must maintain a cumulative GPA of at least 3.0 in all Rehabilitation Science core courses and obtain at least a C+ in each of these courses.

NOTE: To graduate from this program a student must achieve a 2.75 or higher total GPA.

NOTE: The Service-Learning graduation requirement is met by the completion of required course work within this major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Effectively communicate in a discipline specific manner.
- Effectively assess physical fitness, function, and health/disability related parameters and utilize data to enhance individual fitness, health and functional capacity.
- Demonstrate scholarly learning, evidence-based practice, and critical thinking skills.
- Provide evidence of appropriate professional development.

The Master of Science in Exercise Physiology (MSEP) Accelerated Plan allows qualified students to start taking courses in the approved master's degree while finishing their bachelor's degree in **Rehabilitation Science**. Graduate course sequencing allows undergraduate students to complete their fourth year of the **Rehabilitation Science major** while completing the first-year coursework in the MSEP. This pathway for the Master of Science degree in Exercise Physiology is a total of five years upon matriculation to UW-Eau Claire.

A student interested in the MSEP Accelerated plan should consult with academic advisors and the Program Director of MSEP and declare "**pre-Exercise Physiology**" as their course sequencing. A student will major in **Rehabilitation Science** in the Department of Kinesiology and earn credits toward their Bachelor of Science degree. Upon successful completion of the

fifth year in the MSEP program, a student would graduate with a Master of Science in Exercise Physiology degree.

Admission Requirements (4+1 Accelerated Plan):

At the time of admission to the Master of Science in exercise physiology program accelerated plan, a student must have:

- **Earned a minimum of 95 credits at the end of the 3rd year** in their undergraduate Rehabilitation Science program (or obtained a consent of the Program Director).
- **A minimum cumulative GPA of 3.00 after the 3rd year** in their Rehabilitation Science program.
- **Successful completion of prerequisite courses for MSEP (see Overview).**

Science of Coaching, Minor - Liberal Arts

Liberal Arts (Code 971-452)

Code	Title	Credits
Twenty-four semester credits, including:		
KINS 275	Prevention and Care of Athletic/ Exercise Injuries	3
KINS 292	Management and Coaching Theory	2
KINS 294	Anatomical Kinesiology	3
KINS 304	Biomechanical Kinesiology	3
KINS 308	Exercise Physiology	3
KINS 357	Essentials of Strength and Conditioning	3
KINS 492	Coaching Practicum and Seminar	4
Three credits from the following:		3
KINS 312	Psychology of Sport and Physical Activity	
KINS 313	Sociology of Sport and Physical Activity	
Total Credits		24

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Develop and implement an athlete-centered coaching philosophy.
- Identify physical conditions that predispose athletes to injuries.
- Teach and encourage proper nutrition for optimal physical and mental performance and overall good health.
- Provide athletes with responsibility and leadership opportunities as they mature.
- Teach and incorporate mental skills to enhance performance and reduce sports anxiety.
- Use scouting methods for planning practices, game preparation, and game analysis.
- Be involved in public relation activities for the sport program.
- Utilize an objective and effective process for evaluation of self and staff.

Science of Coaching, Minor - Teaching

Teaching (Code 971-403)

Code	Title	Credits
Twenty-four semester credits, including:		
KINS 275	Prevention and Care of Athletic/ Exercise Injuries	3
KINS 292	Management and Coaching Theory	2
KINS 294	Anatomical Kinesiology	3

Department Website (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/social-work/>)

The mission of the baccalaureate social work program at the University of Wisconsin-Eau Claire is to prepare students to engage in ethical, competent, evidence-informed generalist practice. Graduates will be committed to diversity, social and economic justice, the promotion of community well-being, and the interdependence of local and global issues. The goals of the Social Work Program are:

1. to prepare entry-level generalist social workers grounded in liberal arts educations and the person in the environment construct;
2. to prepare entry-level generalist social workers for practice in a multicultural society within the context of professional values and ethics in public and private social service agencies, especially in those services which meet the needs of diverse individuals, families, groups, organizations and communities;
3. to prepare students to integrate research-informed practice and practice-informed research and to think critically and apply ethical principles in practice;
4. to prepare students for and instill in them a commitment to lifelong learning and the recognition, support and advancement of the profession; and
5. to prepare students for practice with diverse populations and for effective participation in community affairs in a global society through the promotion of social and economic justice.

The bachelor's degree in social work (B.S.W.) is accredited by the Council on Social Work Education. Graduates of the program are eligible for examination for certification or licensure at the baccalaureate level. Graduates receive advanced standing in many Master of Social Work (MSW) programs.

Student Organizations

As members of the university community, social work students have an opportunity to participate in many student organizations, including the Association of Student Social Workers (ASSW). In addition to providing important chances for identification and socialization with the profession of social work, ASSW selects student representatives to participate actively in faculty committees. Other professional organizations open to students are the Council on Social Work Education, the National Association of Social Workers, and the Wisconsin Social Service Association.

Caregiver Law

All individuals involved in experiential education courses for credit in the Social Work Department must complete the background check process and are responsible for the associated processing fees. Students are also advised that past or future serious crimes that are substantially related to the duties of the position may limit or inhibit the student from securing service-learning opportunities, or internship placements, or both. In addition, the student may become ineligible to receive certification or licensure as a social worker.

Majors

- Comprehensive Major: Social Work, Liberal Arts - B.S.W.

Minors

- Minor: Gerontology, Liberal Arts

Certificates

- Certificate: Social Work, Child Welfare
- Certificate: Social Work, Gerontology
- Certificate: Social Work, Mental Health and Well-Being

Gerontology, Minor

Liberal Arts (Code 670-400)

Advisor: L. Olson-McBride

Gerontology is a multidisciplinary field that examines the correlates and consequences of human aging. To reflect this multidisciplinary nature, the Gerontology minor includes courses from a variety of academic disciplines. Objectives of the minor include:

1. promoting an understanding of the multifaceted nature of the human aging process;
2. generating awareness of both the rewards and challenges associated with aging;
3. providing a broad program of study that complements a number of major programs and prepares students for graduate study and/or careers in the field of aging.

Twenty-four semester credits, including:

Code	Title	Credits
Select at least one of the following:		3
SW 315	Aging and the Aged	
SW/NRSG 360	Death and Bereavement	
Select remaining credits from the following:		21
BIOL 151	Biology of Humans	
BIOL 196	Human Nutrition	
BIOL 314	Human Anatomy and Physiology II	
CSD 410	Communication Changes and Disorders of the Older Adult	
ECON 280	Health Economics	
HCAD 201	Overview of the U.S. Health Care System	
HCAD 222	Multidisciplinary Perspectives on Aging	
IDIS 125	Brain: Introduction to Neuroscience	
NRSG 211	Wellness: Food for Fitness	
NRSG 212	Navigating Health Care	
NRSG 213	Body, Mind, Spirit Wellness	
PHIL 306	Ethics of Health Care	
PSYC 230	Human Development	
PSYC 333	Psychology of Adulthood and Aging	
RELS 315	Psychology of Religion	
SOC 316	Sociology of Family	
SOC 264	Social Gerontology	
SW 315	Aging and the Aged	
SW/NRSG 360	Death and Bereavement	

Up to three credits from Directed Studies, Independent Study, or Special Topics courses that focus on gerontological issues may be applied to the minor with approval from the Gerontology minor advisor.

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Illustrate the multidisciplinary nature of the human aging process.
- Differentiate between myths and realities of the aging process.
- Discuss key issues impacting older people (e.g. social policies/programs, ethical concerns, health care).

Social Work, Child Welfare, Certificate

(Code 460-605)

Child Welfare Certificate

The child welfare certificate is developed around preparing students to become an effective advocate for children as victims and survivors of child abuse.

The coursework within this program will increase students' understanding of factors that lead to child maltreatment, as well as how to work effectively in various agencies and systems to respond to such incidents. Students may want to add a child welfare certificate if they are interested in areas such as child protective services, foster care, or adoption.

Requirements:

This certificate requires 12 credits of course work and is open only to majors within the College of Education and Human Sciences. The student must complete, at a grade level of C or above, the required Social Work course within the selected certificate program and three other electives from the list of electives for the certificate program (see the following).

Code	Title	Credits
Required Courses		
SW 385	Child Welfare	3
Electives (Choose nine credits)		
CRMJ 302	Youth Crime and Juvenile Justice	
HIST 370	History of the Family in America	
PSYC 331	Child Psychology	
PSYC 332	Psychology of Adolescence	
PSYC 334	Psychology of the Exceptional Child	
SOC 316	Sociology of Family	
SEIP 200	Introduction to Diverse Learners	
SW 395	Directed Studies	
SW 492	Advanced Child Welfare	

Other courses as approved by the student's advisor and department chair.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Be prepared to become effective advocates for children as victims and survivors of child abuse.
- Increase their understanding of factors that lead to child maltreatment.
- Work effectively in various agencies and systems to respond to incidents of child maltreatment.

Social Work, Comprehensive Major

Liberal Arts (Code 460-051)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Camp5.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (<https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/>)

EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
Integration Goal	
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences
Service-Learning Goal	
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours

College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.(see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirement

The Social Work Program operates under a selective admissions policy. The policy is based on the need to maintain a program of excellence in the classroom and to assure availability of quality internship placements. The Department of Social Work reserves the right to admit a limited number of students each semester. Meeting the minimum standards does not guarantee a student will be admitted to the major.

Social Work is a professional discipline on the baccalaureate level, and, thus, admissions and retention processes are implemented and strictly followed. Students are evaluated on a regular basis. Students interested in earning a Bachelor of Social Work Degree must first be admitted to the Social Work

major. Enrollment in selected upper division social work courses is restricted to students who have been formally admitted to the major. This formal application to the major is the first step in meeting requirements for graduation with a B.S.W. degree. A second review of continued eligibility occurs with application for admission to internship (SW 481). Students with any concerns regarding eligibility are urged to consult their academic advisor. Students will be asked to sign a statement that they have read and agreed to abide by the National Association of Social Workers' *Code of Ethics*. Students may appeal a denial of admission to the major or internship by following procedures outlined in the Social Work Student Handbook or the Social Work Internship Manual, as applicable.

Application Process and Procedures

1. Students seeking admission are required to complete an application E-form (electronic form) available from the student portal of listed forms. At the point of admission:
 - a. Students must have accumulated 30 credits.
 - b. The university service learning requirement must have been completed. SW 290 has Service-Learning embedded for all students.
 - c. A minimum GPA of 2.0 is required in SW 100 (<https://catalog.uwec.edu/search/?P=SW%20100>) and SW 290 (<https://catalog.uwec.edu/search/?P=SW%20290>). Each course must be completed with a grade of C or above.
 - d. A minimum total GPA of 2.0 is required, which includes courses transferred from other colleges and universities.
 - e. Students will show knowledge of social work and a commitment to social work values as demonstrated by the submission of a single-spaced essay up to two pages that addresses how your values and experiences have formed your decision to select social work as a major.
 - f. Students must be in good academic standing in the semester in which they apply.
 - g. Any student who withdraws from the social work major at UW-Eau Claire or who does not take classes at UW-Eau Claire for two or more sequential semesters must reapply for admission into the program. Readmission to program is not guaranteed.
 - h. Students may repeat a grade below C in SW 100 (<https://catalog.uwec.edu/search/?P=SW%20100>) and/or SW 290 (<https://catalog.uwec.edu/search/?P=SW%20290>) according to University guidelines. Repeat of course(s) must be completed (not current) for any such courses before application for admission will be processed.
 - i. Completion of University Writing Requirement

Major Requirements

Liberal Arts (Code 460-051)

Core courses in Social Work

Code	Title	Credits
Sixty semester credits, including:		
SW 100	Introduction to Social Welfare (Meets LE - I1 and R2)	3
SW 220	Interpersonal Skills	3
SW 290	Human Rights and Global Justice (Meets LE - R2 and R3 and SL)	3
SW 320	Generalist Social Work Practice with Individuals	3
SW 323	Methods of Social Work Research (Meets LE - S3)	3
SW 335	Human Behavior and the Social Environment	3

SW 383	Social Welfare Policies and Programs	3
SW 405	Culturally Competent SW Practice	3
SW 471	Generalist Social Work Practice with Families/Groups	3
SW 472	Generalist Social Work Practice with Communities/Organizations	3
SW 481 or SW 482	Social Work Internship (Meets LE - I1) Social Work Internship - International	6-12

Select any elective from the following: 3

SW 309	Community-based Corrections	
SW 315	Aging and the Aged	
SW 360	Death and Bereavement	
SW 377	Self-Care in the Helping Professions	
SW 389	Understanding Trauma	
SW 490	Mental Health and Substance Abuse	
SW 385	Child Welfare	
SW 491	Special Topics	
SW 492	Advanced Child Welfare	

Additional Requirements:

PSYC 100	Introduction to Psychology	3
Any Sociology course		3
Any Political Science course		3
Any Economics course		3
One course with K3 designation ¹		3

Total Credits 60

¹ This is in addition to the university requirement of two K3 learning experiences

NOTE 1: A maximum of nine credits earned in Directed Studies, Independent Studies and Instructional Assistant may count toward the major.

NOTE 2: To Graduate with a Bachelor of Social Work (B.S.W.) degree, students must have:

- 1: a GPA of 2.5 in SW 100 and in all courses with the SW prefix
- 2: achieve completion of SW 100 and all required SW courses, including transfer courses, with a grade of C or above

NOTE 3: **Satisfactory/Unsatisfactory Policy.** No degree credit may be earned under the Satisfactory/Unsatisfactory option in SW 100 or any Social Work Department course numbered 200 or higher which is required for the major.

Recommended learning experiences to fulfill LE requirements:**K1 (Natural Sciences)**

BIOL 105	General Biology	3
BIOL 130	Human Sexual Biology	3
BIOL 151	Biology of Humans	4

K3 (Humanities)

AIS 101	Introduction to American Indian History and Cultures	3
AIS 240	American Indian History	3
AIS 243	Introduction to Contemporary American Indian Communities	3
ENGL/WGSS 296	Perspectives on Women's Literature	3
HIST 205	American Women's History	3

WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 210	Contemporary Feminisms	3
WGSS 215	African-American Feminism in the Humanities	3
WGSS 260	Masculinity Studies and Feminist Theories	3

S1 (Written and Oral Communication)

Spanish is recommended and may be used for S1. Non-foreign language S1 courses such as the following may be substituted if desired.

CJ 201	Introduction to Interpersonal Communication	3
CJ 203	Fundamentals of Human Communication	3

R1 (Equity, Diversity, and Inclusivity)

AIS 101	Introduction to American Indian History and Cultures	3
AIS 240	American Indian History	3
AIS 243	Introduction to Contemporary American Indian Communities	3
ENGL 268	Survey of American Ethnic Literature	3
ENGL 296	Perspectives on Women's Literature	3
HUMS 210	Voices of Color in America	3
PSYC 230	Human Development	3
PSYC 332	Psychology of Adolescence	3
SOC 101	Introduction to Sociology	3
SOC 312	Race and Ethnicity in the U.S.	3
WGSS 100	Introduction to Women's, Gender, and Sexuality Studies	3
WGSS 111	Gender, Race, Class, and Communication: The Social Construction of Identity	3
WGSS 205	American Women's History	3
WGSS 206	Perspectives in LGBTQ Studies	3
WGSS 215	African-American Feminism in the Humanities	3
WGSS 260	Masculinity Studies and Feminist Theories	3

6

Some Social work positions require fluency in a foreign language, and students are encouraged to consider a minor in Spanish

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate ethical and professional behavior.
- Engage diversity and difference in practice.
- Advance human rights and social, economic, and environmental justice.
- Engage in practice-informed research and research-informed practice
- Engage in policy practice.
- Engage with individuals, families, groups, organizations, and communities.
- Assess individuals, families, groups, organizations, and communities.

- Intervene with individuals, families, groups, organizations, and communities.
- Evaluate practice with individuals, families, groups, organizations, and communities.

- Examine the psychological, social, and health aspects associated with aging.
- Enhance their understanding of how to effectively work with older adults in various settings such as hospitals, senior centers, or long-term care facilities.
- Improve the care and quality of life for older adults.

Social Work, Gerontology, Certificate

(Code 460-601)

Gerontology Certificate

A certificate in gerontology is a great addition to a major. In an aging society, social workers with a focus in gerontology are highly desirable within the industry. If students are interested in the improved care and quality of life for older adults, this is an excellent choice. Students will examine the psychological, social, and health aspects associated with aging. Students will also enhance their understanding of how to effectively work with older adults in various settings such as hospitals, senior centers, or long-term care facilities.

Requirements:

This certificate requires 12 credits of course work. This certificate is open only to majors within the College of Education and Human Sciences. The student must complete, at a grade level of C or above, the required Social Work course within the certificate program and nine additional credits from the list of electives for the certificate program (see the following).

Code	Title	Credits
Required Course		
SW 315	Aging and the Aged	3
Electives (Choose nine credits)		
BIOL 196	Human Nutrition	9
CSD 410	Communication Changes and Disorders of the Older Adult	
ECON 280	Health Economics	
HCAD 201	Overview of the U.S. Health Care System	
HCAD 222	Multidisciplinary Perspectives on Aging	
NRSG 211	Wellness: Food for Fitness	
NRSG 212	Navigating Health Care	
NRSG 213	Body, Mind, Spirit Wellness	
PHIL 306	Ethics of Health Care	
PSYC 230	Human Development	
PSYC 333	Psychology of Adulthood and Aging	
RELS 315	Psychology of Religion	
SOC 316	Sociology of Family	
SOC 264	Social Gerontology	
SW/NRSG 360	Death and Bereavement	

Other courses as approved by the student's advisor and department chair.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Social Work, Mental Health and Well-Being, Certificate

(Code 460-606)

Mental Health and Well-Being Certificate

The mental health and well-being certificate is developed around preparing students who are interested in adding a certificate focused on mental health and well-being to their current degree plan and preparing individuals in the community who are currently employed or seeking employment in mental health or human service settings who would like to expand their knowledge base. The learning outcomes of this certificate are for students to articulate the impact that social, cultural, and environmental factors can have on the mental health of an individual and to demonstrate an understanding of current best practices in mental health service delivery.

This certificate requires 12 credits of course work. The student must complete all of the courses in the certificate with a C or higher.

Code	Title	Credits
Required Courses		
SW 100	Introduction to Social Welfare	3
Elective Credits		
PHIL 200	What is Happiness?	9
PSYC 100	Introduction to Psychology	
SW 294	Introduction to Counseling Skills for Helping Professionals	
SW 360	Death and Bereavement	
SW 377	Self-Care in the Helping Professions	
SW 389	Understanding Trauma	
SW 490	Mental Health and Substance Abuse	

Other courses as approved by the department chair.

Note: Three credits used to complete the social work major requirements may count toward completion of the certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Articulate the impact that social, cultural, and environmental factors can have on the mental health and well-being of an individual.
- Demonstrate an understanding of current best practices in mental health service delivery.

Special Education and Inclusive Practices

Centennial Hall 3715
715-836-5511

Department Website (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/special-education-inclusive-practices/>)

What is a “unified program”?

PK-12 students come to school with a wide range of strengths, needs, and talents for which teachers must prepare. Our unified education program combines special and general education coursework to prepare future teachers to work with all students who enter their classrooms. Whether in an inclusive general education PK-9th grade classroom or as a Special Education teacher who provides specialized instruction, our program prepares you to be a high-quality beginning teacher.

Goals and Purposes

The special education and general education inclusive practices program is designed to provide a unified approach to preparing teacher candidates for the diverse PK-12 learning environments in which they will work. Content is taught by instructors who have experience in PK – 12th grade classrooms and are focused on sharing their expertise with you. Students who graduate from this program earn two teaching licenses: a PK-12 cross-categorical special education teaching license, and a 4K- 9 elementary middle school license.*

Hallmarks of our programs include learning how to implement: the Universal Design for Learning (UDL) framework to develop lessons; differentiated instruction; culturally responsive teaching, specialized instruction, interventions, assessments, and data-based decision making to support all PK-12 learners; project-based learning and inquiry; and advocacy for all students.

Special Education and Inclusive Practices graduates are prepared for a variety of specialized jobs. Those who prefer to teach may be employed in public or private schools, institutions, or agencies. Those seeking other careers may work as house parents or home trainers or directors of service agencies. Some graduates will continue their study in other areas of special or general education, educational leadership, or administration. Others will engage in research, develop curricular and instructional materials, or lead in-service teacher training.

*We also have a 6 credit summer program for SEIP students called the *Interprofessional Early Intervention Certificate*. Students who complete the three courses will earn a Special Education Early Childhood teaching license which allows you to teach special education from Birth - 3rd grade (please note this extends your original K-12 cross categorical special education license to start at Birth).

Student Organizations:

Aspiring Educators-Aspiring Educators is an organization that is focused on future teachers who are active on campus and in the schools in the community, connecting you with other students in the education major and the campus.

Programs

The Department of Special Education and Inclusive Practices offers undergraduate and graduate programs. A bachelor's degree program is offered in the areas of special and inclusive general elementary/middle education, Special Education, Unified Special Education K-12 & Elementary/ Middle K-9. Our graduate program prepares qualified applicants to earn a graduate certificate in our Director of Special Education and Pupil Services program.

Adaptive education programs are available in the areas of music, art, and physical education and lead to licensure to teach. See Special Education and Inclusive Practices undergraduate program pages for art and physical

education. Please refer to the Undergraduate certificate requirements for adaptive music.

Portfolio Review

As part of the Teacher Education Program, students in the Department of Special Education and Inclusive Practices are expected to develop a portfolio for application to program and during student teaching. In addition, students will complete assignments throughout the program that count as signature assessments of skills. Further information may be obtained from the student's advisor.

Admission to Program

Minimal criteria for admission to professional programs (Gate 1) are outlined in the College of Education and Human Sciences section under “Admission to Professional Education Programs” (see items 1-6 under “Criteria for Admission”). In addition to meeting these minimum requirements, a separate application must be completed and submitted to the Department of Special Education and Inclusive Practices. These applications (available in the Special Education and Inclusive Practices Office) are due October 1 and March 1.

Admission to any major or minor program in Special Education and Inclusive Practices may be limited by the resources available. Admission to program will be determined by a review committee which will rank applicants based on quality and quantity of service related to the helping professions, quality of formal application (resumé, academic success, and recommendations), and documentation of successful completion of SEIP 200 and SEIP 208. Guidelines for application are available in Centennial Hall 3715, or on the department's website. (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/special-education-inclusive-practices/>)

Department Requirements

Students must earn a grade of C in courses offered through the Department of Special Education and Inclusive Practices. Students can only repeat a course offered through the Department of Special Education and Inclusive Practices one time for program purposes. Permission to repeat is required.

Admission to Professional Semester

Applicants for student teaching/internship experience must:

1. complete an application with the Teacher Education Program Office, Centennial 3102;
2. complete the Gate 2 application for the Department of Special Education and Inclusive Practices;
3. earn a minimum grade of C in special education courses;
4. demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam. Even though a grade of C is required in special education courses, a student must earn a 2.75 cumulative GPA and a 2.75 GPA in the major in order to be eligible for teaching certification.

Student Teaching Requirements

Completion of student teaching courses requires undergraduates to earn a grade of S in SEIP 470, UEC 470, UEM 470 or SEIP 472 or SEIP 475, UEC 475 or UEM 475. If the grade requirement is not met, the undergraduate student may repeat the student teaching course or may graduate with another major that does not lead to teacher licensure. Finally, students with a special education

inclusive practices major or special education minor will need to complete the WI Foundations of Reading Test (FORT) with a passing score of 240 or higher.

Student Transportation

Students in the teacher education programs must provide their own transportation to and from field experiences. Some field experiences will require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student.

Majors

- Comprehensive Major: Special Education, Unified Special Education K-12 & Elementary/Middle K-9 - B.S.

Certificate

- Certificate: Adaptive Music
- Certificate: Interprofessional Early Intervention
- Certificate: Special Education Inclusive Methods for Educators

Adaptive Music, Certificate

(Code 950-605)

The Department of Special Education and Inclusive Practices offers a certificate program for music education majors to add Adaptive Music certification for grades K-12. Students who add this certificate to their existing program will become more marketable and attractive to future employers. Further, this certificate will allow students to become better trained and prepared to meet the needs of a diverse K-12 population. Current and future music educators will learn to create and lead developmentally appropriate content based on the needs of their students. Finally, this certificate encompasses the requirements for the Department of Public Instruction (DPI) certification in Adaptive Education.

Code	Title	Credits
Students must earn a C or better in all courses		
Required courses:		8
MUED 300	Adaptive Music	2
SEIP 306	Applied Behavior Analysis for Teachers	3
SEIP 472	Student Teaching in Special Education	3
Choose one: (3 credits)		
SEIP 200	Introduction to Diverse Learners	
SEIP 300	Inclusive Practices for Secondary Educators	
SEIP 400	Inclusive Practices for Elementary-Middle Educators	
Choose one: (3 credits)		

SEIP 219 Introduction to Developmental Disabilities and Autism Spectrum Disorders

SEIP 340 Introduction to Mild Disabilities

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand how specialized needs impact learning across disciplines, behaviors, and social context.
- Design and teach lessons that facilitate student achievement through responsiveness to students' needs and backgrounds while acting as a collaborative leader.
- Skillfully analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.
- Manage a classroom that is inclusive of all students' social, behavioral, and artistic needs.

Interprofessional Early Intervention, Certificate

(Code 950-606)

The Interprofessional Early Intervention Certificate program is intended to prepare students for working with diverse children, families, and professionals for services in compliance with Part C of the Individuals with Disabilities Education Act (IDEA). Students will learn strategies for interprofessional collaboration in assessment and intervention practices for young children with special needs and their families.

This certificate program is situated in the Department of Special Education and Inclusive Practices. The program is open to students majoring in Special Education, Unified Special Education K-12 Elementary/Middle Comprehensive Major (950-070) and will allow students to be eligible to add on the Early Childhood Special Education license #1809.

This certificate requires 12 credits of course work and is open only to students majoring in Special Education-Unified Special Education K-12 and Elementary/Middle, Comprehensive Major (950-070). The student must complete, at a grade level of C or above, the required courses within this certificate program to be eligible for licensure in Early Childhood - Special Education.

Code	Title	Credits
SEIP 200	Introduction to Diverse Learners	3
SEIP 427	Early Intervention Service Delivery and Interprofessional Collaboration	2
SEIP 428	Child and Family Assessment in Early Intervention	2
SEIP 429	Methods in the Natural Environment	2
UEC 322	Play and Sensory Pedagogy	3

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply strategies to collaborate across disciplines in the delivery of services to young children with special needs and their families to fulfill

requirements of Part C of the Individuals with Disabilities Education Act (IDEA).

- Administer and interpret developmentally appropriate and culturally responsive assessments to identify outcomes for children and families participating in Part C of IDEA.
- Develop strategies to optimize learning and provide interventions across developmental domains in natural environments for children and families participating in Part C of IDEA.

Special Education Inclusive Methods for Educators, Certificate

(Code 950-607)

The Department of Special Education and Inclusive Practices offers a certificate program for pre-service and in-service teachers interested in including students with disabilities in the general education classroom. The program goals are for students to develop: (a) an understanding of disability and inclusion in PK-12 schools, (b) inclusive pedagogical skills which emphasize providing access and supports necessary for successful inclusion of students and disabilities, and (c) collaborative knowledge and skills for working effectively as part of an educational team. This certificate will not satisfy external standards or lead to licensure.

Requirements: This certificate requires 12 credits of course work and is open to elementary-middle and secondary education majors. Students must earn a grade of C or above in all courses.

Code	Title	Credits
Required Courses		
SEIP 200	Introduction to Diverse Learners	3
SEIP 300	Inclusive Practices for Secondary Educators	3
or		
SEIP 400	Inclusive Practices for Elementary-Middle Educators	3
Electives (choose six credits)		
SEIP 306	Applied Behavior Analysis for Teachers	6
SEIP 401	Assessment of Students with Disabilities	
SEIP 402	Collaboration for Student Success	
SEIP 430	Trauma-Informed Practices for Inclusive Educators	
SEIP 431	Reading/Writing Remediation, Assessment, and Diagnosis for Students with Mild Disabilities	
SEIP 439	Secondary Methods	
SEIP 458	Advanced Behavior Interventions and Assessment for Students with Emotional/Behavioral Disabilities	
UEC 322	Play and Sensory Pedagogy	
UEC 425	Integrated Curriculum and Inquiry	

Students with a major in Special Education, Unified Special Education K-12 & Elementary/Middle K-9 are not eligible to pursue this certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will acquire knowledge of disability as a form of diversity, what inclusion looks like in the PK-12 school setting, professional collaboration, behavior and classroom management, and approaches for including students with a variety of disabilities in the general education classroom.
- Students will acquire and apply inclusive classroom teaching practices focused on academics, behavior and classroom management, social skills, creating inclusive environments and classroom/school culture through a collaborative approach to educating students with disabilities alongside their peers without disabilities.

Special Education, Unified Special Education K-12 & Elementary/Middle, Comprehensive Major

(Code 950-070)

(Code 950-071 online degree completion)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Camp5.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit

Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)	One (1) learning experience
Responsibility Goal	
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)	

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

Abbreviation	Full Title
Resident	2.75 average
Total	2.75 average
Major	2.75 average
Minor (for certification only)	2.75 average

3. Residency requirements:

Abbreviation	Full Title
Minimum Total	30 credits
Senior Year	23 credits
Major, in upper division courses	12 credits
Comprehensive Major, in upper division courses	21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Admission Requirements

Criteria for Admission

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.

3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus, the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete Writing 114, 116, 118, or 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SEIP 208, ES 212 or the equivalent) with a grade of C or better.

Application Procedure

Formal application to the professional program must be made. **The number of students admitted to a program is limited by resources available.**

Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the College of Education and Human Sciences and the College of Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates

must pass the OPI/OPIc within three years prior to the start of student teaching.

All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

Major Requirements

(Code 950-070)

(Code 950-071 online degree completion)

Code	Title	Credits
Required courses in Early Childhood (PK-3rd grade) Content & Methods		9
UEC 322	Play and Sensory Pedagogy	3
UEC 424	Inclusive Numeracy and Math: 0-8	3
UEC 425	Integrated Curriculum and Inquiry	3
Required courses in Elementary and Middle Level Content & Methods		15
UEM 301	Inclusive Early Literacy & Reading	3
UEM 324	Language and Cultural Diversity	3
UEM 433	Inclusive Literacy Methods in Grades 4-9	3
UEM 436	Inclusive Math Content, Instruction, and Interventions Grades 4-9	3
UEM 438	Inclusive Science and Social Studies Methods Grades 4-9	3
Required courses in Special Education & Inclusive Practices Courses (Inclusive K-12) Content & Methods Courses		36
CSD 257	Normal Communication Development	3
SEIP 200	Introduction to Diverse Learners	3

SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	3
SEIP 306	Applied Behavior Analysis for Teachers	3
SEIP 331	Special Education Policies, Procedures, and Planning	3
SEIP 340	Introduction to Mild Disabilities	3
SEIP 401	Assessment of Students with Disabilities	3
SEIP 402	Collaboration for Student Success	3

ES 385	Social Foundations: Human Relations	3
AND another learning experience		
R3 (Civic and Environmental Issues)		
SEIP 200	Introduction to Diverse Learners (included in major)	3
I1 (Integration)		
UEM 407	Inclusive Education Practicum	1

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- become critically engaged educators who are collaborative leaders, critical consumers of knowledge, and are committed to responsive pedagogy.
- demonstrate pedagogical competence by developing and implementing lessons that incorporate elements of UDL and address the learning needs of all students in both special education and inclusive general education classrooms.
- demonstrate competence in all DPI accreditation requirements including Wisconsin Teacher Standards, statutory requirements, ability to teach reading, master of performance assessments (PI 34.021) and pedagogical performance (PI 34.020).

Adaptive Education: Special Programs for Art, Music, and Physical Education Educators

Admission requirements include bachelor's degree, eligibility for art, music, or physical education licensure, and any additional courses deemed necessary.

Course requirements for these programs are as follows:

Art Code	Title	Credits
Select one of the following Introductory courses:		2-3
SEIP 200	Introduction to Diverse Learners	
SEIP 300	Inclusive Practices for Secondary Educators	
SEIP 400	Inclusive Practices for Elementary-Middle Educators	
Select one of the following Characteristics courses:		3
SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	
SEIP 340	Introduction to Mild Disabilities	
UEC 220	Introduction to Inclusive Early Childhood Education	
Select one of the following Methodology courses:		3
UEC 322	Play and Sensory Pedagogy	
SEIP 423	Characteristics and Interventions for Young Children with Low Incidence Disabilities	
Student Teaching		3
SEIP 472	Student Teaching in Special Education	3

Completion of this sequence leads to PK-12 Adaptive Art licensure for art educators.

Music

Please refer to the undergraduate certificate requirements on the Special Education Program Page.

Physical Education

Code	Title	Credits
The following Adaptive Physical Education Methods courses are required:		9
KINS 484	Adapted Physical Activity	3
KINS 487	Assessment in Adapted Physical Education	3
KINS 493	Practicum in Adapted Physical Education	3
AND select one of the following Special Education and Inclusive Practices courses:		3
SEIP 200	Introduction to Diverse Learners	
SEIP 219	Introduction to Developmental Disabilities and Autism Spectrum Disorders	
SEIP 306	Applied Behavior Analysis for Teachers	
UEC 220	Introduction to Inclusive Early Childhood Education	

Completion of this sequence leads to PK-12 Adaptive Physical Education licensure for physical education teachers.

Program Learning Outcomes

Adaptive Art

Students completing this program will be expected to meet the following outcomes:

- Have a basic understanding of how specialized needs impact learning across disciplines, behaviors, and social context.
- Have a basic understanding about the value and role of art and art education for student with disabilities.
- Have a beginning understanding about development in the visual arts and be able to apply this to teaching and learning a variety of learners with disabilities.
- Plan and orchestrate substantive engaging art lessons that reflect good practice and the traditions of art education for students with a variety of needs and abilities.
- Manage a classroom that is inclusive of all students' social, behavioral, and artistic needs

Adaptive Physical Education

Students completing this program will be expected to meet the following outcomes:

- Understand the influence of selected diseases, conditions, and /or disabilities on the learning and performance of physical activities
- Understand the unique needs of physical fitness and motor development of individuals with disabilities
- Develop a positive attitude and understand the needs of individuals with disabilities
- Understand the history, legal mandates, and status of physical activity for individuals with disabilities.
- Understand and use appropriate terminology common to the field of adapted physical activity.
- Understand the issues related to accessibility and implication of accessibility
- To introduce appropriate instruments and testing strategies necessary for assessing the gross motor development and health-related physical fitness levels of persons with disabilities.
- Learn how to administer, interpret, and use the results of assessments to develop individualized education program plans that are utilized in either adapted or general physical education programs for students with disabilities.

College of Nursing and Health Sciences

Kristen Abbott-Anderson, Dean and Educational Administrator (Nursing 103)
Debra Jansen, Associate Dean (Nursing 103/215)

The University of Wisconsin-Eau Claire College of Nursing and Health Sciences educates nurses at the baccalaureate, master's, and doctoral levels. We offer various options for earning a Bachelor of Science in Nursing (BSN) degree. Our traditional pre-licensure undergraduate program is taught both at our main campus in Eau Claire and at our distance education site in Marshfield, Wisconsin, on the University of Wisconsin-Stevens Point at Marshfield campus, with the support of Marshfield Clinic Health System. We offer a BSN Completion program for registered nurses with associate degrees or diplomas in nursing interested in earning a BSN degree. At the graduate level we offer the Master of Science in Nursing (MSN) degree and the Doctor of Nursing Practice (DNP) degree.

Mission Statement of the College of Nursing and Health Sciences

Building on a foundation of excellence, liberal education, and inclusivity, the College of Nursing and Health Sciences fosters the transformation of individuals at the undergraduate and graduate levels into leaders in professional nursing practice, education, and scholarship. High-impact educational experiences, scholarship, and service to our communities enhance the personal and professional growth of students and faculty while promoting life-long learning.

Department:

Nursing

Accreditation

The nursing programs are approved by the Wisconsin State Board of Nursing. The baccalaureate degree program in nursing, master's degree program in nursing, and the Doctor of Nursing Practice program at the University of Wisconsin-Eau Claire are accredited by the Commission on Collegiate Nursing Education (CCNE), 655 K Street NW, Suite 750, Washington, DC 20001, (202) 887-6791, through December 31, 2031.

Baccalaureate Program

The nursing programs are oriented toward the belief that a broad liberal education is an essential foundation for the preparation of professionals. Through the biological and social sciences, the humanities, and the nursing science courses, the concepts of humanity, health, environment, and nursing are interwoven in a curriculum that clinically addresses nursing across the lifespan of health-care recipients.

Marshfield Site

In addition to the Eau Claire campus, some students have been admitted to our distance education site in Marshfield, Wisconsin, on the University of Wisconsin-Stevens Point at Marshfield campus, in cooperation and with the support of Marshfield Clinic Health System. Questions regarding the Marshfield Site should be directed to the College of Nursing and Health Sciences Marshfield Site Director.

Program/Student Learning Outcomes

Students graduating from UW-Eau Claire with the Bachelor of Science in Nursing degree demonstrate accomplishment of the AACN Essentials* through:

1. Integrates nursing knowledge with a liberal education foundation and knowledge from other disciplines.
2. Provides holistic, compassionate, coordinated, just, respectful, and developmentally appropriate nursing care that is client-focused and evidence-based.
3. Promotes population health through collaboration, advocacy, and implementation of policies that improve health, health equity, and crisis preparedness.
4. Understands the role of scholarship in nursing practice and uses evidence to improve health and healthcare.
5. Applies principles of safety, risk management, and quality improvement in nursing practice.
6. Intentionally collaborates with care team members including patients, families, communities, stakeholders, and other professions.
7. Coordinates resources across complex healthcare systems to provide safe, quality, and equitable care to diverse populations.
8. Uses informatic processes, technologies, and data to guide, manage, and improve the delivery of healthcare.
9. Demonstrates the formation and cultivation of the professional nursing identity and ethical conduct.
10. Participates in activities that foster personal health and well-being, career-long learning, professional resilience, and the development of nursing expertise and leadership attributes.

**The Essentials: Core Competencies for Professional Nursing Education, AACN 2021*

Costs, Transportation, and Computer Laptop Access

Nursing is a professional discipline, and students enrolled in the nursing program must anticipate some additional costs that are directly related to the nursing program. These include, for example, nursing differential tuition, uniforms, nursing textbooks, health requirements, personal health insurance, background checks, application and course fees, some clinical equipment (e.g., stethoscope, skills laboratory supplies), and transportation associated with clinical experiences. Students must have means of transportation to and from clinical sites throughout the program, especially since clinical experiences may occur outside of Eau Claire or Marshfield and standard Monday through Friday times, e.g., experiences may occur on weekend, evening, or night shifts. Note that textbook costs can be high, particularly in the early nursing courses; however, many of the books continue to be utilized in subsequent semesters. Additionally, admitted students should have wireless laptop access (with webcam and microphone, not a Chromebook, tablet, iPad, or Surface Pro due to software compatibility issues--see L (<https://www.uwec.edu/academics/college-nursing-health-sciences/departments-programs/nursing/academic-offerings/majors-minors/bachelor-nursing/admission-requirements/>)aptop Requirements (<https://www.uwec.edu/academics/college-nursing-health-sciences/about/laptop-requirements/>)). Courses at the Marshfield Site carry fees in addition to the typical undergraduate tuition. Contact the Associate Dean or Marshfield Site Director for details.

Financial Assistance

Nursing students applying for financial assistance will be considered by the Financial Aid Office on the same basis as other university students. Application forms for financial assistance are available from Blugold Central. Information regarding scholarships available to students after admission to the nursing program is available on the College of Nursing and Health Sciences (<https://www.uwec.edu/academics/college-nursing-health-sciences/departments-programs/nursing/explore-opportunities/scholarships/>) website and on the university's scholarship page.

Clinical Experiences

Various health and social agencies and institutions are utilized for student learning experiences. Experiences are provided through facilities such as hospitals, schools, nursing homes, public health agencies, child day-care centers, and other community health agencies. Students are responsible for transportation to and from clinical experiences. Some clinical experiences are in other communities and may occur outside of standard Monday through Friday times, e.g., experiences may occur on weekend, evening, or night shifts. Students are expected to abide by clinical agency policies, including, for instance, smoking/vaping/tobacco use policies, HIPPA requirements, etc.

Organizations and Activities

Membership in the National Student Nurses' Association and the Wisconsin Student Nurses' Association is achieved through joining the Eau Claire Student Nurses' Association. The organization meets regularly to promote the aims of nursing education and provide students experience with respect to the issues and operations of the professional nursing organizations.

UW-Eau Claire students with a faculty advisor comprise the Northwestern Wisconsin Chapter of the American Assembly for Men in Nursing. The chapter is part of the larger American Assembly for Men in Nursing (AAMN) organization and is open to all genders.

Sigma Theta Tau International (now referred to as Sigma) is the Nursing Honor Society. Membership in the local Delta Phi Chapter is by invitation to juniors, seniors, graduate students, and members of the community who demonstrate outstanding academic, scholarship, and leadership potential.

Study Abroad Program

Summer study abroad health profession options in Puebla, Mexico and Valladolid, Spain may be especially appealing to students in nursing and other majors with an interest in health care. Summer Latin American culture and Spanish language experiences also are available in Costa Rica. Students expecting to take first semester senior nursing courses during a fall term may consider a nursing study abroad opportunity available through the University of Evansville at Harlaxton, England.

Academic Regulations

Students who are enrolled in nursing courses are expected to arrange for make-up of all class and laboratory work missed, regardless of the reason for the absence. If the absence is anticipated, arrangements for make-up should be made prior to the absence. It may not be possible for faculty to provide make-up opportunities for all experiences. Students who have missed an excessive portion of the course may be advised to withdraw. Please also refer to the College Admission Requirements and the Nursing Overview for additional academic regulations.

Incompletes and Full-time Nursing Course Load Expectations

A grade of "incomplete" is allowed only when illness or other extenuating circumstances beyond the student's control have interfered with completion of the course and the plan for completion is a clearly viable alternative for meeting the course objectives. Students may not progress to courses that have a prerequisite course in which a mark of "incomplete" has been received. For the traditional undergraduate nursing program, students are not allowed to progress further in the nursing program until the course with the incomplete grade is successfully completed. The nursing courses for each term of the traditional program have been designed to be taken together. Therefore, students in the traditional program are expected to be enrolled full-time in

the required nursing courses and are not to be withdrawing from individual courses.

Unsatisfactory Grades in Nursing Courses (Grade of less than C)

Any of the following may result in an unsatisfactory grade in a nursing course:

- Clearly unsatisfactory achievement in either the theoretical or the practicum component of a nursing course.
- Failure to meet clinical behavior expectations.
- Failure to meet minimum exam average requirements.
- Failure to submit course assignments or projects.
- Failure to meet make-up requirements in relation to course work missed.
- Failure to appear for the final examination, unless prevented by illness or other emergency from taking the examination at the scheduled time.
- Offenses as defined by the University of Wisconsin Board of Regents in chapter UWS 17 and published on the Dean of Students website.
- Failure to comply with attendance policy as stated in writing by the instructor.

Nursing Student Progression

1. Students must receive a satisfactory clinical evaluation in each of the critical areas on a summative clinical evaluation of a course. These areas are:
 - a. Effective noticing (focused observation, recognizing deviations from expected patterns, and information seeking);
 - b. effective interpreting (prioritizing data and making sense of data);
 - c. effective responding (calm, confident manner, clear communication, well-planned intervention/flexibility, and being safe and skillful);
 - d. effective reflecting (evaluation/self-analysis and commitment to improvement);
 - e. respectful and professional behavior;
 - f. professional attire;
 - g. professional values; and
 - h. accountability and responsibility for own professional behavior.
2. If a student demonstrates deficiencies that the instructor determines are clearly unsafe or unprofessional behaviors, the student will be immediately removed from the clinical situation.
3. Allowing students to do remedial work in a required nursing course is a course faculty decision.
4. Remedial work not completed before the end of a semester will result in the student receiving an incomplete or a failing grade.
5. A student may repeat only two required nursing courses. Only one of these repeated courses may be a clinical course. Failure in or withdrawal from a third nursing course, or a second clinical course, will result in dismissal from the program.
6. A second instance of probation within the college will result in termination from the program.
7. When a faculty member has determined that a student has failed a clinical component of a course at any point during the semester, a course grade of F will be assigned and the student cannot withdraw from the course.
8. Students must earn a grade of C or better in required nursing and required non-nursing courses (e.g., biology, chemistry, stats, human development).

Termination from Program

A student may be terminated from the nursing program for any of the following reasons:

- Failure to regain good standing.
- A second instance of probation within the college.

- Failure to demonstrate the potential for consistently safe and responsible nursing practice.
- Likelihood that a student's condition or prior experience will adversely affect the student, other persons, the university, an agency or unit used for clinical practice, or the patients or clients served.
- Failure in or withdrawal from a third nursing course or a second clinical course.

A student who has been notified of termination may appeal for reinstatement. Termination from the program constitutes dismissal from the nursing program only. A student's status within the university is not affected provided the university standards for good standing are met.

Dean's List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean's List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

- earn a minimum of 12 credits.
- be in good academic standing.
- earn a minimum semester GPA of 3.70.
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- have no courses below the 100 level.
- have no repeats.
- have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470).

Dean's List students will receive notification and congratulations from the Dean.

Credit by Examination Policy

Selected undergraduate nursing courses are available to eligible students for credit by examination. Credit for a maximum of two clinical nursing courses may be earned by examination. No more than 20 credits in nursing may be earned through credit by examination. Prerequisite courses must be completed prior to pursuing credit by examination. Each clinical nursing course examination will include instructor observation of student clinical performance, along with other examinations, check-offs, or portfolio reviews, as needed. Objective and/or essay components of the examination must be completed successfully before assignment, clinical examination, and/or portfolio evaluation are attempted.

Students interested in receiving credit by examination for nursing courses should see the nursing department chair for more information.

Certificates, Minors, Second Majors

The nursing major is comprehensive; therefore minors or certificates are not required. Nevertheless, interested students may select a certificate, minor, or second major in a non-nursing field. The Spanish for Health Professionals minor (Code 320-408) is designed for students in nursing or other health-care related professions who desire a proficiency in the Spanish language. (See Department of Languages for program requirements.) Completion of a certificate, minor, or second major will require credits beyond the minimum necessary for graduation from the university. Scheduling difficulties may be encountered when attempting to complete a certificate, minor, or second major. See the major/minor concentration policies in the section on University

Graduation Requirements. Students who select a minor or second major must obtain an academic advisor in that area.

Departmental Honors in Nursing Program

The purpose of the Departmental Honors in Nursing Program is to provide an opportunity for students to discover nursing knowledge in a specific topic area using advanced scholarship abilities beyond the student learning outcomes of the baccalaureate nursing program. The program, usually on hold, is offered as resources allow. Nursing Honors students will:

1. Demonstrate professional motivation and commitment to the contribution of nursing knowledge by participating in a scholarly project that engages the student in any of the following formats: research, evidence-based practice, service project with a health care/community partner, and/or leadership.
2. Demonstrate some or all of the following scholarly behaviors with abundant depth and breadth through the scholarly project:
 - a. Formation of a focused practice/academic/management problem or need
 - b. Retrieval, appraisal, analysis, and synthesis of scholarly literature/evidence
 - c. Collaborative design of a scholarly project to meet the identified need
 - d. Implementation of the scholarly project
 - e. Dissemination of the results of the scholarly project in a professional format (oral or poster presentation, manuscript, or other).
3. Cultivate professional relationship(s) with Nursing Honors Advisor and/or other significant professional partners.

Eligibility. Nursing students with resident and total GPAs of 3.50 or higher may be admitted.

Application. A written application shall be approved by the Dean of the College of Nursing and Health Sciences and the Nursing Honors Committee.

Requirements for Completion. See Blugold Insider/University intranet or Department Chair for the most up-to-date requirements, guidelines, and availability of the program.

Admission

All students interested in nursing must first apply for admission to the university following the regular university admission procedures and are assigned an academic adviser by the university. Application for admission to the nursing program is a subsequent step and depends upon meeting specific admission requirements.

The College of Nursing and Health Sciences welcomes the opportunity to give guidance in program planning to students in high school who have chosen nursing or are considering it as a career. These students are encouraged to include courses in high school which provide the best foundation for study at the university and in the major field. Strong preparation in the sciences, particularly biology and chemistry, is needed, as students are expected to be able to master depth and detail in the university science courses. Recommended courses for high school are:

English	4 units
Chemistry	1-2 units
Physics	1 units
Biology	1-2 units
Foreign Language ¹	2 units

Algebra	2 units
Geometry	1 units
History	1-2 units
Social Studies	3 units
Speech	1 units

¹ Two units of one language, e.g., French, German, Spanish.

Admission to the Traditional Undergraduate Pre-licensure Nursing Program

Formal application to the traditional undergraduate pre-licensure nursing program must be made. A student must first be admitted to UW-Eau Claire as a pre-nursing student and be in good standing before applying to the nursing program. Students are encouraged to apply to the nursing program during the semester in which 30 credits will be completed. The deadlines for filing applications to the College of Nursing and Health Sciences nursing program are May 1 and December 1 for the Eau Claire campus.

In order to be considered for admission to the nursing program, one must have (also see notes):

1. been accepted as a pre-nursing student in the University in good standing.
2. completed at least 30 semester credits, not including courses for nursing assistant certification, with a total cumulative GPA of at least 3.00.
3. completed at least three of the five required natural science courses, two of which are laboratory science courses, with a GPA of at least 2.50.
4. earned a grade of C or above in all courses required for nursing.
5. completed and submitted all application materials including but not limited to quality essay and nonrefundable application fee(s).
6. completed all clinical and health record, CPR certification, background check, and other related requirements upon admission to the program.

Notes: Following admission to the Nursing Program, evidence of certification as a Nursing Assistant must be submitted prior to registration for sophomore nursing courses. Remedial coursework (e.g., MATH 20) does not count towards the 30 required credits. CHEM 105 and CHEM 106 together constitute one course for the purpose of the nursing admission criteria; must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two). See Academic Standards.

Other data utilized by the Admissions Committee are derived from a variety of sources including but not limited to applications for admission to the University and the nursing program, high school transcript showing rank in class, previous collegiate records, and standardized tests such as ACT or SAT. International, non-native speakers of English applying to an undergraduate nursing program must have a TOEFL score as follows: TOEFL Written >560 (or IELTS score of 6.5); or TOEFL (CBT) >220; or TOEFL (iBT) >83.

The College may find it necessary to deny admission to a qualified applicant because of enrollment limits in the professional program. Depending on the number of qualified applicants, it is likely that the GPA required to be competitive for admission may be well above the 3.00 minimum cumulative GPA.

The University of Wisconsin-Eau Claire Marshfield instructional site is not approved by the U.S. Department of Homeland Security to issue I-20s or host F visa holders.

The Nurse Scholars Program provides conditional admission to the nursing program for those high achieving pre-nursing students who have been invited to enter the Nurse Scholars and University Honors programs (see University

Honors) at the time of admission to the University. Students eligible for the Nurse Scholars Program are identified at the time of admission to the University and must accept the offer when invited. Students switching majors from or to nursing are not eligible. The Nursing Dean's office contacts the students who are eligible for the program. Eligibility is determined by identified major, high school class rank, ACT score, and admission to University Honors. To maintain Nurse Scholar eligibility for admission to the nursing program, the pre-nursing student must continue to major in nursing (cannot switch majors) and meet specific UW-Eau Claire credit, GPA, and Honors course criteria, as well as additional admission requirements as applicable to all pre-nursing students. Further information is available from the Associate Dean for the college. Pre-nursing students participating in University Honors who believe they mistakenly may not have received a Nurse Scholar invitation must contact the Associate Dean no later than mid-August, prior to starting courses at UW-Eau Claire.

Admission to the BSN Completion Program

The BSN Completion Program is for practicing registered nurses with an associate degree or diploma in nursing from an accredited nursing program who wish to obtain a Bachelor of Science in Nursing (BSN) degree. Formal application to the BSN Completion Program must be made in the semester prior to enrolling in nursing courses.

To be considered for admission to the BSN Completion Program, students must have (also see notes):

- Graduated with an associate degree in nursing from a nationally accredited nursing program with a minimum grade point average of 2.50.
- A current Wisconsin or Minnesota RN license.
- Been admitted to UW-Eau Claire in good standing.
- Completed at least 30 credits of transferable liberal education/general education courses with a total grade point average of at least 2.50.
- Completed at least three of the five required science courses, with a grade point average of at least 2.50.
- Earned a grade of C or above in all courses required for nursing.
- Completed and submitted all application materials (including but not limited to: application, nonrefundable application fee(s), official transcript from associate degree or diploma program, evidence of Wisconsin or Minnesota RN licensure).

Notes: Examples of national accreditation for nursing programs include NLN, NLNAC, and ACEN. CHEM 105 and CHEM 106 together constitute one course for the purpose of the nursing admission criteria. If completed courses at UWEC, resident GPA must be at least 2.50 or better (a requirement to be in good standing in nursing). Wisconsin or Minnesota RN licensure required for full admission and must be maintained throughout the program. Appropriate RN licensure required for clinical placement.

Health/Clinical Requirements

Admitted students must present evidence of having met current health requirements, such as immunity against diphtheria, pertussis, tetanus, varicella, rubeola (measles), mumps, rubella, and hepatitis B, annual influenza vaccination, and tuberculin skin testing (evidence of two-step TB skin test is required if the student has never been tested for TB). Please refer to the specific health requirement information delineated on the College (<https://www.uwec.edu/academics/college-nursing-health-sciences/departments-programs/nursing/about/current-students/>) website. Additional vaccinations and testing including laboratory titers and medical follow-up may be required. To secure admission acceptance, all health requirements, evidence of CPR certification, background check information, etc. must be submitted and approved, along with the appropriate fee(s).

Admitted students must maintain their immune status against infectious diseases. Tuberculin skin tests are offered at the Student Health Service. Any student whose skin test converts from negative to positive while enrolled in the program must have a chest X-ray and a medical evaluation, and provide a statement of the clinician's findings and recommendations. Besides the specific health and clinical requirements delineated on the college website, students at the Marshfield Site also must follow the health and clinical requirements of Marshfield Clinic Health System to participate in those clinical rotations. Annual interferon-gamma release assays (IGRAs) including QFT-Gold and T-Spot results may be acceptable in lieu of TB skin test results. Students are not permitted to participate in clinical course work and experiences unless all immunizations, TB tests, CPR certification, background checks, and other health or clinical requirements are current and cleared/approved. Clinical facilities may have additional requirements, such as COVID-19 vaccinations, which must be met. Non-immune status may affect clinical placement and ability to progress or complete the program. BSN Completion program and graduate students must have current and appropriate RN licensure for admission and for clinical placement and participation; the RN licensure must be maintained throughout the duration of the program, including Wisconsin or Minnesota RN licensure for BSN Completion students and Wisconsin RN licensure for graduate students.

All expenses associated with RN licensure, health surveillance, and care are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the College, the practicum facility, or the practicum institution. In addition, workers' compensation insurance does not cover students while engaged in clinical practice. If a student suffers a needle stick or is injured while in practicum, they are personally responsible to pay for all medical bills and therefore will need personal health insurance.

Due to occupational exposure to blood or other potentially infectious materials, health care workers are at risk of acquiring Hepatitis B Virus infection and other serious infections. Students are considered to be at increased risk for needle-stick injuries. Such accidents can also be costly (e.g., student and patient testing, ER injury management, chemoprophylaxis, and potential illness care). The student, not the College, University, or clinical agency, is responsible for these expenses should an accidental exposure occur during a clinical experience.

Some clinical sites require students to show proof of health insurance; therefore, students are required to maintain health insurance for the duration of their education. Students must be able to provide proof of personal health insurance coverage if requested. Students are under a continuing obligation to notify the dean's office of the college of any lapse in personal health insurance coverage.

Students in need of accommodations are to work with the Services for Students with Disabilities Office to provide documentation and are to contact the appropriate course faculty as soon as possible, preferably prior to the start of each term.

CPR Certification

All applicants must hold Cardiopulmonary Resuscitation (CPR) Certification at the Basic Life Support for Healthcare Providers (American Red Cross) or Basic Life Support (BLS) Provider (American Heart Association) level. Evidence of CPR certification must be submitted at the time of admission. Admitted students must keep their certification current.

Student Background Check Requirements

Based on Wisconsin State law, clinical agencies must have completed background checks for all students. Consequently, the College of Nursing and Health Sciences requires students admitted to the nursing programs to

complete background check materials which are submitted by the students to CastleBranch.com (<https://www.castlebranch.com/>).

CastleBranch.com (<https://www.castlebranch.com/>) conducts Wisconsin and out of state criminal record and healthcare fraud and abuse searches, and includes the Wisconsin Department of Health and Family Services (DHFS) Background Information Disclosure (BID), a release for a Wisconsin Department of Justice Criminal Background Check. More information regarding the Wisconsin Caregiver Law can be obtained from DHFS's (<https://www.dhs.wisconsin.gov/>) Web site. Students participating in clinicals in Minnesota may be required to complete further background checks (with associated fees). Additional, including out of state background checks (with associated fees) may be required by the college and by the clinical agencies. Clinical agencies may conduct further background checks. In addition to providing student background check findings, some clinical agencies require the College to submit photo images of students for identification and safety surveillance purposes.

Final admission status to the nursing program is contingent upon return of criminal background check(s) with no findings that would prevent participation in the program. Because of background check or BID findings, clinical agencies may refuse placement of students. This may prevent progression in or completion of the program. The findings also may affect future licensure, licensure good standing, and employment. A criminal history is not an automatic bar to clinical agency placement, program progression, licensure/certification, and/or future employment. Admitted students are under a continuing obligation to notify the Dean's Office at the College of Nursing and Health Sciences of any new or pending charges or violations of federal, state, and local laws or the campus student conduct code, or RN licensure encumbrances or status changes that occur at any future date and during their tenure as College of Nursing and Health Sciences students. Failure to notify the college may result in loss of good academic standing in the college and an inability to progress in the program.

Transfer Students

Any student anticipating transfer to the university for the nursing degree is urged to consult the university Admissions Office as early as possible for information about GPA and course requirements for admission and for the degree requirements (see specific nursing program admission requirements). Official review of the student's academic record is made by the University Office of Admissions.

Applicants to the nursing program who have completed nursing courses in an accredited baccalaureate nursing program at another college or university setting will be considered on an individual basis, but will likely need to complete the nursing application process. Acceptance will be determined by overall quality of academic record and application, space availability, and the articulation of courses with those offered by the College of Nursing and Health Sciences.

Readmission to Nursing Program

Students who withdraw from the program and wish to return for completion must send a letter to the Dean requesting readmission to the nursing program at least three months in advance of the desired readmission date. Applicants must meet the current admission requirements of the nursing program. Students likely may be asked to reapply to the program, especially if significant time has passed or if curricular changes or other circumstances have occurred.

Readmission consideration will be given to the length of absence, the reasons for withdrawal, the student's ability to achieve and academic standing, progress made to rectify any previous concerns or difficulties, and the availability of spaces in the clinical courses in which the student would enroll. If

readmission is granted, the remaining program will be planned as considered best for the student and according to the current curriculum.

College Graduation Requirements

Degree Requirements

To qualify for the degree of Bachelor of Science in Nursing, the candidate must present at least 120 semester credits with a total and resident GPA of at least 2.50; must meet all university requirements for graduation; and must meet all nursing program requirements for the degree.

Satisfactory/Unsatisfactory Policy. No course required for the degree in nursing may be taken on a Satisfactory/Unsatisfactory basis. Audit enrollment is not allowed.

Nursing

The University of Wisconsin-Eau Claire College of Nursing and Health Sciences Department of Nursing educates nurses at the baccalaureate, master's, and doctoral levels. We offer various options for earning a Bachelor of Science in Nursing (BSN) degree. Our traditional pre-licensure undergraduate program is taught both at our main campus in Eau Claire and at our distance education site in Marshfield, Wisconsin, on the University of Wisconsin-Stevens Point at Marshfield campus, in cooperation and with the support of Marshfield Clinic Health System. We offer a BSN Completion program for registered nurses with associate degrees or diplomas in nursing interested in earning a BSN degree. At the graduate level we offer the Master of Science in Nursing (MSN) degree and the Doctor of Nursing Practice (DNP) degree.

Mission Statement of the Department of Nursing

The purpose of the University of Wisconsin-Eau Claire Department of Nursing is to provide a scholarly environment in which faculty and students gain and extend knowledge of health, health care, and the practice of professional nursing. The Department of Nursing is dedicated to accomplishing this mission using traditional, as well as technology-based instructional strategies and a variety of innovative and diverse teaching methods.

The Nursing Department shares the mission of the university and the college by building upon the foundational values of transformative liberal education, inclusivity, and educational excellence.

The select mission of the Nursing Department is to:

1. Educate nurses to lead within diverse, complex environments
2. Promote health and the public good through ethical leadership, collaboration, and practice
3. Contribute to knowledge development for health and nursing
4. Serve the broader missions of the college and university

Academic Standards

The following scholastic standards must be maintained by students after admission to the nursing program if they are to be considered in good standing:

1. Achieve a semester GPA of at least 2.25;
2. Maintain a resident GPA of at least 2.50;
3. Achieve a grade of at least C in each specific course required by nursing.

Note that a total and resident GPA of at least 2.50 is needed to graduate with a Bachelor of Science in Nursing (BSN) degree. If a student fails to meet any of the academic standards, the student is placed on probation in the College

of Nursing and Health Sciences and must successfully appeal to continue in the program. Appeal success is not guaranteed. The student who is placed on probation in the college will be officially notified of the change in academic standing and will be required to negotiate, with the associate dean of the college, a contract designed for regaining good standing. Failure to submit an appeal to continue in the nursing program by the designated due date assumes the student no longer wishes to continue in the nursing program and constitutes withdrawal from the nursing program. Should a grade of less than C in a specific course required by nursing, including non-nursing courses, be a factor in the probationary status, the student must repeat that course before earning credit for any course for which the repeated course is a prerequisite. For the traditional undergraduate nursing program, students are not allowed to progress further in the nursing program until the course with the less than satisfactory grade is successfully completed. No more than one instance of probation within the nursing programs is allowed. Please also refer to the college academic regulations listed in the College Overview and to the nursing student handbooks available in Blugold Insider.

Summary of Course/Credit Requirements

Required Non-Nursing Courses

CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	5
CHEM 150	Survey of Biochemistry	3
BIOL 214	Human Anatomy and Physiology I	4
BIOL 250	Microbiology	3
BIOL 314	Human Anatomy and Physiology II	4
PSYC 230	Human Development ²	3
MATH 246 or PSYC 265	Elementary Statistics Statistical Methods in Psychology I	4
S1 course (excluding Writing Requirement courses)		3

Liberal Education (LE) Requirements

This table shows how the above courses meet the Liberal Education Requirements

K1 Natural Sciences (two experiences, one with lab)

CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	5
CHEM 150	Survey of Biochemistry	3
BIOL 214	Human Anatomy and Physiology I	4

K2 Social Sciences (two experiences)

PSYC 100	Introduction to Psychology ²	3
PSYC 230	Human Development (PSYC 100 is a prerequisite)	3

K3 Humanities (two experiences)

Need two K3 experiences/courses

K4 Fine Arts (one experience)

Need one K4 experience/course

S1 Written and Oral Communication (two experiences)

WRIT 116	Blugold Seminar in Critical Reading and Writing (or appropriate Blugold Seminar Critical Reading and Writing course)	5
----------	--	---

Need 2nd S1 experience/course

S2 Mathematics (one experience)

MATH 246	Elementary Statistics	4
----------	-----------------------	---

S3 Creativity (one experience)

NRS 428	Practicum: Nursing Leadership I ³	3
or CND 480	Nursing within Systems: Analysis and Application	

R1 Equity, Diversity, and Inclusivity (two experiences including one Design for Diversity course)

PSYC 230

Need 2nd R1 experience/course including Design for Diversity (DDIV) requirement

R2 Global Perspectives (one experience)

Need one R2 experience/course

R3 Civic and Environmental Issues (one experience)

Need one R3 experience/course

I1 Integration (two experiences)

NRS 428 or CND 480³

Need 2nd I1 experience/course

Service Learning

NRS 428 or CND 480³

¹ CHEM 105 and CHEM 106 required. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).

² PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a K2 experience.

³ NRS 428 required for students in the traditional undergraduate nursing program; CND 480 required for students in the BSN Completion Program. Meet the Service-Learning and S3 requirements; provide one integration (I1) experience.

Majors

The University of Wisconsin-Eau Claire College of Nursing and Health Sciences educates nurses at the baccalaureate, master's, and doctoral levels. We offer various options for earning a Bachelor of Science in Nursing (BSN) degree.

Our **traditional pre-licensure undergraduate program** is taught both at our main campus in Eau Claire and at our distance education site in Marshfield, Wisconsin, on the University of Wisconsin-Stevens Point at Marshfield campus, in cooperation and with the support of Marshfield Clinic Health System. Following admission to UW-Eau Claire, students interested in the traditional pre-licensure program at Eau Claire apply through the college to the Eau Claire campus. Please see the admission requirements. The traditional program is full-time, with 12 credits of required nursing courses taken concurrently each term, beginning with the second semester sophomore nursing courses. Students are expected to be enrolled full-time in the required nursing courses while completing the 60 nursing credits.

- Comprehensive Major: Nursing, Eau Claire Program - B.S.N.
- Comprehensive Major: Nursing, Marshfield Program - B.S.N.

We offer a **BSN Completion program** for registered nurses with associate degrees or diplomas in nursing interested in earning a Bachelor of Science in Nursing (BSN) degree. The BSN Completion Program, also referred to as the Collaborative Nursing Program (CNP)/BSN@Home Program, is a joint effort of the six nursing programs in the Universities of Wisconsin (UW-Eau Claire, UW-Green Bay, UW-Madison, UW-Milwaukee, UW-Oshkosh, & UW-Stevens Point). Students participating in the program select one of the six universities as their "home" institution and must complete the degree requirements of their home institution. Core nursing courses of the BSN Completion Program are offered online by the nursing programs. Please see the admission requirements.

- Comprehensive Major: Nursing, B.S.N Completion Program (Collaborative Nursing Degree) - B.S.N.
- Comprehensive Major: Nursing, WTCS Associate Degree in Nursing B.S.N. Completion Program (Collaborative Nursing Degree) - B.S.N.

Minors

A topical minor is composed of 24 semester credits selected by the student to meet the student's own interests and scholarly objectives. The topical minor must include courses from at least two departments, with no more than 12 credits from any one department and no more than 12 credits from Nursing. Courses for the minor may be chosen on the basis of a coherent theme, a definable professional need, or a complementary relation to the student's major. The topical minor is not intended to duplicate any major or minor offered as a regular program.

- Minor: Topical Minor

Master of Science in Nursing (MSN)

The graduate program leading to the Master of Science in Nursing degree is designed to prepare nurses to assume leadership and scholarship roles in professional nursing in the areas of nursing education or nursing administration/leadership & management. Students choose an adult-gerontologic or family population focus and functional role preparation in nursing education or administration/leadership & management. After admission to the program, the student must complete approximately 39-40 graduate credits for the MSN degree. Completion of the program usually requires four semesters and a winterim session. Individuals interested in pursuing the nurse practitioner or clinical nurse specialist role preparations at UW-Eau Claire need to apply to the post-baccalaureate Doctor of Nursing Practice (BSN-to-DNP) degree option, in keeping with the American Association of Colleges of Nursing (AACN) recommendation to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level.

More specific information is available in the Graduate Catalog or from the Nursing Graduate Programs Director, College of Nursing and Health Sciences.

Doctor of Nursing Practice (DNP)

The College of Nursing and Health Sciences offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered. The MSN-to-DNP option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. More specific information is available online from the college website (<https://www.uwec.edu/academics/college-nursing-health-sciences/>) or from the Nursing Graduate Programs Director, College of Nursing and Health Sciences.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

- ¹ Certain programs exceed this minimum.
- ² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS	a minimum of 36 credits
Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)	One (1) learning experience
---	-----------------------------

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)	Two (2) learning experiences
---	------------------------------

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)	One (1) learning experience
--	-----------------------------

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)	One (1) learning experience
---	-----------------------------

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)	Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)	30 hours
--	----------

Admission Requirements

Admission to the Professional Nursing Program.

Major/Degree Requirements

(Code 700-005)

UW-Eau Claire, together with other UW institutions offering nursing programs, developed a collaborative degree completion program for registered nurses. Students naming UW-Eau Claire as their home institution in the BSN Completion Program receive student services from this university. Liberal education requirements can be taken at any institution where equivalent transfer credit can be obtained. Transfer courses must meet the overall UW-Eau Claire liberal education requirements if the degree is to be obtained from UW-Eau Claire. The nursing courses in the program are taught online, including the foundational course (CND 310) and the didactic portion of the capstone clinical course (CND 480) (see nursing courses with CND prefix). The nursing major for the Bachelor of Science in Nursing (BSN) degree is comprehensive. Students taking a comprehensive major are not required to declare a minor or certificate in another area. However, students who are interested in a minor or certificate are encouraged to discuss options with their advisor. Students must also seek an advisor in the area of the minor.

To qualify for the Bachelor of Science in Nursing (BSN) degree, students must complete at least 120 semester credits with a total and resident GPA of at least 2.50; must meet all university requirements for graduation; and must meet all nursing program requirements for the degree, including satisfactory completion of statistics and biochemistry.

Satisfactory/Unsatisfactory Policy: No course required for the degree in nursing may be taken on a Satisfactory/Unsatisfactory basis. Audit enrollment is not allowed.

Summary of Nursing Courses/Credits for B.S.N. Completion Program

Code	Title	Credits
Sixty semester credits, including:		
CND 310	Bridge to Professional Nursing ¹	2
CND 407	Foundations of Professional Nursing Practice	3
CND 441	Chronic Care Management	3
CND 446	Research and Evidence-Based Practice ²	3
CND 447	Leadership & Management	3
CND 453	Information Management and Healthcare Technology	3
CND 454	Community Health Nursing	3
CND 480	Nursing within Systems: Analysis and Application ³	4
Credit by confirming course for prior nursing education ¹		30
Nursing Electives ⁴		6
Total Credits		60

¹ Confirming credit provided following completion of CND 310, the first CND core course, if completed with a grade of B or above. Students must be fully admitted and in good standing with the College to receive the confirming credit.

² Prerequisite: MATH 246 or equivalent with a grade of C or above.

³ CND 480 meets the university Service-Learning and S3 requirements; provides one integration (I1) experience. Capstone course to be taken during final term. CND 310 and CND 407 are prerequisites.

⁴ Nursing electives must be at the upper division (300 or higher) level and taught by nursing faculty/instructors.

Code	Title	Credits
Required Non-Nursing Courses:		
CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	5
CHEM 150	Survey of Biochemistry	3
BIOL 214	Human Anatomy and Physiology I ²	4
BIOL 250	Microbiology ³	3
BIOL 314	Human Anatomy and Physiology II ²	4
PSYC 230	Human Development (PSYC 100 is a prerequisite) ⁴	3
MATH 246 or PSYC 265	Elementary Statistics or Statistical Methods in Psychology I	3-4
S1 course (excluding Writing Requirement courses)		3

Liberal Education (LE) Requirements

This table shows how the above courses meet the Liberal Education Requirements

K1 Natural Sciences (two experiences, one with lab)

CHEM 150	Survey of Biochemistry	3
----------	------------------------	---

Select one of the following:

BIOL 250	Microbiology ³	
CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	

K2 Social Sciences (two experiences)

PSYC 100	Introduction to Psychology ⁴	3
PSYC 230	Human Development (PSYC 100 is a prerequisite)	3

K3 Humanities (two experiences)

Need two K3 experiences/courses

K4 Fine Arts (one experience)

Need one K4 experience/course

S1 Written and Oral Communication (two experiences)

WRIT 116	Blugold Seminar in Critical Reading and Writing (or appropriate Blugold Seminar Critical Reading and Writing course)	5
----------	--	---

Need 2nd S1 experience/course

S2 Mathematics (one experience)

MATH 246	Elementary Statistics	4
----------	-----------------------	---

S3 Creativity (one experience)

CND 480	Nursing within Systems: Analysis and Application ⁵	4
---------	---	---

R1 Equity, Diversity, and Inclusivity (two experiences including one Design for Diversity course)

PSYC 230

Need 2nd R1 experience/course including Design for Diversity (DDIV) requirement

R2 Global Perspectives (one experience)

Need one R2 experience/course

R3 Civic and Environmental Issues (one experience)

Need one R3 experience/course

I1 Integration (two experiences)

CND 480 ⁵

Need 2nd I1 experience/course

Service Learning

CND 480 ⁵

¹ CHEM 105 and CHEM 106 required; however general chemistry requirement satisfied following completion of CHEM 150 for BSN Completion students only. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).

² BSN Completion students may substitute anatomy and physiology courses taken for Associate Degree in Nursing (ADN) for BIOL 214 and BIOL 314.

³ BIOL 250 or BIOL 361 count as K1 experiences for BSN Completion Nursing majors. Lab science requirement satisfied through ADN.

⁴ PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a K2 experience.

⁵ CND 480 meets the Service-Learning and S3 requirements; provides one integration (I1) experience.

R.N./B.S.N./M.S.N. Option

The R.N./B.S.N./M.S.N. option facilitates the progression of qualified Registered Nurse students, enrolled in the BSN Completion Program (Collaborative Nursing Program), to progress in pursuing the Master of Science in Nursing (MSN) Program at UW-Eau Claire. This option provides the opportunity for the qualified nurse to earn credits toward the M.S.N. while completing the baccalaureate degree in nursing. This is accomplished by enrolling as a senior undergraduate student in selected graduate courses. Permission must be

obtained from the Nursing Graduate Programs Director of the College of Nursing and Health Sciences prior to enrollment in this option.

The graduate courses serve as confirming courses for up to nine credits in the undergraduate BSN completion curriculum; a grade of C or better is needed to earn the confirming credits. A grade of B or better must be earned in a graduate course in order to be eligible to register for additional graduate courses.

Students approved for this option may enroll in:

Code	Title	Credits
Graduate Courses		
NRSRG 701	Nursing Research: Methods (Fall Semester)	4
NRSRG 715	Leadership and Health Policy in Nursing (Winterim term)	3
Cognate (Varies with Role Preparation)		2

And receive credit for:

Code	Title	Credits
Undergraduate Courses		
CND 446	Research and Evidence-Based Practice	3
CND 447	Leadership & Management	3
Nursing Elective		2

Requirements for eligibility:

- Senior status in nursing: 90 semester credits completed, including two courses in upper division nursing and an undergraduate statistics course (grade of C or higher).
- If a second degree student, prerequisites for nursing, university requirements for a second degree, and two courses in upper division nursing and an undergraduate statistics course (grade of C or higher) must have been completed.
- Cumulative GPA of 3.00 or higher in course work accepted toward the B.S.N.
- Recommendation of the Nursing Graduate Programs Director of the College of Nursing and Health Sciences.

Independent Study

Under the course numbers 399 and 499, the Department of Nursing in the College of Nursing and Health Sciences provides students with opportunities for student-initiated independent study in areas of special interest with guidance of a faculty member.

Eligibility. Independent Study courses are open only to juniors and seniors. A student with a nursing major may elect an Independent Study, provided the student has at least 3.00 resident and total GPAs. Registration requires the permission of the faculty member who agrees to supervise the project and of the department offering the course.

Restrictions. One to three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits in nursing may be counted toward graduation. Independent Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Independent Study eform from the Registrar's Office website and complete the form in consultation with the

supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Directed Study

Courses numbered 295, 395, and 495 offered by the Nursing Department in the College of Nursing and Health Sciences are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility. Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility may be established by the department or published as part of the course description.

Restrictions. One to three credits of Directed Study (295, 395, or 495) may be elected during any semester. A total of no more than six directed study credits in nursing may be counted toward graduation. Directed Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Directed Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Program Learning Outcomes

Students graduating from UW-Eau Claire with the Bachelor of Science in Nursing degree demonstrate accomplishment of the AACN Essentials* through:

1. Integrates nursing knowledge with a liberal education foundation and knowledge from other disciplines.
2. Provides holistic, compassionate, coordinated, just, respectful, and developmentally appropriate nursing care that is client-focused and evidence-based.
3. Promotes population health through collaboration, advocacy, and implementation of policies that improve health, health equity, and crisis preparedness.
4. Understands the role of scholarship in nursing practice and uses evidence to improve health and healthcare.
5. Applies principles of safety, risk management, and quality improvement in nursing practice.
6. Intentionally collaborates with care team members including patients, families, communities, stakeholders, and other professions.
7. Coordinates resources across complex healthcare systems to provide safe, quality, and equitable care to diverse populations.
8. Uses informatic processes, technologies, and data to guide, manage, and improve the delivery of healthcare.
9. Demonstrates the formation and cultivation of the professional nursing identity and ethical conduct.
10. Participates in activities that foster personal health and well-being, career-long learning, professional resilience, and the development of nursing expertise and leadership attributes.

-----------	---	---

- ¹ CHEM 105 and CHEM 106 required. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).
- ² CHEM 150 available spring semesters at UW-Eau Claire and some fall and winterim terms.
- ³ BIOL 250 available fall semesters at UW-Eau Claire and some winterim and summer terms. Course also frequently available at the Wisconsin technical schools.
- ⁴ PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a LE-K2 experience.
- ⁵ LE-S1 course (excluding Writing Requirement courses) required for Nursing.
- ⁶ NRSRG 428 meets the university Service-Learning and LE-S3 requirements; provides one integration (LE-I1) experience.

Independent Study

Under the course numbers 399 and 499, the Department of Nursing in the College of Nursing and Health Sciences provides students with opportunities for student-initiated independent study in areas of special interest with guidance of a faculty member.

Eligibility. Independent Study courses are open only to juniors and seniors. A student with a nursing major may elect an Independent Study, provided the student has at least 3.00 resident and total GPAs. Registration requires the permission of the faculty member who agrees to supervise the project and of the department offering the course.

Restrictions. One to three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits in nursing may be counted toward graduation. Independent Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Independent Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Directed Study

Courses numbered 295, 395, and 495 offered by the Nursing Department in the College of Nursing and Health Sciences are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility. Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility may be established by the department or published as part of the course description.

Restrictions. One to three credits of Directed Study (295, 395, or 495) may be elected during any semester. A total of no more than six directed study credits in nursing may be counted toward graduation. Directed Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Directed Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Program Learning Outcomes

Students graduating from UW-Eau Claire with the Bachelor of Science in Nursing degree demonstrate accomplishment of the AACN Essentials* through:

1. Integrates nursing knowledge with a liberal education foundation and knowledge from other disciplines.
2. Provides holistic, compassionate, coordinated, just, respectful, and developmentally appropriate nursing care that is client-focused and evidence-based.
3. Promotes population health through collaboration, advocacy, and implementation of policies that improve health, health equity, and crisis preparedness.
4. Understands the role of scholarship in nursing practice and uses evidence to improve health and healthcare.
5. Applies principles of safety, risk management, and quality improvement in nursing practice.
6. Intentionally collaborates with care team members including patients, families, communities, stakeholders, and other professions.
7. Coordinates resources across complex healthcare systems to provide safe, quality, and equitable care to diverse populations.
8. Uses informatic processes, technologies, and data to guide, manage, and improve the delivery of healthcare.
9. Demonstrates the formation and cultivation of the professional nursing identity and ethical conduct.
10. Participates in activities that foster personal health and well-being, career-long learning, professional resilience, and the development of nursing expertise and leadership attributes.

*The Essentials: Core Competencies for Professional Nursing Education, AACN 2021

Nursing, Marshfield Program, Comprehensive Major

(Code 700-008)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Liberal Education Core	36
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total

Major or minor maximum ½ of total

Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of **36 credits**

Knowledge Goal	
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)	Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.	
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)	Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)	One (1) learning experience
Skills Goal	
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)	Two (2) learning experiences
One S1 must meet the University Writing Requirement	
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)	One (1) learning experience
One S2 to meet the University Mathematics Requirement	

Skills Outcome 3 (S3): Creativity (<http://catalog.uwec.edu/undergraduate/attribute-S3/>) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (<http://catalog.uwec.edu/undergraduate/attribute-R1/>) Two (2) learning experiences

One R1 must satisfy Design for Diversity (<http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13>)

Responsibility Outcome 2 (R2): Global Perspectives (<http://catalog.uwec.edu/undergraduate/attribute-R2/>) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (<http://catalog.uwec.edu/undergraduate/attribute-R3/>) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (<http://catalog.uwec.edu/undergraduate/attribute-I1/>) Two (2) learning experiences

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

Admission Requirements

Admission to the Professional Nursing Program.

Major/Degree Requirements

(Code 700-008)

The nursing major for the Bachelor of Science in Nursing (BSN) degree is comprehensive. Students taking a comprehensive major are not required to declare a minor or certificate in another area. However, students who are interested in a minor or certificate are encouraged to discuss options with their advisor. Students must also seek an advisor in the area of the minor.

To qualify for the Bachelor of Science in Nursing (BSN) degree, students must complete at least 120 semester credits with a total and resident GPA of at least 2.50; must meet all university requirements for graduation; and must meet all nursing program requirements for the degree.

Satisfactory/Unsatisfactory Policy: No course required for the degree in nursing may be taken on a Satisfactory/Unsatisfactory basis. Audit enrollment is not allowed.

Required Non-Nursing Courses

Code	Title	Credits
CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	5
CHEM 150	Survey of Biochemistry ²	3
BIOL 214	Human Anatomy and Physiology I	4
BIOL 250	Microbiology ³	3
BIOL 314	Human Anatomy and Physiology II	4
PSYC 230	Human Development ⁴	3
MATH 246	Elementary Statistics	4
or PSYC 265	Statistical Methods in Psychology I	
S1 course (excluding Writing Requirement courses) ⁵		3

Required Nursing Courses (60 semester credits)

Code	Title	Credits
NRSNG 245	Pharmacology for Nursing Practice	3
NRSNG 249	Normal and Therapeutic Nutrition in Nursing Practice	2
NRSNG 257	Foundations of Professional Nursing Practice	4
NRSNG 267	Practicum: Foundational Skills for Nursing Practice	3
NRSNG 317	Practicum: Advanced Skills for Nursing Practice	4
NRSNG 327	Nursing Leadership and Systems I	3
NRSNG 337	Nursing Care of Adults and Older Adults I	3
NRSNG 347	Psychiatric and Mental Health Nursing	2
NRSNG 357	Nursing Care of Adults and Older Adults II	4
NRSNG 359	Practicum: Nursing Care of Adults and Older Adults	2
NRSNG 367	Community and Public Health Nursing	3
NRSNG 376	Nursing Care of Women, Infants, and Families	3
NRSNG 424	Nursing Leadership and Systems II	3
NRSNG 428	Practicum: Nursing Leadership I ⁶	3
NRSNG 446	Nursing Care of Children and Families	4
NRSNG 447	Practicum: Nursing Care of Individuals, Infants, Children, and Families	2
NRSNG 457	Nursing Care of Chronically Ill Patients and Their Families	3
NRSNG 467	Seminar: Innovative Solutions to Complex Healthcare Problems	2
NRSNG 477	Practicum: Nursing Leadership II	4
NRSNG 487	Transition to Professional Nursing Practice	3

¹ CHEM 105 and CHEM 106 required. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).

² CHEM 150 available spring semesters at UW-Eau Claire and some fall and winter terms.

³ BIOL 250 available fall semesters at UW-Eau Claire and some winter and summer terms. Course also frequently available at the Wisconsin technical schools.

⁴ PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a LE-K2 experience.

⁵ LE-S1 course (excluding Writing Requirement courses) required for Nursing.

⁶ NRSNG 428 meets the university Service-Learning and LE-S3 requirements; provides one integration (LE-I1) experience.

Independent Study

Under the course numbers 399 and 499, the Department of Nursing in the College of Nursing and Health Sciences provides students with opportunities for student-initiated independent study in areas of special interest with guidance of a faculty member.

Eligibility. Independent Study courses are open only to juniors and seniors. A student with a nursing major may elect an Independent Study, provided the student has at least 3.00 resident and total GPAs. Registration requires the permission of the faculty member who agrees to supervise the project and of the department offering the course.

Restrictions. One to three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits in nursing may be counted toward graduation. Independent Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Independent Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Directed Study

Courses numbered 295, 395, and 495 offered by the Nursing Department in the College of Nursing and Health Sciences are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility. Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility may be established by the department or published as part of the course description.

Restrictions. One to three credits of Directed Study (295, 395, or 495) may be elected during any semester. A total of no more than six directed study credits in nursing may be counted toward graduation. Directed Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Directed Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Program Learning Outcomes

Students graduating from UW-Eau Claire with the Bachelor of Science in Nursing degree demonstrate accomplishment of the AACN Essentials* through:

1. Integrates nursing knowledge with a liberal education foundation and knowledge from other disciplines.
2. Provides holistic, compassionate, coordinated, just, respectful, and developmentally appropriate nursing care that is client-focused and evidence-based.
3. Promotes population health through collaboration, advocacy, and implementation of policies that improve health, health equity, and crisis preparedness.
4. Understands the role of scholarship in nursing practice and uses evidence to improve health and healthcare.
5. Applies principles of safety, risk management, and quality improvement in nursing practice.
6. Intentionally collaborates with care team members including patients, families, communities, stakeholders, and other professions.
7. Coordinates resources across complex healthcare systems to provide safe, quality, and equitable care to diverse populations.
8. Uses informatic processes, technologies, and data to guide, manage, and improve the delivery of healthcare.
9. Demonstrates the formation and cultivation of the professional nursing identity and ethical conduct.
10. Participates in activities that foster personal health and well-being, career-long learning, professional resilience, and the development of nursing expertise and leadership attributes.

Service-Learning Goal

Service-Learning (<http://catalog.uwec.edu/undergraduate/attribute-SL/#header13>) 30 hours

Admission Requirements

Admission to the Professional Nursing Program.

Major/Degree Requirements

(Code 700-006)

WTCS Associate Degree in Nursing/May 1996 or later BSN Completion Program (Collaborative Nursing Degree)

UW-Eau Claire, together with other UW institutions offering nursing programs, developed a collaborative degree completion program for registered nurses. Students naming UW-Eau Claire as their home institution in the BSN Completion Program receive student services from this university. Liberal education requirements can be taken at any institution where equivalent transfer credit can be obtained. Transfer courses must meet the overall UW-Eau Claire liberal education requirements if the degree is to be obtained from UW-Eau Claire. The nursing courses in the program are taught online, including the foundational course (CND 310) and the didactic portion of the capstone clinical course (CND 480) (see nursing courses with CND prefix). The nursing major for the Bachelor of Science in Nursing (BSN) degree is comprehensive. Students taking a comprehensive major are not required to declare a minor or certificate in another area. However, students who are interested in a minor or certificate are encouraged to discuss options with their advisor. Students must also seek an advisor in the area of the minor.

Students in this option are eligible for the benefits of the articulation agreement between Universities of Wisconsin and Wisconsin Technical College System (WTCS) non-college associate degree programs in nursing.

To qualify for the Bachelor of Science in Nursing (BSN) degree, students must complete at least 120 semester credits with a total and resident GPA of at least 2.50; must meet all university requirements for graduation; and must meet all nursing program requirements for the degree, including satisfactory completion of statistics and biochemistry.

Satisfactory/Unsatisfactory Policy: No course required for the degree in nursing may be taken on a Satisfactory/Unsatisfactory basis. Audit enrollment is not allowed.

Summary of Nursing Courses/Credits for B.S.N. Completion Program

Code	Title	Credits
Sixty semester credits, including:		
CND 310	Bridge to Professional Nursing ¹	2
CND 407	Foundations of Professional Nursing Practice	3
CND 441	Chronic Care Management	3
CND 446	Research and Evidence-Based Practice ²	3
CND 447	Leadership & Management	3
CND 453	Information Management and Healthcare Technology	3
CND 454	Community Health Nursing	3
CND 480	Nursing within Systems: Analysis and Application ³	4

Credit by confirming course for prior nursing education ¹	30
Nursing Electives ⁴	6
Total Credits	60

- ¹ Confirming credit provided following completion of CND 310, the first CND core course, if completed with a grade of B or above. Students must be fully admitted and in good standing with the College to receive the confirming credit.
- ² Prerequisite: MATH 246 or equivalent with a grade of C or above.
- ³ CND 480 meets the university Service-Learning and S3 requirements; provides one integration (I1) experience. Capstone course to be taken during final term. CND 310 and CND 407 are prerequisites.
- ⁴ Nursing electives must be at the upper division (300 or higher) level and taught by nursing faculty/instructors.

Code	Title	Credits
Required Non-Nursing Courses:		
CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	5
CHEM 150	Survey of Biochemistry	3
BIOL 214	Human Anatomy and Physiology I ²	4
BIOL 250	Microbiology ³	3
BIOL 314	Human Anatomy and Physiology II ²	4
PSYC 230	Human Development (PSYC 100 is a prerequisite) ⁴	3
MATH 246 or PSYC 265	Elementary Statistics Statistical Methods in Psychology I	3-4
S1 course (excluding Writing Requirement courses)		3

Liberal Education (LE) Requirements

This table shows how the above courses meet the Liberal Education Requirements

K1 Natural Sciences (two experiences, one with lab)

CHEM 150	Survey of Biochemistry	3
----------	------------------------	---

Select one of the following:

BIOL 250	Microbiology ³	
CHEM 105 & CHEM 106	General Chemistry I Lecture and General Chemistry I Laboratory ¹	

K2 Social Sciences (two experiences)

PSYC 100	Introduction to Psychology ⁴	3
PSYC 230	Human Development (PSYC 100 is a prerequisite)	3

K3 Humanities (two experiences)

Need two K3 experiences/courses

K4 Fine Arts (one experience)

Need one K4 experience/course

S1 Written and Oral Communication (two experiences)

WRIT 116	Blugold Seminar in Critical Reading and Writing (or appropriate Blugold Seminar Critical Reading and Writing course)	5
----------	--	---

Need 2nd S1 experience/course

S2 Mathematics (one experience)

MATH 246	Elementary Statistics	4
----------	-----------------------	---

S3 Creativity (one experience)

CND 480 Nursing within Systems: Analysis and Application ⁵ 4

R1 Equity, Diversity, and Inclusivity (two experiences including one Design for Diversity course)

PSYC 230
Need 2nd R1 experience/course including Design for Diversity (DDIV) requirement

R2 Global Perspectives (one experience)

Need one R2 experience/course

R3 Civic and Environmental Issues (one experience)

Need one R3 experience/course

I1 Integration (two experiences)

CND 480 ⁵
Need 2nd I1 experience/course

Service Learning

CND 480 ⁵

¹ CHEM 105 and CHEM 106 required; however general chemistry requirement satisfied following completion of CHEM 150 for BSN Completion students only. CHEM 105 and CHEM 106 together meet the nursing general chemistry requirement and constitute one course for the purpose of the nursing admission criteria. Must achieve a grade of C or better in both CHEM 105 and CHEM 106 (not an average of the two).

² BSN Completion students may substitute anatomy and physiology courses taken for Associate Degree in Nursing (ADN) for BIOL 214 and BIOL 314.

³ BIOL 250 or BIOL 361 count as K1 experiences for BSN Completion Nursing majors. Lab science requirement satisfied through ADN.

⁴ PSYC 100 is not required for nursing, but it is a prerequisite for PSYC 230 and counts as a K2 experience.

⁵ CND 480 meets the Service-Learning and S3 requirements; provides one integration (I1) experience.

R.N./B.S.N./M.S.N. Option

The R.N./B.S.N./M.S.N. option facilitates the progression of qualified Registered Nurse students, enrolled in the BSN Completion Program (Collaborative Nursing Program), to progress in pursuing the Master of Science in Nursing (MSN) Program at UW-Eau Claire. This option provides the opportunity for the qualified nurse to earn credits toward the M.S.N. while completing the baccalaureate degree in nursing. This is accomplished by enrolling as a senior undergraduate student in selected graduate courses. Permission must be obtained from the Nursing Graduate Programs Director of the College of Nursing and Health Sciences prior to enrollment in this option.

The graduate courses serve as confirming courses for up to nine credits in the undergraduate BSN completion curriculum; a grade of C or better is needed to earn the confirming credits. A grade of B or better must be earned in a graduate course in order to be eligible to register for additional graduate courses.

Students approved for this option may enroll in:

Code	Title	Credits
Graduate Courses		
NRSG 701	Nursing Research: Methods (Fall Semester)	4
NRSG 715	Leadership and Health Policy in Nursing (Winterim term)	3
Cognate (Varies with Role Preparation)		2

And receive credit for:

Code	Title	Credits
Undergraduate Courses		
CND 446	Research and Evidence-Based Practice	3
CND 447	Leadership & Management	3
	Nursing Elective	2

Requirements for eligibility:

- Senior status in nursing: 90 semester credits completed, including two courses in upper division nursing and an undergraduate statistics course (grade of C or higher).
- If a second degree student, prerequisites for nursing, university requirements for a second degree, and two courses in upper division nursing and an undergraduate statistics course (grade of C or higher) must have been completed.
- Cumulative GPA of 3.00 or higher in course work accepted toward the B.S.N.
- Recommendation of the Nursing Graduate Programs Director of the College of Nursing and Health Sciences.

Independent Study

Under the course numbers 399 and 499, the Department of Nursing in the College of Nursing and Health Sciences provides students with opportunities for student-initiated independent study in areas of special interest with guidance of a faculty member.

Eligibility. Independent Study courses are open only to juniors and seniors. A student with a nursing major may elect an Independent Study, provided the student has at least 3.00 resident and total GPAs. Registration requires the permission of the faculty member who agrees to supervise the project and of the department offering the course.

Restrictions. One to three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits in nursing may be counted toward graduation. Independent Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Independent Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Directed Study

Courses numbered 295, 395, and 495 offered by the Nursing Department in the College of Nursing and Health Sciences are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility. Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility may be established by the department or published as part of the course description.

Restrictions. One to three credits of Directed Study (295, 395, or 495) may be elected during any semester. A total of no more than six directed study credits

in nursing may be counted toward graduation. Directed Study courses may not be applied toward completion of the liberal education requirements.

Procedure. The student shall obtain the Directed Study eform from the Registrar's Office website and complete the form in consultation with the supervising faculty member. Initial approval by the department chair is required prior to enrollment.

Program Learning Outcomes

Students graduating from UW-Eau Claire with the Bachelor of Science in Nursing degree demonstrate accomplishment of the AACN Essentials* through:

1. Integrates nursing knowledge with a liberal education foundation and knowledge from other disciplines.
2. Provides holistic, compassionate, coordinated, just, respectful, and developmentally appropriate nursing care that is client-focused and evidence-based.
3. Promotes population health through collaboration, advocacy, and implementation of policies that improve health, health equity, and crisis preparedness.
4. Understands the role of scholarship in nursing practice and uses evidence to improve health and healthcare.
5. Applies principles of safety, risk management, and quality improvement in nursing practice.
6. Intentionally collaborates with care team members including patients, families, communities, stakeholders, and other professions.
7. Coordinates resources across complex healthcare systems to provide safe, quality, and equitable care to diverse populations.
8. Uses informatic processes, technologies, and data to guide, manage, and improve the delivery of healthcare.
9. Demonstrates the formation and cultivation of the professional nursing identity and ethical conduct.
10. Participates in activities that foster personal health and well-being, career-long learning, professional resilience, and the development of nursing expertise and leadership attributes.

*The Essentials: Core Competencies for Professional Nursing Education, AACN 2021

Topical Minor, Minor

Nursing (Code 610-432)

A topical minor is composed of 24 semester credits selected by the student to meet the student's own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, a definable professional need, or complementary relation to the student's major.

The topical minor is not intended to duplicate any major or minor offered as a regular program.

Nursing Comprehensive Major. The topical minor must include 12 credits from the College of Nursing and Health Sciences and 12 credits from at least one department in any other college within the university. No more than six credits in the comprehensive major may be applied to the minor. At least 12 of the 24 credits must be earned in courses numbered 300 or above.

Standard Major. The topical minor must include courses from at least two departments, with no more than 12 credits from any one department and no more than six credits from the department of the student's major. Courses included in the major cannot be applied to the minor. At least 12 of the 24 credits must be earned in courses numbered 300 or above and 12 of the 24

credits must be earned in the College of Nursing and Health Sciences courses. The remaining credits may be earned from any college in the university.

Procedure. The student interested in obtaining a topical minor through the College of Nursing and Health Sciences shall obtain a topical minor application form from the College of Nursing and Health Sciences Dean's office and identify a topical minor advisor. The completed form will be forwarded to the advisor for approval.

All graduate degree programs require a minimum of 30 credits of graduate course work (500 level and higher) in the area of specialization, with at least 50% of the minimum number of credits required in the degree program earned in 700 level courses or higher. Most degree programs also require a culminating experience. The culminating experience can be an examination, thesis, project, internship, portfolio, or a combination of the above. Programs without a culminating experience may require additional coursework. See information under the specific program for the requirement(s) for that program.

UW-Eau Claire Graduate Degrees

- Master of Arts
 - History
- Master of Business Administration
- Master of Education—Professional Development
- Master of Public Health
- Master of Science
 - Athletic Training
 - Communication Sciences and Disorders (Speech-Language Pathology)
 - Data Science (Mathematics)
 - Exercise Physiology
- Master of Science in Education
 - School Psychology
- Master of Science in Nursing
- Specialist in Education
 - School Psychology
- Doctor of Nursing Practice

Doctor of Nursing Practice (DNP)

- **Post-Master's DNP:**
 - **Nursing, DNP (Code 700-830)**
 - **Nursing, Nurse Executive (Code 700-837)**
- **Post-Baccalaureate DNP:**
 - **Nursing, Adult-Gerontology-Administration (Code 700-832)**
 - **Nursing, Adult-Gerontology-Primary Care Nurse Practitioner (Code 700-833)**

- **Nursing, Adult-Gerontology-Clinical Nurse Specialist (Code 700-834)**
- **Nursing, Family Health-Administration (Code 700-835)**
- **Nursing, Family Health-Nurse Practitioner (Code 700-836)**

The DNP degree is for individuals pursuing education in advanced practice nursing. It is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Courses address topics such as organizational and systems leadership, influencing health policy, evidence-based practice and research utilization, information systems and patient care technology, interprofessional collaboration, improving patient and population health outcomes and effecting change, and evaluating health outcomes. Both the MSN-to-DNP (post master's) and BSN-to-DNP (post-baccalaureate) options are available at UW-Eau Claire.

Master of Arts (MA)

- **History (Code 380-804)**
- **History-Public History (Code 380-808)**

The Master of Arts degree serves persons who already have substantial preparation in the discipline in which they seek a graduate degree, and who wish to extend their knowledge and skills in their area of specialization for self-improvement, professional roles, or further graduate study.

Master of Business Administration (MBA)

- **Business Administration, UW MBA Consortium Online (Code 740-801)**
- **Business Administration in Healthcare Management, UW MBA Consortium Online (Code 740-803)**

The purpose of the College of Business MBA program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment in which it operates. The program is designed to develop each individual's ability to recognize the needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global work force and business environment; apply a variety of decision-making tools and techniques to dynamic business situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the work force who wish to pursue an MBA on a part-time basis while continuing their full-time employment. See the MBA Program (<https://catalog.uwec.edu/graduate/programs/mba-program/>) section of this catalog for further information and specific degree requirements.

Master of Education-Professional Development (MEPD)

- **Professional Development, MEPD (Code 949-807)**

The Master of Education-Professional Development degree provides for the enhancement of professional competencies in education for experienced, certified educators. It is designed for individualized continuing education to assist educators in the development of competencies that relate specifically to their job needs and to their professional growth. To be admitted to a MEPD program an applicant must have a minimum of two years teaching experience or equivalent.

Master of Public Health (MPH)

- **Master of Public Health (Code 488-801)** (<http://catalog.uwec.edu/graduate/programs/public-health-environmental-studies/public-health-mph/>)

The Master of Public Health (MPH) program prepares the next generation of leaders to solve public health challenges, locally and globally, and to improve the health and well-being of diverse populations and communities.

The applied, competency-based program develops skills needed for careers in a variety of health-related fields, governmental agencies, non-profit organizations, and industry.

The MPH is a professional practice degree designed for students from any academic or professional background who share our vision: Healthy people. Healthy populations. Healthy planet.

Master of Science (MS)

- **Athletic Training (Code 995-801)** (<http://catalog.uwec.edu/graduate/programs/kinesiology/athletic-training-ms/>)
- **Communication Sciences and Disorders, Residential (Code 622-806)**
- **Communication Sciences and Disorders, Online (Code 622-807)**
- **Data Science, Online (Code 181-801)**
- **Exercise Physiology (Code 997-801)**

The Master of Science degree is awarded to students who have demonstrated mastery of a specific field of study or area of professional practice. Students may enter such programs with substantial preparation in the discipline in which they seek a higher degree or it may be a new area of study for an individual, depending upon the requirements of the program.

Master of Science in Education (MSE)

- **School Psychology (Code 442-803)**

The Master of Science in Education degree is designed to develop capabilities in special professional roles in the field of education. The MSE in School Psychology is earned at the completion of the first year of the three-year Specialist in Education degree.

Master of Science in Nursing (MSN)

- **Nursing, Family Health-Education (Code 700-811)**
- **Nursing, Family Health-Administration (Code 700-812)**
- **Nursing, Adult-Gerontology-Administration (Code 700-816)**
- **Nursing, Adult-Gerontology-Education (Code 700-819)**

The Master of Science in Nursing degree is designed to prepare nurses with a population focus in Adult-Gerontologic Health Nursing or Family Health Nursing to assume leadership roles in advanced professional nursing. The core curriculum is designed to develop and increase students' competencies in theory analysis and evaluation, concept clarification and development, research, and refined skills in clinical inquiry, ethics, leadership, and analysis of contemporary issues. Building on the core curriculum, students apply new knowledge and skills in the clinical setting.

The program provides functional role preparation as a nurse educator or nurse administrator/leadership and management. Required nursing courses focus on the functional dimensions of the role, its theory and expectations, and strategies for implementation.

Specialist in Education Degree (Ed.S.)

- **School Psychology (Code 442-805)**

The Specialist in Education degree is offered in School Psychology. This three-year program includes two years of full-time on-campus study, and a one-year, full-time internship. After successful completion of the first year of the program (31 credits of study and a passing grade on a comprehensive examination), students are awarded the Master of Science in Education degree. The Ed.S. degree requires an additional 37 graduate credits beyond the MSE degree. By earning this degree, students meet all of the requirements for certification by the State of Wisconsin as a School Psychologist and become eligible for National Certification in School Psychology.

Credit-Bearing Graduate Certificate Programs

- **African American History (Code 380-614)**
- **Asian History (Code 380-615)**
- **Business Administration in Healthcare Management (Code 740-602)**
- **Communication and Leadership in Health Organizations (Code 583-602)**
- **Data Science (Code 181-601)**
- **Director of Special Education & Pupil Services (Code 950-604)**
- **European History (Code 380-616)**
- **Global History (Code 380-617)**
- **Historical Research and Writing (Code 380-618)**
- **Latin American History (Code 380-619)**
- **Military History (Code 380-621)**
- **Native American History (Code 380-622)**
- **Public Health (Code 488-602)**
- **Public History (Code 380-623)**
- **Race and Ethnic History (Code 380-624)**
- **United States History (Code 380-625)**
- **Women, Family & Gender History (Code 380-626)**

Graduate certificates may be earned by graduate degree seeking or non-degree seeking students. Guidelines and standards are identical for both groups. Graduate certificate programs require no fewer than 12 credits, and all credits required for the graduate certificate program must be graduate-level credits (500-level and above). No fewer than six credits must be taken at the 700 level. At least 50 percent of the credits applied to the graduate certificate program requirements must be taken through UW-Eau Claire. Departments or colleges proposing graduate certificate programs have the right to specify

1. admission requirements for entry into a certificate program, and
2. minimum GPA requirements for course and certificate completion.

Additional details on the minimum standards, procedures, and process for approving new credit-bearing graduate certificates may be found on the Graduate Studies website.
